BACKGROUND:

Summary (continued)

Prior to 2013-14, the State partially defrayed the cost of these educational services by apportioning funds based on the estimated average attendance of students. In FY 2013-14 the State allocated \$1,119,060 to the County's adult inmate educational programs, which was based on FY 2012-13 program actuals. The State notified the County that this funding benchmark would continue in FY 2014-15, but would incrementally decrease over the next eight years, while it determines how it will continue to fund all adult education programs. In FY 2015-16, the State allocated \$809,796 to the County's adult inmate education programs.

Per Exhibit A of the MOU, the FY 2015-16 budgeted costs of the educational programs will total \$1,338,141. To fund the remaining \$528,345 required to present to programs, the Inmate Welfare Fund (IWF) Committee voted on May 6, 2015 to utilize IWF monies for this remaining amount. County Council has approved the MOU as to form.

Impact on Residents and Businesses

The public benefits when County inmates are spending their detention time productively, attending classes and acquiring knowledge that they may be able to put to use after they have served their time. In addition, this is funded by the State and the Inmate Welfare Fund and has no cost impact to taxpayers.
