BACKGROUND:

Summary

In 2012, Office on Aging began providing Care Transition Intervention (CTI) evidence based care model services at the Desert Regional Medical Center (DRMC). This one year pilot project was very successful and this program was extended and approved by the Board of Supervisors for an additional three years. (Agenda Item 3-37 dated December 3, 2013).

Based on our successes with CTI, on May 6th, 2015, our Agency was approached by Partners in Care Foundation to participate and collaborate with the California Department on Aging (CDA) in an evidence based Chronic Disease Self-Management Program (CDSMP). CDSMP comprises of weekly workshops for six weeks, for two and a half hours, in community settings such as senior centers, churches, libraries and hospitals. People with different chronic health problems attend together. Workshops are facilitated by two trained leaders, one or both of whom are non-health professionals with chronic diseases themselves. Subjects covered include:

- Techniques to deal with problems such as frustration, fatigue, pain and isolation;
- Appropriate exercise for maintaining and improving strength, flexibility, and endurance;
- Appropriate use of medications;
- Communicating effectively with family, friends and health professionals;
- Nutrition;
- Decision making; and
- How to evaluate new treatments

Impact on Citizens and Businesses

Enrollees who participated in the program, as opposed to those who did not, demonstrated significant improvements in exercise, cognitive symptom management, communication with physicians, self-reported general health, health distress, fatigue, disability, and social/role activities limitations. In addition, enrollees reported fewer days in the hospital, with a trend towards fewer outpatient visits and hospitalizations. Results yielded a cost savings ratio of approximately 1:4 and many persisted for as long as three years.

SUPPLEMENTAL:

Additional Fiscal Information

The Office on Aging Program Specialist I will serve as the facilitator and coordinator of the Chronic Disease Self-Management Program. The 2 year subcontract agreement is for \$80,000 and is funded 100% by Partners in Care Foundation, with the breakdown as follows:

FY2015/2016	\$	40,000
FY2016/2017	\$	40,000
Total:	\$	80,000

Current fiscal year funds of \$40,000 will be increased by the Schedule A attached. Additional funds of \$40,000 will be included in the County budget process in the consecutive fiscal year.

There is no impact to County General Funds and we are requesting no additional matching requirements.

Partners addresses social and environmental determinants of health to broaden the impact of medicine. Partners is coordinating and organizing a network of evidence-based self-management program (“**EBSMP**”) providers that will offer an array of EBSMPs to hospitals, large medical groups, self-insured employers and health plans (the “**EBSMP Network**”).

B. Partners has entered into one or more agreements with certain health care entities (each referred to herein as “**Primary Contract Party**” or, collectively, the “**Primary Contract Parties**”), under which it has agreed to provide EBSMP to each Primary Contract Party’s population (the “**Populations**”). Such agreements (each referred to herein as “**Primary Contract**” or, collectively, as the “**Primary Contracts**”) are set forth in Schedule A. The Populations to be served are located in the areas listed in Schedule B (the “**Service Areas**”).

C. Network Subcontractor has necessary qualifications and experience and personnel to provide EBSMP. D. Partners desires to subcontract with Network Subcontractor to provide EBSMP in support of Partners’ performance of the Primary Contracts, and Network Subcontractor desires to accept such subcontract arrangement. The purpose of the subcontract arrangement is to ensure that Partners fulfills its obligations of providing EBSMP to the Populations in the Service Areas listed on Schedule B.

AGREEMENT

In consideration of the mutual covenants contained herein, and other good and valuable consideration, Partners and Network Subcontractor agree as follows:

For subsequent accountings within a twelve (12) month period, Subcontractor may charge the individual or party requesting the accounting a reasonable, cost-based fee, so long as Subcontractor informs the individual or requesting party in advance of the fee and the individual or requesting party is afforded an opportunity to withdraw or modify the request. Subcontractor shall notify BA within five (5) business days of receipt of any request by an individual or other requesting party for an accounting of disclosures. The provisions of this Section 2.10 shall survive the termination of this BAA.
- 2.11 Governmental Access to Records.** Subcontractor shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to BA and to the Secretary for purposes of determining BA's and CE's compliance with the Privacy Rule.
- 2.12 Minimum Necessary.** To the extent feasible in the performance of services under the Agreement, Subcontractor (and its agents or subcontractors) shall limit the request, use, or disclosure of an individual's PHI to the Limited Data Set (as defined in 45 C.F.R. § 164.514(e)(2)) or to the minimum necessary amount of PHI to accomplish the purpose of the request, use, or disclosure. Because the definition of "minimum necessary" is in flux, Subcontractor shall keep itself informed of guidance issued by the Secretary with respect to what constitutes "minimum necessary." Subcontractor shall determine what constitutes the minimum necessary to accomplish the intended purpose of such disclosure.

Subcontractor's obligations under this provision shall be subject to modification to comply with guidance issued by the Secretary.

- 2.13 Permissible Requests by Covered Entity.** BA shall not request Subcontractor to use or disclose PHI in any manner that would not be permissible under HIPAA or the HITECH Act if done by BA or Subcontractor. BA shall not direct Subcontractor to act in a manner that would not be compliant with the Security Rule, the Privacy Rule, or the HITECH Act.
- 2.14 Compliance with Privacy Rule.** To the extent that Subcontractor carries out BA's obligations under the Privacy Rule, Subcontractor shall comply with the requirements of the Privacy Rule that apply to BA in the performance of such obligations.
- 2.15 Breach Pattern or Practice by BA.** Pursuant to 42 U.S.C. § 17934(b), if Subcontractor knows of a pattern of activity or practice of BA that constitutes a material breach or violation of BA's obligations under the Agreement, this BAA, or other arrangement, Subcontractor must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, Subcontractor must terminate the applicable Agreement to which the breach and/or violation relates if feasible, or if termination is not feasible, report the problem to the Secretary of the Department of Health and Human Services.
- 2.16 Individuals' Right to Restrict Use and Disclosure of PHI.** As directed by BA, Subcontractor shall comply with, and shall assist BA in complying with and responding to, individuals' requests to restrict the uses and disclosures of their PHI in accordance with 45 C.F.R. §164.522.
- 2.17 Transmission of PHI Offshore.** Subcontractor shall not transmit or make PHI accessible to any Offshore recipient without BA's prior written consent. Requests for permission to send PHI Offshore must be submitted in writing to BA. The request must include details sufficient to identify the Offshore recipient, the specific PHI to be transmitted, and the purpose for which such PHI will be used or accessed by the Offshore recipient. BA reserves the right to request and, upon such request Subcontractor shall provide additional documentation and evidence of the Offshore recipient's compliance with the terms of this Agreement and privacy and data protection laws including, inter alia, HIPAA and California state laws. Subcontractor shall ensure that Offshore recipients who will be granted access to PHI have first completed HIPAA compliant privacy training. For purposes of this provision, "**Offshore**" shall mean outside of the United States of America and its territories. The obligations of this section are in addition to Subcontractor's obligations under Section 2.7, above.
- 2.18 Policies, Procedures and Training.** Subcontractor shall develop and implement privacy and security policies and procedures as necessary and appropriate to meet its obligations under the Agreement, this BAA, and applicable state and federal laws, including HIPAA. Subcontractor shall train its employees and workforce

members, and ensure that its agents and subcontractors train their employees and workforce members, on such policies and procedures.

3. Term and Termination.

3.1 Term. The term of this BAA shall be effective as of the Effective Date and shall terminate when all of the PHI provided by BA to Subcontractor, or created or received by Subcontractor on behalf of BA, is destroyed or returned to BA.

3.2 Termination.

(a) **Material Breach by Subcontractor.** Upon any material breach of this BAA by Subcontractor, BA shall provide Subcontractor with written notice of such breach and such breach shall be cured by Subcontractor within the time specified by BA. If such breach is not cured within such time period, BA may immediately terminate this BAA and the applicable Agreement; provided, however, that if BA determines cure is not possible, BA shall immediately terminate this BAA and the Agreement.

(b) **Effect of Termination.** Upon termination of any of the agreements comprising the Agreement for any reason, Subcontractor shall, if feasible, return or destroy all PHI relating to such agreements that Subcontractor or its agents or Subcontractors still maintain in any form, and shall retain no copies of such PHI. If return or destruction is not feasible, Subcontractor shall continue to extend the protections of this BAA to such information, and limit further use of such PHI to those purposes that make the return or destruction of such PHI infeasible. This provision shall also apply to PHI that is in the possession of subcontractors or agents of Subcontractor.

4. Compliance with State Law. Nothing in this BAA shall be construed to require Subcontractor to use or disclose Protected Information without a written authorization from an individual who is a subject of the Protected Information, or without written authorization from any other person, where such authorization would be required under state law for such use or disclosure.

5. Amendment to Comply with Law. Because state and federal laws relating to data security and privacy are rapidly evolving, amendment of the Agreement or this BAA may be required to provide for procedures to ensure compliance with such developments. Subcontractor and BA shall take such action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule and other applicable laws relating to the security or confidentiality of PHI. Subcontractor shall provide to BA satisfactory written assurance that Subcontractor will adequately safeguard all PHI. Upon the request of either party, the other party shall promptly enter into negotiations concerning the terms of an amendment to this BAA embodying written assurances consistent with the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule or other applicable laws. BA may terminate the applicable Agreement upon thirty (30) days written notice in the event (i) Subcontractor

does not promptly enter into negotiations to amend the Agreement or this BAA when requested by BA pursuant to this Section or (ii) Subcontractor does not enter into an amendment to the Agreement or this BAA providing assurances regarding the safeguarding of PHI that BA, in its reasonable discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

6. **No Third-Party Beneficiaries.** Nothing express or implied in the Agreement or this BAA is intended to confer, nor shall anything herein confer upon any person other than BA, Subcontractor and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.
7. **Notices.** All notices hereunder shall be in writing, delivered personally, by certified or registered mail, return receipt requested, or by overnight courier, and shall be deemed to have been duly given when delivered personally or when deposited in the United States mail, postage prepaid, or deposited with the overnight courier addressed as follows:

- 8. Interpretation.** The provisions of this BAA shall prevail over any provisions in the Agreement that may conflict or appear inconsistent with any provision in this BAA. This BAA and the Agreement shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule. Any ambiguity in this BAA shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule. - 9. Entire Agreement of the Parties.** This BAA supersedes any and all prior and contemporaneous business associate agreements or addenda between the parties and constitutes the final and entire agreement between the parties hereto with respect to the subject matter hereof. Each party to this BAA acknowledges that no representations, inducements, promises, or agreements, oral or otherwise, with respect to the subject matter hereof, have been made by either party, or by anyone acting on behalf of either party, which are not embodied herein. No other agreement, statement or promise, with respect to the subject matter hereof, not contained in this BAA shall be valid or binding.
- 10. Regulatory References.** A reference in this BAA to a section of regulations means the section as in effect or as amended, and for which compliance is required.
- 11. Counterparts.** This BAA may be executed in one or more counterparts, each of which shall be deemed to be an original, and all of which together shall constitute one and the same instrument.
