BACKGROUND:

Summary (continued)

RUHS desires to engage TEK Systems Global Services, LLC for six months for \$803,120 to provide consulting services leading to the development and implementation of an RUHS Managed Service Desk Support model. When development is complete this model will support not only the EPIC system which is being implemented, but all of the IT infrastructure related to RUHS Medical Center, Public Health and Behavioral Health.

On August 15, 2016 the RUHS Service desk added services for our Public Health and Behavioral Health Agencies. In addition to these increased responsibilities an increase in calls of more than 200% is expected due to the full implementation of EPIC in October 2016. This increased workload simply cannot be supported with the service and support model that has been in place in the past. Further, county does not have the capacity and expertise to accomplish this task in the necessary time frame.

TEK Systems Global Services, LLC has experience in the operation of service desks related to EPIC and other healthcare software systems. Its knowledge of best practices, tools and systems for service optimization, statistical measurement, and tailored training related to the healthcare environment are needed to develop the model that will support all of RUHS in the future.

This project will result in an enhanced managed service desk model that includes transition planning, team training, call logging and escalations, call resolution and team supervision. This model will be provided 24 hours a day and 7 days per week. Over the six (6) month contract RUHS will also attain data related to needed staffing levels so that it can project and hire the additional resources that will be needed to maintain the model after this arrangement is completed. RUHS also has the option to terminate the contract, without cause, upon thirty days' notice if it determines that a stable support model has been developed and implemented prior to that time.

The requested Epic-related services are included in the scope and budget developed by Loma Linda and RUHS for Epic implementation. RUHS along with Huron confirmed through research and analysis that the additional implementation and support resources will be needed for the new Epic system. The total cost requested in this agreement is part of the Board approved medical center budget.

The recommended engagement is short term. No County staff will report to contractors. No County staff will be displaced because of this contract.

Contract History and Price Reasonableness

The rates for the individuals working on the project range from \$48.00 to \$140.00 per hour which is moderately higher than the rates in a similar contract approved by the Board in November, 2015. However, because of the roll out of Epic, the statement of work in the proposed contract is based on a much higher expected call volume and more complex call topics. These requirements dictated that the consultant provide a more experienced team with help desk and health care expertise. Therefore, the proposed rates were found to be reasonable when compared to the County's other IT consultant contracts.

Subject: Sole Source Procurement; Request for Managed Help Desk Staffing

The below information is provided in support of my Department requesting approval for a sole source.

1. **Supplier being requested:** TEK Systems Global Services, LLC.
2. **Vendor ID:** 205317
3. **Supply/Service being requested:**
Supplemental Staffing for Help Desk support for the Medical Center, Public Health, and Behavioral Health to augment current staff for the anticipated increased workload following the implementation of EPIC and the consolidation of help desk services.
4. **Alternative suppliers that can or might be able to provide supply/service and extent of market search conducted:**
TEK Systems Inc. our currently awarded service provider for staffing resource does not provide the managed services that we are requesting. We evaluated their affiliate and considered providing this service internally.
5. **Unique features of the supply/service being requested from this supplier, which no alternative supplier can provide:**
RUHS desires to add managed onsite EPIC and IT Help Desk resources using TEK Systems Global Services, LLC. We expect an increase in help desk service calls of more than 200% due to the implementation of EPIC and the consolidation of Behavioral Health and Public Health into the RUHS help desk. Their affiliate, TEK Systems Inc. is our current provider of staff resources for the RUHS help desk. TEK Systems Global Services, LLC will manage the existing resources and acquire additional resources through their affiliation using a team that is familiar with our business needs. The requested resources were part of the scope and budget developed by Loma Linda and RUHS for Epic implementation.
6. **Reasons why my department requires these unique features and what benefit will accrue to the county:**
With proven ability to plan and implement IT help desk service solutions RUHS would like to enter into this agreement TEK Systems Global Services, LLC to build a service desk that works with the current RUHS technical support team to meet the service needs of our organization. They will provide an enhanced managed service desk that includes transition

planning, team training, call logging and escalations, call resolution, team supervision, and staffing with IT and EPIC specific expertise for the EPIC implementation and post implementation support. This service will be provided 24 hours a day and 7 days per week.

RUHS will attain data required to optimize staffing levels over this six (6) month contract period and replace contractors with full-time staff members as budget allows.

9.5 CONTRACTOR acknowledges that Ineligible Persons are precluded from providing federal and state funded health care services by contract with COUNTY in the event that they are currently sanctioned or excluded by a federal or state law enforcement regulatory or licensing agency. If CONTRACTOR becomes aware that a Covered Individual has become an Ineligible Person, CONTRACTOR shall remove such individual from responsibility for, or involvement with, COUNTY business operations related to this Agreement.

11. Disputes

11.1 The parties shall attempt to resolve any disputes amicably at the working level. If that is not successful, the dispute shall be referred to the senior management of the parties. - A. **Discovery and notification.** Following the discovery of a breach of unsecured PHI, Contractor shall notify County in writing of such breach without unreasonable delay and in no case later than 60 calendar days after discovery of a breach, except as provided in 45 CFR §164.412.
- 1) **Breaches treated as discovered.** A breach is treated as discovered by Contractor as of the first day on which such breach is known to Contractor or, by exercising reasonable diligence, would have been known to Contractor, which includes any person, other than the person committing the breach, who is an employee, officer, or other agent of Contractor (determined in accordance with the federal common law of agency).
- 2) **Content of notification.** The written notification to County relating to breach of unsecured PHI shall include, to the extent possible, the following information if known (or can be reasonably obtained) by Contractor:

- D. **Delay of notification authorized by law enforcement.** If Contractor delays notification of breach of unsecured PHI pursuant to a law enforcement official's statement that required notification, notice or posting would impede a criminal investigation or cause damage to national security, Contractor shall maintain documentation sufficient to demonstrate its compliance with the requirements of 45 CFR §164.412.
- E. **Payment of costs.** With respect to any breach of unsecured PHI caused solely by the Contractor's failure to comply with one or more of its obligations under this Addendum and/or the provisions of HITECH, HIPAA, the Privacy Rule or the Security Rule, Contractor agrees to pay any and all costs associated with providing all legally required notifications to individuals, media outlets, and the Secretary. This provision shall not be

construed to limit or diminish Contractor's obligations to indemnify, defend and hold harmless County under Section 9 of this Addendum.

- F. **Documentation.** Pursuant to 45 CFR §164.414(b), in the event Contractor's use or disclosure of PHI and/or ePHI violates the Privacy Rule, Contractor shall maintain documentation sufficient to demonstrate that all notifications were made by Contractor as required by 45 CFR Part 164, Subpart D, or that such use or disclosure did not constitute a breach, including Contractor's completed risk assessment and investigation documentation.

 - 2) Contractor agrees to report to County any unlawful or unauthorized access, use, or disclosure of patient's medical information without unreasonable delay and no later than two (2) business days after Contractor detects such incident. Contractor further agrees such report shall be made in writing, and shall include substantially the same types of information listed above in Section 8.A.2 (Content of Notification) as applicable to the unlawful or unauthorized access, use, or disclosure as defined above in this section, understanding and acknowledging that the term "breach" as used in Section 8.A.2 does not apply to California Health & Safety Code §1280.15.

9. **Hold Harmless/Indemnification.**

- A. Contractor agrees to indemnify and hold harmless County, all Agencies, Districts, Special Districts and Departments of County, their respective directors, officers, Board of Supervisors, elected and appointed officials, employees, agents and representatives from any liability whatsoever, based or asserted upon any services of Contractor, its officers, employees, subcontractors, agents or representatives arising out of or in any way relating to this Addendum, including but not limited to property damage, bodily injury, death, or any other element of any kind or nature whatsoever arising from the negligent performance of Contractor, its officers, agents, employees, subcontractors, agents or representatives from this Addendum. - B. With respect to any action or claim subject to indemnification herein by Contractor, Contractor shall, at their sole cost, have the right to use counsel of their choice, subject to the approval of County, which shall not be unreasonably withheld, and shall have the right to adjust, settle, or compromise any such action or claim without the prior consent of County; provided, however, that any such adjustment, settlement or compromise in no manner whatsoever limits or circumscribes Contractor's indemnification to County as set forth herein. Contractor's obligation to defend, indemnify and hold harmless County shall be subject to County having given Contractor written notice within a reasonable period of time of the claim or of the commencement of the related action, as the case may be, and information and reasonable assistance, at Contractor's expense, for the defense or settlement thereof. Contractor's obligation hereunder shall be satisfied when Contractor has provided to County the appropriate form of dismissal relieving County from any liability for the action or claim involved.

- C. The specified insurance limits required in the Underlying Agreement of this Addendum shall in no way limit or circumscribe Contractor's obligations to indemnify and hold harmless County herein from third party claims arising from issues of this Addendum.
 - D. In the event there is conflict between this clause and California Civil Code §2782, this clause shall be interpreted to comply with Civil Code §2782. Such interpretation shall not relieve the Contractor from indemnifying County to the fullest extent allowed by law.
 - E. In the event there is a conflict between this indemnification clause and an indemnification clause contained in the Underlying Agreement of this Addendum, this indemnification shall only apply to the subject issues included within this Addendum.
10. **Term.** This Addendum shall commence upon the Effective Date and shall terminate when all PHI and/or ePHI provided by County to Contractor, or created or received by Contractor on behalf of County, is destroyed or returned to County, or, if it is infeasible to return or destroy PHI and/ePHI, protections are extended to such information, in accordance with section 11.B of this Addendum.

Either party, upon written notice to the other party describing the breach, may take any of the following actions:
 - 1) Terminate the Underlying Agreement and this Addendum, effective immediately, if the other party breaches a material provision of this Addendum.
 - 2) Provide the other party with an opportunity to cure the alleged material breach and in the event the other party fails to cure the breach to the satisfaction of the non-breaching party in a timely manner, the non-breaching party has the right to immediately terminate the Underlying Agreement and this Addendum.
 - 3) If termination of the Underlying Agreement is not feasible, the breaching party, upon the request of the non-breaching party, shall implement, at its own expense, a plan to cure the breach and report regularly on its compliance with such plan to the non-breaching party.
 - B. **Effect of Termination.**
 - 1) Upon termination of this Addendum, for any reason, Contractor shall return or, if agreed to in writing by County, destroy all PHI and/or ePHI received from County, or created or received by the Contractor on behalf of County, and, in the event of destruction, Contractor shall certify such destruction, in writing, to County. This provision shall apply to all PHI and/or ePHI which are in the possession of subcontractors or agents of Contractor. Contractor shall retain no copies of PHI and/or ePHI, except as provided below in paragraph (2) of this section.
 - 2) In the event that Contractor determines that returning or destroying the PHI and/or ePHI is not feasible, Contractor shall provide written notification to County of the conditions that make such return or destruction not feasible. Upon determination by Contractor that return or destruction of PHI and/or ePHI is not feasible, Contractor shall extend the protections of this Addendum to such PHI and/or ePHI and limit further uses and disclosures of such PHI and/or ePHI to those purposes which make the return or destruction not feasible, for so long as Contractor maintains such PHI and/or ePHI.
12. **General Provisions.**
- A. **Retention Period.** Whenever Contractor is required to document or maintain documentation pursuant to the terms of this Addendum, Contractor shall retain such documentation for 6 years from the date of its creation or as otherwise prescribed by law, whichever is later.
 - B. **Amendment.** The parties agree to take such action as is necessary to amend this Addendum from time to time as is necessary for County to comply with HITECH, the Privacy Rule, Security Rule, and HIPAA generally.

- C. **Survival.** The obligations of Contractor under Sections 3, 5, 6, 7, 8, 9, 11.B and 12.A of this Addendum shall survive the termination or expiration of this Addendum.

- E. **Conflicts.** The provisions of this Addendum shall prevail over any provisions in the Underlying Agreement that conflict or appear inconsistent with any provision in this Addendum.
- F. **Interpretation of Addendum.**
 - 1) This Addendum shall be construed to be part of the Underlying Agreement as one document. The purpose is to supplement the Underlying Agreement to include the requirements of the Privacy Rule, Security Rule, HIPAA and HITECH.
 - 2) Any ambiguity between this Addendum and the Underlying Agreement shall be resolved to permit County to comply with the Privacy Rule, Security Rule, HIPAA and HITECH generally.
- G. **Notices to County.** All notifications required to be given by Contractor to County pursuant to the terms of this Addendum shall be made in writing and delivered to the County both by fax and to both of the addresses listed below by either registered or certified mail return receipt requested or guaranteed overnight mail with tracing capability, or at such other address as County may hereafter designate.
