## **ARTICLE I**

### **HOSPITAL**

#### **SECTION 1- NAME**

The name of the organization shall be Riverside County Regional Medical Center (hereinafter called the "Hospital") which is a department of the County of Riverside, a corporate body and political subdivision of the State of California.

#### **SECTION 2- LOCATION**

The Post Office address of the Riverside County Board of Supervisors is County Administrative Center, 4080 Lemon Street, Riverside, California 92501. The Post Office address of the Hospital is, 26520 Cactus Avenue, Moreno Valley, California, 92555.

#### **SECTION 3- AUTHORITY**

The Hospital is established and maintained in accordance with Chapter 2.5, Division 2 of the California Health and Safety Code and Section 14000.2 of the California Welfare and Institutions Code. County of Riverside Resolutions amplify the State provisions and define the role of the Hospital.

#### **SECTION 4- STATEMENT OF HISTORY**

In 1893, the first Board of Supervisors of the newly formed Riverside County authorized and instituted a hospital for the care of the indigent sick of the County. First housed in a building near Riverside's Santa Fe Station, it was moved in 1896 to a newly erected brick building in San Jacinto. After this structure was destroyed in a disastrous earthquake and a fire two years later, the patients were moved back to Riverside in temporary housing. Hospital property on Magnolia Avenue was purchased immediately. The first building at this site was occupied on Thanksgiving Day, 1900. The increase in population in Riverside County had necessitated construction of additional buildings to provide services for the increasing number of patients. A replacement hospital was constructed in Moreno Valley and opened March 1998.

The Hospital became affiliated with Loma Linda University School of Medicine in 1963 and with Western University of Health Sciences in 1998. The Hospital also has residency programs on-site and this system provides training for medical students, interns, and residents. The Hospital is also affiliated with various local schools of nursing and other specialty training schools. New affiliation is complete with the new University of California, Riverside Medical School, pursuant to the 2013 opening of that program.

With the passage of Federal Laws implementing Medicare and Medicaid in 1967-68, the Hospital's admission policy was modified not only to include indigent patients but anyone in need of hospitalization.

The Hospital continues to expand and vary services in order to meet the ever-changing needs of Riverside County's population.

## **SECTION 5- MISSION AND VALUES**

The Mission of the Hospital shall be:

To provide superior quality health care to Riverside County residents with a special focus on individuals and populations in need.

The Values of the Hospital shall be:

Commitment	Superior service to all
Compassion	Service with respect, dignity and sensitivity
Integrity	The highest level of ethical and professional conduct

Quality	Achieve the best outcomes
Safety	Make patient safety the utmost concern
