BACKGROUND:

Summary (continued)

The Board of Supervisors approved and executed an agreement between the County and CValdo on January 7, 2014 (Agenda Item 3-44), to provide WQMP Review Services. Article BI in Appendix B of the agreement allows for two separate one-year extensions to extend the term of the contract. The attached amendment exercises the option to extend the term of the contract for the first of the two optional one-year extensions. The continued services of CValdo are needed to provide on-going WQMP Review Services for fiscal year 2016-2017. The continued specific services to be provided include, but are not limited to, plan check review of WQMP's and other WQMP and water quality protection assistance related to development activities.

Impact on Residents and Businesses

CValdo's services are needed to provide access to expertise and additional personnel needed to review WQMP's in an expedient manner and provide certainty for the processing of the steady increase of development project submittals.

Contract History and Price Reasonableness

The Board of Supervisors approved the original agreement on January 7, 2014, Agenda Item 3-44. On March 10, 2015 (Agenda Item 3-41), the Board of Supervisors approved Amendment No.1 to the original agreement. Amendment No. 1 increased the original contract amount from \$75,000 annually to \$225,000 for Fiscal Years 14/15 and 15/16 due to the increase in WQMP review activity.

Amendment No. 2 will extend the term of the contract for the first of the two optional one-year extensions. Due to the institution of efficiency changes to the WQMP plan check process, the Transportation Department has been able to reduce the time spent on WQMP reviews; therefore, the budget for Amendment No. 2 will remain at the original approved amount of \$75,000 for Fiscal Year 16/17.

The Transportation Department has contracted with CValdo under this agreement since 2014. The billing rates for professional services from CValdo remain unchanged from the billing rates included in the underlying 2014 agreement. The billing rates were developed by negotiations between CValdo and the Transportation Department staff using the County's Purchasing Department policies and guidelines.

SUPPLEMENTAL:

Additional Fiscal Information

All associated contract costs will be funded using Deposit Based Fees. Thus, no net County costs will be incurred as a result of the contract extension.
