BACKGROUND:

Summary

By Minute Order dated June 2, 2015 (Agenda Item 3-28), the Board of Supervisors authorized the Clerk of the Board to advertise for the Construction of the Clinton Keith Road Extension Project, between Whitewood Road and Trois Valley Street, in the Community of French Valley and City of Murrieta.

The project will provide for the construction of four traffic lanes. Upon completion of this project, access will be available from Interstate 215 to Leon Road, which then connects via Max Gillis Boulevard to State Route 79. Construction includes a six-lane bridge at Warm Springs Creek, a Wildlife Overcrossing, full grading for six lanes, traffic signals, and sidewalk. Installation of Eastern Municipal Water District facilities through the new bridge will also be part of this project.

During the advertisement period, six addenda were issued to all registered plan holders as a supplement to the plans and specifications. Bidders were required to acknowledge and take into account the issued addenda on their contractor's Bid in order to be considered for award. The addenda were issued to clarify and modify the approved contract documents. The addenda are attached and designated as Addendum No. 1 through No. 6.

The proposed budget as shown on attachment "A" includes the contract award amount and other associated costs.

The Transportation Department recommends award of the following schedules of work in the Contract amount of \$23,441,273:

Alternate Bid Schedule 2:	Clinton Keith Road, 4-Lane Option
Alternate Bid Schedule 3:	Eastern Municipal Water District, 14-Inch pipeline installation through the Warm Springs Creek bridge
Alternate Bid Schedule 4:	Demolish Buildings

Alternate bid schedule 1, Clinton Keith Road 2-lane option, is not selected for award due to favorable bid prices received for the construction of the 4-lane option.

The Eastern Municipal Water District (EMWD) concurred with bid prices for Alternate Bid Schedule 3, as bid by the low bidder. The Reimbursement Agreement between the County of Riverside (County) and the EMWD was approved by the Board of Supervisors on October 20, 2015 (Agenda Item 3-30).

The Contractor is qualified to perform the work as outlined in the bid, has executed the contract, and has provided bonds and insurance documents, which meet the requirements of the Contract.

Project Number: B2-04722

Impact on Residents and Businesses

Public outreach to emergency services, area residents and schools will occur prior to and throughout construction. A traffic management plan will be in place to address access during construction for residents and emergency vehicles.

Construction of the four lanes of Clinton Keith Road will provide an additional east-west connection between Interstate 215 and State Route 79. The traffic impact analysis prepared as a part of the Supplemental Environmental Impact Report addendum for the project identified a reduction in traffic volumes on Los Alamos Road with construction of either the 2 lane or the 4 lane alternative.

The construction duration established for this project is 360 working days, approximately 18 months, and construction is anticipated to be completed in the Fall of 2017.

SUPPLEMENTAL:

Additional Fiscal Information

The contract is recommended to be awarded to Sukut Construction for the total amount of \$23,441,273.

The project will be funded with a combination of Western Riverside Council of Governments (WRCOG), Southwest Zone Transportation Uniform Mitigation Fees (TUMF), the Clinton Keith Road Community Facilities District (CFD), and Riverside County Transportation Commission (RCTC) Measure A funds. Eastern Municipal Water District (EMWD) will fund their portion of work.

Ongoing maintenance costs are expected to be approximately \$15,000 per year, to be funded by Gas Tax.

There are no General Funds used in this project.

Contract History and Price Reasonableness

The basis for the selection of a contractor is the lowest responsive and responsible bid received for the sum of all Alternate Bid Schedules. Twelve bids were received on August 12, 2015, ranging from \$45,089,074 to \$55,413,640 (including Alternate Bid Schedules 1, 2, 3 and 4).

The overall lowest responsive and responsible bid was submitted by Sukut Construction, LLC, in the amount of \$45,089,074, which is \$16,159,330 (26%) lower than the Engineer's Estimate. In addition, when compared to the other bids received, Sukut Construction submitted the lowest responsive bid for each of the Alternate Bid Schedules.

The Transportation Department recommends award of alternate bid schedules 2, 3 and 4 only; therefore, the total Contract amount is \$23,441,273.

SCHEDULE

Name of Person or Organization:

Any person or organization that you have agreed to and/or are required by contract to name as an additional insured.

Who Is An Insured (Section II) is amended to include as an insured the person or organization shown in the Schedule, but only with respect to liability arising out of your ongoing operations performed for that insured.

With respect to these additional insureds, this insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of or failure to render any professional services by any insured, including:

- (1) The preparing, approving or failure to prepare or approve maps, drawings, opinions, reports, surveys, change orders, designs or specifications; or
- (2) Supervisory, inspection or engineering services.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured.

This endorsement shall not apply to a person or organization if any other additional insured endorsement attached to this policy specifically applies to that person or organization.

The insurance afforded herein only applies to the extent permitted by applicable state law, including statutes governing additional insured coverage in the construction industry.

However, this insurance is always excess to other insurance, whether primary, excess, contingent or on any other basis, when the additional insured has been added to the other insurance as an additional insured.

Nothing herein contained shall be held to vary, alter, waive or extend any of the terms, conditions, provisions, agreements or limitations of the mentioned Policy, other than as above stated.

This endorsement changes the policy to which it is attached and is effective on the date issued unless otherwise stated.
