BACKGROUND:

Summary

The County of Riverside has been under lease at this location since May 4, 2004. The Department of Public Social Services (DPSS) will continue to utilize this location for MediCal staff of their Self Sufficiency Division. The office space continues to meet the needs of the department, and a three year lease renewal is being presented for approval. The negotiated rent reflects the current market conditions and includes the cost of replacement of carpet by the Lessor.

Pursuant to the California Environmental Quality Act (CEQA), the Lease Amendment was reviewed and determined to be categorically exempt from CEQA under CEQA Guidelines Section 15301 Class 1-existing facilities and Section 15061 (b)(3) Common Sense Exemption. The proposed project is the extension of letting of property involving existing facilities with minor tenant improvement alterations and negligible expansion of an existing use will occur.

NOTICE OF EXEMPTION

May 6, 2015

Project Name: County of Riverside, Fourth Amendment to Lease, Department of Public Social Services, Corona

Project Number: FM042166001700

Project Location:

1373 Old Temescal Road, Corona, California; Assessor Parcel Number 107-170-057 (See attached exhibits)

Description of Project: County of Riverside (County), on behalf of the Department of Public Social Services (DPSS), proposes to amend and extend the term of the lease with The Balsamo Family Trust (Lessor), commencing on July 1, 2015 and ending June 30, 2018. The premise currently consists of an existing building located at 1373 Old Temescal Road, Corona, California, providing a location for MediCal staff and DPSS's Self Sufficiency Division. This three year lease extension will insure that this assistance continues. The original lease dated May 4, 2004, entered into by predecessor-in-interest to Lessor Otr Corona, LLC, has been amended by that certain First Amendment to Lease, dated March 31, 2009 by and between County and Lessor; the Second Amendment to Lease, dated June 19, 2012 by and between County and Lessor; and the Third Amendment to Lease, dated September 9, 2014 by and between County and Lessor. The lease dated May 4, 2004 together with its amendments are collectively referred to as the "Lease". The parties now desire to amend the Lease to extend the term three years, modifying the rent and minor tenant improvements. County shall have the option to extend the Lease term for a period of three years. Lessor at its sole cost and expense shall replace carpet with carpet tiles, per DPSS specifications. The tenant improvements will not involve any changes to the ongoing use of the site and will be limited to the interior of the structure. The existing structure is located in a developed area. The size and scale of the interior improvements will be minor and will not change the future operation of the site. The proposed project is the letting of property involving existing facilities; no expansion of an existing use will occur. The leased premise consists of approximately 7,280 square feet and the operation of the facility will continue to provide public social services and will not result in an increase in the intensity of the use of the site. No additional direct or indirect physical environmental impacts are anticipated.

categorical exemption as detailed under State CEQA Guidelines Section 15300.2. The Project will not cause any impacts to scenic resources, historic resources, or unique sensitive biological environments. Further, no unusual circumstances or potential cumulative impacts would occur that may reasonably create an environmental impact. The option to extend the lease and minor tenant improvement alterations is not anticipated to result in any direct or reasonably foreseeable indirect physical environmental impacts.

- Section 15301 – Class 1 Existing Facilities Exemption. This exemption includes the operation, repair, maintenance, leasing, or minor alteration of existing public or private structures or facilities, provided the exemption only involves negligible or no expansion of the previous site's use. The Project as proposed is the option to extend an existing lease with minor tenant improvements. Any current proposed or additional future improvement made would not involve any changes to land use, the existing building, or environment and any future tenant improvements would be limited to the interior of the structure. The option to extend the lease will not increase or expand the use of the site, and merely allows for the continued use of the site in a similar capacity. The tenant improvements will be limited to the interior of the structure and based upon their limited scope will not result in any noise, air quality, or traffic impacts. Therefore, the Project meets the scope and intent of the Class 1 Exemption.
- Section 15061 (b)(3) – “Common Sense” Exemption. In accordance with CEQA, the use of the Common Sense Exemption is based on the “general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment.” State CEQA Guidelines, Section 15061(b)(3). The use of this exemption is appropriate if “it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.” *Ibid*. This determination is an issue of fact and if sufficient evidence exists in the record that the activity cannot have a significant effect on the environment, then the exemption applies and no further evaluation under CEQA is required. See *Muzzy Ranch Co. v Solano County Airport Land Use Comm'n* (2007) 41 Cal.4th 372.

With certainty, there is no possibility that the Project may have a significant effect on the environment. The option to extend the lease will not have an effect on the environment. The use and operation of the facility will be substantially similar to the existing uses and will not create any new environmental impacts to the surrounding area. Additionally, any upgrades to the site would only entail interior tenant improvements which would not result in any direct or indirect physical environmental impacts. The site is highly developed, and no impacts to biological, cultural, or historical resources would occur. Therefore, in no way would the Project as proposed have the potential to cause a significant environmental impact and the Project is exempt from further CEQA analysis.

Based upon the identified exemptions above, the County of Riverside, Economic Development Agency hereby concludes that no physical environmental impacts are anticipated to occur and the Project as proposed is exempt under CEQA. No further environmental analysis is warranted.
