FORM 11: Approval of the Mental Health Pharmacy Agreements Aggregate for FY 15/16 (Districts: All), [\$1,000,000 Total], [\$200,000 Annually], 100% State Funds

BACKGROUND:

Summary

On January 14, 2014, (3-10), the Board of Supervisors approved and authorized the Purchasing Agent to establish agreements with pharmacies located as close as possible to mental health clinics throughout Riverside County with a combined aggregate of \$350,000, through June 30, 2015.

Psychotropic medications are necessary to stabilize and effectively treat mental health clients. Stabilization through psychotropic medication treatment reduces the risk of hospitalization and subsequently lowers costs. In preceding years, the Department of Mental Health (DMH) has successfully utilized various pharmacies located throughout the County to obtain psychotropic medications for its consumers. DMH requires the flexibility to add vendors if necessary to ensure mental health clients are able to obtain their medications in a timely manner.

Impact on Citizens and Businesses

Pharmaceutical services are a component of the Department's system of care aimed at improving the health and safety of consumers and the community.

SUPPLEMENTAL:

Additional Fiscal Information

There are sufficient funds in the Department's budget for FY 15/16 for the pharmaceutical purchasing agreements and no additional County funds are required. Based on actual expenditure data, DMH is requesting to decrease the annual contract aggregate to \$200,000 through June 30, 2020.

Contract History and Price Reasonableness

The pharmaceutical reimbursement costs to the County are limited to Medi-Cal rates. Because there is no negotiation of the reimbursement rates, DMH is requesting to establish annual agreement with pharmacies without seeking competitive bids.
