Operating Expenses:

Indirect/Operating Expenses:

Riverside County operates under a cost allocation plan rather than an approved indirect cost rate as allowed by federal OMB Circular A-87, which states that state and local organizations may support the indirect costs that they incur by submitting an Indirect Cost Rate (ICR) proposal or a Cost Allocation Plan (CAP) to their Federal cognizant agency. Approval of the CAP has been delegated to the State Controller's Office.

Generally, there are three layers of indirect costs associated with Riverside County MH services. They are:

Regional (Western and Mid County): This includes an allocated cost of the central administrative costs for the Western and Mid County regions and includes support services provided by the regional offices such as Mental Health Services Program Administrator and Office Assistants, and related operating costs.

Local (Departmental Administration): This includes an allocated cost of the local Mental Health administrative programs which includes the director, fiscal, purchasing, program analysis, payroll, information technology, other administrative support staff, and related operating costs.

County General and Administrative Overhead: This includes an allocated cost of Riverside County's general and administrative costs included in the Countywide Cost Allocation plan. These costs are listed on the plan document: County Executive Office, Auditor Controller, Internal Audit, County Counsel, Human Resources, Purchasing, and Facilities Management.

The total of these three allocated indirect costs are then allocated to the DOR program agreement based on staff time spent in the provision of services under the cooperative agreement.
