RECOMMENDED MOTION (continued):

4. Authorize the General Manager-Chief Engineer of the Department of Waste Resources to execute change orders to the contract as approved by County Counsel, in accordance with Article 3.5 of the Public Contract Code, and the limits set forth in Section 20142 therein.

BACKGROUND:

(Summary)

On September 1, 2015 the Board approved the contract documents for the Construction of Site Drainage Improvements at the Lamb Canyon Sanitary Landfill, and authorized the Department to advertise for bids. The engineer's estimate reported to the Board on September 1, 2015 was in the amount of \$1,400,000. On September 21, 2015, a total of two (2) bids were received, with Road Builders, Inc. submitting the lowest bid in the amount of \$1,479,642.50.

After review of the bid results, Department staff has determined that Road Builders, Inc. has the necessary experience and capability to perform the work, and County Counsel has determined that the bid documents are in order. A summary of the bids along with the Contract Agreement between the County and Road Builders, and the required performance and payments bonds and certificate of insurance are attached herewith.

California Environmental Quality Act (CEQA) Findings

On September 1, 2015, the Board of Supervisors approved contract documents for the construction of site improvements at the Lamb Canyon Landfill. As such, a Notice of Exemption (NOE) was filed, identifying that the Project was exempt from CEQA pursuant to the State CEQA Guidelines Section 15061(b)(3) (General Rule for Exemption), and categorically exempt from CEQA pursuant to Section 15301 Existing Facilities and Section 15304 Minor Alterations of Land. The 35-day statute of limitations for review and comment has expired, with no comments or challenges to the NOE received. Since the proposed motion in this Form-11 simply involves the award of a contract to complete the work already assessed under the NOE, nothing further is required under CEQA.

Impact on Citizens and Businesses

Completion of the project will improve drainage structures, create all weather access and enhance existing erosion control measures within existing public facilities. As a result, water quality within the facilities storm water discharge shall improve.

Additional Fiscal Information

Budget for this additional work will be provided from Fund 40200, Department ID – 4500100000.

Price Reasonableness

This is a public works construction contract with a specified duration of 60 working days for completion. Due to the competitive bid process, and also based on recent similar projects, Department engineering staff believes that the submitted bid amount is reasonable.
