BACKGROUND:

Planning Commission Decision

The Planning Commission heard the above referenced project on October 29, 2014 and November 17, 2014. At the October 29, 2014 public hearing, the Planning Commission heard public testimony, discussed the project and continued the item to November 17, 2014. On November 17, 2014, the Commission heard public testimony, closed the public hearing and deliberated on the project. The Planning Department recommended that the Planning Commission recommend that the Board of Supervisors adopt the Mitigated Negative Declaration and approve the project.

A motion was made and seconded to adopt the Planning Department's recommendation of approval, including some changes made to the project's conditions of approval. The motion failed with four (4) Commissioners voting not to recommend approval of the project. Therefore, the project (Change of Zone No. 7839 and Tentative Tract Map No. 36337) was not recommended for approval by the Planning Commission.

The Commission's concerns with the project included land use compatibility with the surrounding area and the project's primary and secondary access.

Reviewing the Planning Commission's Decision

As set forth in Ordinance No. 348 Section 20.3.d. (2), when the Planning Commission recommends denial of a change of zone that changes a property's zoning classification, the decision shall be filed with the Clerk of the Board of Supervisors who shall place the decision on the next Board agenda held five or more days after the Clerk receives the decision. The Clerk of the Board received the Planning Commission's decision on November 18, 2014.

The Planning Commission's decision is considered final and no action by the Board of Supervisors is required unless any of the following occur:

- the applicant files an appeal within ten (10) days after the Commission's decision appears on the Board's agenda; or,
- the Board orders the matter set for public hearing.

Procedural Information

In accordance with Ordinance No. 348, this project would only come to the Board of Supervisors for a public hearing under the following situations:

- The Planning Commission recommended approval of the project, which did not occur here; or,
- The Planning Commission recommended denial of the project and the applicant filed a timely appeal; or,
- The Planning Commission recommended denial of the project and the Board, by its own action, ordered the matter set for public hearing.

The Planning Department anticipated the Planning Commission taking action on the project at the November 17th meeting, therefore, the Planning Department requested the Clerk of the Board to set a public hearing for November 25, 2014 and to mail and publish the attached public hearing notice. The hearing notice was published on Saturday November 15, 2014 and mailed to the surrounding property owners on Wednesday November 12, 2014. The hearing notice provided the time, date and place of the hearing. It also included a general description of the area, an explanation of the matter to be considered and that the public could speak on the item. Should the Board decide, by its own action, to order the matter set for a public hearing, the hearing can be set for November 25th at 10:30am in accordance with the attached noticed public hearing.

**SUBMITTAL TO THE BOARD OF SUPERVISORS, COUNTY OF RIVERSIDE, STATE OF CALIFORNIA
FORM 11: CHANGE OF ZONE NO. 7839 and TENTATIVE TRACT MAP NO. 36337**

DATE: November 18, 2014

PAGE: Page 3 of 3

Alternatively, should the Board receive and file the Commission's decision and not order the matter set for a public hearing, the hearing on November 25th will be canceled and the item will be continued off calendar.

If the Board receives and files the Planning Commission's decision, the project's applicant would still have the opportunity to file a timely appeal of the Commission's decision. If such an appeal is filed, a new public hearing on the project would be noticed and scheduled before the Board of Supervisors at a later date and the November 25th hearing would be canceled.

Impact on Citizens and Businesses

The impacts of this project have been evaluated through the environmental review and public hearing process by Planning Department and the Planning Commission.

RE: 2016 Beaumont CFD 93-1 (Mello Roos) Property Tax Appeal

PROPERTY ASSESSMENT NUMBER 421760054-5

Dear Clerk of the Board;

I am filing this complaint to appeal the Mello Roos Property Taxes added to the property located at 111 Boston Ave, Beaumont CA, 92223, for the following reasons:

1. Beaumont Mello Roos Bonds were acquired without Voter Approval in violation of California Prop 13 and Prop 218.
2. City of Beaumont Elected and Appointed Officials illegally profited from the issuance of Mello Roos Bonds in violation of California Government Code 87100 et seq.
3. City of Beaumont Elected and Appointed Officials Misappropriated and Embezzled the Mello Roos Bond Funds instead of building Infrastructure in violations of California Penal Code 92 et seq. Several City Officials have been arrested for various financial crimes associated with these CFD taxes.

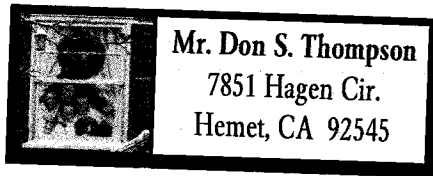

It is the County's duty of care to ensure the accuracy of the Tax Rolls. The County of Riverside is responsible for attaching illegal property taxes to private property, conspiring with the City of Beaumont to defraud the Public, and profiting from illegal gains.

Gentlemen,

My wife and I are 92 years old and unable to come to this very important meeting so this letter must present our case or us.

When we exit our 4 Seasons World Cup east gate on to Devonshire we arrive at the corner of California Ave then to proceed into town and we arrive at Warren Road there is already a traffic jam of sorts to go across or to turn North or South. Often even now there are from 5 to 10 cars trying to get thru either way.

The reason is that the Highway Department has already diverted traffic, or at least made it very attractive to take a shortcut, from Florida Ave north on California Ave to and by way of Devonshire then down to Warren. Even at this corner we must blend with that traffic as we exit our community

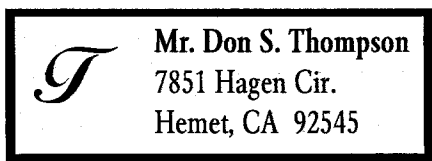

If the Reinhart Canyon project is allowed to proceed that very same corner will become a 4 way corner for all of us to contend with. I can't imagine the mess this will become as we will have two such unregulated corners of traffic coming together for us to simply go into Hemet.

It is too bad that Reinhart Canyon is in a word "landlocked" but it is also going to be a Trap in the event of a fire as we all know that is a Box Canyon with only one way ~~out~~, OUT.

Please consider carefully the danger to those residents of the Canyon and to the problems with traffic for all of us if this is allowed to proceed.

Thanks for hearing us out,

Signed Don and Dorothy Thompson

RE: ADDITIONAL INFORMATION FOR AGENDA ITEM 16.7 FOR THE NOVEMBER 25th BOARD OF SUPERVISORS MEETING

Additional Information

The following additional letters has been received since the staff report was published.

In Support of the project:

- Larry Minor Dated November 21, 2014

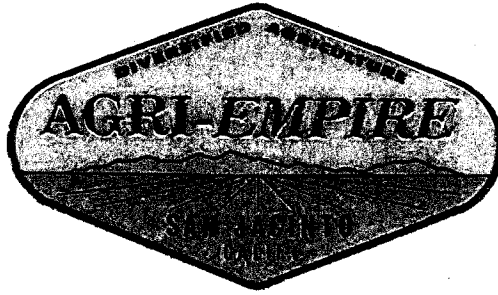

Opposed to the project:

- Jim Seder Dated November 20, 2014
 - No Planning response is required, the letter simply states opposition.
- Barbara Seder Dated November 20, 2014
 - No Planning response is required, the letter simply states opposition.
- Jim Barker Dated November 24, 2014
 - This letter explains that California Ave. may become more congested with the project and that could hamper evacuation during earthquakes. The project is consistent with the General Plan Land Use designation, and the traffic study indicates that California is adequately sized for the project.

To The Honorable Riverside County Board of Supervisors,

Be advised that I have reviewed the project being proposed by the Lansing Companies on the property located just north of the Four Seasons project. As most of you know, my family has roots in the region going way back. In fact, I used to farm the land where the Four Seasons project is now built.

I stand firm in my support of the Reinhardt Canyon project being put before you. It is so similar to the Four Seasons development that I don't see how anyone from that project can oppose this project. I know that area probably better than just about anyone, and the Lansing Project will make the area safer from fire and floods.

Unfortunately, I cannot be there on Tuesday but please consider my support as if I were present. As I understand it, the project conforms to your own county General plan, and this project should be approved.

Thank you for your consideration.

I would recommend that you send this to Matt Straite, the Project Planner. This will make it part of the public record for the Project and it will be given to all the supervisors. Furthermore, you should add "Regarding: Tract Map #36337".

TO: Jeff Stone, Riverside County Board of Supervisors, Third District.

Dear Sir,

I am a retired San Diego County Resident Deputy Sheriff, now residing at the Four Seasons Community in Hemet, California.

I am concerned about the proposed housing project in Reinhardt Canyon. California Ave. is the only road into that area which ends at the North end of Reinhardt Canyon. California Ave. is also the main artery for other communities including Four Seasons.

Southern California has a great expectation for a level 10 earthquake in the near future. Such an occurrence will cause an overextended response of our resources. It is difficult to prepare for such an event, and people might die.

Far more probable than relying on a geologic timetable is the probability of fire disaster. This area is swept with strong winds and fuel to provide such an event. Range fires move quickly, and the population responds at their own pace. Ranches will be trailering livestock on the road out. Some families will be prepared and leave early, but most will not. Many will stay until they witness the danger. The road will fill with evacuation while responders are arriving to setup their strategic locations. This is seldom a coordinated event.

Were this housing proposal to be ratified, California Ave. should be improved and widened.

Another concern of evacuation follows the thought in using Four Seasons as a secondary road. Eleven Hundred units will also be responding to the same approaching danger at the same time. Most will be unprepared. Many need assistance. Friends and family will be responding to Four Seasons in their effort to help. Traffic will be congested. It is possible that one trailered or recreational vehicle would stop the flow of traffic. Another secondary road location would be better to cross an open field.

There are no open fields in a boxed canyon.

Thank you for your condition,

James Barker

Dear County Board of Supervisors,

I will be in the hospital during the public hearing on Nov. 25th, but we are responding to the notice regarding the zoning for Reinhart Canyon and the proposed high density development.

As property owners in Four Seasons Retirement Community, we are concerned about the increased traffic impact on the present two-lane California Avenue and adjacent roads near our property in west Hemet, CA.

Also, after recent local heavy rains, we have suffered first-hand the devastating effects from inadequate gutters, with tons of sliding mud damaging our other property and our neighbors'. The planners and developer did not adequately plan for any 30-100 year floodwaters draining from adjacent hills. A high density residential zoning will bring the same kind of disaster in Reinhart Canyon.

Additionally, this fire-prone coastal sage scrub habitat is well-known for its proximity to the San Jacinto Fault, as well.

We need assurance that thorough, non-biased studies ensure the safety of all, as far as traffic, floods, fire, and seismicity, and that this project adjacent our neighborhood is in compliance with all laws. Please keep us updated on this; we hope you will stop this project.

Sincerely,

Donald and Sharon Domenigoni

I am glad you asked. You are totally correct, we do have a provision in the code that says we only need to do the ad; however, we are trying to over notice this on purpose. So, yes, please do both. We are crazy, we know.

Let me see if I understand what you're saying....

Your department still wants us to mail out the notices to the surrounding owners besides publishing it in a 1/8 page display Ad?

I really don't mind sending out the Notices but we have more than 1,000 of these labels and Ord. No. 348.4573 Section 1.7 paragraph 3 mentions something about publishing the Notice in a 1/8 page display Ad in lieu of sending out Notices to property owners if the number of owners to whom notice would be mailed or delivered to is greater than 1,000.

Kindly advise. Thank you!

Also, this is a 1/8 page display Ad, no need to send out Notices to property owners....is that correct?

Importance: High

Cecilia,

Per your instructions, I am bringing down the AD Pack required for TR36337/CZ7839- aka Reinhardt Canyon. You requested that I bring this down today so it can get properly noticed for the November 25th Board hearing with a 20 day ad. Because we do not have the Form 11 ready yet, Shellie Clack and I drafted the AD itself and I am providing that language in the attachment. I will be providing a hard copy as well. Please let me know as soon as possible if there are any complications with this. It is very important that this be heard on the 25th. Thank you.

We have three high priority projects that all need to go on the November 25th agenda. I will be bring the others to you shortly.
