BACKGROUND:

Summary

By Minute Order January 12, 2016 (Agenda Item 3-14), the Board of Supervisors authorized the Clerk of the Board to advertise for the construction of Sidewalk Safety Project at Avenida Rambla and Camino Campesino in the Desert Hot Springs area.

This project will construct approximately 2,300 linear feet of new sidewalk, including seven new access ramps, retrofitting existing driveways, and traffic improvements that include removal and replacement of existing signs and other work as may be necessary.

The project is a minor alteration of an existing facility with no expansion of existing use and is therefore exempt from CEQA pursuant to Section 15301 (c) which describes the minor alteration of existing public facilities such as streets.

The contractor is qualified to perform the work as outlined in the bid, has executed the contract, and has provided bonds and insurance documents, which meet the requirements of the Contract.

Project Numbers: C5-0076, State Project No. ATPL-5956(245)

Impact on Residents and Businesses

The project will improve pedestrian safety by providing an Americans with Disabilities Act (ADA) compliant pedestrian path for students and parents going to and from Bubbling Wells Elementary School.

The work is scheduled to begin in summer of 2016 while Bubbling Wells Elementary School is on summer break. The work will be phased to keep the road open during construction and will take approximately two months to complete.

SUPPLEMENTAL:

Additional Fiscal Information

The contract is recommended to be awarded to CT&T Concrete Paving, Inc. for the total amount of \$205,340. The sidewalk safety project is funded with Active Transportation Program (ATP). The State ATP funds are from a grant for which the County of Riverside Transportation Department successfully competed. There are no General Funds used in this project.

The project is expected to be completed within the existing budget shown on Attachment 'A'.

Contract History and Price Reasonableness

Six bids were received on February 4, 2016, ranging from \$205,340 to 320,710. The basis for the selection of a contractor is the lowest responsive and responsible bid. The lowest responsible bid for all bid schedules was submitted by CT&T Concrete Paving, Inc. in the amount of \$205,340, which is \$20,935 (9.25%) below the Engineer's Estimate.

The apparent second low bidder, S&H Civil Works, was informed their bid was nonresponsive. Upon review of S&H Civil Works' bid, it was found that their Bid Bond was not signed by their company or notarized, and this therefore made their bid nonresponsive. A letter date February 11, 2016 was sent informing the bidder of this determination, as well as the fact they were the second low bidder.

County Project No. C5-0076, State Project No. ATPL-5956(245)**

Mr. Sotto:

We are in receipt of your Bid submitted February 3, 2016 for the above referenced project. When bids were opened, your proposal was ranked second among a total of six bids received. Upon review of your Bid, it was found that your Bid Bond was not signed by your company or notarized, even though an All Purpose Acknowledgement was included and notarized for other bid documents. Submitting a Bid Bond not properly executed makes your bid non-responsive.

Currently, the County is reviewing all bid submittals to initiate the intent to award the construction Contract to the apparent low bidder. In the event that there were to be any reason the County could not accept the current low bid, your non-responsive Bid means that S&H Civil Works would not be entitled to the award based on being the second low bidder.

Transmitted for your files and attached is a copy of your original Bid including a copy of the original unsigned Bid Bond.

If you have any questions or need additional information, please contact me at your convenience at (951) 955-1537.

Sincerely,

PROJECT TITLE: Avenida Rambla Sidewalk Safety Improvements

Work Order #ZC50076, Task Code #Z1530

4/27/16 Date
 KR Initial

PROJECT SPONSOR: Riverside County Transportation Department

PROJECT LOCATION: In the Vicinity of Desert Hot Springs Area, Riverside County

SUPERVISORIAL DISTRICT: District 4

PROJECT DESCRIPTION:

The Riverside County Transportation Department proposes 2,300 ft of sidewalk safety improvements along portions of Avenida Rambla and Camino Campesino in the vicinity of the Desert Hot Springs area.

Avenida Rambla is a north-south residential roadway with a pavement width of 36 ft. There are curb and gutter improvements on both sides of Avenida Rambla with no sidewalk improvements. The proposed sidewalk improvements for Avenida Rambla are along the east and west sides of Avenida Rambla between Bubbling Wells Elementary School and Camino Campesino and along the west side of Avenida Rambla between Camino Campesino and Camino Aventura.

Camino Campesino is an east-west local street with a pavement width of 60 ft. There are curb and gutter improvements on both sides of Camino Campesino with no sidewalk improvements. Sidewalk improvements for Camino Campesino are along the north side of Camino Campesino between Avenida Rambla and Bubbling Wells Road.

In addition, proposed sidewalk improvements will also include curb and gutter, driveway approach adjustments, ADA compliant curb ramps, fence relocation, sign and mailbox replacement. Tree removal will be necessary along Avenida Rambla and Camino Campesino. If tree removal takes place during the migratory bird breeding season (March 1 through September 1) a preconstruction nesting survey is required pursuant to the Migratory Bird Treaty Act (MBTA).

The proposed project will occur within the County's right of way. Right of Entry for driveway approach adjustments will be required; the County will coordinate with property owners prior to construction. The proposed improvements will improve the safety of pedestrians.

APR 26 2016 3-33

Reason Why Project is Exempt

The Riverside County Transportation Department Staff conducted a review of the above referenced project and has determined that the proposal qualifies for a Categorical Exemption per the California Environmental Quality Act (CEQA) Guidelines.

Section 15301 (Existing Facilities) Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. The project is a minor alteration of an existing facility with no expansion of existing use and is therefore exempt from CEQA pursuant to Section 1530 (c) which describes the minor alteration of existing facilities such as streets.

**GENERAL AGGREGATE LIMIT PER PROJECT WITH AN
OVERALL GENERAL AGGREGATE CAP**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Designated Construction Projects: All Projects

Overall General Aggregate Cap

(If no entry appears above, information required to complete this endorsement will be shown in the Declarations as applicable to this endorsement.)

- A. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under COVERAGE A (SECTION I), and for all medical expenses caused by accidents under COVERAGE C (SECTION I), which can be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:
1. A separate Designated Construction Project General Aggregate Limit applies to each designated construction project, and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations. Subject to the application of the General Aggregate Limit to each of your projects, the maximum amount we will pay under the General Aggregate Limit for all claims arising from all projects is the Overall General Aggregate Cap shown in the Schedule above.
 2. The Designated Construction Project General Aggregate Limit is the most we will pay for the sum of all damages under COVERAGE A, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard", and for medical expenses under COVERAGE C regardless of the number of:
 - a. Insureds;
 - b. Claims made or "suits" brought; or
 - c. Persons or organizations making claims or bringing "suits".
 3. Any payments made under COVERAGE A for damages or under COVERAGE C for medical expenses shall reduce the Designated Construction Project General Aggregate Limit for that designated construction project. Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Designated Construction Project General Aggregate Limit for any other designated construction project shown in the Schedule above.
 4. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Designated Construction Project General Aggregate Limit.

- B. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under COVERAGE A (SECTION I), and for all medical expenses caused by accidents under COVERAGE C (SECTION I), which cannot be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:
1. Any payments made under COVERAGE A for damages or under COVERAGE C for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and
 2. Such payments shall not reduce any Designated Construction Project General Aggregate Limit.
- C. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payments for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Designated Construction Project General Aggregate Limit.
- D. If the applicable designated construction project has been abandoned, delayed, or abandoned and then restarted, or if the authorized contracting parties deviate from plans, blueprints, designs, specifications or timetables the project will still be deemed to be the same construction project.
- E. The provisions of Limits Of Insurance (SECTION III) not otherwise modified by this endorsement shall continue to apply as stipulated.

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – AUTOMATIC STATUS FOR OTHER PARTIES WHEN REQUIRED IN WRITTEN CONSTRUCTION AGREEMENT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

A. **Section II - Who Is An Insured** is amended to include as an additional insured:

- in the performance of your ongoing operations for the additional insured.

However, the insurance afforded to such additional insured described above:

- a. Only applies to the extent permitted by law; and
- b. Will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

 - b. Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of, or the failure to render, any professional architectural, engineering or surveying services

2. "Bodily injury" or "property damage" occurring after:

- a. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

b. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

c. With respect to the insurance afforded to these additional insureds, the following is added to **Section III - Limits Of Insurance:**

The most we will pay on behalf of the additional insured is the amount of insurance

1. Required by the contract or agreement described in Paragraph A.1 ; or

2. Available under the applicable Limits of Insurance shown in the Declarations, whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations
