BACKGROUND (continued):

Summary

The effective date was set at April 8, 2015 to require all food trucks to meet all Health and Safety Code requirements and to obtain annual permits, as well as to allow local cities time to prepare for the changes. Specifically, Section 3(d) states "All Mobile Food Facilities proposing to operate in the County of Riverside in any capacity must obtain an annual mobile food facility permit pursuant to this section. There shall be a one year phase-in period from the effective date of this ordinance, for Mobile Food Facility categories 3, 4, and 5, as identified in Section 4.a. of this ordinance, to come into compliance through the plan check process to meet all Health and Safety Code requirements for annual permitting. During this phase-in period Mobile Food Facilities not compliant with current construction standards, but still meeting the requirements for temporary food facilities pursuant to Health and Safety Code sections 114335 through 114363, as now adopted or hereafter amended, will be allowed to operate at approved community events, with proper permits. After the phase-in period all Mobile Food Facilities must meet current Health and Safety Code standards and obtain annual permits to operate as Mobile Food Facilities."

The proposed amendment will change the effective date of this permitting requirement from April 8, 2015 to January 1, 2017.

On May 19, 2015 the Board of Supervisors introduced Ordinance 580.6 amending Section 3(d) of Ordinance 580. Additionally, the Board of Supervisors found that the introduction and adoption of Ordinance 580.6 is exempt from CEQA pursuant to State CEQA Guidelines Section 15601(b)(3). In accordance with Government Code Section 25131 the Board of Supervisors may adopt Ordinance 580.6 because more than 5 days have passed since its introduction on May 19, 2015.

Impact on Citizens and Businesses

The expected positive impact on citizens would be continued access to a wider selection of mobile food facilities at community events. The proposed change will allow older food trucks to continue operating at permitted community events under less stringent temporary food facility requirements. Potential negative fiscal impacts on business might be less demand for the few permitted food trucks and possible delays in the construction and operation of local food truck commissaries.

SUPPLEMENTAL:

Additional Fiscal Information

The Department will collect permit fees, service fees, and potential fines to fund the expanded program. Initially, current staffing will be diverted to handle the anticipated influx of new applicants. A future Budget Adjustment will be necessary to request additional positions based upon revenue and workload.

Project Title: Ordinance No. 580.6 Amending Ordinance No. 580 re Timing for Annual Permits
Project Location: The unincorporated area and all incorporated Cities within Riverside County.

Project Description: Ordinance No. 580.6 amends Ordinance No. 580 by extending the phase-in date for that portion of the ordinance requiring annual permits for food trucks that are expanding operations beyond the current operational limitations at permitted community events. The extension allows additional time for food truck operators in order to obtain the annual permits as directed under the existing ordinance. The amendment to Ordinance No. 580 does not alter or change food truck operations, allow for any new development, or changes to existing development.

Name of Public Agency Approving Project: County of Riverside

Project Sponsor: Department of Environmental Health of the County of Riverside

Exempt Status: (check one)

- Ministerial
- Declared Emergency
- Emergency Project
- Categorical Exemption
- Statutory Exemption (State CEQA Guidelines Sec. 15273)
- X Other: (State CEQA Guidelines Sec. 15061(b)(3))

Reasons Why Project is Exempt: The project is exempt from the provisions of the California Environmental Quality Act (CEQA) specifically by the State CEQA Guidelines as identified below. The project will not cause any impacts to scenic resources, historic resources, or unique sensitive environments. Further, no unusual circumstances or potential cumulative impacts would occur that may reasonably create an environmental impact.

Section 15061 (b)(3) – “Common Sense” Exemption. The adoption of Ordinance No. 580.6 is exempt from CEQA pursuant to State CEQA Guidelines section 15061(b)(3), the “Common Sense” exemption. In accordance with CEQA, the use of the Common Sense Exemption is based on the “general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment.” State CEQA Guidelines, §15061(b)(3). The use of this exemption is appropriate if “it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.” *Ibid*. This determination is an issue of fact and if sufficient evidence exists in the record that the activity cannot have a significant effect on the environment, then the exemption applies and no further evaluation under CEQA is required. See *Muzzy Ranch Co. v Solano County Airport Land Use Comm’n* (2007) 41 Cal.4th 372. The Amending of Ordinance 580 pertains to the inspection and permitting requirements related to mobile food truck operations and with the adoption of the amendments it can be seen with certainty that there is no possibility that the ordinance may have a significant effect on the environment. Approval of the proposed amendment to Riverside County Ordinance 580 does not approve any development project. The amendment merely extends the timing for annual

permits for food trucks that are looking to expand their operations beyond permitted events. The proposed amendment would not individually or cumulatively result in the possibility of creating significant effects on the environment and no direct or reasonably foreseeable indirect environmental impacts would occur. Therefore, the use of the Common Sense exemption is appropriate for this project.
