**DATE:** April 27, 2015

**PAGE:** 2 of 2

**BACKGROUND:**

**Summary**

On September 9, 2014, Agenda Item 3-76, the Board of Supervisors ratified the initial agreement between the California Department of Public Health (CDPH) and the County of Riverside Department of Public Health (DOPH) in the amount of \$7,883,523 from July 1, 2014 through June 30, 2017. The funding was awarded to enhance public health medical preparedness, and planning and response related activities for Riverside County. These funds represent an integration of efforts across funding streams to include the Centers for Disease Control and Prevention (CDC) Public Health Emergency Preparedness Program (PHEP); CDC Cities Readiness Initiative (CRI); Assistant Secretary of Preparedness and Response (ASPR) Hospital Preparedness Program (HPP); and California State General Fund Pandemic Influenza Preparedness.

This Amendment adds \$103,759 in unspent funds from Fiscal Year (FY) 13/14 Allocation agreement EPO 13-36 to the current year agreement. These unspent funds are tied to projects that will be completed in FY14/15 including the purchase of satellite equipment and evacuation equipment for hospitals, exercise supplies and training.

The following is a breakdown of the Carry-Forward Amounts from FY13/14's Allocation Agreement 13-36 that will be added to the FY 14/15 EPO Agreement 14-10531:

- a. \$12,175 CDC PHEP Base Funds Carry-Forward amount;
- b. \$91,584 HPP Carry-Forward amount.

All other instruments and dollar amounts tied to this Agreement remain unaltered and in force until the expiration of the original performance period of July 1, 2014 through June 30, 2017.

**Impact on Citizens and Businesses**

PHEPR will coordinate with local response partners, community organizations, healthcare facilities, faith-based organizations and numerous other preparedness/response based organizations to ensure capabilities are implemented to better prepare our communities for any health/medical disaster, whether man-made or natural.

**SUPPLEMENTAL:**

**Additional Fiscal Information**

The additional allocation for Fiscal Year 14/15 Grant award is in the amount of \$103,759 for a total FY14/15 amount of \$2,731,600. This amount was included in the FY14/15 County Budget.

Exhibit A – Attachment 1  
Riverside County Scope of Work  
Hospital Preparedness Program (HPP)

**HPP Capability 1: Healthcare System Preparedness**

**Objective:** Strengthen the ability of a community's healthcare system to prepare, respond, and recover from incidents that have a public health and medical impact in the short and long term. The healthcare system role in community preparedness involves coordination with emergency management, public health, mental/behavioral health providers, community and faith-based partners, state, local, and territorial governments to do the following: 1) Provide and sustain a tiered, scalable, and flexible approach to attain needed disaster response and recovery capabilities while not jeopardizing services to individuals in the community; 2) Provide timely monitoring and management of resources; 3) Coordinate the allocation of emergency medical care resources; and 4) Provide timely and relevant information on the status of the incident and healthcare system to key stakeholders. Healthcare system preparedness is achieved through a continuous cycle of planning, organizing and equipping, training, exercises, evaluations and corrective actions.

**HPP Capability 2: Healthcare System Recovery**

**Objective:** Collaborate with Emergency Management and other community partners, (public health, business, education and other partners) to develop efficient processes and advocate for the rebuilding of public health, medical, and mental/behavioral health systems to at least a level of functioning comparable to pre-incident levels and improved levels where possible. The focus is an effective and efficient return to normalcy or a new standard of normalcy for the provision of healthcare delivery to the community.

**HPP Capability 3: Emergency Operations Coordination**

**Objective:** Strengthen ability for healthcare organizations to engage with incident management at the Emergency Operations Center or with on-scene incident management during an incident to coordinate information and resource allocation for affected healthcare organizations. This is done through multi-agency coordination representing healthcare organizations or by integrating this coordination into plans and protocols that guide incident management to make the appropriate decisions. Coordination ensures that the healthcare organizations, incident management, and the public have relevant and timely information about the status and needs of the healthcare delivery system in the community. This enables healthcare organizations to coordinate their response with that of the community response and according to the framework of the National Incident Management System (NIMS).
