WEST END MORENO MDP  
LINE LL  
PROJECT NO. 4-0-0783

The Proposed Project is located in Zone 4 the majority of which is within the city of Moreno Valley with a small portion within the city of Riverside. It is also within Township 3 South, Range 4 West, Section 10 of the Riverside East, California 7.5 Minute USGS Quadrangle.

The Project alignment generally follows Old Highway 215 between Dracaea Avenue and Cottonwood Avenue and east on Dracaea Avenue and consists of approximately 2000 lineal feet of underground storm drain. This project will have a conveyance capacity of the 1% chance flood and will collect storm runoff from the low at the intersection of Dracaea Avenue and Arvonna Street and convey it to a vacant lot west of Old Highway 215. Frequent flooding, ponding of storm runoff and road closure at the intersection and in the vicinity will significantly be reduced once the project is constructed. The District will operate and maintain the storm drain system. The construction cost of the project is estimated at \$ 1, 206,000.
