**SUBMITTAL TO THE BOARD OF SUPERVISORS, COUNTY OF RIVERSIDE, STATE OF CALIFORNIA
FORM 11: Authorization to accept donation of two (2) fire engines from City of Beaumont. [5th**

District]; [\$0]

DATE: March 8, 2016

PAGE: 2 of 2

BACKGROUND:

Summary (continued)

The Integrated Cooperative Regional System is currently paying for maintenance and repair. With the acceptance of the engines, the replacement will now be paid by the Engine Use Agreement Fund, which the City of Beaumont will now be contributing into for the replacement.

The transfer is beneficial to the City of Beaumont as well as the surrounding Cities and Unincorporated area. The engines currently provide depth within the Fire Department and are used within the Integrated Cooperative Regional System. The transfer of title will ensure that these engines continue to be functional and available for the Regional System. It will also allow the department more flexibility to move the engines to other locations when necessary; however, these engines will be stationed at the City of Beaumont's FS 66 for the time being.

The vehicles are identified as:

2003 Smeal Engine	License No. 1192298	VIN 4S7CT2D964C045472
2007 Spartan Engine	License No. 1342458	VIN 4S7CT2D967C055259

Impact on Citizens and Businesses

There is no impact to the citizens or businesses.

SUPPLEMENTAL:

Additional Fiscal Information

The maintenance and repair of these engines are already allocated through the Department's Cost Allocation Plan, as all vehicles that are maintained by the Department that are utilized in providing Fire Services are allocated in our annual Cost Allocation Plan. There is no net cost to the county or our partners due to this transfer, except the City of Beaumont will be paying into the engine replacement fund for when these engines ultimately need to be replaced.

Contract History and Price Reasonableness

The City of Beaumont has been contracting for Riverside County Fire Service since 1978 and most recently approved their Cooperative Agreement on September 10, 2013 Item 3-37.

Re: Letter of Intent – Fire Engine Lease Agreement

Dear Chief Hawkins:

The City of Beaumont has carefully considered entering the two City-owned Smeal Fire Engines into the Riverside County Fire Department's Fire Engine Lease Agreement. It is our intent effective January 1, 2016, to transfer the title of the following two engines to the Riverside County Fire Department:

Engine	Year	Make	VIN	License Plate	RCo Number
E 66	2007	Smeal	4S7CT2D967C055259	1342458	07-819
E 266	2004	Smeal	4S7CT2D964C045472	1192298	04-813

We are requesting that the County Fire Department provide an amendment to the Cooperative Agreement for Fire Protection, Fire Prevention, Rescue, and Medical Emergency Services listing these two vehicles in Exhibit C, the Fire Engine Lease Agreement. The City understands that under the Fire Engine Lease Agreement that the County will be responsible for the maintenance, repair, and replacement of these fire engines. The City Council approved entrance into the Engine Lease Agreement at their November 3, 2015 City Council meeting.

If you have any questions, please contact Mike Smith, Battalion Chief, at 951-922-1437.

Sincerely,

Elizabeth Gibbs-Urtiaga
Acting City Manager
