FORM 11: Accept the Low Bid and Award the Contract for the Construction of Sage Road Resurfacing and Reconstruction Project in the Sage Community. 3rd District; [\$768,582]; Local Funds 100%

DATE: April 7, 2015

PAGE: 2 of 3

BACKGROUND:

Summary

By Minute Order dated January 27, 2015 (Agenda Item 3-23), the Board of Supervisors authorized the Clerk of the Board to advertise for the resurfacing and reconstruction of two Sage Road segments in the community of Sage; additionally, a third road segment was included as an alternate bid schedule. The road segments included are as follows:

Road	Segment Location	Length
Segment 1	From 0.11 mile south of East Benton Road to 0.07 mile north of East Benton Road	0.18 mile
Segment 2	From Red Mountain Road to 0.62 mile north of Red Mountain Road	0.62 mile
Segment 3	From State Highway 79 (Temecula Parkway) to Cactus Valley Road	16.6 miles

During the advertisement period, three addenda were issued to all registered plan holders as a supplement to the plans and specifications. Bidders were required to acknowledge and take into account all issued addenda on their Contractor's Bid in order to be considered for award. The addenda were issued to clarify and modify the approved contract documents. The addenda are attached and designated as Addendum No. 1, Addendum No. 2, and Addendum No. 3.

Six bids were received on February 25, 2015, ranging from \$768,582 to \$1,119,000. The basis for the selection of a contractor is the lowest responsive and responsible bid. The lowest responsible bid was submitted by All American Asphalt in the amount of \$768,582, which is \$75,600 (9%) below the Engineer's Estimate.

The Transportation Department recommends award of the following schedules of work in the contract amount of \$768,582:

Base Bid Schedule: Sage Road, Segments 1 and 2

Alternate Bid Schedule: Sage Road, Segment 3 (striping, markings, centerline, and centerline rumble strips only)

Alternate Bid – Sage Road, Segment 3

The alternate bid is included in the contract for the installation of safety components such as ground-in rumble strips along the centerline of the road to alert drivers when they stray from the lanes, traffic stripes, and raised reflective pavement markers. Riverside County maintenance crews are not equipped to perform these improvements, and the project is too small to be bid as an individual project.

The construction duration for this project is approximately six weeks, and construction is anticipated to be completed by summer 2015.

The contractor is qualified to perform the work as outlined in the bid, has executed the contract, and has provided bonds and insurance documents, which meet the requirements of the contract.

Project Number: C2-0158

Impact on Residents and Businesses

The proposed improvements will benefit the project area by significantly improving the existing infrastructure, preserving and extending the service life, as well as providing upgrades to enhance safety.

The work is scheduled to begin in June 2015. The work will be phased to keep the roads open during construction and will take approximately six weeks to complete.

The limits of insurance of the Underlying Insurance shown in Item 4 of the Declarations shall be maintained in full effect during the period of this policy except for any reduction or exhaustion of aggregate limits contained therein solely by the payment for damages for accidents or occurrences, whichever is applicable, that take place during each annual period of this policy and that are insured by this policy.

If you fail to comply with this requirement, we will only be liable to the same extent that we would had you fully complied with this requirement.

II. Definitions
