**EXECUTIVE SUMMARY**

**A. Introduction**

This Combined Annual Engineer's Report is prepared in compliance with the requirements of Article 4, Chapter 1, of the Landscaping and Lighting Act of 1972 ("1972 Act"), which is Part 2, Division 15 of the California Streets and Highways Code.

Since the Passage of Proposition 218, Right to Vote on Taxes Act, which added Articles XIII (C) and XIII (D) to the California Constitution, new procedures must be followed to levy annual assessments under the 1972 Act.

Proposition 218 requires that all annual assessments be supported by a detailed Engineer's Report ("Report") prepared by a registered professional engineer. The Report includes the information required by law.

The 1972 Act provides for the annual levy of assessments for the Landscaping and Lighting Maintenance District No. 89-1-Consolidated ("L&LMD No. 89-1-C" or "District") for the express purpose of installing, maintaining, and servicing landscaping, trails, fossil filters, bio-swales, streetlights, traffic signals, bridge lights, and graffiti abatement improvements. The costs associated with the installation, maintenance, and servicing of the improvements may be assessed against those properties which are specially benefited by the installation, maintenance, and servicing. A County may levy annual assessments for an assessment district after complying with the requirements of the 1972 Act, and the provisions in Proposition 218.

The County initiates proceedings for the annual levy of assessments by passing a resolution, which proposes the annual levy under the 1972 Act. This resolution also describes the improvements, describes the location of the District, and finally orders an engineer, who is a registered professional engineer, certified by the State of California, to prepare and file a detailed report.

The Report prepared by the engineer must include maintenance plans for the improvements. The Report must also include an estimate of the costs of the improvements, a diagram, i.e., map of the District showing the boundary of the District, and an assessment of the estimated costs of the improvements against the parcels or lots which benefit from the improvements. Once the Report is completed, it is presented to the County Board of Supervisors for its review and approval as presented, or it may be modified and approved.

After the Report is preliminarily approved, the County Board of Supervisors may adopt a Resolution of Intention, which declares its intent to levy the annual assessments against parcels within the existing District, describes the improvements, and refers to the Report for details of the District. The Resolution of Intention also sets a time and place for a hearing on the annual levy of assessments for the District.

In accordance with Proposition 218, property owners of the assessed parcels must approve any new or increased assessments. Zones included in this Report have been previously approved by property owners in accordance with Proposition 218.

## **C. Changes to District Zones**

There are no changes to District Zones for Fiscal Year 2016–17.

## **D. Description of Improvements and Services**

The improvements for the District and Zones may be generally described as follows:

The installation, maintenance and servicing of ornamental structures, fences, multi-purpose trails, landscaping, including trees, shrubs, grass, and other ornamental vegetation, and appurtenant facilities, including irrigation systems, street lighting, traffic signals, and bridge lights, and drainage devices (bio swales and fossil filters), located in public places within the boundaries of the Zones. Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including: repair, removal, or replacement of all or part of any improvement; providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury; the removal of trimmings, rubbish, debris, and other solid waste; the cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti. Servicing means the furnishing of electricity for the lighting and operation of any ornamental structures, landscaping, and appurtenant facilities; water for the irrigation and control of the landscaping, and the maintenance of any of the ornamental structures, landscaping and appurtenant facilities.

Article XIII (D) of the California Constitution defines "maintenance and operation expenses" as "the cost of rent, repair, replacement, rehabilitation, fuel, power, electrical current, care and supervision necessary to properly operate and maintain a permanent public improvement". The District's funding includes, but is not limited to, the removal, repair, replacement and appurtenances, electrical energy, supplies, engineering and incidental costs relating to the maintenance and operation of the improvements benefiting the District's parcels.
