BACKGROUND:

Summary (continued)

IE Alarm provides a uniformed video management and access control system that is compatible with enterprise solutions that are currently under review by RCIT. RCIT and Purchasing and Fleet Services recommend extending the existing contract with IE Alarm to allow county departments continued security services and consolidate all services under this one agreement. This agreement was originally initiated by the Department of Public Social Services. Due to the demand from other county departments, Purchasing will now manage this countywide agreement.

Once RCIT has developed the road map for an enterprise security platform, a recommended standard will be submitted to the Technical Standards and Oversight Committee for approval. The award to IE Alarm will allow county departments the time to transition to new standards that may be implemented.

Impact on Citizens and Businesses

The continuation of security systems and monitoring will help provide safe and secure facilities for employees and the public that visit county facilities. Providing security options to departments is consistent with the efforts of the Riverside County Security Committee.

SUPPLEMENTAL:

Additional Fiscal Information

County departments will contract directly with IE Alarm. Estimated contract costs are based on reports extracted from the county's financial system. An increase in county owned and leased facilities that will require security systems is anticipated during this contract term. The Department of Public Social Services (DPSS) is anticipating an estimated amount of \$1,200,000 in security service needs for next fiscal year.

Assessor/Clerk Recorder	.44 %	Human Resources	.79 %
County Free Library	.59 %	IHSS Public Authority	.42 %
Department of Public Health	.18 %	Information Technology	.35 %
Dept of Child Support Services	1.90 %	Mental Health	14.08 %
Dept. of Public Social Services	66.19 %	Parks	.14 %
District Attorney	.10 %	Public Defender	.57 %
Environmental Health	.11 %	Purchasing	.14 %
Facilities Management	13.61 %	Sheriff	.29 %

Contract History and Price Reasonableness

A Request for Proposal (RFP) was released in 2011 for security services utilizing a Win-Pak Pro products (Honeywell) platform and requiring Honeywell dealer certification. IE Alarm was the only Honeywell certified dealer that responded. The Board approved the multi-year contract with IE Alarm on January 10, 2012 (M.O. #3.40) which expires on June 30, 2016. Purchasing and Fleet Services has negotiated a 20% discount off manufacturer's list price or 35% over IE Alarm cost, whichever is the lowest, for all products distributed by IE Alarm. This discount is the same as the previous award, with no increases in labor hourly rates.
