BACKGROUND:

Summary (continued)

The purpose of the EMPG program is to support comprehensive emergency management at the State, Tribal and local levels and to encourage the improvement of mitigation, preparedness, response and recovery capabilities for all hazards incidents. Riverside County, functioning as the Operational Area (OA), applies for the EMPG each year and sub-grants to cities within the County. The amount applied for is pre-determined by Cal OES through a funding formula which considers both a base and the county population. As the lead agency for the OA, EMD is applying for EMPG funding on behalf of the Riverside County Operational Area. These grant funds will be utilized to enhance emergency management capabilities and community preparedness. A new Signature Authority Resolution is required with each year's application. EMD will return to the Board of Supervisors for acceptance of the grant once awarded.

Impact on Citizens and Businesses

These funds are used to sustain emergency management capabilities across the county. EMD participates in many of the citizen/business groups and provides emergency management training and information. One such training is the CERT program, which teaches residents to be self-sustaining during a catastrophic incident. These trainings are offered on a regular basis and throughout the county.

SUPPLEMENTAL:

Additional Fiscal Information

This grant is a federally funded dollar-for-dollar local cash or in-kind match. Each agency that is awarded funding is responsible for providing the dollar-for-dollar cash or in-kind match requirement. The dollar-for-dollar match portion of funding dedicated to the EMD will be derived from Emergency Services Coordinators' regular salaries that come from Net County Cost (\$149,677).

The balance of \$452,880 will be passed through to cities within the Riverside County Operational Area. All cities were invited to participate in this grant program and 23 cities elected to participate. The following is a breakdown of amounts that are allocated for each of the 23 cities.
