BACKGROUND:

Summary

Randomized and on-demand drug testing and specimen collection services are critical to the operations of DPSS Children's Services Division (CSD) to ensure children are not left in unsafe environments where parental drug use exists. Since the initial agreement execution, a need for additional drug testing has been identified. The third amendment to Agreement #CS-02867 will allow CSD to continue performing drug testing of parents, as the demands for urinalysis have surpassed the initial unit of service estimates by CSD. To fully capture costs associated with randomized specimen testing, DPSS must make all changes effective July 1, 2015.

Impact on Residents and Businesses

An increase to the urinalysis contract with Pacific Toxicology Laboratories will allow CSD to ensure drug-free home environments of DPSS clients as prescribed by their case plans.

SUPPLEMENTAL:

Additional Fiscal Information

Funding for this agreement was budgeted through the normal County budget process from Children's Welfare Services (CWS) funds. Funds for this agreement have been allocated for the FY 15/16 and 16/17 budget. Budget adjustments are not necessary.

Contract History and Price Reasonableness

On June 3, 2014, The Board of Supervisors approved and executed the one (1) year professional service Agreement #CS-02867, with Pacific Toxicology Laboratories for \$180,000 annually, which contained the option to renew the agreement for two (2) additional one-year periods. Additional amendments were initiated under the Purchasing Agent's authority for minor agreement adjustments. Amendment No. 3 will increase the maximum reimbursable amount of Agreement # CS-02867 from \$180,000.00 to \$315,362.00 for FY 15/16 and \$240,000 in FY 16/17.

On December 18, 2013, County Purchasing released Request for Proposal (RFP) #PUARC-1337 on the Public Purchase website and RFP's were sent to twenty-one (21) potential bidders soliciting bids from qualified vendors to provide Countywide Lab Diagnostic Services. The County received four (4) proposals from LabCorp, Pacific Toxicology Laboratories, Primex Clinical Laboratories, Inc. and Quest Diagnostics Incorporated. The evaluation committee consisted of representatives from Huron Consulting, Department of Public Health, Riverside County Healthcare System, Riverside County Regional Medical Center, DPSS and the Probation Department. After careful review and consideration by the proposal evaluation team, it was determined that Pacific Toxicology Laboratories was the most responsive and responsible bidder. The Board of Supervisors approved the award of Agreement #CS-02867 to Pacific Toxicology Laboratories.
