**BACKGROUND:****Summary**

The California Department of Public Health, Nutrition Education and Obesity Prevention Branch (NEOPB) represents a statewide movement of local, state and national partners collectively working toward improving the health status of low-income population through increased fruit and vegetable consumption and daily physical activity. Multiple venues are used to facilitate behavior change in the homes, school, worksites, and communities of low-income population to create environments that support fruit and vegetable consumption and physical activity. NEOPB funds must be spent on qualifying nutrition and physical programs in Riverside County through partnerships and coalitions to promote nutrition and physical activity. The target population for this program is eligible for participation in the Supplemental Nutrition Assistance Program Education (SNAP-Ed).

Agreement # 13-20527, A-01 increases the amount by \$26,003 for a total amount of \$11,221,883 (Year1: 10/1/13-9/30/14 (FFY14) \$3,624,431; Year 2: 10/1/14-9/30/15 (FFY15) \$3,624,431; and Year 3: 10/1/15-9/30/16 (FFY16) \$3,973,021.) This increase will be applied to County FY16/17.
