SUBJECT: FY 16/17 Budget Adoption

Board members:

In February, the Board approved a multi-year fiscal strategy aimed at stabilizing the budget long-term that included the objectives of rolling over ongoing discretionary spending, departmental absorption of labor and other cost increases, full cost recovery from contracts and fees, and cost containment through operational efficiencies and use of best practices.

In June, the Board held budget hearings to take testimony from departments and the public on budget issues and spending needs. To ensure baseline-spending authority was in place by June 30 as required by law, the Board also approved the \$5.4 billion recommended budget, with \$3.1 billion for general fund operations that included \$814 million in discretionary general fund spending funded by \$753 million in discretionary revenue and \$61 million in general fund reserves.

Pursuant to Board direction to maintain discretionary reserves above \$150 million, my office returned in July with additional recommendations that reduced the draw on reserves through a combination of liquidation of \$5.7 million in committed fund balance, modest increases to certain discretionary revenue estimates, and a \$14.3 million increase in assumed year-end fund balance. These actions resulted in estimated discretionary revenue of \$757 million, approved discretionary spending of \$821 million, and a net use of reserves of \$53 million.

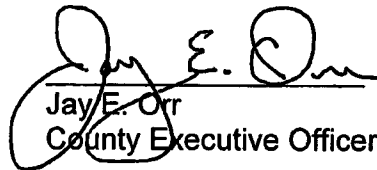

In conformance with state law that requires adoption of the budget on or before October 2, I recommend the Board adopt the FY 16/17 annual budget based on the year-end results known at this time, including an unaudited unassigned general fund beginning fund balance of \$44.9 million net of reserves. This is a modest \$3.9 million higher than

the ending unassigned fund balance assumed that will result in only somewhat less use of reserves than originally anticipated.

Considerable policy challenges regarding both revenues and cost pressures remain, and my staff continue work on long-term solutions to provide a firm footing for ongoing mission-critical operations. In light of these significant challenges, I continue to advise holding the line to contain costs.

IT IS THEREFORE RECOMMENDED that the Board of Supervisors approve Resolution No. 2016-215 formally adopting the FY 16/17 annual budget, inclusive of the recommended budget and all adjustments thereto approved by the Board up to and including the date of adoption, as required by law.

Respectfully submitted,

Jay E. Orr
County Executive Officer
