4/5th Vote

SUBJECT: FY 14/15 Final Adopted Budget

Board members:

On June 16, 2014, the Board approved the FY 14/15 recommended budget. The budget represented the county's continued commitment to being business-friendly while focusing on the residents' needs and the community's health. Updated fiscal data used to develop final budget recommendations continues to support economists' optimistic forecasts of long-term economic growth for the county.

Over the last year, the county has made significant progress toward implementing several county policies and initiatives. The Sheriff reports that it has reached the milestone of one sworn officer per 1,000 residents in the unincorporated area and will continue work toward the goal of 1.2 sworn officers per 1,000. At the Riverside County Regional Medical Center (RCRMC), the \$80 million cash deficit projected for the FY 13/14 year-end has been reduced to \$40 million. This improved cash position was due largely to Huron-led initiatives that increased revenue collection and reduced expenditures by \$51 million. The final budget recommendations for RCRMC reflect a FY 14/15 budget that is structurally balanced. We also strengthened our academic partnerships by memorializing our goal to provide patient care within the region through joint education and by training medical students and residents.

Although long-term forecasts for economic growth remain optimistic, the recovery's current pace remains slow. Fiscal restraint remains essential as we work to regain balance between ongoing spending and revenue, while developing solutions to meet Board objectives.

Two budget elements remained uncertain after the recommended budget was approved - the FY 13/14 estimated carryover fund balance and the value of the final FY 14/15 assessment roll. The updated FY 13/14 estimated carryover fund balance was close to the budgeted target of \$30 million. In July 2014, the Assessor reported that the property assessment roll value increased by 7.75 percent. The updated valuation will increase FY 14/15 discretionary revenue by \$21 million. We recommend use of \$9.2 million to fund department requests that the Board supported during the budget impact workshop earlier this month. Minor adjustments were made to the recommendations made at the budget hearing. Additionally, we recommend adding \$7 million to the general fund budget stabilization account so reserves for disaster relief and other budget uncertainties will exceed \$200 million. The balance will be used to increase contingency.

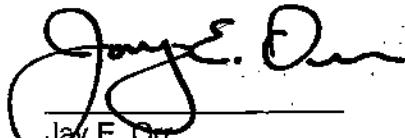

Over the next fiscal year, we will continue our drive for greater operating efficiencies countywide while searching for opportunities to achieve more with less. Fiscal challenges will be greater because of labor costs, including those related to the changes in CalPERS assumptions, and the increased demand for services caused by population growth. We will continue to build relationships with neighboring cities and counties to develop solutions to regional problems and manage major initiatives such as the Affordable Health Care Act, prison realignment under AB 109, and the East County Detention Center and Indio Law Center construction.

The budget summary on the following pages reflects changes to the budget since the recommended budget was approved by the Board.

IT IS THEREFORE RECOMMENDED that the Board of Supervisors:

- 1) Approve Resolution No. 2014-191 (Attachment A) adopting the FY 14/15 Budget including all elements approved in the recommended budget.
- 2) Approve Resolution No. 440-8981 (Attachment B) adopting the Summary of Authorized Positions (Attachment C) and amending the existing Ordinance 440.
- 3) Approve the recommendations for budget changes (Attachment D).
- 4) Approve the updated summary budget schedules 21-23 (Attachment E).

Respectfully Submitted,

Jay E. Orr

County of Riverside – Final Budget Recommendations

Fiscal Year
2014/15

GENERAL OVERVIEW – FINAL BUDGET RECOMMENDATIONS

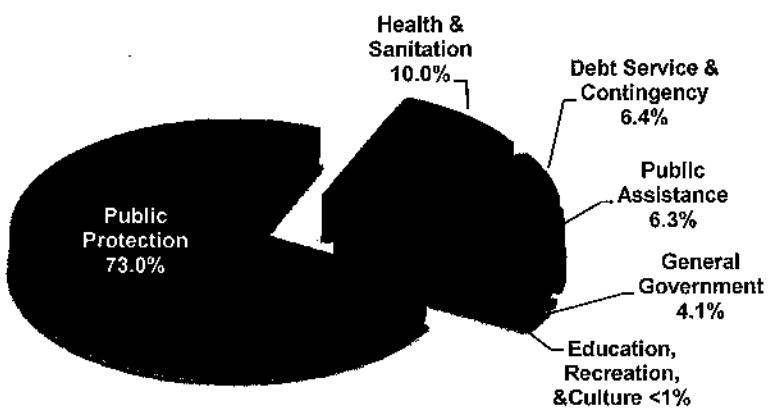

After the recommended budget was approved, two vital components remained uncertain. The Assessor had not determined the final assessed valuation figures and the FY 13/14 carryover fund balance was only an estimate. Updated estimates regarding the fund balance project it will be close to \$30 million and that discretionary revenue from property taxes exceeded original estimates by \$21 million. These elements are now more certain and the budget recommendations have been adjusted to reflect the changes. The following are the budgetary highlights:

- In the general fund unassigned fund balance, commitments for economic uncertainty (\$124.7 million) and budget stabilization (\$60.9 million) total about 29.1 percent of discretionary revenue. The commitment for disaster relief totals \$15 million.
- No ongoing general funds are appropriated in the recommended budget for new capital projects. Previously approved high priority projects will continue.
- General fund contingency is about 3.6 percent of discretionary revenue (\$23.2 million). If additional funding becomes available during the fiscal year, appropriations for contingency may be increased.
- The amount of discretionary revenue available for budget purposes continues to grow. Discretionary revenue projections grew from \$590.7 million in FY 13/14 to \$637.4 million in FY 14/15, an increase of \$46.7 million or 8 percent.
- General fund carryover at FY 13/14 year-end, excluding reserves, was budgeted at \$23 million. The remaining fund balance available for FY 14/15 budget use was added to the budget stabilization set-aside.

Discretionary Spending Update

Countywide, the FY 14/15 budget contains \$4.7 billion in appropriations. The budget includes \$654.7 million in discretionary general fund expenditures. This reflects the addition of \$9.2 million in expenditures (see attachment F for details). The chart below show the county's discretionary spending by function.

FY 14/15 Discretionary Spending Allocation by Function

Discretionary Revenue Update

In July 2014, the Assessor reported that the property assessment roll value increased by 7.75 percent. The updated valuation resulted in an 8 percent increase in estimates for FY 14/15 discretionary revenue. Discretionary revenue is an estimated \$637.4 million. Although discretionary revenue projections continue to grow, conservative decisions remain a key factor in the county's fiscal recovery.

County of Riverside – Final Budget Recommendations

Fiscal Year
2014/15

Beginning Fund balance

At the end of each fiscal year, fund balance is carried over into the succeeding year's budget. The recommended budget assumed \$30 million in fund balance would be available for FY 14/15. It is recommended that \$7 million of available fund balance be added to the county's budget stabilization account. The remaining \$23 million will be used to offset FY 14/15 expenditures. The final, audited fund balance will be calculated with the Comprehensive Annual Financial Report (CAFR) in December; however, the Executive Office and Auditor-Controller expect about \$30 million will be available.

COUNTY POSITION OVERVIEW

For FY 14/15, departments are requesting approval for 26,368 positions of which 18,708 are regular, full-time positions that are currently¹ filled and expected to be fully funded for the fiscal year. The remaining positions (7,660) are vacant, seasonal, per diem, or part-time and may not need to be funded for the full fiscal year.

TECHNICAL CHANGES AND POLICY CHANGES TO POSITIONS

Each year, budgets are developed and then submitted to the Executive Office in mid-March. Although departments make every effort to determine position needs for the next fiscal year so far in advance, the original request approved by the Board with the recommended budget must be revised. *Technical Changes* are requests to update departments' positions requests that do not require additional funding and matching budget adjustment. These types of changes are typically caused by errors in the original request or changes to the department's personnel structure. A net increase of 4,370 position requests were caused by technical changes. Most of these changes were for temporary, per diem, and seasonal positions that omitted from the recommended budget. The Sheriff also added 400 East County Detention Center positions that were not included in its original FY 14/15 budget submission.

Policy Changes are requests to update department position requests that require additional funding as well as a budget adjustment. These types of changes usually are caused by an unexpected change of funding within a department or by Board direction. Several policy changes are included in the final budget recommendations.

FIXED ASSET AND VEHICLE REQUESTS

Fixed Asset and Vehicle Request Summary

Fixed assets are assets of significant value that are expected to be used beyond the current year - broadly classified as land, infrastructure (or long-lived assets), buildings and improvements, equipment, livestock, and intangible assets. Fixed assets with a unit value greater than \$5,000 each must be included on the fixed asset related schedules (Schedules 21 through 23). Assets valued at less than \$5,000 are not listed on the fixed asset schedules but are included in a department's "services and supplies" budget.

Vehicle Requests

Fleet Services holds title to and controls all county vehicles purchased after August 2010 unless specifically exempted by the Board of Supervisors. Consequently, all vehicle requests (except requests from the Transportation and Land Management Agency, the Flood District, the Waste District, and the Fire Department) are processed by Fleet Services.

For budget purposes, new vehicles on Schedule 23 are any vehicles purchased/leased either as replacements or additions. These purchases/leases are included in the FY 14/15 budget. Schedule 23 also includes vehicles listed for purchase during FY 13/14 but not received prior to July 1, 2014. FY 13/14 funds will be encumbered by the requesting department so these purchases are funded.

ITEMS RAISED DURING BUDGET HEARINGS

During budget hearings in June 2014, there were no presentations from departments to the Board. The Executive Office presented an overview of the recommended budget and the requests for additional funding received from departments. Following the hearings, the Executive Office scheduled a budget impact workshop for September 2014 to present recommendations for additional funding.

ITEMS DISCUSSED DURING BUDGET IMPACT WORKSHOPS

The FY 14/15 budget impact workshop took place September 8, 2014. The workshop included testimony from officials in public safety departments and the Riverside County Regional Medical Center. Based on the discussion at the workshop, the Executive Office recommends several adjustments to the budget. A list of the recommendations is included in Attachment F. The Executive Office will continue to monitor budgetary issues and present recommendations to the Board during quarterly reports as needed.

OTHER CORRECTIONS AND UPDATES TO THE RECOMMENDED BUDGET

As the law requires, several proposed revisions were submitted to the Clerk of the Board and made part of the public record before budget hearings closed. These revisions included budget adjustments related to the: FY 14/15 budget adjustments approved by the Board after the recommended budget document went to print and the updated requests for fixed assets and vehicles (Schedules 21-23 to the recommended budget).

In addition to the changes addressed during budget hearing, several departments require budget adjustments due to changes in the amount of fund balance available for operations. Department personnel develop fiscal year budget in early March based on the financial data available at the time. Updates to the financial data sometimes require that budget adjustments be made to ensure financing sources are equal to financing uses and the budget remains balanced. These adjustments are included on attachment D.

The Executive Office will incorporate these changes, update final budget summaries and statistics to reflect the most current data at print of final adopted budget document, and correct minor misprints and errors that did not require budget adjustments, into the final budget document following the Board's adoption of the final budget.
