BACKGROUND:

Summary (continued)

The Riverside County Board of Supervisors Policy Manual, Section J, Policy J-5, states that the District shall collect public use fees and charges for its operations. The policy requires a resolution for establishment of rates and an annual review by the District Advisory Commission.

On May 21, 2013, by Minute Order 13-2, your Honorable Board approved District Resolution 2013-2, revising the fiscal year 2013-2014 use fees effective July 1, 2013.

The proposed use fees for fiscal year 2014-15 reflect fee changes which are necessary to cover expenses and coincide with the District's Strategic Plan and the Comprehensive Park, Resources and Recreation Plan. The proposed use fee schedule has been reformatted and simplified by removing site specific fees. The new format groups like programs and provides a fee range for like services throughout the District. This format allows the District flexibility for setting fees for new programs and services within approved categories. This is especially pertinent as the District has assumed responsibility for new facilities and programs.

In addition to the changes in the presentation of the fee schedule, we are also recommending a change in how we present our general rules governing public use of District owned or managed sites and open spaces. Currently, we include site specific rules with our fee schedule, but propose to remove the rules from that schedule and place them into their own document. Additional changes to the rules will come to the Board of Directors for approval pursuant to Public Resources Code 5559.

Fee changes are summarized in Summary of Proposed Fee Changes. The changes incorporated into Resolution 2014-5 have been reviewed and approved by the District Advisory Commission at its meeting on May 1, 2014.

It is requested that your Honorable Board approve said changes and adopt Resolution 2014-5, Use Fees for the District effective October 7, 2014.

Impact on Citizens and Businesses

By implementing these changes to the District fees it will encourage civic participation and community health, to promote education in historical, scientific and environmental awareness, and to promote park facility use in accordance with the mission of the District.
