BACKGROUND:

Summary

On July 29, 2014, M.O. 3-37, the Board of Supervisors approved the Riverside County Probation Department (Probation) to enter into a Memorandum of Understanding (MOU) with the Riverside County Superintendent of Schools (Superintendent) to provide youths an opportunity to overcome past challenges and create new beginnings through a test pilot supervision program, a Community Diversion Team (CDT), for one year to determine its viability and expansion to additional Superintendent school campuses.

The Arlington Regional Learning Center (ARLC) is an alternative education high school that serves students who are expelled from their home school districts and need an opportunity to earn credits, do community service, and learn crucial academic and social skills to help them return to their home school districts, graduate, and be contributing members of the community. In Fiscal Year 14/15, the voluntary CDT program was implemented at ARLC to provide early intervention services and work with these at-risk youth in a collaborative capacity to reduce such things as truancy, delinquent incidents on school campuses and in the community; and discourage them from taking that next irreversible step of committing a criminal offense. This program has proven to be successful at ARLC with a 57.2% reduction in the discipline rate, an 80.7% decline in recidivism, and a 4.9% higher rate of attendance over non-CDT youth.

After careful evaluation of the one-year test pilot program, the Superintendent has expressed interest in continuing the CDT program and expanding it to the Superintendent sites of Don F. Kenny Regional Learning Center and Palm Springs Community School. The Superintendent and Probation anticipate additional expansion of the CDT program to additional Superintendent locations if it continues to prove successful. To improve efficiency when processing MOU amendments for these future expansions, Probation asks that the Chief Probation Officer be given authority to sign the MOU amendments pertaining to this specific program, as approved by County Counsel.

Through funding by the Superintendent, Probation is able to continue to participate in this program by providing a Deputy Probation Officer II for the additional Superintendent locations. No additional net county cost or match will be required. In accordance with Policy A-30, all positions in the attached resolution will be deleted upon termination of funding.

Impact on Residents and Businesses

Juvenile delinquency is a countywide challenge that impacts the safety and well-being of Riverside County's citizens. In response to this challenge Probation, in collaboration with the Superintendent, is proposing to continue this early-intervention approach to prevent and suppress juvenile delinquency. The CDT program currently established at the Arlington Regional Learning Center has been successful, specifically addressing the earlier stage of the pre-delinquent population, the 601 WIC status offender or incorrigible youth, providing valuable experiences and enabling youth to make positive contributions to their communities.
