BACKGROUND:

Summary (continued)

The BOC set minimum standards for local adult detention facilities and operations, and had statutory responsibility for establishing selection criteria and training standards for local corrections personnel (i.e. Sheriff, Probation, Police and Department of Correction). These responsibilities continue under the BSCC and are defined in California Penal Code Sections 6024 through 6037.

The Standards and Training for Corrections (STC) program, established in 1980, is a division of the BSCC. The purpose of the STC program is to raise the level of competence of the state's local corrections and probation personnel. The program accomplishes this by developing selection and training standards; and providing a course certification and delivery system, technical assistance and support, and training to local corrections agencies statewide. In addition, participating agencies are allocated subvention funding through the STC program to offset the cost of the mandatory training. The regulations for counties and cities that choose to participate in the STC program are found in Title 15, Division 1, Subchapter 1, Articles 1 through 9, Sections 100-358 of the California Code of Regulations (CCR).

There are two categories of courses certified by STC: core training and annual training. Core training is completed at the entry-level, supervisor, and manager positions and requires up to 196 hours of core training, depending on position. As a STC participating agency, once core training is completed, the Riverside County Probation Department (Probation) sworn staff are required to maintain up to 40 hours of mandatory STC certified training annually, depending on position. In order to ensure that Probation sworn staff meet this requirement, Probation is seeking the Board of Supervisors' approval to use the trainers certified by STC, without seeking competitive bids, to schedule and pay for classes as needed.

Impact on Residents and Businesses

Mandatory annual training requirements play a major role in our community's protection efforts. Utilizing these STC certified trainers is essential to maintain staff proficiency through job-related skills training and will benefit the safety and well-being of the residents and businesses of Riverside County.

Price Reasonableness

Per the BSCC policy regarding budget, all approved/certified private providers must follow the policy with a cap to charge for services at \$100 per day per trainee or \$12.50 per hour. The cost of up to \$100.00 per trainee per day is intended to cover all course costs associated with course delivery, including instructor fees, materials, room rental, travel, and per diem. Probation is seeking the Board of Supervisors' approval to use the trainers certified by STC, without seeking competitive bid, to schedule and pay for classes as needed to meet the annual mandatory training requirement. No alternate providers are available as only those certified by STC can provide training that qualifies for the required up to 40 hours annually per sworn staff member, depending on position.
