**FORM 11: Monterey Surplus Property Boundary Adjustments, District 4 [\$0]**

**DATE:** December 22, 2014

**PAGE:** 2 of 3

## **BACKGROUND:**

### **Summary**

The County of Riverside owns a vacant 13.29 acre parcel of land at the northeast corner of Monterey Avenue and Dinah Shore Drive identified by Assessor Parcel Number 685-020-014. The County has declared this property as surplus and would like to sell the property to a potential buyer for future economic development; and both the City and the County would like to see development in order to generate tax revenue and jobs, however, there is a need to "clean-up" the ownership, right of way areas and use of these collective parcels prior to any sale. There are six remnant parcels in that immediate area: four are held by the City of Palm Desert as right-of-way or easement, one is owned in fee title by the City of Palm Desert, and the sixth parcel owned by the County at the northwest corner lies partially within the improved Monterey Avenue Interchange (APN 685-020-001). Please refer to the attached Parcel Exhibit. Three of the four aforementioned parcels held by the city as right-of-way or easements still have private underlying ownership rights (the private entity that originally sold APN 685-020-014 to the County, i.e., 10/74 PARTNERS, a California partnership, hereinafter "Carver").

Parcels 1, 2, and 3 of the Parcel Exhibit were originally conveyed to the County by deed for road right-of-way purposes in 1985 for the old alignment of Monterey Avenue over the Union Pacific Railroad and Interstate 10, as well as for the old alignment of 34th Avenue, or Tamarisk Row Drive, now called Dinah Shore Drive. Although the County acquired these parcels for right-of-way purposes, they became the City's by operation of law when this area was annexed into the City in 1992. These three parcels are considered excess by the City and have not been used for their dedicated or acquired purposes for more than five consecutive years. Parcels 1, 2 and 3 were recently vacated by the City, a Resolution for this action was recorded, retaining an easement for drainage purposes within the northeasterly 50 feet of Parcel 1 and over all of Parcel 3 of the Parcel Exhibit, and an easement for public utility purposes has been retained within Parcel 2. Carver has executed a quitclaim deed in favor of County of Riverside for Parcels 1, 2 and 3 as it was his original intent to convey fee title instead of easement.

Parcel 4 of the attached Parcel Exhibit is a portion of a larger parcel that was originally dedicated to the County on a Parcel Map for street and public utility purposes. It also became the City's by operation of the law in the 1992 annexation. This parcel is also considered excess and has not been used for street purposes for more than five consecutive years immediately preceding this proposed vacation. Easements for drainage and public utility purposes in favor of the City have been retained over all of said Parcel 4.

Parcel 5 of the Parcel Exhibit is owned by the City in fee title. It is a portion of a larger parcel that encompasses the drainage channel along the railroad tracks in the nearby Gateway Industrial Park. Parcel 5 is used for access to maintain the drainage channel and has an existing drainage easement to the City within it. An easement over Parcel 5 for access purposes would serve the same purposes as owning Parcel 5 in fee title. Therefore, the City will quitclaim Parcel 5 to the County and retain the aforementioned easement over it.

The County will quitclaim Parcel 6 of the Parcel Exhibit to the City, as it is along the Monterey Avenue Interchange corridor, and will grant an easement for drainage purposes to the City over the northeasterly 50 feet of APN 685-020-014. That northeasterly 50 feet is already encumbered by easements to the railroad and to the Coachella Valley Water District, so the new easement to the City creates no detriment to the County or to the property value of the land that the County wishes to market for development.

**FORM 11:** Monterey Surplus Property Boundary Adjustments, District 4 [\$0]

**DATE:** December 22, 2014

**PAGE:** 3 of 3

**BACKGROUND:**

**Summary** (Continued)

Pursuant to Government Code Section 25365, a board of supervisors may, by a four-fifths vote, grant, convey, quitclaim, assign, or otherwise transfer to any city within the county or exchange with those cities, any real or personal property, or interest therein belonging to the county upon the terms and conditions as are agreed upon and without complying with any other provisions of the code, if the property or interest therein to be granted and conveyed or quitclaimed is not required for county use or in the event of an exchange, the property to be acquired is required for county use.

The deeds and this report have been reviewed and approved as to form by County Counsel. The attachments to this report are merely copies for the public record. We asked that the Board delegate authority to the Assistant County Executive Officer/EDA to sign originals on behalf of the County when the originals are presented to EDA by the City of Palm Desert and Carver, as the City has gone on public record noting that the recording of the both City and County quitclaim deeds and the drainage easement would occur concurrently. Upon recordation, the acreage available for sale by the County would increase from 13.29 acres to slightly over 17 acres.

**Impact on Citizens and Businesses**

This clean-up activity will have no impact on citizens or businesses, but the future potential sale and development of the property will bring additional commerce, sales tax revenue and jobs to the area.
