PRACTICE SPECIALTY: FAMILY MEDICINE

PRACTICE SPECIALTY

FAMILY MEDICINE

REQUIRED QUALIFICATIONS FOR PRIVILEGES

CRITERIA: In order to be eligible for privileges in Family Medicine, all applicants must:

- meet all requirements for medical staff membership
- be able to document education and experience in the conditions and procedures for which privileges are requested
- meet requirements for ambulatory privileges, limited inpatient privileges or inpatient privileges (see below)

REAPPOINTMENT REQUIREMENTS: To be eligible to renew privileges in family medicine, the applicant must meet the following maintenance of privilege criteria:

- Current demonstrated competence and an adequate volume of experience with acceptable results in the privileges requested during the past 24 months based on results of ongoing professional practice evaluation and outcomes.

AND

- Meet the Continuing Medical Education (CME) requirement necessary for licensure by the applicable California medical board (the Medical Board of California or the Osteopathic Medical Board of California). Submit copies of CME certificates for re-appointment.

AND

- Evidence of current ability to perform privileges requested is required of all applicants for renewal of clinical privileges.

In the Family Medicine Department, additional criteria are defined for the following types of privileges:

AMBULATORY PRIVILEGES

To be eligible to apply for ambulatory core privileges in Family Medicine, the initial applicant must meet the following criteria:

- meet all requirements for medical staff membership

AND

- must have successfully completed two years of an accredited residency program approved by the Accreditation Council on Graduate Education (ACGME) or the American Osteopathic Association (AOA) in Family Medicine or in an equivalent field as determined by the Department Chair.

Unless privileges granted prior to May 2010.

INPATIENT PRIVILEGES (Medicine, Obstetrics, & Pediatrics)

In order to be eligible for inpatient privileges, the applicant must:

- have completed an ACGME or AOA accredited Family Medicine residency program

AND

- be board certified or an active candidate by the American Board of Family Medicine or the American Osteopathic Board of Family Physicians

**RIVERSIDE COUNTY REGIONAL MEDICAL CENTER
PRIVILEGE DELINEATION DESCRIPTION AND STANDARDS**

NAME: _____

PRACTICE SPECIALTY: FAMILY MEDICINE

In addition, if requesting **Progressive Care Unit (Step-Down Unit)** privileges, must meet the attached guidelines as noted on the Memorandum of Understanding between Family Medicine and Medicine Departments. For **Medicine Adult Inpatient privileges** must meet the attached guidelines as noted on the Memorandum of Understanding.

CHILD ABUSE AND NEGLECT PRIVILEGES

In order to be eligible for Child Abuse and Neglect privileges, the applicant must:

- have successfully completed an Accreditation Council for Graduate Medical Education (ACGME) or American Osteopathic Association (AOA) accredited postgraduate training program in Pediatrics or Family Medicine with additional training/experience in child abuse as determined by the Chair of Pediatrics/designee

AND

- have current certification or active participation in the examination process leading to subspecialty certification in Child Abuse Pediatrics by the American Board of Pediatrics, unless initial privileges granted prior to November 2009 (Board subspecialty certification first issued in November 2009)

AND

- must be in process of paneling or paneled by California Children's Services (CCS)

FAMILY MEDICINE RESIDENTS IN TRAINING

To be eligible to apply for core privileges in Family Medicine, the initial applicant must meet the following criteria:

- meet all requirements for medical staff membership

AND

- must have successfully completed two out of three years of an accredited Family Medicine residency program approved by the Accreditation Council on Graduate Education (ACGME) or the American Osteopathic Association (AOA).

AND

- must possess a valid, current California State Medical License

AND

- a letter from the resident's current family medicine program director must be submitted approving the clinic privileges which are being requested.

A Family Medicine resident in training may be granted ambulatory care privileges only.

Privileges may only be exercised at the site(s) and/or setting(s) that have the appropriate equipment, license beds, staff, and other support required to provide the services defined in this document.

PRIVILEGE DELINEATION DESCRIPTION AND STANDARDS**

NAME: _____

PRACTICE SPECIALTY: FAMILY MEDICINE

<p>GEOGRAPHIC REQUIREMENTS</p>	<p>With regard to inpatient Privileges, residence and office location should be within 30 minutes of the hospital to provide continuous patient care and to fulfill medical staff responsibilities.</p>
<p>PARTICIPATE IN TEACHING PROGRAM CRITERIA</p>	<p>SUPERVISION: Supervision is an intervention provided by a supervising practitioner to a resident physician. This relationship is evaluative, extends over time, and has the simultaneous purposes of enhancing the professional functions of the resident while monitoring the quality of professional services delivered. Supervision is exercised through observation, consultation, directing the learning of the residents, and role modeling. (Note: <i>This definition is adapted from Bernard J.M., & Goodyear, R.K., Fundamentals of Clinical Supervision, 2nd Ed. Needham Heights, MA: Allyn & Bacon 1998.</i>)</p> <p>CRITERIA: To be eligible to participate in the teaching program, the applicant must:</p> <ul style="list-style-type: none"> • Be credentialed and privileged at RCRMC in accordance with applicable requirements. • Provide care and supervision only for those clinical activities for which they are privileged. • Be responsible for and must be personally involved in the care provided to individual patients in the inpatient and outpatient settings and must continue to maintain this personal involvement when residents are involved in the care of these patients. <p>MAINTENANCE OF PRIVILEGE:</p> <ul style="list-style-type: none"> • Enhance the knowledge of the residents and ensure the quality of care delivered to each patient by any resident. This is exercised by observation, consultation, and direction to the resident. • Assure that medical care for each patient is delivered in an appropriate, timely, and effective manner. • Participate in the resident's evaluation process according to accrediting and certifying body requirements. • Direct the care of the patient and provide the appropriate level of supervision based on the nature of the patient's condition, the likelihood of major changes in the management plan, the complexity of care, and the experience and judgment of the resident being supervised. • Within 24 hours of a patient's admission or transfer (including weekends and holidays), shall personally examine the patient, establish a personal and identifiable relationship with the patient, and record an appropriate history, physical examination, working diagnostic impression(s) and plan for treatment. The attending shall countersign and add an addendum to the resident's note detailing his/her involvement and supervision. • Ensure that discharge or transfer of the patient from an inpatient team or clinic is appropriate, based on the specific circumstances of the patient's diagnoses and therapeutic regimen. • Meet with each patient who received consultation by a resident and perform a personal evaluation in a timely manner based on the patient's condition, unless otherwise stated in the graduated levels of responsibility. • Shall be immediately available to the resident in person or by telephone and able to be present within a reasonable period of time, 30 minutes, if needed. • Available for supervision during clinic hours and ensure the coordination of care that is provided to the patients. • Provide an appropriate level of supervision during the performance of procedures. (Determination of this level of supervision is generally left to the discretion of the attending physician within the content of the previously described levels of responsibility assigned to the individual resident involved. This determination is a function of the experience and competence of the resident and the complexity of the specific case.) • Documentation of resident supervision will be monitored during the course of peer review. Any case reviewed in which it appears that there is inadequate supervision will be forwarded to the Professional Practice Evaluation Committee.
