BACKGROUND:

Summary

Pursuant to Government code Section 25365, the County may transfer interests in real property or any interest therein, belonging to the County to another public agency, upon the terms and conditions as are agreed upon and without complying with any other provisions of Government code, if the property or interest therein to be conveyed is not required for county use. The County intends to convey Fee Simple Title to Real Property located in San Jacinto, County of Riverside, Assessor's Parcel Number 433-130-022 by Grant Deed, more particularly described in Exhibit A, Legal Description and Exhibit B for each respective real property interest, attached hereto, to the Eastern Municipal Water District (EMWD.)

The property is a narrow strip of vacant land situated adjacent to Ramona Boulevard, lacking in utility due to its shape. For the County, this parcel is an uneconomic remnant. For EMWD, it provides them with direct street access to their adjacent properties to the east.

The property was recently appraised by an independent appraiser at a value of \$54,000. EMWD has agreed to pay this amount to the County to purchase the property.

This resolution has been reviewed and approved by County Counsel as to legal form.

Impact on Citizens and Businesses

The transfer of this property will assist EMWD in their efforts to provide service to the citizens and businesses in this area of the County.

NOTICE OF EXEMPTION

January 28, 2015

Project Name: County of Riverside, San Jacinto Eastern Municipal Water District Surplus Sale

Project Number: FM0417200233

Project Location: San Jacinto, County of Riverside; Easterly of Ramona Express and Northerly of Lake Park Drive
Latitude: 33° 47' 11.41", Longitude: -116° 56' 13.8"; Assessor Parcel Number 433-130-022 (See attached exhibit).

Description of Project: The County of Riverside intends to convey Fee Simple Title to Real Property located in San Jacinto, County of Riverside, Assessor's Parcel Number 433-130-022 by Grant Deed to the Eastern Municipal Water District (EMWD.) The property is a narrow strip of vacant land situated adjacent to Ramona Boulevard, lacking in utility due to its shape. For the County, this parcel is an uneconomic remnant. For EMWD, it provides them with direct street access to their adjacent properties to the east.

The property was recently appraised by an independent appraiser at a value of \$54,000. Pursuant to Government Code Section 25365, the County may transfer interests in real property, or any interest therein, belonging to the County to another public agency, upon the terms and conditions as are agreed upon and without complying with any other provisions of the Government Code, if the property or interest therein to be conveyed is not required for county use. The transfer of the property does not allow for any construction activity, change in use, or any other condition that may lead to a direct or indirect physical environmental impact at this time. Any future activity or project at the location would require CEQA review from the lead agency for any changes to the property initiated in the future by either the County or EMWD. Further, at this time there are no planned construction or development projects proposed or envisioned for the property in question and any attempt at evaluating physical impacts related to development at this time would be wholly speculative and would provide no meaningful input or analysis.

Name of Public Agency Approving Project: County of Riverside, Economic Development Agency

Name of Person or Agency Carrying Out Project: County of Riverside, Economic Development Agency

Exempt Status: California Environmental Quality Act (CEQA) Guidelines, Section 15061, General Rule "Common Sense" Exemption.

Reasons Why Project is Exempt: The project is exempt from the provisions of CEQA specifically by the State CEQA Guidelines as identified below. The project will not result in any specific or general exceptions to the use of the categorical exemption as detailed under State CEQA Guidelines Section 15300.2. The project will not cause any impacts to scenic resources, historic resources, or unique sensitive environments. No physical environmental

impacts are anticipated to occur and any future development projects at the property would require a full evaluation under CEQA at that time. Further, no unusual circumstances or potential cumulative impacts would occur that may reasonably create an environmental impact. The transfer of real property will not have an effect on the environment and the mere transfer of ownership interest will not allow for any development, construction, or change of use that may create a future direct or indirect physical environmental impact; thus, no environmental impacts are anticipated to occur.

- Section 15061 (b) (3) - General Rule "Common Sense" Exemption. With certainty, there is no possibility that the proposed project may have a significant effect on the environment. The conveyance of real property from one agency to another will not require any construction activities and would not lead to any direct or reasonably foreseeable indirect physical environmental impacts. The site is located in close proximity to a developed area. At present, there are no existing plans for future development or changes to the existing site and any evaluation under CEQA would be wholly speculative at this time. Therefore, in no way would the mere transfer of property between the County and EMWD as proposed have the potential to cause a significant environmental impact and the project is exempt from further CEQA analysis.

Based upon the identified exemption above, the County of Riverside, Economic Development Agency hereby concludes that no physical environmental impacts are anticipated to occur and the project as proposed is exempt under CEQA. No further environmental analysis is warranted.
