COUNCIL ON AGING HEALTH INSURANCE COUNSELING AND ADVOCACY PROGRAM (MIPPA III)

PROGRAM DESCRIPTION

- A. Describe the proposer agency's interest in providing the HICAP services, and the overall concept that the agency intends to use in the provision of HICAP services. Explain the qualifications and accomplishments that would indicate the proposer's ability to deliver the services by this RFP. Document any previous relevant training and experience applicable to HICAP services.

The Council on Aging - Orange County / HICAP of Riverside County currently provides Health Insurance Counseling & Advocacy Program services to Medicare beneficiaries and persons imminent to the Medicare program in Riverside, Inyo and Mono Counties. COAOC has operated as the contractor since October 2012, and currently operates through a combination of Staff and Volunteer HICAP Counselors that provide one-on-one counseling services through a combination of 26 in-person counseling sites located throughout the Riverside County service area, the HICAP Office/Call Center located in Rancho Cucamonga. In FY 2014/2015, HICAP of Riverside County assisted 2,672 Riverside County clients, 108% of the State benchmark, achieving 4 out of 7 exemplary level attainments in HICAP performance measurements.

As of March 31, 2016 for FY 2015/2016, COAOC/HICAP of Riverside County is expected to exceed the performance measure of served clients, 2,672 Medicare beneficiaries, by approximately 10 percent. This interprets as COAOC / HICAP of Riverside County serving approximately 2,700 clients in FY 2015/2016.

The HICAP Program Manager regularly attends the California Department of Aging biannual HICAP Conference, so as to increase program knowledge on select Medicare topics, and to incorporate into monthly in-service trainings and round tables to ensure HICAP Counselors are knowledgeable on topics affecting their communities.

In addition, in the proposed contract period, the HICAP Program Manager will attend the CDA conference event held in Irvine, CA in April 2016. This will further increase the technical and knowledge experience of the program, to better serve the Riverside County community.

HICAP participates in monthly Medicare technical assistance calls hosted by the California Health Advocates. The technical assistance calls allow for the Program Manager to present issues facing the Riverside County community in terms of their Medicare benefits, and allows for a cross-county collaborative approach in terms of complex case resolution. The HICAP participates in additional trainings conducted by the

National Council on Aging, Justice in Aging, and the California Health Advocates; on timely topics ranging from Covered CA for Medicare beneficiaries, the California Coordinated Care Initiative / Cal MediConnect Basic and Advanced Trainings, MIPPA topics, and etc.

HICAP of Riverside County / HICAP of Inyo and Mono Counties intends to further expand HICAP services in the Riverside County and Inyo & Mono County communities through a multi-pronged approach so to increase the HICAP Volunteer base, increase Education and Outreach efforts, and to increase services to the community. This will be accomplished by expanding the HICAP staffing levels, and implementation of an organizational structure that departmentalizes key program responsibilities: Volunteers, General Education & Outreach, Latino Education & Outreach, and Call Center Operations.

In terms of delivering MIPPA Services, HICAP further specializes application assistance for the Limited Income Subsidy Program (LIS) and the Medicare Savings Programs (MSPs), through the activities completed through our HICAP Benefits Enrollment Center. The HICAP BEC Staff streamlines the application completion process as to maximize efficiency and expedite the process as a whole. This method will aide in the programs goal to complete a total of 275 applications in the project year for the Riverside County Service area. MIPPA III funding will be utilized to support staff efforts in meeting the program deliverables.

- B.** Describe the proposed strategies and methods that will be used to provide the HICAP services to the broadest possible targeted population. Include who will be served, how, where, and when the services allowed under HICAP will operate. Describe the different levels of services allowable under HICAP rules and demonstrate an understanding of the requirements, responsibilities, and technical training need for operating a HICAP. Describe how these services would be managed in a cost efficient and effective manner by the proposer agency. Include a statement of how the program will satisfy the service requirements outlined in the RFP and the agency's understanding of HICAP specifications.

HICAP of Riverside County / HICAP of Inyo & Mono Counties will continue and build on a multi-faceted approach in increasing the capacity of a trained HICAP Volunteer base, and increasing education and outreach events in the community; with the purpose to provide high level Medicare Counseling services to our communities and meet / exceed program performance measurements.

Over the course of the previous fiscal year, COAOC reviewed the program organizational structure and determined that reorganization was necessary to best maximize program resources and increase services at the community level. To accomplish this, COAOC has departmentalized key program responsibilities, with the Program Director and Manager overseeing program planning and project management. The key departments created consist of: Volunteer Department, General Education & Outreach, Latino Education & Outreach, and Call Center Operations. Supervising Coordinators in each department, lead project delivery with supporting Specialist positions.

To meet the demand of HICAP services across our service areas, HICAP will work to increase the volunteer capacity at individual one-on-one counseling sites throughout the County. COAOC recognizes that the increasing demand for HICAP services must be answered through a strong HICAP Volunteer base, so to match the overall growth of the program, the County's Medicare population and to successfully deliver targeted projects, such as the Medicare Part D Annual Enrollment Clinics and expanding the MIPPA project. To increase the HICAP volunteer base in the contract period, the HICAP will work towards three goals: community relationship building, building the volunteer base, and improving HICAP volunteer counselor development trainings. Each individual goal will be met with deliverables aimed at improving the volunteer experience and in turn, increase the overall program capacity to serve more clients. In the MIPPA project period, the HICAP will be responsible for providing application assistance for 275 Riverside County Medicare beneficiaries and persons imminent to the Medicare program. This counseling strategy, along with the counseling support of the expanded HICAP Call Center, the program will be well positioned in meeting all annual deliverables.

The HICAP Call Center provides immediate counseling services, assistance, and in-person appointment scheduling to the County's Medicare beneficiaries, persons imminent to the Medicare program, and their caregivers. Where counseling services include, general Medicare topics, New to Medicare counseling, the Dual Eligible Demonstration project, MIPPA counseling and application assistance, Medicare options counseling, MA and Part D comparisons, Medicare billing assistance, Medicare Appeals assistance, Long Term Care Insurance Counseling, and etc. To best serve the Riverside County community, two additional HICAP Medicare Call Center Specialists have been hired to complete a team of 4 staff specialists, supervised by the HICAP Operations Coordinator, to provide continuous coverage of the HICAP Call Center and expedited Medicare / MIPPA counseling services and/or appointment scheduling at the request of the client.

So to ensure HICAP Counselors are appropriately trained on new topics affecting the Medicare program and our county's Medicare beneficiaries, the HICAP will continue to offer HICAP Roundtable trainings for complex case review, and monthly HICAP In-Service Meetings spotlighting Medicare updates and topical presentations that include MIPPA counseling services.

The HICAP will rely on a staff department team consisting of a supervising Volunteer Coordinator, a Volunteer Specialist responsible for recruitment and training in the Riverside County service area, and a Volunteer Training Specialist that will act as a lead trainer to facilitate new and continuing education. The Volunteer Specialist position and Volunteer Training Specialist, are new positions in the HICAP organizational structure, and demonstrate the program's ability to provide new solutions as to meet increasing demand in a cost-efficient and effective manner. This further allows the program to integrate MIPPA topics into the training HICAP training process, to facilitate an increasing growth of Counselors equipped to provide counseling related to Medicare preventive benefits, Part D assistance, and LIS & MSP application assistance.

- C. Describe any experience in providing public education, training, or public informational presentations. Demonstrate the ability to learn about and perform in areas of government programs, long-term care planning, and consumer protection issues.

In the contract period, MIPPA topics will continue to be integrated into all HICAP Public and Media events.

The HICAP coordinates General Education & Outreach, and Latino Education & Outreach (bilingual English-Spanish), through Supervising Coordinators for each department overseeing an Education and Outreach Specialist. This method ensures that as demand for HICAP presentations and event participation increases, the HICAP will be well positioned to accommodate community needs. Furthermore, as more HICAP Volunteers build a stronger Medicare knowledge base, and begin meeting registration requirements to become HICAP General Educators. Selection of volunteers to assist in Public and Media events, and work alongside our staff Education Departments to reach more beneficiaries.

Public education and information presentations offered by the HICAP, include topics ranging from, but are not limited to, Roadmap to Medicare, MIPPA and the HICAP Benefits Enrollment Center, the California Coordinated Care Initiative (CCI) / Cal-MediConnect, Medicare and other health insurance products, long term care insurance, and etc., while adapting curriculums to best meet the needs of the target audience.

In addition, the HICAP Program Manager acts as the lead Medicare trainer, where they attend bi-annual California Department of Aging HICAP Conferences. This allows the Program Manager to be fully updated with trending topics affecting Medicare beneficiaries, and networks with other programs to incorporate best practices to improve and increase HICAP community education.

The HICAP partners with other aligned Community Based Organizations and government agencies, to raise awareness of available HICAP services, educate professionals serving Medicare beneficiaries, and addressing trends affecting Riverside County Medicare beneficiaries as a population, such as denials of service or balanced billing.

The HICAP Benefits Enrollment Center, further collaborates with aligned Community Based Organizations and government agencies, for a concentrated MIPPA outreach plan. The BEC Staff Team, consisting of a supervising BEC & Medicare Benefits Coordinator, and a BEC & Medicare Benefits Specialist, act as the team lead with the Program Manager and Operations Coordinator to ensure a high level of project coordination and service delivery. Both the BEC & Medicare Benefits Coordinator, and the BEC & Medicare Benefits Specialist, are new positions created to best meet the demand for MIPPA services in the Riverside County community.

Or, at the discretion of the client, provide counseling services over the phone through our HICAP Call Center.

The HICAP Education and Outreach team coordinate with aligned community partners to increase the awareness of HICAP services in the community.

As outreach efforts are increased in the contract period, standard coordination practices will continue to raise awareness of HICAP services, and to link HICAP clients to available programs through the Riverside County ADRC, and other Community Based Organizations.

B. Describe the proposer agency's experience in cooperative relationships with community based services. Describe experience, if any, working with regulatory agencies at the state and federal levels.

HICAP of Riverside County works closely and cooperatively with aligned community based organizations / services in Riverside County as to best serve the County's HICAP clients, seniors, persons with disabilities, and their caregivers.

Due to the nature of HICAP scope of work, collaboration with State and Federal Regulatory Agencies at times may be necessary.

HICAP of Riverside County works with California Department of Aging on an ongoing basis so to ensure an efficient running program. Participation in workgroups and stakeholder groups, are the extent to work with other regulatory agencies. For example, in participation in collaborates focused on trends affecting beneficiaries through the California Coordinated Care Initiative / Financial Alignment. Other examples of where the HICAP will work directly with regulatory agencies, is when assisting a client with the Medicare appeals process up to the Administrative Law Judge level, or at times directly with CMS to resolve specific technical issue(s) affecting a beneficiary.

C. Describe the coordination between the counseling and legal services, as required by law. Indicate how the proposer agency will coordinate legal services/representation if contracted for.

HICAP of Riverside County utilizes its network of staff and volunteer HICAP Counselors to provide preliminary Medicare counseling services to Riverside County Medicare beneficiaries, under the review of the HICAP Program Manager.

When a client case is determined to be in need of assistance with a Medicare appeal due to a denied service, the HICAP Program Manager assess the individual case to determine the appropriate action needed with the aim to obtain successful resolution for the client.

If and when, an individual case is determined to need Medicare Appeals case management, the Program Manager will facilitate a case transfer to the COAOC Medicare Appeals Advocate.

The Medicare Appeals Advocate is the primary managing Counselor concerning the Medicare Appeals process. When encountering a client that needs assistance with a Medicare denied service the Staff Appeals Advocate, will either work with the Primary Counselor to assist clients with Medicare appeals, or assume the case entirely and work directly with the client to pursue resolution. The Appeals Advocates assists in all Medicare denied services, up to and including the Administrative Law Judge level.

This will translate into additional topical presentations aimed at Part D enrollment assistance, Medicare Preventive Benefits, and Part D Limited Income Subsidy / Medicare Savings Program application assistance.

In the contract period, the MIPPA project will be a primary topic for the HICAP, and the associated cost savings for Riverside County beneficiaries. To address this demand, the staff HICAP BEC Team and the HICAP Education and Outreach departments will provide specialized topical presentations on available MIPPA services, as well as integrating overviews into all community education events. Collateral materials for the HICAP Benefits Enrollment Center, for MIPPA Services, will be distributed at health fairs and at partnering Senior / Community Centers.

B. Describe how the agency would conduct market research, how an eligible person would find out about the HICAP services, and what methods you would use to bring them into the system.

Prior to delivering counseling services, all HICAP Counselors obtain a set of data from their client to be uploaded into the California Department of Aging's Statewide HICAP Annual Reporting Program (SHARP) database.

Along with information needed to complete the client profile, HICAP Counselors ask how their client had learned about the program.

ADDITIONAL INSURED – DESIGNATED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s)

Any person or organization that you are required to add as an additional insured on this policy, under a written contract or agreement currently in effect, or becoming effective during the term of this policy. The additional insured status will not be afforded with respect to liability arising out of or related to your activities as a real estate manager for that person or organization.

County of Riverside, the Department of Aging, the State of California, its officers,
agents and employees

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

Section II – Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your acts or omissions or the acts or omissions of those acting on your behalf:

- A. In the performance of your ongoing operations; or
- B. In connection with your premises owned by or rented to you.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED PRIMARY AND NON-CONTRIBUTORY ENDORSEMENT FOR PUBLIC ENTITIES

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

A. SECTION II – WHO IS AN INSURED is amended to include any public entity as an additional insured for whom you are performing operations when you and such person or organization have agreed in a written contract or written agreement that such public entity be added as an additional insured(s) on your policy, but only with respect to liability for “bodily injury”, “property damage” or “personal and advertising injury” arising out of, in whole or in part, by:

1. Your negligent acts or omissions; or
2. The negligent acts or omissions of those acting on your behalf; in the performance of your ongoing operations.

No such public entity is an additional insured for liability arising out of the “products-completed operations hazard” or for liability arising out of the sole negligence of that public entity.

B. With respect to the insurance afforded to these additional insured(s), the following additional exclusions apply.

This insurance does not apply to “bodily injury” or “property damage” occurring after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
2. That portion of “your work” out of which injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

C. The following is added to **SECTION III – LIMITS OF INSURANCE**:

The limits of insurance applicable to the additional insured(s) are those specified in the written contract between you and the additional insured(s), or the limits available under this policy, whichever are less. These limits are part of and not in addition to the limits of insurance under this policy.

D. With respect to the insurance provided to the additional insured(s), **Condition 4. Other Insurance of SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** is replaced by the following:

4. Other Insurance

a. Primary Insurance

This insurance is primary if you have agreed in a written contract or written agreement:

- (1) That this insurance be primary. If other insurance is also primary, we will share with all that other insurance as described in c. below; or
- (2) The coverage afforded by this insurance is primary and non-contributory with the additional insured(s)' own insurance.

Paragraphs (1) and (2) do not apply to other insurance to which the additional insured(s) has been added as an additional insured or to other insurance described in paragraph b. below.

b. Excess Insurance

This insurance is excess over:

1. Any of the other insurance, whether primary, excess, contingent or on any other basis:
 - (a) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
 - (b) That is fire, lightning, or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;
 - (c) That is insurance purchased by you to cover your liability as a tenant for "property damage" to premises temporarily occupied by you with permission of the owner; or
 - (d) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to Exclusion g. of **SECTION I – COVERAGE A – BODILY INJURY AND PROPERTY DAMAGE.**
 - (e) That is any other insurance available to an additional insured(s) under this Endorsement covering liability for damages arising out of the premises or operations, or products-completed operations, for which the additional insured(s) has been added as an additional insured by that other insurance.
- (1) When this insurance is excess, we will have no duty under Coverages A or B to defend the additional insured(s) against any "suit" if any other insurer has a duty to defend the additional insured(s) against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the additional insured(s)' rights against all those other insurers.
- (2) When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:
 - (a) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
 - (b) The total of all deductible and self-insured amounts under all that other insurance.
- (3) We will share the remaining loss, if any, with any other insurance that is not described in this **Excess Insurance** provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Methods of Sharing

If all of the other insurance available to the additional insured(s) permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any other the other insurance available to the additional insured(s) does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.
