BACKGROUND:

Summary

The Department of Public Health has participated in student internship/clinical rotation for more than 35 years. This agreement between Riverside University Health System-Public Health (RUHS-PH) and California State University Fullerton (University) provides for the assignment of students enrolled in the University to RUHS-PH.

The University is experiencing a shortage of Nursing Instructors and has requested the County of Riverside to coordinate the student's rotation in exchange for monetary compensation. RUHS-PH will provide a Public Health Nurse (Program Coordinator) to the University's School of Nursing to coordinate all students' activities participating in the County's internship clinical rotation. RUHS-PH will be compensated by the University for the provision of the Public Health Nurse as the County's Program Coordinator. University instructors will continue to provide supervision to those students assigned to the RUHS-PH. In addition, the University has requested RUHS-PH to extend contract expiration date to June 30, 2019.

Through this second amendment, the RUHS-PH is requesting the Board of Supervisors to approve \$2,500 annual revenue through June 30, 2019.

Impact on Citizens and Businesses

Due to the critical nursing shortage, the schools of nursing have been working to increase the number of students. The RUHS-PH is working with the Nursing Schools to expand the number of student allowed in an ongoing effort to increase the pool of nurses in Riverside County.

SUPPLEMENTAL:

Based on overhead and the Public Health Nurse's salary and benefits, the RUHS-PH Fiscal Department has calculated a rate of \$ 62.00 per hour. Total compensation to the RUHS-PH by the University shall not exceed \$2,500 annually.
