Project Location

Change of Zone No. 7810 proposes to change the existing zoning of Residential Agricultural - 10 acres min. (R-A-10) zone to Wine Country-Equestrian (WC-E) zone. No new environmental document is required because all potentially significant effects on the environment have been adequately analyzed in the previously certified Environmental Impact Report No. 524 pursuant to applicable legal standards and have been avoided or mitigated pursuant to that earlier EIR, and none of the conditions described in CEQA Guidelines Section 15162 exist based on the staff report findings and conclusions for this project, which is incorporated herein by reference. CZ7810 will not result in a substantial increase in the severity of previously identified significant effects, does not propose and substantial changes which will require major revisions to EIR No. 524, no considerably different mitigation measures have been identified and no mitigation measures found infeasible have become feasible because of the following: CZ7810 is changing the property's zoning classification to WC-E Zone to be consistent with the approved Temecula Valley Wine Country Policy Area, the subject site was included within the project boundary analyzed in EIR No. 524, the WC-E Zone was included in Ordinance 348.4729, which was analyzed in EIR No. 524, there are no changes to the mitigation measures included in EIR No. 524, and CZ7810 does not propose any changes to the approved Temecula Valley Wine Country Policy Area or the approved WC-E Zone analyzed in EIR No. 524.

Project Description

is to advise that the Riverside County Board of Supervisors, as the lead agency, has approved the above-referenced project on 10/7/14, and has made following determinations regarding that project:

1. The project WILL NOT have a significant effect on the environment.
2. A finding that nothing further is required was prepared for the project pursuant to the provisions of the California Environmental Quality Act (\$50.00) and reflect the independent judgment of the Lead Agency.
3. Mitigation measures WERE NOT made a condition of the approval of the project.
4. A Mitigation Monitoring and Reporting Plan/Program WAS NOT adopted.
5. A statement of Overriding Considerations WAS NOT adopted for the project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the earlier EIR, with comments, responses, and record of project approval is available to the general public at: Riverside County Planning Department, 4080 Lemon Street, 12th Floor, Riverside, CA 92501.

COUNTY OF RIVERSIDE PLANNING DEPARTMENT STAFF REPORT

PROJECT DESCRIPTION AND LOCATION:

Change of Zone No. 7810 proposes to change the site's zoning from Residential Agricultural - 10 acres min (R-A-10) Zone to Wine Country - Equestrian (WC-E) Zone.

This site is located north east of Los Corralitos Rd, south of Los Caballos Rd., west of Pauba Rd. at 38801 Los Corralitos Rd. Temecula Ca 92592.

BACKGROUND:

The recently adopted General Plan Amendment No. 1077 (GPA No. 1077) placed the project site within the Wine Country - Equestrian District of the Temecula Valley Wine County Policy Area. This Change of Zone request is to establish General Plan and Zoning consistency.

The Galway Downs Equestrian Facility currently operates on this site. The existing uses located on this site includes barns, horse stables, grooms quarters, horse racing track, retail shop, restaurant and mobile home park. These uses were originally approved through the following conditional use cases and conditional use permit: CU No. 966, CU No. 1127, CU No. 1615 and CUP No. 2303.

There are no issues of concern for this item. Any future entitlement project will comply with the applicable regulations and the California Environmental Quality Act and all applicable conditions will apply as part of the Conditions of Approval.

SUMMARY OF FINDINGS:

1. Existing General Plan Land Use (Ex. #5): Rural: Rural Residential (R:RR) (5 acres min.), Temecula Valley Wine Country Policy Area - Equestrian District (10 acres min.)
2. Surrounding General Plan Land Use (Ex. #5): Rural Residential (R: RR) (5 acres min.) within the Temecula Valley Wine Country Policy Area - Equestrian District (10 acres min.) to the north, west, east, and south; Agriculture (AG: AG) (10 acres min.) Temecula Valley Wine County Policy Area -Equestrian District (10 acres min.) to the southeast
3. Existing Zoning (Ex. #3): Residential Agricultural - 10 acres min. (R-A-10) Zone
4. Proposed Zoning (Ex. #3): Wine Country - Equestrian (WC-E) Zone
5. Surrounding Zoning (Ex. #3): Light Agriculture - 10 acres min. (A-1-10) Zone, Rural Residential (R-R) Zone, and Residential Agricultural - 10 acres min. (R-A-10)

| 8. Project Data: | Total Acreage: 241.63 |
| 9. Environmental Concerns: | No Further Environmental Documentation Required pursuant to CEQA Guidelines Section 15162 |

RECOMMENDATIONS:

THE PLANNING COMMISSION RECOMMENDS THAT THE BOARD OF SUPERVISORS TAKE THE FOLLOWING ACTIONS:

FIND that **NO NEW ENVIRONMENTAL DOCUMENT IS REQUIRED** because all potentially significant effects on the environment have been adequately analyzed in the previously certified **ENVIRONMENTAL IMPACT REPORT NO. 524** pursuant to applicable legal standards and have been avoided or mitigated pursuant to that earlier EIR, and none of the conditions described in CEQA Guidelines Section 15162 exist based on the findings and conclusions set forth herein; and,

APPROVE CHANGE OF ZONE NO. 7810, amending the zoning classification for the subject property from R-A-10 Zone to WC-E Zone, in accordance with Exhibit No. 3, based upon the findings and conclusions incorporated in the staff report, pending final adoption of the Zoning Ordinance by the Board of Supervisors.

FINDINGS: The following findings are in addition to those incorporated in the summary of findings which is incorporated herein by reference.

1. The project site is designated Rural: Rural Residential (R: RR) (5 acres min.) within the Temecula Valley Wine Country Policy Area - Equestrian District (10 acres min.) of the Southwest Area Plan.
2. The existing use, equestrian facility with horse stables, barns, race track, horse rings, arenas, horse trails, open space fields, grooms quarters, and restaurant that were permitted through CUP No. 2303, is consistent with the Temecula Valley Wine Country Policy Area - Equestrian District and the Wine Country - Equestrian (WC-E) Zone. The mobile home park that was permitted through CU No. 966 and CU No. 1127 will become a legal non-conforming use with this change of zone.
3. The existing zoning for the project site is Residential Agricultural - 10 acres min (R-A-10).
4. The project site is surrounded by properties which are also designated Rural: Rural Residential (R: RR) (5 acres min) within the Temecula Valley Wine Country Policy Area - Equestrian District (10 acres min.). A property southeast of the project site is designated Agriculture (AG: AG) (10 acres min.) within the Temecula Valley Wine Country Policy Area - Equestrian District (10 acres min.).

5. The proposed zoning for the subject site is Wine Country - Equestrian (WC-E) Zone. The minimum lot size within the WC-E Zone is 10 acres.
6. The proposed Change of Zone will make the zoning consistent with the General Plan. This zone change proposal does not authorize any construction or permit any structures on the site. Any future land use permit such as a revised plot plan or new use permit will comply with all applicable regulations and the California Environmental Quality Act.
7. The project site is surrounded by properties which are zoned Light Agriculture - 10 acres min. (A-1-10) Zone, Rural Residential (R-R) Zone, and Residential Agricultural -10 acres min. (R-A-10).
8. Single family residential units and a Veterinary Hospital have been constructed and are operating in the project vicinity.
9. This project is located within Criteria Cell 7134 and 7185 of the Western Riverside County Multiple Species Habitat Conservation Plan (MSHCP), and as such a Habitat Evaluation and Acquisition Negotiation Strategy (HANS02039) and RCA Joint Project Review (JPR 10-12-27-01) was completed for the project site. HANS02039 final determination was for 100% development of the site. No portion of the site would need to be conserved; however, prior to issuance of a grading permit a Burrowing Owl survey would need to be completed. This standalone change of zone fulfills the requirements of the MSHCP because it does not require or authorize any grading, construction, or permit any structures on this site. The JPR 10-12-27-01 Criteria Consistency Review is attached to this staff report.
10. This project is not within the City Sphere of Influence of Temecula.
11. Change of Zone No. 7810 is required to make the subject property's zoning classification consistent with the County's General Plan as amended by General Plan Amendment No. 1077. The certified Environmental Impact Report No. 524 (EIR No. 524) analyzed the potential environmental impacts of General Plan Amendment No. 1077 and Ordinance No. 348.4729, which included the Temecula Valley Wine Country Policy Area and the Wine Country-Equestrian Zone, respectively.
12. In accordance with CEQA Guidelines Section 15162, Change of Zone No. 7810 will not result in any new significant environmental impacts not identified in certified EIR No. 524. The change of zone will not result in a substantial increase in the severity of previously identified significant effects, does not propose any substantial changes which will require major revision to EIR No. 524, no considerably different mitigation measures have been identified and no mitigation measures found infeasible have become feasible because of the following:
 - a. Change of Zone No. 7810 is changing the property's zoning classification to Wine Country - Equestrian Zone to be consistent with the approved Temecula Valley Wine Country Policy Area; and,
 - b. The subject site was included within the project boundary analyzed in EIR No. 524; and,
 - c. The Wine Country - Equestrian Zone was included in Ordinance No. 348.4729, which was analyzed in EIR No. 524; and,
 - d. There are no changes to the mitigation measures included in EIR No. 524; and

- e. Change of Zone No. 7810 does not propose any changes to the approved Temecula Valley Wine Country Policy Area or the approved Wine Country - Equestrian Zone analyzed in EIR No. 524.

CONCLUSIONS:

1. The proposed project is in conformance with the Temecula Valley Wine Country Policy Area and with all other elements of the Riverside County General Plan.
2. The proposed project is consistent with the proposed Wine Country - Equestrian (WC-E) zoning classification of Ordinance No. 348, and with all other applicable provisions of Ordinance No. 348.
3. The proposed project is clearly compatible with the present and future logical development of the area.
4. The public's health, safety, and general welfare are protected through project design.
5. The proposed project will not have a significant effect on the environment.
6. The proposed project will not preclude reserve design for the Western Riverside County Multiple Species Habitat Conservation Plan (WRCMSHCP).

INFORMATIONAL ITEMS:

1. As of this writing, no letters, in support or opposition have been received.
2. The project site is not located within:
 - a. The city of Temecula sphere of influence;

This Linkage provides Habitat for wetland species and a connection to Core Areas in Wilson Valley. The Linkage is constrained by existing roadways and planned community Development. Planning Species for which Habitat is provided for within this Linkage include bobcat, mountain lion, Stephens' kangaroo rat, Aguanga kangaroo rat, western pond turtle, yellow warbler, southwestern willow flycatcher, arroyo chub, loggerhead shrike, tree swallow, white-tailed kite, Cooper's hawk and least Bell's vireo. In addition to maintenance of habitat quality, maintenance of existing floodplain processes along Temecula Creek is important for these species. While specific studies of movement along this Linkage have not been conducted, it likely provides for movement of common mammals such as bobcat. Areas not affected by edge within this Linkage total approximately 110 acres of the total 340 acres of the Linkage. Since this is an existing Constrained Linkage already affected by edge, treatment and management of edge conditions along this Linkage will be necessary to ensure that it provides Habitat and movement functions for species using the Linkage.

- b. Approximately 23.75 acres of the approximately 236-acre site is located in Cell 7134. Conservation within Cell 7134 will contribute to assembly of Proposed Constrained Linkage 24. Conservation within Cell 7134 will focus on Riversidean alluvial fan sage scrub and grassland habitat along Temecula Creek. Areas conserved within Cell 7134 will be connected to Riversidean alluvial fan sage

scrub habitat proposed for conservation in Cell 7185 to the west and in Cell Group C to the northeast. Conservation within Cell 7134 will range from 35% to 45% of the Cell focusing in the northwestern portion of the Cell.

- c. Approximately 60.34 acres of the project is also located in Cell 7185. Conservation within Cell 7185 will contribute to assembly of Proposed Constrained Linkage 24. Conservation within Cell 7185 will focus on Riversidean alluvial fan sage scrub habitat along Temecula Creek. Areas conserved within Cell 7185 will be connected to habitat proposed for conservation in Cell 7184 to the west and to Riversidean alluvial fan sage scrub habitat proposed for conservation in Cell 7134 to the east. Conservation within Cell 7185 will range from 20% to 30% of the Cell focusing in the southern portion of the Cell.
- d. The property is located on the southeast corner of Los Caballos Road and Los Corralitos Road, east of the City of Temecula, in southwestern Riverside County, California. The project site is located at an elevation of approximately 1,216 feet above mean sea level (amsl) in the northeastern corner of the property to approximately 1,284 feet amsl in the southwestern portion of the property. The property is currently developed with equestrian stables, racetrack, and a disked field. The proposed project includes development of a portion of the site into recreational development, including playing fields to the western portion of the site, unpaved parking lots at the existing dirt lots at the western portion of the site, and associated improvements. The existing equestrian facility will continue its operation. The project is located southwesterly of Cell 7134 and southeasterly of Cell 7185, southerly of Temecula Creek and Los Caballos Road which is the area not contemplated for Conservation and therefore does not conflict with the Reserve Assembly goals of the MSHCP.

Section 6.1.4 – Was Information Pertaining to Urban/Wildland Interface Guidelines Provided?

Yes. The property is located near future and existing Conservation Areas.

Comments:

- a. Section 6.1.2: According to the December 14, 2010, Riparian/Riverine letter report prepared by TeraCor, the project site contains six potential features as shown on Exhibit 1 and 2 of the TeraCor letter report. TeraCor determined that Features 1, 2, 3, 5, and 6 are related to the existing equestrian activities on the site. Feature 4 is a regularly maintained drainage swale in the eastern portion of the property that does not connect to any downstream hydrologic features. TeraCor concluded that the six potential features do not support any riparian/riverine areas or vernal pools. The soils which include Hanford coarse sandy loam, 0–2%, 2–8%, and 8–15%; Hanford loamy fine sand, 0–8%; Grangeville fine sandy loam, 0–2%; gullied land; Gorgonio loamy sand, 0–8% and 8–15%; saline-alkali, 0–5%; and riverwash does not support suitable habitat for fairy shrimp. Based on the information provided by TeraCor, the project demonstrates compliance with Section 6.1.2 of the MSHCP.
- b. Section 6.3.2: The project site is located in an Additional Survey Area for Burrowing owl. TeraCor conducted a Step II, Part B Survey on August 17, 2010, concurrently with a Step II, Part A Survey on August 17, 2010, due to the detection of California ground squirrel burrows, which could potentially be utilized for Burrowing Owl occupation. TeraCor conducted the remaining Step II, Part B Surveys on August 21, 26, and 31, 2010. No signs of owls or occupied burrows were observed during the time of the survey effort. Based on the information provided by TeraCor, the project demonstrates compliance with Section 6.3.2 of the MSHCP.
- c. Section 6.1.4: To preserve the integrity of areas near the project site which are proposed for Conservation Areas, the guidelines contained in Section 6.1.4 related to controlling adverse effects for development adjacent to the MSHCP Conservation Area should be considered by the Permittee in their actions relative to the project. Specifically, the Permittee should include as project conditions of approval the following measures:
 - i. Incorporate measures to control the quantity and quality of runoff from the site entering the MSHCP Conservation Area. In particular, measures shall be put in place to avoid discharge of untreated surface runoff from developed and paved areas into MSHCP Conservation Areas.
 - ii. Land uses proposed in proximity to the MSHCP Conservation Area that use chemicals or generate bioproducts such as manure, which are potentially toxic or may adversely affect wildlife species, habitat or water quality shall incorporate measures to ensure that application of such chemicals does not result in discharge to the MSHCP Conservation Area. The greatest risk is from landscaping fertilization overspray and run-off.

RCA Joint Project Review (JPR)

JPR #: 10-12-27-01

Date: 1/6/11

- iii. Night lighting shall be directed away from the MSHCP Conservation Area to protect species within the MSHCP Conservation Area from direct night lighting. Shielding shall be incorporated in project designs to ensure ambient lighting in the MSHCP Conservation Area is not increased.
- iv. Proposed noise generating land uses affecting the MSHCP Conservation Area shall incorporate setbacks, berms or walls to minimize the effects of noise on MSHCP Conservation Area resources pursuant to applicable rules, regulations and guidelines related to land use noise standards.
- v. Consider the invasive, non-native plant species listed in *Table 6-2* of the MSHCP in approving landscape plans to avoid the use of invasive species for the portions of the project that are adjacent to the MSHCP Conservation Area. Considerations in reviewing the applicability of this list shall include proximity of planting areas to the MSHCP Conservation Areas, species considered in the planting plans, resources being protected within the MSHCP Conservation Area and their relative sensitivity to invasion, and barriers to plant and seed dispersal, such as walls, topography and other features.
- vi. Proposed land uses adjacent to the MSHCP Conservation Area shall incorporate barriers, where appropriate in individual project designs to minimize unauthorized public access, domestic animal predation, illegal trespass, or dumping into the MSHCP Conservation Areas. Such barriers may include native landscaping, rocks/boulders, fencing, walls, signage, and/or appropriate mechanisms.
- vii. Manufactured slopes associated with the proposed site development shall not extend into the MSHCP Conservation Area.

LAND USE and PERMIT APPLICATION PROCESSING AGREEMENT
Agreement for Payment of Costs of Application Processing

TO BE COMPLETED BY APPLICANT:

This agreement is by and between the County of Riverside, hereafter "County of Riverside",
and SFT Realty Rockaway, LLC hereafter "Applicant" and SFT Realty Rockaway, LLC "Property Owner".

Description of application/permit use:
Change of Zone.

If your application is subject to Deposit-based Fee, the following applies

Section 1. Deposit-based Fees

Purpose: The Riverside County Board of Supervisors has adopted ordinances to collect "Deposit-based Fees" for the costs of reviewing certain applications for land use review and permits. The Applicant is required to deposit funds to initiate staff review of an application. The initial deposit may be supplemented by additional fees, based upon actual and projected labor costs for the permit. County departments draw against these deposited funds at the staff hourly rates adopted by the Board of Supervisors. The Applicant and Property Owner are responsible for any supplemental fees necessary to cover any costs which were not covered by the initial deposit.

Section 2. Applicant and Property Owner Responsibilities for Deposit-based Fee Applications

- A. Applicant agrees to make an initial deposit in the amount as indicated by County ordinance, at the time this Agreement is signed and submitted with a complete application to the County of Riverside. Applicant acknowledges that this is an initial deposit and additional funds may be needed to complete their case. The County of Riverside will not pay interest on deposits. Applicant understands that any delays in making a subsequent deposit from the date of written notice requesting such additional deposit by County of Riverside, may result in the stoppage of work.
- B. Within 15 days of the service by mail of the County of Riverside's written notice that the application permit deposit has been reduced to a balance of less than 20% of the initial deposit or that the deposit is otherwise insufficient to cover the expected costs to completion, the Applicant agrees to make an additional payment of an amount as determined by the County of Riverside to replenish the deposit. Please note that the processing of the application or permit may stop if the amount on deposit has been expended. The Applicant agrees to continue making such payments until the County of Riverside is reimbursed for all costs related to this application or permit. The County of Riverside is entitled to recover its costs, including attorney's fees, in collecting unpaid accounts that would have been drawn on the deposit were it not depleted.
- C. The Property Owner acknowledges that the Applicant is authorized to submit this agreement and related application(s) for land use review or permit on this property. The Property Owner also acknowledges that should the Applicant not reimburse the County of Riverside for all costs related to this application or permit, the Property Owner shall become immediately liable for these costs which shall be paid within 15 days of the service by mail of notice to said property Owner by the County.

- D. This Agreement shall only be executed by an authorized representative of the Applicant and the Property Owner. The person(s) executing this Agreement represents that he/she has the express authority to enter into this agreement on behalf of the Applicant and/or Property Owner.
- E. This Agreement is not assignable without written consent by the County of Riverside. The County of Riverside will not consent to assignment of this Agreement until all outstanding costs have been paid by Applicant.
- F. Deposit statements, requests for deposits or refunds shall be directed to Applicant at the address identified in Section 4.

Section 3. To ensure quality service, Applicant is responsible to provide one-week written notice to the County of Riverside Transportation and Land Management Agency (TLMA) Permit Assistance Centers if any of the information below changes.

The project includes the following County actions: (1) Adoption of General Plan Amendment No. 1077 which adopts the existing Country Community Plan and updates the existing Southwest Area Plan (SWAP) and other elements of the County General Plan, particularly the policies and boundaries related to the existing Citrus Vineyard and Valle de Los Caballos Policy Areas; (2) Zoning Ordinance Amendment No. 348.4729, adding new zoning classifications that implement the General Plan; and (3) Replacement of the existing Citrus Vineyard Policy Area Design Guidelines with the Temecula Valley Wine Country Design Guidelines and adopting the Temecula Valley Wine Country Greenhouse Gas Reduction Workbook.
Project Description

This is to advise that the Riverside County Board of Supervisors, as the lead agency, has approved the above-referenced project on March 11, 2014, and has made the following determinations regarding that project:

2. A Program Environmental Report was prepared and certified for this project pursuant to the provisions of the California Environmental Quality Act and reflects the independent judgment of the Lead Agency;
3. Mitigation measures were made a condition of the approval of the project.
4. A Mitigation Monitoring or Reporting Plan was adopted for this project.
5. A Statement of Overriding Considerations was adopted for the project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the Final Program Environmental Impact Report No. 524 with comments, responses, and record of project approval is available to the general public at: Riverside County Planning Department, 4080 Lemon Street, 12th Floor, Riverside, CA 92501.

All written comments received prior to the public hearing will be submitted to the Board of Supervisors and the Board of Supervisors will consider such comments, in addition to any oral testimony, before making a decision on the project.

If you challenge the above item in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence to the Planning Commission or Board of Supervisors at, or prior to, the public hearing. Be advised that as a result of the public hearing and the consideration of all public comment, written and oral, the Board of Supervisors may amend, in whole or in part, the project and/or the related environmental document. Accordingly, the designations, development standards, design or improvements, or any properties or lands within the boundaries of the project, may be changed in a way other than specifically proposed.
