**BACKGROUND:**

**Summary**

The Peer Mediation program is a voluntary program that trains students to become Peer Mediators. Students are taught mediation skills that are used to reduce conflicts on campus such as bullying, rumors, etc. Peer mediators become models of peacemaking, helping to make their homes, schools and their communities a better place to live. Using conflict resolution skills and the peer mediation process, students can begin to see conflict as an opportunity for growth and learning, rather than something that fuels anger, frustration or even violence. Since its inception in 2009 the Peer Mediation Program has trained over 3,500 elementary, middle and high school students at over 50 different schools throughout Riverside County. This new funding will help expand the program to reach an additional 500 students.

**Impact on Residents and Businesses**

The Foundation of Economic Stability received a grant from United Way of the Inland Valleys (UWIV) Community Impact Fund to support Community Action Partnership's Peer Mediation Program. The funding will be used to expand the program to reach an additional 500 students in elementary, middle and high schools in six (6) of the seven (7) UWIV service territory regions.

**SUPPLEMENTAL:**

**Additional Fiscal Information**

No County General Funds will be required.

**Contract History and Price Reasonableness**

FES provides various funding opportunities to Community Action Partnership. This Agreement provides \$12,750 in funding to support the implementation of this program.
