Supervisors,

My apologies for doing this with such late notice, but I will be asking the Clerk to continue item 3.27 off calendar this morning. We really should be bringing it concurrently with a companion action of the Parks District, and we do need to correct some clerical errors that are not up to the standards that we should have in our package. I do apologize for this, and we will work with Scott and the Parks team to bring this great project back to the Board agenda very soon.

Thank you.
