

FORM APPROVED COUNTY COUNSEL
DATE 11/19/15
BY: GREGORY P. PRIAMOS
Departmental Conference

**SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

968

FROM: Economic Development Agency

SUBMITTAL DATE:
November 24, 2015

SUBJECT: Riverside Mental Health Crisis Service Center – Pre-Qualification for Prime Contractors, Approval of Plans and Specifications, Change Order No. 1, Estimated Project Budget and CEQA Exempt, District 1, [\$13,614,506], State Funds 100%

RECOMMENDED MOTION: That the Board of Supervisors:

1. Find that the new Riverside Mental Health (MH) Crisis Service Center Project, located at 9890 County Farm Road, Riverside, California, is exempt from the California Environmental Quality Act (CEQA) pursuant to Sections 15302 – Class 2 (b) and 15061 (b)(3);
2. Approve the attached list of Pre-Qualified Prime Contractors;
3. Approve the plans and specifications for the project and authorize the Clerk of the Board to advertise for bids;
4. Approve the estimated project budget of \$15,670,100;

FORM 11: Riverside Mental Health Crisis Service Center – Pre-Qualification for Prime Contractors, Approval of Plans and Specifications, Change Order No. 1, Estimated Project Budget and CEQA Exempt, District 1, [\$13,614,506], State Funds 100%

DATE: November 24, 2015

PAGE: 2 of 4

RECOMMENDED MOTION: (Continued)

5. Upon completion of the bid process, authorize the Assistant County Executive Officer/EDA to submit the contracts for award of the bid, to the lowest responsive and responsible bidder for each bid package to the Chairman of the Board, and authorize the Chairman to execute the agreement on behalf of the Board; provided that, if any of the following occur, the award will be submitted to the Board for action: there is a bid protest, the lowest bid exceeds the estimated construction budget, the low bidder is disqualified, two or more bids are the same and are the lowest, or a bidder requests relief from its bid due to an error;
6. Authorize the Assistant County Executive Officer/EDA to administer the contracts for the awarded low bidders in accordance with applicable Board policies;
7. Ratify Change Order No. 1 to Unlimited Environmental, Inc. in the amount of \$30,135 for unforeseen conditions during abatement and demolition; and find that the work was integral to the project and that competitive bidding would not produce an advantage and is impractical for the work;
8. Delegate authority to the Assistant County Executive Officer/EDA, or his designee, to execute any utility contracts for the project within the dollar limits provided by statute and that do not exceed the project budget; and
9. Direct the Clerk of the Board to file the Notice of Exemption with the office of the County Clerk within five working days of approval by the Board.

BACKGROUND:

Summary

The Local Agency Public Construction Act (Public Contract Code Section 20100 et seq.) and Uniform Public Construction Cost Accounting Act (Public Contract Code Section 22000 et seq.) require officials to invite bids for construction projects and award contracts to the lowest responsible bidder. The Local Agency Public Construction Act (Public Contract Code Section 20101 et seq.) allows officials to pre-qualify contractors for public works projects.

On May 12, 2015, the Board of Supervisors approved a contract with Tilden-Coil Constructors, Inc. (Tilden-Coil) to provide construction management multi-prime (CMMP) services for the project.

Economic Development Agency

FORM 11: Riverside Mental Health Crisis Service Center – Pre-Qualification for Prime Contractors, Approval of Plans and Specifications, Change Order No. 1, Estimated Project Budget and CEQA Exempt, District 1, [\$13,614,506], State Funds 100%

DATE: November 24, 2015

PAGE: 3 of 4

BACKGROUND:

Summary (Continued)

On June 30, 2015, the Board of Supervisors approved and authorized Tilden-Coil and the Economic Development Agency (EDA) to issue a pre-qualification package for the purpose of establishing a list of pre-qualified prime contractors for various trades. Upon review of the submitted pre-qualification responses, it was determined the contractors on the attached list are qualified to bid in their respective trades. The contractor's pre-qualification status will remain current one year from the date of Board approval. EDA will utilize the various pre-qualified contractors for other county projects. This process of pre-qualifying a pool of prime contractors will help ensure the bids received on county projects will be from responsible and responsive contractors with experience in the selected trades.

The bid documents for the construction of the new MH Crisis Service Center are now complete; therefore EDA requests approval to solicit bids for construction of this project.

On June 30, 2015, the Board approved the plans and specifications for the demolition of the existing buildings. On August 17, 2015, seven bids were received and Unlimited Environmental, Inc. was the low bid in the amount of \$154,000. A purchase order was issued along with the notice to proceed on October 3, 2015. During the abatement and demolition, additional hazardous materials were discovered which required abatement. Halting construction and bidding out this scope would have rendered the site in an unsafe condition and not produce an economic advantage to the County. The change order to the purchase order was issued in the amount of \$30,135 bringing the total contract value to \$184,135. The new contract value is still \$19,050 lower than the second low bid by Interior Demolition, Inc.

In order to keep the project moving forward and meet project schedule commitments, staff recommends the Board of Supervisors authorize the Assistant County Executive Officer/EDA to determine award of the project in accordance with Board Policy B-11, and authorize the Chairman of the Board to execute the agreement on behalf of the Board of Supervisors, provided that the lowest bid falls within the allotted project budget amount for construction.

Pursuant to CEQA, the action was reviewed and determined to be categorically exempt from CEQA under Guidelines 15302, Class 2 - Replacement or Reconstruction Exemption. The proposed project is the demolition and construction of existing structures at the same location with substantially the same purpose and capacity, and where no alteration or no expansion of an existing use will occur.

Impact on Citizens and Businesses

Construction of the new Riverside MH Crisis Service Center will benefit the community by providing crucial crisis mental health services. Approval of the list of Pre-Qualified Prime Contractors will position the county to expedite the construction of various county wide projects by hiring responsible and responsive contractors with experience in the selected trades.

Additional Fiscal Information

(Commences on Page 3)

FORM 11: Riverside Mental Health Crisis Service Center – Pre-Qualification for Prime Contractors, Approval of Plans and Specifications, Change Order No. 1, Estimated Project Budget and CEQA Exempt, District 1, [\$13,614,506], State Funds 100%**DATE:** November 24, 2015**PAGE:** 4 of 4**Additional Fiscal Information**

The approximate allocation of the estimated project budget is as follows:

ESTIMATED PROJECT BUDGET LINE ITEMS	ITEM NO.	ESTIMATED PROJECT BUDGET	PREVIOUSLY APPROVED	REMAINING PROJECT BUDGET FOR APPROVAL
Architectural and Engineering Consultants * (M.O. 3-14 of 9/23/14)	1	909,300	* (900,004)	9,296
Construction Management * (M.O. 3-12 of 5/12/15)	2	1,155,590	* (1,155,590)	0
Construction	3	11,209,500	0	11,209,500
Offsite Construction	4	0	0	0
Project Management	5	235,000	0	235,000
Fixtures, Furnishings, Equipment	6	53,000	0	53,000
Other Soft Costs/Specialty Consultants	7	669,150	0	669,150
Project Contingency	8	1,254,425	0	1,254,425
Minor Construction	9	184,135	0	184,135
Project Budget		15,670,100	* 2,055,594	13,614,506

Expenditures for FY 2015/16 are estimated at \$3,944,406; expenditures for FY 2016/17 are estimated at \$9,670,100. Of the estimated project budget, \$773,000 in costs has been expended in the previous fiscal year. All costs associated with this project will be 100% funded by State Funds, therefore, no net county costs will be incurred and no departmental budget adjustment is required.

CHANGE ORDER NO. 1

Date: 10/26/2015

Project Name: Mental Health Crisis Center - Demo & Site Prep

PeopleSoft Project No: FM 084100005931

To Contractor:

Unlimited Environmental, Inc.
1390 E. 32nd Street
Signal Hill, CA 90755

Distribution:

- | | |
|---------------------|--------------------------|
| (1) Project Manager | (4) Construction Manager |
| (2) Contractor | (5) Inspector |
| (3) Fiscal | (6) Architect/Engineer |

You are directed to make the following changes. Changes shall include labor, material and equipment, each item to include all charges or indirect arising out of this work:

DESCRIPTION OF CHANGE	REASON FOR CHANGE ORDER	COR#	TYPE	AMOUNT
1) Board up window openings	Owner Requested	1	ADD	\$425.00
2) Abatement of additional hazardous materials	Unforeseen Conditions	2	ADD	\$28,710.00
3)				
4)				
5)				
TOTAL				\$30,135.00

The specifications, where pertinent, shall apply to these changes.

This Change Order provides for a time extension of

Original Contract Duration (calendar days)	<u>30</u>
Prior Authorized Time Extension (calendar days):	<u>37</u>
Revised Construction Duration (calendar days):	<u>0</u>
Original Contract Completion Date:	<u>67</u>
Revised Contract Completion Date:	<u>11/6/2015</u>
	<u>12/6/2015</u>

NOTE: This change order is not effective until ALL signatures below are obtained, and if applicable, signature authority approval by Form 11 as indicated per Change Order Guidelines

The undersigned contractor has given careful consideration to the change proposed, including its effect on other work already contracted for, and hereby agrees, if this change order is approved, that he will provide all equipment, furnish all materials, except as may otherwise be noted above, and perform all services necessary for the work above specified, and will accept as full payment for all costs related in any way thereto the prices shown above. Contractor expressly waives any contract right to pursue any further claim related to this change order work.

Proposal & Contract

October 26, 2015

Client:	County of Riverside	Proposal number:	24694
	c/o Tilden Coil Contractors, Inc.		
Attn:	Justin James	Job name:	Mental Health Building
Address:	3133 Mission Inn Avenue	Site address:	9890 County Farm Road
City:	Riverside, CA 92507	City:	Riverside, CA 92503
Phone:	951-955-4728	Ext:	
		Property owner:	
Fax:	951-955-4890	Estimator:	Tim Brickley
Email:	james@tilden-coil.com	Contract amount:	\$53,910.00

Remove and dispose of asbestos-containing materials (ACM) as identified in report by Riverside County in quantities and locations as outlined below:

Roof / Parapet

- Approximately 16,000 sq. ft. of multiple layer cap sheet roofing (3)
- Ductwork with ACM felt / mastic (complete removal)

~~Cost \$53,910.00~~
Cost \$53,250.00

South Coast AQMD notification fee for this project
Client/owner to pay all re-notification fees
(Minimum \$65.00 each) and to be responsible for
All fees if the project is cancelled.

Cost \$660.00

Submittal Add Cost - \$1,000.00
Sample Analysis Add Cost - \$480.00 (Ply Pen)
Waiver Submittal Add Cost - \$554.00 (UEI)
Note: Work plan and submittals are extra depending on requirement - \$500.00 - \$1,000.00
Bond 1/2 % 839

If a Waiver of Subrogation is required for Worker's Compensation, and/or General Liability insurance, additional costs will be incurred by the client.

If a Notice of Cancellation endorsement is required additional costs. \$150 minimum, will be incurred by the client.

This proposal is based on prevailing wage determination so-102-882-1-2014-1, issue date January 1, 2015 at the rate of \$47.22 per hour

Contract price is based on payment in full; explicitly, retention will **NOT** be withheld from payment(s).

Brickley Environmental will provide all OSHA required personal air monitoring and have samples analyzed by an independent and certified laboratory.

At the completion of this project, or as required, Brickley Environmental will provide, complete documentation i.e. notification letters, waste manifest, certificate of insurance, supervisors daily logs, etc.

All regulated waste generated from this project will be properly disposed of at an EPA, state or local regulatory agency approved disposal facility, utilizing the appropriate waste disposal manifest.

Owner to provide water and electric at job site. Brickley Environmental will provide necessary connections.

Work shall be performed in accordance within OSHA, EPA, and State Regulations.

The above work to be completed in a substantial and workmanlike manner according to standard practices for the sum of:

Fifty three thousand nine hundred ten*****Dollars (\$53,910.00)

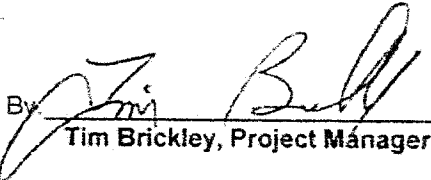

A. Terms: Due upon receipt

Contract price is based on payment in full; explicitly, retention will not be withheld from payment(s).

B. This proposal may be withdrawn by Brickley Environmental if not accepted within 30 days.

C. Contractor will maintain insurance in the amount of \$1,000,000.00 or as required by specifications.

D. Conditions: the terms and conditions as follow are expressly incorporated into this contract.

By 
Tim Brickley, Project Manager

kch

Acceptance of Proposal

The above prices, specifications, and conditions are satisfactory and are hereby accepted. You are authorized to do the work specified. Payment will be made as outlined above.

Additional Terms & Conditions of Contract

Contract price is based on payment in full. explicitly retention will not be withheld from payment(s).

Terms: Due upon receipt. Interest at the rate of 1 1/2% per month will be charged on all past due accounts. In the event of failure to pay any of the amounts due on this contract, all collection costs, and/or attorney's fees in the collection of any such amount, will be paid by the client.

Unless otherwise stated in this proposal, Brickley Environmental will provide only the OSHA required personal air monitoring. The owner shall provide, at their cost, all additional testing and all final clearance testing or retesting on this project.

This bid offer is based on removal of certain types and quantities of hazardous and non-hazardous materials as listed in the proposal. If additional or concealed hazardous materials are found and the owner chooses abatement, a change order will be required to allow the additional costs and time to complete the additional work.

Please be advised that the owner of the property and generator of any hazardous materials may be subject to manifest / EPA number fees issued by the Department of Toxic Substances Control (DTSC). All fees issued by DTSC are the responsibility of the owner / generator. Fees are billed directly from DTSC and are not included in the contract amount.

Although Brickley Environmental takes precautions to avoid damage to finished surfaces, some damage may occur. Brickley Environmental shall not be responsible for any such reasonable cosmetic damages nor shall payments to Brickley Environmental be reduced or withheld as a result thereof. I.e. Damages stemming from placement or removal of polyethylene and wood/drywall barriers and fastening materials which are required to hold barricades in place during abatement. All repairs or refinishing will be performed only under separate written agreement or change order between Brickley Environmental and owner.

Brickley Environmental is not responsible for waterproofing, watertight, build-back, and securing the site and surrounding areas after the tear-off/removal of building components unless specifically addressed in this proposal.

The owner, by acceptance of Brickley Environmental bid offer, hereby agrees to absolve Brickley Environmental of any and all responsibility for items or objects which may be reported damaged, destroyed or missing, unless owner can prove by a preponderance of the evidence that an employee or sub-contractor of Brickley Environmental is the responsible party.

Contractors are required by law to be licensed and regulated by the contractors' state license board. Any questions concerning a contractor may be referred to the registrar, Contractors' State License Board, P.O. Box 26000, Sacramento, California 95826.

Brickley Environmental:

Making southern California safe and sound, on time and on budget.

When hazardous materials are present, Brickley Environmental creates safe and sound schools, homes, and buildings by designing and executing the best remediation solution from initial entry through accurate chain of custody and paperwork. We do it right the first time, on budget, while supporting your reputation for excellence.

NOTICE OF EXEMPTION

November 17, 2015

Project Name: County of Riverside Department of Mental Health Crisis Service Center Project

Project Number: FM08410005931

Project Location: 9890 County Farm Road, west of Harrison Street, Riverside, CA; APN: 145-260-027
(See attached exhibit).

Description of Project: On June 17, 2014, the County of Riverside (County) Board of Supervisors (BOS) approved Resolution 2014-132, authorizing the execution of the Investment in Mental Health Wellness Grant Program (IMHW) Number RIV-01, to authorize Department of Mental Health (DMH) to provide crisis support services. The DMH, in collaboration with the Economic Development Agency (EDA), will reconstruct two new facilities funded by IMHW funds and one new facility with State Mental Health Services Act funding, on county owned property located at 9990 County Farm Road, Riverside, California, providing community based crisis stabilization and residential programs. The proposed Project, under the State California Environmental Quality Act (CEQA) includes the demolition of three buildings which no longer meet current building codes, and replacement with three new buildings at the same location with substantially the same purpose and capacity. The demolition of the existing buildings consists of approximately 12,500 square feet of existing structures and includes site clearance, improvements pertaining to egress and ingress of the site, and tree removal. While out of the avian nesting season, an MBTA nesting bird survey was not recommended. Additionally, the ornamental trees, as those found at the project site, are not protected by the MSHCP or other local or state regulations, and the site is not within an MSHCP burrowing owl survey area therefore no MSHCP burrowing owl surveys was required. Construction of the proposed buildings is anticipated to begin in early 2016 and be completed by 2017.

Name of Public Agency Approving Project: County of Riverside, Economic Development Agency

Name of Person or Agency Carrying Out Project: County of Riverside, Economic Development Agency

Exempt Status: State CEQA Guidelines, Section 15302, Class 2 (b) Replacement or Reconstruction; and Section 15061(b) (3), General Rule or "Common Sense" Exemption, Codified under Title 14, Articles 5 and 19, Sections 15061 and 15300 to 15333).

Reasons Why Project is Exempt: The Project is exempt from the provisions of CEQA specifically by CEQA Guidelines as identified below. The Project will not result in any specific or general exceptions to the use of the categorical exemption as detailed under State CEQA Guidelines Section 15300.2. The Project will not cause an impact to an environmental resource of hazardous or critical concern nor would the Project include a reasonable possibility of having a significant effect on the environment due to unusual circumstances. The Project would not result in impacts to scenic highways, hazardous waste sites, historic resources, or other sensitive natural environments, or have a cumulative effect to the environment. No significant environmental impacts are anticipated to occur with the demolition and replacement of three buildings on the proposed site.

DEC 08 2015 3-22

- Section 15302 – Class 2 (b), Replacement or Reconstruction Exemption:** This categorical exemption includes "...replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced..." The Project would demolish three existing single-story buildings and replace them with three new single-story buildings of substantially the same size, purpose and capacity. The proposed Project would have the same general purpose as the existing buildings to provide mental health services, with similar uses that include administrative support, an outpatient clinic, and residential treatment. While the exact square footages of the proposed buildings are still under design, the proposed Project is located on a 7.87-acre parcel that currently has a combined building area (structures) footprint of approximately 11 percent of the total parcel. The new proposed building area footprint would be approximately 13.5 percent. The proposed project would slightly increase the building area of the parcel area by approximately 2.5 percent. The increase in the footprint of the buildings would be to improve the design, access, and efficiency of operation of the site. The prior use of the facility included a programmed capacity for 28 patients/residents, and approximately 30-35 staff for treatment and administrative support. The new proposed use would continue to have a similar programmed capacity for 28 patients with a staff of the same size (30-35). The new structures will be constructed at the same location and will not substantially increase the capacity or intensity of use of the site; therefore, the Project meets the scope and intent of the Class 2 Exemption identified in Section 15302, Article 19, Categorical Exemptions of the CEQA Guidelines.
- Section 15061 (b)(3) - "Common Sense" Exemption:** In accordance with CEQA, the use of the Common Sense Exemption is based on the "general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment." State CEQA Guidelines, Section 15061(b) (3). The use of this exemption is appropriate if "it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment." *Ibid*. This determination is an issue of fact and if sufficient evidence exists in the record that the activity cannot have a significant effect on the environment, then the exemption applies and no further evaluation under CEQA is required. See *No Oil, Inc. v. City of Los Angeles* (1974) 13 Cal. 3d 68. The ruling in this case stated that if a project falls within a category exempt by administrative regulation or 'it can be seen with certainty that the activity in question will not have a significant effect on the environment', no further agency evaluation is required. With certainty, there is no possibility that the Project may have a significant effect on the environment as the proposed project would replace existing facilities that are out of compliance with building codes with three new buildings similarly sized with the same purpose and intensity of use. The reconstruction of three buildings will not require any changes to the existing land use and would not lead to any direct or reasonably foreseeable indirect physical environmental impacts. Construction of the site will be temporary and is not anticipated to result in any significant impacts related to biological resources, noise, or air quality. Therefore, in no way, would the Project as proposed have the potential to cause a significant environmental impact and the Project is exempt from further CEQA analysis.
