**BACKGROUND:**

**Summary (continued)**

The Riverside County In-Home Supportive Services (IHSS) Public Authority (PA) supports the IHSS home care provider community (currently averaging 25,000 recipients), in various capacities. Starting in October 2013, the PA began building an infrastructure to support the "One-Stop" service model in offering resources that allow IHSS service recipients enhanced access to home care providers. This is accomplished by creating a pool of trained and eligible in-home care providers, and acting as "employer of record" to assist with the care providers' IHSS program enrollment and payment functions.

The enhanced "one-stop" service delivery includes quick start (24- to 48- hour) home visitation response to requests for in-home care providers, expedited IHSS provider enrollment and orientation, IHSS "call center" support to provide responsive payment resolution, and a registry of IHSS providers for "emergency back-up".

In anticipation of several operational changes to be implemented this year, the PA made plans to further expand services and increase staff capacity to address: increased demand for registry services with continued program growth, transition of Addus contract care providers to the PA, implementation of new Fair Labor Standards Act (FLSA) requirement that apply to IHSS home care providers, implementation of a new timesheet and training in conjunction with these changes, and implementation of a new overtime compliance, monitoring and notification responsibilities. A recommended budget adjustment was approved by the Board in the Second Quarter budget report. Since that time, the FLSA changes to the IHSS Program were ceased by a Supreme Court action, but the remainder of the changes are proceeding and the PA continues to assist IHSS recipients and home care providers with understanding these recent developments.

In addition to obtaining Board approval of the budget adjustments, DPSS must submit a revised budget and rate package to the State. The attached budget and rate package is less than the amount originally approved by the Board in the Second Quarter budget report, due to the suspension of the FLSA changes. The total proposed revised budget for FY 2014/15 is estimated to be \$3,344,345, which reflects an increase of \$260,233 (8%) from the initial FY 2014/15 budget, originally approved by the Board on 4/22/14 (#7-2).

With the Board's approval, this revised budget will be submitted to the California Department of Social Services (CDSS) for approval. CDSS will convert this budget into an hourly rate based on the number of service hours that will be rendered by individual providers to IHSS clients. We estimate that the hourly rate for administrative costs will be \$0.15 per hour of service provided, which is a \$0.01 increase from the original FY 2014/15 budgeted amount.

**Impact on Residents and Businesses**

The revised budget will allow the IHSS program to continue to provide much needed assistance to elderly and/or persons with disabilities needing care, allowing them to live independently in a healthy, safe environment.

**SUPPLEMENTAL:**

**Additional Fiscal Information**

The initial FY 2014/15 Public Authority budget was approved by the Board on 4/22/14 (#7-2). The Revised Budget contains an additional \$260,233 which the Board approved through the FY 2014/15 Second Quarter Budget adjustment. The attached budget and rate package is \$157,714 less than the \$417,947 approved by the Board in the Second Quarter budget report.

The IHSS program has a Maintenance of Effort (MOE) and there is no additional County Cost associated with this budget amendment/increase.
