SUBMITTAL TO THE BOARD OF SUPERVISORS, COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**FORM 11: Approval of Ordinance No. 779.17 Amending Ordinance 779, Relating to County Solid Waste Facilities and Establishing Fees [\$0 –Department of Waste Resources Enterprise Funds], CEQA Exempt.****DATE: April 28, 2016****PAGE: 2 of 3****Summary (continued)**

The public hearing was set for May 24, 2016. Ordinance No. 779 outlines the General Manager-Chief Engineer's authority to manage the disposal sites and transfer stations in Riverside County. In addition to establishing fees and penalties, ordinance 779 includes the basis for operations regulations including waste inspection, salvaging and safety. In order to verify that the current refuse rates are appropriate to offset expenses, the Department of Waste Resources (Department) prudently reviews its operations annually and forecasts capital improvements, expansion projects, and future expenses and liabilities with a projection of 20 years. Since revenue from in-county tonnage delivered to the landfills represents the majority of the Enterprise Fund's total revenue, it is important to accurately project future tonnage growth or decline. In the last five years, tonnage has increased slightly by an average of 1.8% annually. The Department projects that this trend will continue, and anticipates a 3% increase in overall in-county tonnage for FY 15/16 over the previous year. While tonnage is expected to increase slightly, growth is not anticipated to keep pace relative to inflation factors in the area due to salary increases, stricter regulatory compliance requirements and increased fees. The Department is limited to annual Consumer Price Index (CPI) increases for all of its long-term, contracted transfer station hauler and contract franchise area hauler agreements. These contracts represent approximately 89% of the in-county tonnage accepted at the landfills (FY 2015). For these reasons, it is recommended that Ordinance 779 be amended to allow for certain fee increases based on the change in CPI for the 12-month period ending December 31, 2015. The CPI adjustment for this period is 2.03%.

It should be noted that the Department is currently in negotiations to renew the existing Waste Delivery Agreement with CR&R, which expires in August of this year. It is anticipated that a new agreement with CR&R will be brought before the Board under a separate Form -11 at a later date.

Appendix A – Waste Disposal Fees proposed rates changes are as follows:

Description	Current Rate FY 2015/16 Per Ton	Increase Per Ton	Proposed Rate FY 2016/17 Per Ton
1. Routine Refuse (Transfer Station/ Contract In-County Area 8 Transfer Trucks)	\$27.95	\$0.57	\$28.52
	\$28.59	\$0.58	\$29.17
2. Direct Haul/Non-Contract vehicles (vans, pickup trucks or any vehicle pulling a two-wheel trailer):			
a.) Routine Refuse (loads more than .40 tons)	\$36.47	\$0.74	\$37.21
b.) End Dump Vehicle	\$48.63	\$0.99	\$49.62
c.) Hard to Handle (loads carrying wastes requiring special handling or immediate burial over .25 tons)	\$48.63	\$0.99	\$49.62
3. Any vehicles hauling loads of more than 9 tires (Tires cannot exceed 4 feet in diameter or weigh more than 200 pounds each.)	\$102.77	\$2.09	\$104.86

Appendix B – Residential Self – Haul Cards: No rate increase proposed.

Appendix C – Rural Site Access – Commercial Card is:

Description	Current Rate FY 2015/16	Increase	Proposed Rate FY 2016/17
Rural Site Access Commercial Permit FY 2016/17 Card	\$437.62 per card (24 half ton uses)	\$8.88	\$446.50 per card (24 half ton uses)

Appendix D – Schedule of Miscellaneous Fees: No rate increase proposed.

California Environmental Quality Act (CEQA) Findings

The Project is exempt from CEQA pursuant to State CEQA Guidelines Section 15061(b)(3) (General Rule for Exemption), as it can be seen with certainty that there is no possibility that this Project would have a direct, indirect, or cumulatively significant effect on the environment; therefore, the activity is exempt under CEQA. Furthermore, pursuant to State CEQA Guidelines, Section 15273 (Rates, Tolls, Fares, and Charges), the Project is found to be statutorily exempt from CEQA, because the proposed changes are for the purpose of:

- Meeting operating expense, including employee wage rates and fringe benefits;
- Purchasing or leasing supplies, equipment, or materials;
- Meeting financial reserve needs and requirements; and
- Obtaining funds for existing capital projects, necessary to maintain service within existing service areas.

A Notice of Exemption to this effect will be filed with the County Clerk upon adoption of Ordinance 779.17.

Impact on Residents and Businesses

Waste Disposal Fees are increased annually, limited by CPI. The CPI adjustment for this period is 2.03%. Modest fee increases are needed in order to offset impacts due to inflationary factors while meeting the need for capital improvements, and expansion projects, which allow for the continued protection of the general public health and welfare by efficient management of Riverside County's solid waste system. The Waste Disposal Fees charged under Ordinance 779.17 are the lowest in the southern California region, and the Department does not anticipate an increase in illegal dumping, nor impacts to residents or businesses.

ORDINANCE NO. 779.17
AN ORDINANCE OF THE COUNTY OF RIVERSIDE
AMENDING ORDINANCE 779
RELATING TO
COUNTY SOLID WASTE FACILITIES
AND ESTABLISHING FEES

The Board of Supervisors of the County of Riverside, State of California, ordains as follows:

SECTION 1:

This ordinance amends and replaces Ordinance No. 779.16 and any prior version of Ordinance No. 779 in their entirety with the following:

Section 1. DEFINITIONS.

The words used in this ordinance shall have the definitions provided in Public Resources Code 40100 et. Seq.

Section 2. ESTABLISHMENT OF SITES. Subject to control of the Board of Supervisors, the General Manager-Chief Engineer of the Department of Waste Resources may designate and operate or control by contract County owned or leased or contracted sites to be used for the public transfer, processing or disposal of solid waste.

Section 3. REFUSE FROM OUTSIDE OF COUNTY. Unless so authorized in writing by the General Manager-Chief Engineer of the Department of Waste Resources or his designated representative, under general policies adopted by the Board, no person shall place, deposit, or dump, or cause to be placed, deposited, or dumped, in or upon any County owned, leased, or contracted transfer station or disposal site in the County, any solid waste originating outside of the County of Riverside, provided however, the General Manager-Chief Engineer of the Department of Waste Resources has discretion to accept incidental amounts of refuse from outside of Riverside County and near County borders for disposal at County landfills when payment is made according to Appendix A for such incidental refuse.

Section 4. REGULATIONS. All County owned, leased, or contracted transfer stations and disposal sites in the County shall be under the supervision of the General Manager-Chief Engineer of

1 the Department of Waste Resources who shall have the power and the duty to prescribe reasonable
2 regulations regulating the use by the public and the operation of such sites. Such rules shall include,
3 but need not be limited to, the following subjects:

- 4 a. Days and hours of use.
- 5 b. Charges for use of sites at times other than regular hours, which shall be sufficient to
6 reimburse the County for equipment, personnel and overhead costs.
- 7 c. Maximum size of articles and objects being dumped.
- 8 d. Allocation of various types of waste to specific sites and the placement of waste within
9 any site.
- 10 e. Prohibition or conditional acceptance of harmful, dangerous or difficult to handle
11 materials, if allowed under the state operating permit, including a reasonable charge
12 for their acceptance, unique handling requirements or assured destruction.
- 13 f. Prohibition of persons from entering the site for reasons including, but not limited to:
14 unauthorized salvaging of waste and recyclables, attempting to dispose of hazardous
15 waste, loitering, intoxication and other forms of conduct that reduce operational
16 efficiencies and/or increase risk of injury to Department employees and the public.

17 Except for short-term emergency situations, any regulation fixing days or hours of operation
18 shall be submitted to the Board of Supervisors for approval before taking effect. All regulations
19 prescribed by the General Manager-Chief Engineer of the Department of Waste Resources shall be
20 filed in his or her office and shall be available for public inspection.

21 **Section 5. HAZARDOUS WASTE LOAD CHECKING PROGRAM.** All landfills and transfer
22 stations in the County shall implement and maintain a hazardous waste load checking program at each
23 of their solid waste facilities as required by California law (pursuant to Titles 14 and 27, California Code
24 of Regulations); and which program shall also meet the minimum requirements outlined in this
25 ordinance.

- 26 a. Each solid waste facility operator shall perform random loadchecks across all load
27 types including self-haul residential, business and industrial waste loads, franchise
28 hauler waste loads (including residential, commercial and industrial) to detect
29 hazardous waste before such incoming waste is transferred to, and/or disposed at,

1 the landfill. Such program shall have the objectives of: (1) preventing hazardous
2 waste from being placed in a landfill not permitted to receive such waste and (2)
3 educating and discouraging both facility self-haul customers and franchise waste
4 hauler customers from bringing or sending in such material. The minimum number of
5 loadchecks performed at each solid waste facility shall comply with the following
6 schedule:

7 **Landfill/Transfer Station Random Loadcheck Schedule**

8 Average Daily Tonnage	Random Samples per Day
9 0 to 100 tons/day	**
10 101 to 600 tons/day	6*
11 601 to 1,000+ tons/day	10*

12 * The initial schedule is for a minimum number of "Random Samples per Day" for a
13 minimum of three rotating days per week so arriving customers will not know when
14 they may be inspected. If a problem persists with large quantities of hazardous waste
15 being found at the landfill or transfer station, the Enforcement Agency or the General
16 Manager-Chief Engineer of the Department of Waste Resources may require the
17 number of "Random Samples per Day" to be applied every day the solid waste facility
18 is open until the problem is deemed corrected.

19 **Minimum of 6 samples per week – may all be performed on the same day

20 b. An inspection form (which shall be certified for completeness and accuracy by the
21 loadcheck inspector on duty) shall be filled out in its entirety at the time of each
22 loadcheck performed at the solid waste facility. The inspection form shall include the
23 following information, to be filled out at the time of inspection:

- 24 • Date and time of inspection
- 25 • Loadcheck inspector name, (certification)
- 26 • Load type (residential, commercial, industrial)
- 27 • Hauler/company name/customer name
- 28 • Driver name
- 29 • Vehicle type (e.g. Hand Unload, Dump Truck, Side Loader, Front End Loader,

- 1 or Roll Off)
- 2 • License plate number
- 3 • Whether or not the load contained prohibited waste
- 4 c. When prohibited waste is found, forms shall include the following:
- 5 • Load origin (jurisdiction or route number for side loaders and front end loader
- 6 vehicles, customer/store name and address where picked up for all other
- 7 vehicle types)
- 8 • Hazardous waste found (type/name, class, container size/quantity,
- 9 volume/weight, unit of gallons or pounds)
- 10 • Disposition of material (e.g. picked up by responsible party, returned with
- 11 customer at time of inspection, solid waste facility assumed responsibility of
- 12 the material, etc.)
- 13 d. Management shall review completed forms at a frequency sufficient to ensure forms
- 14 are filled out completely and correctly.
- 15 e. The General Manager-Chief Engineer of the Department of Waste Resources or his
- 16 designated representative and/or a representative of the Enforcement Agency shall
- 17 have the right to enter the solid waste facilities at any time to audit their load check
- 18 program's compliance with these standards. These audits shall be limited to four
- 19 times in any 12 month period and may include three days in which Department of
- 20 Waste Resources personnel perform load checks at the facility and one day in which
- 21 Department of Waste Resources staff review the facility's written load check program,
- 22 hazardous waste and universal waste shipping records, facility personnel training
- 23 records, hazardous waste storage areas, and load checking procedures in order to
- 24 audit the solid waste facility loadchecking program and/or assist the operator in
- 25 making its loadchecking program successful.

26 **Section 6. SALVAGE OPERATIONS.** Subject to the approval of the Board of Supervisors,

27 salvage operations of reusable waste materials at all County owned, leased, or contracted transfer

28 stations and disposal sites in the County may be conducted only by such persons as are authorized to

29 do so and upon such terms and conditions as are imposed by the General Manager-Chief Engineer of

1 the Department of Waste Resources.

2 **Section 7. FEES.**

3 1. **Tipping Fees at Scaled Urban Sites:** Pursuant to the authority of Government Code
4 Section 25823, fees for the disposal of solid waste and disposal of liquid waste at
5 enumerated landfills shall be as established by the Board of Supervisors following a
6 duly noticed public hearing. The fees so established shall be in an amount sufficient
7 to cover all costs including but not limited to the following: closure/postclosure
8 (including past unfunded costs), remediation, environmental mitigation, state
9 mandated and other pass-through fees, and general operations. Such fees and the
10 landfills to which they shall apply appear as Appendix A to this Ordinance. The Board
11 of Supervisors may establish different rates through contractual agreements when the
12 terms of said agreements help stabilize revenues and system rates over a long term
13 period.

14 2. **Fees for Disposal at Rural Sites:** Pursuant to the authority of Government Code
15 Section 25823, fees for the disposal of solid waste at landfills and transfer stations,
16 formerly in a land use assessment area, shall be as established by the Board of
17 Supervisors following a duly noticed public hearing. The fees so established shall be
18 calculated to substantially cover a fair share of the estimated costs for these facilities.
19 Cards permitting entrance into these landfills and transfer stations shall be offered for
20 sale to residents and businesses (only in the local areas surrounding these sites as
21 shown on maps in Exhibit 1) at rates set by the Board of Supervisors. No access to
22 these facilities will be allowed without a card, except in cases where permitted waste
23 haulers or other large commercial users have negotiated separate contracts with the
24 County. Waste from outside these areas shall not be accepted at the rural sites
25 providing, however, waste from unincorporated areas outside of, but near the borders
26 of these service areas may be accepted under the same terms and conditions herein
27 set forth, if it is determined by the General Manager-Chief Engineer of the Department
28 of Waste Resources that this is the most practical way to provide disposal service to
29 these customers. Such rates and the landfills and transfer stations to which they

1 apply shall appear in Appendices B and C to this Ordinance.

2 3. **Miscellaneous Fees.** A schedule of miscellaneous fees is attached as Appendix D.

3 **Section 8. PROHIBITIONS.** No person shall violate any regulation prescribed by the General
4 Manager-Chief Engineer of the Department of Waste Resources regulating the use of a County
5 disposal site or transfer station, or fail to obey any sign giving notice of any regulation, maintained at
6 any such site or facility by the General Manager-Chief Engineer of the Department of Waste
7 Resources. Violation of any such regulation shall be a violation of this Ordinance.

8 **Section 9. VIOLATIONS AND PENALTIES.** The General Manager-Chief Engineer of the
9 Department of Waste Resources reserves the right to deny entrance to an individual for an appropriate
10 time span when said individual is deemed to pose a safety risk and/or is disruptive to the normal
11 workflow of the landfill or transfer station operations. A letter of notification specifying the dates and
12 location(s) of restriction will be mailed to the individual and be on hand at the gate fee booth(s).

13 It shall be unlawful for any person to violate any provision of this Ordinance. Any person
14 violating any provision of this Ordinance may be deemed guilty of an infraction or misdemeanor as
15 hereinafter specified. Such persons shall be deemed guilty of a separate offense for each and every
16 day, or portion thereof, during which any violation of any of the provisions of this Ordinance is
17 committed or continued. Any person so convicted shall be: (1) guilty of an infraction offense and
18 punished by a fine not exceeding One Hundred dollars (\$100.00) for a first violation; (2) guilty of an
19 infraction offense and punished by a fine not exceeding Two Hundred dollars (\$200.00) for a second
20 violation. The third and any additional violations shall constitute a misdemeanor offense and shall be
21 punishable by a fine not exceeding Five Hundred dollars (\$500.00).

22 Notwithstanding the above, a first offense may be charged and prosecuted as a misdemeanor.
23 Payment of any penalty herein shall not relieve a person from the responsibility for correcting the
24 violation.

25 **Section 10. SEVERABILITY.** If any provision, clause, sentence or paragraph of this
26 Ordinance (including its appendices) or the application thereof to any person or circumstances shall be
27 held invalid, such invalidity shall not affect the other provisions or applications of the provisions of this

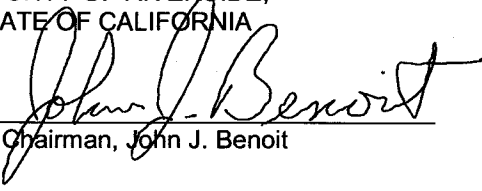

1 Ordinance (and its appendices) which can be given effect without the invalid provision or application,
2 and to this end, the provisions of this Ordinance (and its appendices) are hereby declared to be
3 severable.

4 SECTION 2:

5 This ordinance shall take effect July 1, 2016.

RESIDENTIAL SELF-HAUL CARDS
FOR
RIVERSIDE COUNTY DEPARTMENT OF WASTE RESOURCES
Effective July 1, 2016**

The Residential Self-Haul Card shall be necessary for admittance to the Mecca II and Oasis Landfills for all residential haulers.

RESIDENTIAL CARD REGULATIONS:

Authority: Riverside County Ordinance No. 657 requires that, "Every tenant, occupier, operator, or owner of a residence... shall not less than once a week, cause to be removed all solid waste created, produced or brought upon the property to an approved disposal facility."

1. **Number of Uses** - The Residential Self-Haul Card allows up to 52-400 lb. standard load uses per year (approximately 4 uses per month).
2. **Expiration Date** - The expiration date for all cards is the last day of the fiscal year, June 30th. In addition, any unused punches for each month will expire on the last day of that month.
3. **No Refunds** - There will be no refunds on partially used cards.
4. **Standard Load** - The maximum load allowed access to the landfill with one use of the Residential Self-Haul Card will be four hundred (400) pounds, which is equivalent to one punch on the card. If the Gate Services Assistant judges a load to be over this Standard Load limit, two or more punches will be made to the card.
5. **Cost** - The Residential Self-Haul Card discounted rate is fifteen dollars (\$15.00) per month.
6. **Payment Options – Cards may be purchased:**

Period	Cost	Number of Punches One Punch Per 400 lb. Standard Load. Additional Punches Applied in Excess of Standard Load.
Monthly	\$15.00	4
Bi-Monthly	\$30.00	8
Advance Sale - Annual (purchased on or before June 30th)	\$150.00	52 (400 lb. estimated load per punch)
Annual (purchased between July 1st and July 31st)	\$160.00	52 (400 lb. estimated load per punch)
Multiple Months	\$15.00 x no. of months	4 x no. of months

7. **Lost Cards** - Lost cards are to be reported immediately. The customer will not be responsible for unauthorized use of a card after if it is reported lost to the Waste Management business office located at 14310 Frederick Street, Moreno Valley, CA 92553, (951) 486-3200.
8. **Maximum Load** – Mecca Landfill will not accept loads greater than 1 ton.
9. **Restrictions on Use of Card** - Household hazardous waste, loads with more than four (4) tires, other hard-to-handle waste, or commercial business waste will not be accepted on this card. Cards may only be used by the resident who paid for the card.
10. **Alternative County Gate Fee Site Usage** – In the event that the rural landfill is unable to accept waste on a normal operating day, customers will be directed to a scaled County landfill and may use their Residential Self Haul Card.

**APPENDIX C TO ORDINANCE NO. 779.17
RURAL SITE ACCESS -- COMMERCIAL CARDS
FOR
RIVERSIDE COUNTY DEPARTMENT OF WASTE RESOURCES
Effective July 1, 2016**

The Rural Site Access Commercial Card shall be necessary for admittance to the Mecca II and Oasis Landfills for all non-permitted/contracted entities hauling commercial waste.

COMMERCIAL CARD REGULATIONS:

A Rural Site Access Commercial Card provides for disposal of commercial waste generated within the remote service areas and is required unless a permitted waste hauler or other large commercial users have negotiated a separate contract for disposal access to rural landfills with the County.

1. **Number of Uses** - The Commercial Card will have twenty-four (24) ½ ton available uses.
2. **Expiration Date** - There is no expiration date for the Commercial Card.
3. **No Refunds** - If a commercial operator goes out of business, there shall be no refund for the unused card punches.
4. **Cost** - The Commercial Card will be priced at four hundred forty-six dollars and fifty cents (\$446.50).
5. **Payment for Card** - The card shall be purchased in advance of usage. Cards may be purchased at any time of the year. Acceptable forms of payment at the fee booth include money order or cashier's check. Cash, personal/business checks, and credit/debit card payments are accepted at the Department's business office only.
6. **Lost Cards** - Lost cards are to be reported immediately. The customer will not be responsible for unauthorized use of a card after it is reported lost to the Waste Management business office located at 14310 Frederick St., Moreno Valley, CA. (951) 486-3200.
7. **Maximum Load** - Mecca Landfill will not accept loads greater than 1 ton.
8. **Restrictions on Use of Card** - Hazardous waste, loads with more than 4 tires, or other hard-to-handle waste will not be accepted at these rural sites.
9. **Alternative County Landfill Usage** - In the event that the rural landfill is unable to accept waste on a normal operating day, customers will be directed to a scaled County landfill and may use their Rural Site Commercial Card.

NOTICE OF PUBLIC HEARING BEFORE THE BOARD OF SUPERVISORS OF RIVERSIDE COUNTY

NOTICE IS HEREBY GIVEN that a public hearing at which all interested persons will be heard, will be held before the Board of Supervisors of Riverside County, California, on the 1st Floor Board Chambers, County Administrative Center, 4080 Lemon Street, Riverside, on **Tuesday, May 24, 2016 at 9:00 a.m.**, to consider adoption of the following:

ORDINANCE NO. 779-17 AN ORDINANCE OF THE COUNTY OF RIVERSIDE AMENDING ORDINANCE 779 RELATING TO COUNTY SOLID WASTE FACILITIES AND ESTABLISHING FEES

The Board of Supervisors of the County of Riverside, State of California, ordains as follows:

SECTION 1:

This ordinance amends and replaces Ordinance No. 779.16 and any prior version of Ordinance No. 779 in their entirety with the following:

Section 1. DEFINITIONS.

The words used in this ordinance shall have the definitions provided in Public Resources Code 40100 et. Seq.

Section 2. ESTABLISHMENT OF SITES. Subject to control of the Board of Supervisors, the General Manager/Chief Engineer of the Department of Waste Resources may designate and operate or control by contract County owned, leased, or contracted sites for public transfer, processing or disposal of solid waste.

Section 3. REFUSE FROM OUTSIDE OF COUNTY. Unless so authorized in writing by the General Manager/Chief Engineer of the Department of Waste Resources or his designated representative, under general policies adopted by the Board, no person shall place, deposit, or dump, or cause to be placed, deposited, or dumped, in or upon any County owned, leased, or contracted transfer station or disposal site in the County, any solid waste originating outside of the County of Riverside, provided however, the General Manager/Chief Engineer of the Department of Waste Resources has discretion to accept incidental amounts of refuse from outside of Riverside County and near County borders for disposal at County landfills when payment is made according to Appendix A for such incidental refuse.

Section 4. REGULATIONS. At all County owned, leased, or contracted transfer stations and disposal sites in the County should be under the supervision of the General Manager/Chief Engineer of the Department of Waste Resources who shall have the power and the duty to prescribe reasonable regulations regulating the use by the public and the operation of such sites. Such rules shall include, but need not be limited to, the following subjects:

- Days and hours of use.
- Charges for use of sites at times other than regular hours, which shall be sufficient to reimburse the County for equipment, personnel and overhead costs.
- Maximum size of articles and objects dumped.
- Allocation of various types of waste to specific sites and the placement of waste within any site.
- Prohibition or conditional acceptance of materials, dangerous or offensive, if allowed under the state operating permit, including a reasonable charge for their acceptance, unique handling requirements or assured destruction.
- Prohibition of persons from entering the site for reasons including, but not limited to: unauthorized salvaging of waste and recyclables, attempting to dispose of hazardous waste, loitering, intoxication and other forms of conduct that reduce operational efficiencies and/or increase risk of injury to Department employees and the public.

Except for short-term emergencies, any regulation fixing days or hours of operation shall be submitted to the Board of Supervisors for approval before taking effect. All regulations prescribed by the General Manager/Chief Engineer of the Department of Waste Resources shall be filed in his or her office and shall be available for public inspection.

Section 5. HAZARDOUS WASTE LOAD CHECKING PROGRAM. All landfills and transfer stations in the County shall implement and maintain a hazardous waste load checking program at each of their solid waste facilities as required by California law (pursuant to Titles 14 and 27, California Code of Regulations); and which program shall also meet the minimum requirements outlined in this ordinance.

a. Each solid waste facility operator shall perform random load checks across all load types including self-haul residential, business and industrial waste loads, franchise hauler waste loads (including residential, commercial and industrial) to detect hazardous waste before such incoming waste is transferred to, and/or disposed at, the landfill. Such program shall have the objectives of: (1) preventing hazardous waste from being placed in a landfill not permitted to receive such waste and (2) educating and discouraging both facility self-haul customers and franchise waste hauler customers from bringing or sending in such material. The minimum number of load checks performed at each solid waste facility shall comply with the following schedule:

Average Daily Tonnage	Random Samples per Day
0 to 100 tons/day	4*
101 to 600 tons/day	6*
601 to 1,000+ tons/day	10*

* The initial schedule is for a minimum number of "Random Samples per Day" for a minimum of three rotating days per week so arriving customers will not know when there will be an inspection. If a problem persists with large quantities of hazardous waste being found at the landfill or transfer station, the Enforcement Agency or the General Manager/Chief Engineer of the Department of Waste Resources may require the number of "Random Samples per Day" to be applied every day the solid waste facility is open until the problem is deemed corrected.

* Minimum of 6 samples per week - may all be performed on the same day

b. An inspection form (which shall be certified for completeness and accuracy by the load check inspector on duty) shall be filled out in its entirety at the time of each load check performed at the solid waste facility. The inspection form shall include the following information, to be filled out at the time of inspection:

- Date and time of inspection
 - Load check inspector name, (certification)
 - Load type (residential, commercial, industrial)
 - Hauler/company name/customer name
 - Driver name
 - Vehicle type (e.g. Hand Unloaded, Dump Truck, Side Loader, Front End Loader, or Roll Off)
 - License plate number
 - Whether or not the load contained prohibited waste
- c. When prohibited waste is found, forms shall include the following:
- Load origin (jurisdiction or route number, side loader and front end loader vehicles, customer/store name and address where picked up for all other vehicle types)
 - Hazardous waste found (type/name, class, container size/quantity, volume/weight, unit of gallons or pounds)
 - Disposition of material (e.g. pick-up to be responsible party, returned with customer at time of inspection, solid waste facility assumed responsibility of the material, etc.)

d. Management shall review completed forms at a frequency sufficient to ensure forms are filled out completely and correctly.

e. The General Manager/Chief Engineer of the Department of Waste Resources or his designated representative and/or a representative of the Enforcement Agency shall have the right to enter the solid waste facilities at any time to audit their load check program's compliance with these standards. These audits shall be limited to four times in any 12 month period and may include three days in which Department of Waste Resources personnel perform load checks at the facility and one day in which Department of Waste Resources staff review the facility's written load check program, hazardous waste and universal waste shipping records, facility personnel training records, hazardous waste storage areas, and load checking procedures in order to audit the solid waste facility load checking program and/or assist the operator in making its load checking program successful.

Section 6. SALVAGE OPERATIONS. Subject to the approval of the Board of Supervisors, salvage operations of reusable waste materials at all County owned, leased, or contracted transfer stations and disposal sites in the County may be conducted only by such persons as are authorized to do so and upon such terms and conditions as are imposed by the General Manager/Chief Engineer of the Department of Waste Resources.

Section 7. FEES.

1. **Tipping Fees at Sealed Urban Sites:** Pursuant to the authority of Government Code Section 25623, fees for the disposal of solid waste and disposal of liquid waste at sealed urban sites shall be as established by the Board of Supervisors following a duly noticed public hearing. The fees so established shall be in an amount sufficient to cover all costs including but not limited to the following: closure/postclosure (including past unfunded costs), remediation, environmental mitigation, state mandated and other pass-through fees, and general operations. Such fees and the landfills to which they shall apply appear as Appendix A to this Ordinance. The Board of Supervisors may establish different rates through contractual agreements when the terms of said agreements help stabilize revenues and system rates over a long-term period.

2. **Fees for Disposal at Rural Sites:** Pursuant to the authority of Government Code Section 25623, fees for the disposal of solid waste at landfills and transfer stations, formerly in a land use assessment area, shall be as established by the Board of Supervisors following a duly noticed public hearing. The fees so established shall be calculated to recover a fair share of the estimated costs for these facilities. Cards permitting entrance into these landfills and transfer stations shall be offered for sale to residents and businesses (only in the local areas surrounding these sites as shown on maps in Exhibit 1) at rates set by the Board of Supervisors. No access to these facilities will be allowed without a card, except in cases where permitted waste haulers or other large commercial users have negotiated separate contracts with the County. Waste from outside these areas shall not be accepted at the rural sites providing, however, waste from unincorporated areas outside of, but near the borders of these service areas may be accepted under the same terms and conditions herein set forth, if it is determined by the General Manager/Chief Engineer of the Department of Waste Resources that this is the most practical way to provide disposal service to these customers. Such rates and the landfills and transfer stations to which they apply shall appear in Appendices B and C to this Ordinance.

3. **Miscellaneous Fees.** A schedule of miscellaneous fees as attached as Appendix D.

Section 8. PROHIBITIONS. No person shall violate any regulation prescribed by the General Manager/Chief Engineer of the Department of Waste Resources regulating the use of a County disposal site or transfer station, or fail to obey any sign giving notice of any regulation, maintained at any such site or facility by the General Manager/Chief Engineer of the Department of Waste Resources. Violation of any such regulation shall be a violation of this Ordinance.

Section 9. VIOLATIONS AND PENALTIES. The General Manager/Chief Engineer of the Department of Waste Resources reserves the right to deny entrance to an individual for an appropriate time span when said individual is deemed to pose a safety risk and/or is disruptive to the normal workflow of the landfill or transfer station operations. A letter of notification specifying the dates and location(s) of restriction will be mailed to the individual and be on hand at the gate fee booth(s).

It shall be unlawful for any person to violate any provision of this Ordinance. Any person violating any provision of this Ordinance may be deemed guilty of an infraction or misdemeanor as hereinafter specified. Such persons shall be deemed guilty of a separate offense for each day, or portion thereof, during which any violation of any of the provisions of this Ordinance is committed or continued. Any person so convicted shall be: (1) guilty of an infraction offense and punished by a fine not exceeding One Hundred dollars (\$100) for a first violation; (2) guilty of an infraction offense and punished by a fine not exceeding Two Hundred dollars (\$200.00) for a second violation. The third and any additional violations shall constitute a misdemeanor offense and shall be punishable by a fine not exceeding Five Hundred dollars (\$500.00).

Notwithstanding the above, a first offense may be charged and prosecuted as a misdemeanor. Payment of any penalty herein shall not relieve a person from the responsibility for correcting the violation.

Section 10. SEVERABILITY. If any provision, clause, sentence or paragraph of this Ordinance (including its appendices) or the application thereof to any person or circumstances shall be held invalid, such invalidity shall not affect the other provisions or applications of the provisions of this Ordinance (and its appendices) which can be given effect without the invalid provision or application, and to this end, the provisions of this Ordinance (and its appendices) are hereby declared to be severable.

SECTION 2:

This ordinance shall take effect July 1, 2016.

ORDINANCE NO. 779.17 AN ORDINANCE OF THE COUNTY OF RIVERSIDE AMENDING ORDINANCE 779 RELATING TO COUNTY SOLID WASTE FACILITIES AND ESTABLISHING FEES

The Board of Supervisors of the County of Riverside, State of California, ordains as follows:

SECTION 1:

This ordinance amends and replaces Ordinance No. 779.16 and any prior version of Ordinance No. 779 in their entirety with the following:

Section 1. DEFINITIONS.

The words used in this ordinance shall have the definitions provided in Public Resources Code 40100 et. Seq.

Section 2. ESTABLISHMENT OF SITES. Subject to control of the Board of Supervisors, the General Manager-Chief Engineer of the Department of Waste Resources may designate and operate or control by contract County owned, leased, or contracted sites for public transfer, processing or disposal of solid waste.

Section 3. REFUSE FROM OUTSIDE OF COUNTY. Unless so authorized in writing by the General Manager-Chief Engineer of the Department of Waste Resources or his designated representative, under general policies adopted by the Board, no person shall place, deposit, or dump, or cause to be placed, deposited, or dumped, in or upon any County owned, leased, or contracted transfer station or disposal site in the County, any solid waste originating outside of the County of Riverside, provided however, the General Manager-Chief Engineer of the Department of Waste Resources has discretion to accept incidental amounts of refuse from outside of Riverside County and near County borders for disposal at County landfills when payment is made according to Appendix A for such incidental refuse.

Section 4. REGULATIONS. All County owned leased, or contracted transfer stations and disposal sites in the County should be under the supervision of the General Manager-Chief Engineer of the Department of Waste Resources who shall have the power and the duty to prescribe reasonable regulations regulating the use by the public and the operation of such sites. Such rules shall include, but need not be limited to, the following subjects:

- a. Days and hours of use.
- b. Charges for use of sites at times other than regular hours, which shall be sufficient to reimburse the County for equipment, personnel and overhead costs.
- c. Maximum size of articles and objects dumped.
- d. Allocation of various types of waste to specific sites and the placement of waste within any site.
- e. Prohibition or conditional acceptance of harmful, dangerous or difficult to handle materials, if allowed under the state operating permit, including a reasonable charge for their acceptance, unique handling requirements or assured destruction.

- f. Prohibition of persons from entering the site for reasons including, but not limited to: unauthorized salvaging of waste and recyclables, attempting to dispose of hazardous waste, loitering, intoxication and other forms of conduct that reduce operational efficiencies and/or increase risk of injury to Department employees and the public.

Except for short-term emergencies, any regulation fixing days or hours of operation shall be submitted to the Board of Supervisors for approval before taking effect. Section 7. FEES.

1. **Tipping Fees at Scaled Urban Sites:** Pursuant to the authority of Government Code Section 25823, fees for the disposal of solid waste and disposal of liquid waste at enumerated landfills shall be as established by the Board of Supervisors following a duly noticed public hearing. The fees so established shall be in an amount sufficient to cover all costs including but not limited to the following: closure/postclosure (including past unfunded costs), remediation, environmental mitigation, state mandated and other pass-through fees, and general operations. Such fees and the landfills to which they shall apply appear as Appendix A to this Ordinance. The Board of Supervisors may establish different rates through contractual agreements when the terms of said agreements help stabilize revenues and system rates over a long-term period.
2. **Fees for Disposal at Rural Sites:** Pursuant to the authority of Government Code Section 25823, fees for the disposal of solid waste at landfills and transfer stations, formerly in a land use assessment area, shall be as established by the Board of Supervisors following a duly noticed public hearing. The fees so established shall be calculated to recover a fair share of the estimated costs for these facilities. Cards permitting entrance into these landfills and transfer stations shall be offered for sale to residents and businesses (only in the local areas surrounding these sites as shown on maps in Exhibit 1) at rates set by the Board of Supervisors. No access to these facilities will be allowed without a card, except in cases where permitted waste haulers or other large commercial users have negotiated separate contracts with the County. Waste from outside these areas shall not be accepted at the rural sites providing, however, waste from unincorporated areas outside of, but near the borders of these service areas may be accepted under the same terms and conditions herein set forth, if it is determined by the General Manager-Chief Engineer of the Department of Waste Resources that this is the most practical way to provide disposal service to these customers. Such rates and the landfills and transfer stations to which they apply shall appear in Appendices B and C to this Ordinance.

3. **Miscellaneous Fees.** A schedule of miscellaneous fees is attached as Appendix D.

Section 8. PROHIBITIONS. No person shall violate any regulation prescribed by the General Manager-Chief Engineer of the Department of Waste Resources regulating the use of a County disposal site or transfer station, or fail to obey any sign giving notice of any regulation, maintained at any such site or facility by the General Manager-Chief Engineer of the Department of Waste Resources. Violation of any such regulation shall be a violation of this Ordinance.

Section 9. VIOLATIONS AND PENALTIES. The General Manager-Chief Engineer of the Department of Waste Resources reserves the right to deny entrance to an individual for an appropriate time span when said individual is deemed to pose a safety risk and/or is disruptive to the normal workflow of the landfill or transfer station operations. A letter of notification specifying the dates and location(s) of restriction will be mailed to the individual and be on hand at the gate fee booth(s).

It shall be unlawful for any person to violate any provision of this Ordinance. Any person violating any provision of this Ordinance may be deemed guilty of an infraction or misdemeanor as hereinafter specified. Such persons shall be deemed guilty of a separate offense for each day, or portion thereof, during which any violation of any of the provisions of this Ordinance is committed or continued. Any person so convicted shall be: (1) guilty of an infraction offense and punished by a fine not exceeding One Hundred dollars (\$100.00) for a first violation; (2) guilty of an infraction offense and punished by a fine not exceeding Two Hundred dollars (\$200.00) for a second violation. The third and any additional violations shall constitute a misdemeanor offense and shall be punishable by a fine not exceeding Five Hundred dollars (\$500.00).

Notwithstanding the above, a first offense may be charged and prosecuted as a misdemeanor. Payment of any penalty herein shall not relieve a person from the responsibility for correcting the violation.

Section 10. SEVERABILITY. If any provision, clause, sentence or paragraph of this Ordinance (including its appendices) or the application thereof to any person or circumstances shall be held invalid, such invalidity shall not affect the other provisions or applications of the provisions of this Ordinance (and its appendices) which can be given effect without the invalid provision or application, and to this end, the provisions of this Ordinance (and its appendices) are hereby declared to be severable.

SECTION 2:

This ordinance shall take effect July 1, 2016.

RESIDENTIAL SELF-HAUL CARDS
FOR
RIVERSIDE COUNTY DEPARTMENT OF WASTE RESOURCES
Effective July 1, 2016**

The Residential Self-Haul Card shall be necessary for admittance to the Mecca II and Oasis Landfills for all residential haulers.

RESIDENTIAL CARD REGULATIONS:

Authority: Riverside County Ordinance No. 657 requires that, "Every tenant, occupier, operator, or owner of a residence...shall not less than once a week, cause to be removed all solid waste created, produced or brought upon the property to an approved disposal facility."

1. **Number of Uses** - The Residential Self-Haul Card allows up to 52-400 lb. standard load uses per year (approximately 4 uses per month).
2. **Expiration Date** - The expiration date for all cards is the last day of the fiscal year, June 30th. In addition, any unused punches for each month will expire on the last day of that month.
3. **No Refunds** - There will be no refunds on partially used cards.
4. **Standard Load** - The maximum load allowed access to the landfill with one use of the Residential Self-Haul Card will be four hundred (400) pounds, which is equivalent to one punch on the card. If the Gate Services Assistant judges a load to be over this Standard Load limit, two or more punches will be made to the card.
5. **Cost** - The Residential Self-Haul Card discounted rate is fifteen dollars (\$15.00) per month.
6. **Payment Options – Cards may be purchased:**

Period	Cost	Number of Punches One Punch Per 400 lb. Standard Load. Additional Punches Applied in Excess of Standard Load.
Monthly	\$15.00	4
Bi-Monthly	\$30.00	8
Advance Sale - Annual (purchased on or before June 30th)	\$150.00	52 (400 lb. estimated load per punch)
Annual (purchased between July 1st and July 31st)	\$160.00	52 (400 lb. estimated load per punch)
Multiple Months	\$15.00 x no. of months	4 x no. of months

7. **Lost Cards** - Lost cards are to be reported immediately. The customer will not be responsible for unauthorized use of a card after if it is reported lost to the Waste Management business office located at 14310 Frederick Street, Moreno Valley, CA 92553, (951) 486-3200.
8. **Maximum Load** – Mecca Landfill will not accept loads greater than 1 ton.
9. **Restrictions on Use of Card** - Household hazardous waste, loads with more than four (4) tires, other hard-to-handle waste, or commercial business waste will not be accepted on this card. Cards may only be used by the resident who paid for the card.
10. **Alternative County Gate Fee Site Usage** – In the event that the rural landfill is unable to accept waste on a normal operating day, customers will be directed to a scaled County landfill and may use their Residential Self Haul Card.

**APPENDIX C TO ORDINANCE NO. 779.17
RURAL SITE ACCESS -- COMMERCIAL CARDS
FOR
RIVERSIDE COUNTY DEPARTMENT OF WASTE RESOURCES
Effective July 1, 2016**

The Rural Site Access Commercial Card shall be necessary for admittance to the Mecca II and Oasis Landfills for all non-permitted/contracted entities hauling commercial waste.

COMMERCIAL CARD REGULATIONS:

A Rural Site Access Commercial Card provides for disposal of commercial waste generated within the remote service areas and is required unless a permitted waste hauler or other large commercial users have negotiated a separate contract for disposal access to rural landfills with the County.

1. **Number of Uses** - The Commercial Card will have twenty-four (24) ½ ton available uses.
2. **Expiration Date** - There is no expiration date for the Commercial Card.
3. **No Refunds** - If a commercial operator goes out of business, there shall be no refund for the unused card punches.
4. **Cost** - The Commercial Card will be priced at four hundred forty-six dollars and fifty cents (\$446.50).
5. **Payment for Card** - The card shall be purchased in advance of usage. Cards may be purchased at any time of the year. Acceptable forms of payment at the fee booth include money order or cashier's check. Cash, personal/business checks, and credit/debit card payments are accepted at the Department's business office only.
6. **Lost Cards** - Lost cards are to be reported immediately. The customer will not be responsible for unauthorized use of a card after it is reported lost to the Waste Management business office located at 14310 Frederick St., Moreno Valley, CA. (951) 486-3200.
7. **Maximum Load** - Mecca Landfill will not accept loads greater than 1 ton.
8. **Restrictions on Use of Card** - Hazardous waste, loads with more than 4 tires, or other hard-to-handle waste will not be accepted at these rural sites.
9. **Alternative County Landfill Usage** - In the event that the rural landfill is unable to accept waste on a normal operating day, customers will be directed to a scaled County landfill and may use their Rural Site Commercial Card.

Rural Site Service Area #2

1 the Department of Waste Resources who shall have the power and the duty to prescribe reasonable
2 regulations regulating the use by the public and the operation of such sites. Such rules shall include,
3 but need not be limited to, the following subjects:

- 4 a. Days and hours of use.
- 5 b. Charges for use of sites at times other than regular hours, which shall be sufficient to
6 reimburse the County for equipment, personnel and overhead costs.
- 7 c. Maximum size of articles and objects being dumped.
- 8 d. Allocation of various types of waste to specific sites and the placement of waste within
9 any site.
- 10 e. Prohibition or conditional acceptance of harmful, dangerous or difficult to handle
11 materials, if allowed under the state operating permit, including a reasonable charge
12 for their acceptance, unique handling requirements or assured destruction.
- 13 f. Prohibition of persons from entering the site for reasons including, but not limited to:
14 unauthorized salvaging of waste and recyclables, attempting to dispose of hazardous
15 waste, loitering, intoxication and other forms of conduct that reduce operational
16 efficiencies and/or increase risk of injury to Department employees and the public.

17 Except for short-term emergency situations, any regulation fixing days or hours of operation
18 shall be submitted to the Board of Supervisors for approval before taking effect. All regulations
19 prescribed by the General Manager-Chief Engineer of the Department of Waste Resources shall be
20 filed in his or her office and shall be available for public inspection.

21 **Section 5. HAZARDOUS WASTE LOAD CHECKING PROGRAM.** All landfills and transfer
22 stations in the County shall implement and maintain a hazardous waste load checking program at each
23 of their solid waste facilities as required by California law (pursuant to Titles 14 and 27, California Code
24 of Regulations); and which program shall also meet the minimum requirements outlined in this
25 ordinance.

- 26 a. Each solid waste facility operator shall perform random loadchecks across all load
27 types including self-haul residential, business and industrial waste loads, franchise
28 hauler waste loads (including residential, commercial and industrial) to detect
29 hazardous waste before such incoming waste is transferred to, and/or disposed at,

1 the landfill. Such program shall have the objectives of: (1) preventing hazardous
2 waste from being placed in a landfill not permitted to receive such waste and (2)
3 educating and discouraging both facility self-haul customers and franchise waste
4 hauler customers from bringing or sending in such material. The minimum number of
5 loadchecks performed at each solid waste facility shall comply with the following
6 schedule:

7 **Landfill/Transfer Station Random Loadcheck Schedule**

8 Average Daily Tonnage	Random Samples per Day
9 0 to 100 tons/day	**
10 101 to 600 tons/day	6*
11 601 to 1,000+ tons/day	10*

12 * The initial schedule is for a minimum number of "Random Samples per Day" for a
13 minimum of three rotating days per week so arriving customers will not know when
14 they may be inspected. If a problem persists with large quantities of hazardous waste
15 being found at the landfill or transfer station, the Enforcement Agency or the General
16 Manager-Chief Engineer of the Department of Waste Resources may require the
17 number of "Random Samples per Day" to be applied every day the solid waste facility
18 is open until the problem is deemed corrected.

19 **Minimum of 6 samples per week – may all be performed on the same day

20 b. An inspection form (which shall be certified for completeness and accuracy by the
21 loadcheck inspector on duty) shall be filled out in its entirety at the time of each
22 loadcheck performed at the solid waste facility. The inspection form shall include the
23 following information, to be filled out at the time of inspection:

- 24 • Date and time of inspection
- 25 • Loadcheck inspector name, (certification)
- 26 • Load type (residential, commercial, industrial)
- 27 • Hauler/company name/customer name
- 28 • Driver name
- 29 • Vehicle type (e.g. Hand Unload, Dump Truck, Side Loader, Front End Loader,

- 1 or Roll Off)
- 2 • License plate number
- 3 • Whether or not the load contained prohibited waste
- 4 c. When prohibited waste is found, forms shall include the following:
- 5 • Load origin (jurisdiction or route number for side loaders and front end loader
- 6 vehicles, customer/store name and address where picked up for all other
- 7 vehicle types)
- 8 • Hazardous waste found (type/name, class, container size/quantity,
- 9 volume/weight, unit of gallons or pounds)
- 10 • Disposition of material (e.g. picked up by responsible party, returned with
- 11 customer at time of inspection, solid waste facility assumed responsibility of
- 12 the material, etc.)
- 13 d. Management shall review completed forms at a frequency sufficient to ensure forms
- 14 are filled out completely and correctly.
- 15 e. The General Manager-Chief Engineer of the Department of Waste Resources or his
- 16 designated representative and/or a representative of the Enforcement Agency shall
- 17 have the right to enter the solid waste facilities at any time to audit their load check
- 18 program's compliance with these standards. These audits shall be limited to four
- 19 times in any 12 month period and may include three days in which Department of
- 20 Waste Resources personnel perform load checks at the facility and one day in which
- 21 Department of Waste Resources staff review the facility's written load check program,
- 22 hazardous waste and universal waste shipping records, facility personnel training
- 23 records, hazardous waste storage areas, and load checking procedures in order to
- 24 audit the solid waste facility loadchecking program and/or assist the operator in
- 25 making its loadchecking program successful.

26 **Section 6. SALVAGE OPERATIONS.** Subject to the approval of the Board of Supervisors,
27 salvage operations of reusable waste materials at all County owned, leased, or contracted transfer
28 stations and disposal sites in the County may be conducted only by such persons as are authorized to
29 do so and upon such terms and conditions as are imposed by the General Manager-Chief Engineer of

1 the Department of Waste Resources.

2 **Section 7. FEES.**

3 1. **Tipping Fees at Scaled Urban Sites:** Pursuant to the authority of Government Code
4 Section 25823, fees for the disposal of solid waste and disposal of liquid waste at
5 enumerated landfills shall be as established by the Board of Supervisors following a
6 duly noticed public hearing. The fees so established shall be in an amount sufficient
7 to cover all costs including but not limited to the following: closure/postclosure
8 (including past unfunded costs), remediation, environmental mitigation, state
9 mandated and other pass-through fees, and general operations. Such fees and the
10 landfills to which they shall apply appear as Appendix A to this Ordinance. The Board
11 of Supervisors may establish different rates through contractual agreements when the
12 terms of said agreements help stabilize revenues and system rates over a long term
13 period.

14 2. **Fees for Disposal at Rural Sites:** Pursuant to the authority of Government Code
15 Section 25823, fees for the disposal of solid waste at landfills and transfer stations,
16 formerly in a land use assessment area, shall be as established by the Board of
17 Supervisors following a duly noticed public hearing. The fees so established shall be
18 calculated to substantially cover a fair share of the estimated costs for these facilities.
19 Cards permitting entrance into these landfills and transfer stations shall be offered for
20 sale to residents and businesses (only in the local areas surrounding these sites as
21 shown on maps in Exhibit 1) at rates set by the Board of Supervisors. No access to
22 these facilities will be allowed without a card, except in cases where permitted waste
23 haulers or other large commercial users have negotiated separate contracts with the
24 County. Waste from outside these areas shall not be accepted at the rural sites
25 providing, however, waste from unincorporated areas outside of, but near the borders
26 of these service areas may be accepted under the same terms and conditions herein
27 set forth, if it is determined by the General Manager-Chief Engineer of the Department
28 of Waste Resources that this is the most practical way to provide disposal service to
29 these customers. Such rates and the landfills and transfer stations to which they

1 apply shall appear in Appendices B and C to this Ordinance.

2 3. **Miscellaneous Fees.** A schedule of miscellaneous fees is attached as Appendix D.

3 **Section 8. PROHIBITIONS.** No person shall violate any regulation prescribed by the General
4 Manager-Chief Engineer of the Department of Waste Resources regulating the use of a County
5 disposal site or transfer station, or fail to obey any sign giving notice of any regulation, maintained at
6 any such site or facility by the General Manager-Chief Engineer of the Department of Waste
7 Resources. Violation of any such regulation shall be a violation of this Ordinance.

8 **Section 9. VIOLATIONS AND PENALTIES.** The General Manager-Chief Engineer of the
9 Department of Waste Resources reserves the right to deny entrance to an individual for an appropriate
10 time span when said individual is deemed to pose a safety risk and/or is disruptive to the normal
11 workflow of the landfill or transfer station operations. A letter of notification specifying the dates and
12 location(s) of restriction will be mailed to the individual and be on hand at the gate fee booth(s).

13 It shall be unlawful for any person to violate any provision of this Ordinance. Any person
14 violating any provision of this Ordinance may be deemed guilty of an infraction or misdemeanor as
15 hereinafter specified. Such persons shall be deemed guilty of a separate offense for each and every
16 day, or portion thereof, during which any violation of any of the provisions of this Ordinance is
17 committed or continued. Any person so convicted shall be: (1) guilty of an infraction offense and
18 punished by a fine not exceeding One Hundred dollars (\$100.00) for a first violation; (2) guilty of an
19 infraction offense and punished by a fine not exceeding Two Hundred dollars (\$200.00) for a second
20 violation. The third and any additional violations shall constitute a misdemeanor offense and shall be
21 punishable by a fine not exceeding Five Hundred dollars (\$500.00).

22 Notwithstanding the above, a first offense may be charged and prosecuted as a misdemeanor.
23 Payment of any penalty herein shall not relieve a person from the responsibility for correcting the
24 violation.

25 **Section 10. SEVERABILITY.** If any provision, clause, sentence or paragraph of this
26 Ordinance (including its appendices) or the application thereof to any person or circumstances shall be
27 held invalid, such invalidity shall not affect the other provisions or applications of the provisions of this

1 Ordinance (and its appendices) which can be given effect without the invalid provision or application,
2 and to this end, the provisions of this Ordinance (and its appendices) are hereby declared to be
3 severable.

The Residential Self-Haul Card shall be necessary for admittance to the Mecca II and Oasis Landfills for all residential haulers.

RESIDENTIAL CARD REGULATIONS:

Authority: Riverside County Ordinance No. 657 requires that, "Every tenant, occupier, operator, or owner of a residence... shall not less than once a week, cause to be removed all solid waste created, produced or brought upon the property to an approved disposal facility."

1. **Number of Uses** - The Residential Self-Haul Card allows up to 52-400 lb. standard load uses per year (approximately 4 uses per month).
2. **Expiration Date** - The expiration date for all cards is the last day of the fiscal year, June 30th. In addition, any unused punches for each month will expire on the last day of that month.
3. **No Refunds** - There will be no refunds on partially used cards.
4. **Standard Load**- The maximum load allowed access to the landfill with one use of the Residential Self-Haul Card will be four hundred (400) pounds, which is equivalent to one punch on the card. If the Gate Services Assistant judges a load to be over this Standard Load limit, two or more punches will be made to the card.
5. **Cost** - The Residential Self-Haul Card discounted rate is fifteen dollars (\$15.00) per month.
6. **Payment Options – Cards may be purchased:**

Period	Cost	Number of Punches One Punch Per 400 lb. Standard Load. Additional Punches Applied in Excess of Standard Load.
Monthly	\$15.00	4
Bi-Monthly	\$30.00	8
Advance Sale - Annual (purchased on or before June 30th)	\$150.00	52 (400 lb. estimated load per punch)
Annual (purchased between July 1st and July 31st)	\$160.00	52 (400 lb. estimated load per punch)
Multiple Months	\$15.00 x no. of months	4 x no. of months

7. **Lost Cards** - Lost cards are to be reported immediately. The customer will not be responsible for unauthorized use of a card after if it is reported lost to the Waste Management business office located at 14310 Frederick Street, Moreno Valley, CA 92553, (951) 486-3200.
8. **Maximum Load** – Mecca Landfill will not accept loads greater than 1 ton.
9. **Restrictions on Use of Card** - Household hazardous waste, loads with more than four (4) tires, other hard-to-handle waste, or commercial business waste will not be accepted on this card. Cards may only be used by the resident who paid for the card.
10. **Alternative County Gate Fee Site Usage** – In the event that the rural landfill is unable to accept waste on a normal operating day, customers will be directed to a scaled County landfill and may use their Residential Self Haul Card.

**APPENDIX C TO ORDINANCE NO. 779.17
RURAL SITE ACCESS -- COMMERCIAL CARDS
FOR
RIVERSIDE COUNTY DEPARTMENT OF WASTE RESOURCES
Effective July 1, 2016**

The Rural Site Access Commercial Card shall be necessary for admittance to the Mecca II and Oasis Landfills for all non-permitted/contracted entities hauling commercial waste.

COMMERCIAL CARD REGULATIONS:

A Rural Site Access Commercial Card provides for disposal of commercial waste generated within the remote service areas and is required unless a permitted waste hauler or other large commercial users have negotiated a separate contract for disposal access to rural landfills with the County.

1. **Number of Uses** - The Commercial Card will have twenty-four (24) ½ ton available uses.
2. **Expiration Date** - There is no expiration date for the Commercial Card.
3. **No Refunds** - If a commercial operator goes out of business, there shall be no refund for the unused card punches.
4. **Cost** - The Commercial Card will be priced at four hundred forty-six dollars and fifty cents (\$446.50).
5. **Payment for Card** - The card shall be purchased in advance of usage. Cards may be purchased at any time of the year. Acceptable forms of payment at the fee booth include money order or cashier's check. Cash, personal/business checks, and credit/debit card payments are accepted at the Department's business office only.
6. **Lost Cards** - Lost cards are to be reported immediately. The customer will not be responsible for unauthorized use of a card after it is reported lost to the Waste Management business office located at 14310 Frederick St., Moreno Valley, CA. (951) 486-3200.
7. **Maximum Load** - Mecca Landfill will not accept loads greater than 1 ton.
8. **Restrictions on Use of Card** - Hazardous waste, loads with more than 4 tires, or other hard-to-handle waste will not be accepted at these rural sites.
9. **Alternative County Landfill Usage** - In the event that the rural landfill is unable to accept waste on a normal operating day, customers will be directed to a scaled County landfill and may use their Rural Site Commercial Card.

BOARD OF SUPERVISORS OF THE COUNTY OF RIVERSIDE, STATE OF CALIFORNIA

ORDINANCE NO. 779.17
AN ORDINANCE OF THE COUNTY OF RIVERSIDE
AMENDING ORDINANCE 779
RELATING TO
COUNTY SOLID WASTE FACILITIES
AND ESTABLISHING FEES

The Board of Supervisors of the County of Riverside, State of California, ordains as follows:

SECTION 1:

This ordinance amends and replaces Ordinance No. 779.16 and any prior version of Ordinance No. 779 in their entirety with the following:

Section 1. DEFINITIONS.

The words used in this ordinance shall have the definitions provided in Public Resources Code 40100 et. Seq.

Section 2. ESTABLISHMENT OF SITES. Subject to control of the Board of Supervisors, the General Manager-Chief Engineer of the Department of Waste Resources may designate and operate or control by contract County owned, leased, or contracted sites for public transfer, processing or disposal of solid waste.

Section 3. REFUSE FROM OUTSIDE OF COUNTY. Unless so authorized in writing by the General Manager-Chief Engineer of the Department of Waste Resources or his designated representative, under general policies adopted by the Board, no person shall place, deposit, or dump, or cause to be placed, deposited, or dumped, in or upon any County owned, leased, or contracted transfer station or disposal site in the County, any solid waste originating outside of the County of Riverside, provided however, the General Manager-Chief Engineer of the Department of Waste Resources has discretion to accept incidental amounts of refuse from outside of Riverside County and near County borders for disposal at County landfills when payment is made according to Appendix A for such incidental refuse.

Section 4. REGULATIONS. All County owned leased, or contracted transfer stations and disposal sites in the County should be under the supervision of the General Manager-Chief Engineer of the Department of Waste Resources who shall have the power and the duty to prescribe reasonable regulations regulating the use by the public and the operation of such sites. Such rules shall include, but need not be limited to, the following subjects:

- a. Days and hours of use.
- b. Charges for use of sites at times other than regular hours, which shall be sufficient to reimburse the County for equipment, personnel and overhead costs.
- c. Maximum size of articles and objects dumped.
- d. Allocation of various types of waste to specific sites and the placement of waste within any site.
- e. Prohibition or conditional acceptance of harmful, dangerous or difficult to handle materials, if allowed under the state operating permit, including a reasonable charge for their acceptance, unique handling requirements or assured destruction.
- f. Prohibition of persons from entering the site for reasons including, but not limited to: unauthorized salvaging of waste and recyclables, attempting to dispose of hazardous waste, loitering, intoxication and other forms of conduct that reduce operational efficiencies and/or increase risk of injury to Department employees and the public.

Except for short-term emergencies, any regulation fixing days or hours of operation shall be submitted to the Board of Supervisors for approval before taking effect. All regulations prescribed by the General Manager-Chief Engineer of the Department of Waste Resources shall be filed in his or her office and shall be available for public inspection.

Section 5. HAZARDOUS WASTE LOAD CHECKING PROGRAM. All landfills and transfer stations in the County shall implement and maintain a hazardous waste load checking program at each of their solid waste facilities as required by California law (pursuant to Titles 14 and 27, California Code of Regulations); and which program shall also meet the minimum requirements outlined in this ordinance.

- a. Each solid waste facility operator shall perform random load checks across all load types including self-haul residential, business and industrial waste loads, franchise hauler waste loads (including residential, commercial and industrial) to detect hazardous waste before such incoming waste is transferred to, and/or disposed at, the landfill. Such program shall have the objectives of: (1) preventing hazardous waste from being placed in a landfill not permitted to receive such waste and (2) educating and discouraging both facility self-haul customers and franchise waste hauler customers from bringing or sending in such material. The minimum number of load checks performed at each solid waste facility shall comply with the following schedule:

Landfill/Transfer Station Random Load check Schedule

Average Daily Tonnage	Random Samples per Day
0 to 100 tons/day	**
101 to 600 tons/day	6*
601 to 1,000+ tons/day	10*

* The initial schedule is for a minimum number of "Random Samples per Day" for a minimum of three rotating days per week so arriving customers will not know when there will be an inspection. If a problem persists with large quantities of hazardous waste being found at the landfill or transfer station, the Enforcement Agency or the General Manager-Chief Engineer of the Department of Waste Resources may require the number of "Random Samples per Day" to be applied every day the solid waste facility is open until the problem is deemed corrected.

**Minimum of 6 samples per week – may all be performed on the same day

- b. An inspection form (which shall be certified for completeness and accuracy by the load check inspector on duty) shall be filled out in its entirety at the time of each load check performed at the solid waste facility. The inspection form shall include the following information, to be filled out at the time of inspection:
- Date and time of inspection
 - Load check inspector name, (certification)
 - Load type (residential, commercial, industrial)
 - Hauler/company name/customer name
 - Driver name
 - Vehicle type (e.g. Hand Unload, Dump Truck, Side Loader, Front End Loader, or Roll Off)
 - License plate number
 - Whether or not the load contained prohibited waste
- c. When prohibited waste is found, forms shall include the following:
- Load origin (jurisdiction or route number for side loaders and front end loader vehicles, customer/store name and address where picked up for all other vehicle types)
 - Hazardous waste found (type/name, class, container size/quantity, volume/weight, unit of gallons or pounds)
 - Disposition of material (e.g. picked up by responsible party, returned with customer at time of inspection, solid waste facility assumed responsibility of the material, etc.)
- d. Management shall review completed forms at a frequency sufficient to ensure forms are filled out completely and correctly.
- e. The General Manager-Chief Engineer of the Department of Waste Resources or his

designated representative and/or a representative of the Enforcement Agency shall have the right to enter the solid waste facilities at any time to audit their load check program's compliance with these standards. These audits shall be limited to four times in any 12 month period and may include three days in which Department of Waste Resources personnel perform load checks at the facility and one day in which Department of Waste Resources staff review the facility's written load check program, hazardous waste and universal waste shipping records, facility personnel training records, hazardous waste storage areas, and load checking procedures in order to audit the solid waste facility load checking program and/or assist the operator in making its load checking program successful.

Section 6. SALVAGE OPERATIONS. Subject to the approval of the Board of Supervisors, salvage operations of reusable waste materials at all County owned, leased, or contracted transfer stations and disposal sites in the County may be conducted only by such persons as are authorized to do so and upon such terms and conditions as are imposed by the General Manager-Chief Engineer of the Department of Waste Resources.

Section 7. FEES.

1. **Tipping Fees at Scaled Urban Sites:** Pursuant to the authority of Government Code Section 25823, fees for the disposal of solid waste and disposal of liquid waste at enumerated landfills shall be as established by the Board of Supervisors following a duly noticed public hearing. The fees so established shall be in an amount sufficient to cover all costs including but not limited to the following: closure/postclosure (including past unfunded costs), remediation, environmental mitigation, state mandated and other pass-through fees, and general operations. Such fees and the landfills to which they shall apply appear as Appendix A to this Ordinance. The Board of Supervisors may establish different rates through contractual agreements when the terms of said agreements help stabilize revenues and system rates over a long-term period.
2. **Fees for Disposal at Rural Sites:** Pursuant to the authority of Government Code Section 25823, fees for the disposal of solid waste at landfills and transfer stations, formerly in a land use assessment area, shall be as established by the Board of Supervisors following a duly noticed public hearing. The fees so established shall be calculated to recover a fair share of the estimated costs for these facilities. Cards permitting entrance into these landfills and transfer stations shall be offered for sale to residents and businesses (only in the local areas surrounding these sites as shown on maps in Exhibit 1) at rates set by the Board of Supervisors. No access to these facilities will be allowed without a card, except in cases where permitted waste haulers or other large commercial users have negotiated separate contracts with the County. Waste from outside these areas shall not be accepted at the rural sites providing, however, waste from unincorporated areas outside of, but near the borders of these service areas may be accepted under the same terms and conditions herein set forth, if it is determined by the General Manager-Chief Engineer of the Department of Waste Resources that this is the most practical way to provide disposal service to these customers. Such rates and the landfills and transfer stations to which they apply shall appear in Appendices B and C to this Ordinance.
3. **Miscellaneous Fees.** A schedule of miscellaneous fees is attached as Appendix D.

Section 8. PROHIBITIONS. No person shall violate any regulation prescribed by the General Manager-Chief Engineer of the Department of Waste Resources regulating the use of a County disposal site or transfer station, or fail to obey any sign giving notice of any regulation, maintained at any such site or facility by the General Manager-Chief Engineer of the Department of Waste Resources. Violation of any such regulation shall be a violation of this Ordinance.

Section 9. VIOLATIONS AND PENALTIES. The General Manager-Chief Engineer of the Department of Waste Resources reserves the right to deny entrance to an individual for an appropriate time span when said individual is deemed to pose a safety risk and/or is disruptive to the normal

workflow of the landfill or transfer station operations. A letter of notification specifying the dates and location(s) of restriction will be mailed to the individual and be on hand at the gate fee booth(s).

It shall be unlawful for any person to violate any provision of this Ordinance. Any person violating any provision of this Ordinance may be deemed guilty of an infraction or misdemeanor as hereinafter specified. Such persons shall be deemed guilty of a separate offense for each day, or portion thereof, during which any violation of any of the provisions of this Ordinance is committed or continued. Any person so convicted shall be: (1) guilty of an infraction offense and punished by a fine not exceeding One Hundred dollars (\$100.00) for a first violation; (2) guilty of an infraction offense and punished by a fine not exceeding Two Hundred dollars (\$200.00) for a second violation. The third and any additional violations shall constitute a misdemeanor offense and shall be punishable by a fine not exceeding Five Hundred dollars (\$500.00).

Notwithstanding the above, a first offense may be charged and prosecuted as a misdemeanor. Payment of any penalty herein shall not relieve a person from the responsibility for correcting the violation.

Section 10. SEVERABILITY. If any provision, clause, sentence or paragraph of this Ordinance (including its appendices) or the application thereof to any person or circumstances shall be held invalid, such invalidity shall not affect the other provisions or applications of the provisions of this Ordinance (and its appendices) which can be given effect without the invalid provision or application, and to this end, the provisions of this Ordinance (and its appendices) are hereby declared to be severable.

SECTION 2:

This ordinance shall take effect July 1, 2016.

(INSERT APPENDIX A, B, C, & D)
