STATE OF CALIFORNIA**

BACKGROUND:

Summary

Under the supervision of the Sheriff's Department, Sentinel Offender Services, is providing equipment and monitoring services to operate the Supervised Electronic Confinement Program (SECP). Currently, the Riverside Superior Court provides eligible male and female participants to the program. This option gives qualifying participants the ability to serve their sentences out of custody, within their own homes, wearing electronic monitoring devices. The devices utilize several technologies including radio frequency, Global Positioning Systems (GPS), and alcohol monitoring.

The devices are provided through a service contract with the Sentinel Offender Services, in which the Sheriff's Department is charged monitoring fees for all participants. Currently the Sheriff's Department recovers the cost by charging the participants administrative and monitoring fees. As a result of the Realignment mandate, the Riverside County Jail system has experienced increased jail overcrowding and a need to expand alternative sentencing programs. The electronic monitoring program provides a mechanism for increased accountability for offenders who serve their sentence outside of a jail facility. The Sheriff's Department will continue to utilize electronic monitoring to assist in jail overcrowding. Currently there are approximately 300 participants per month on the program.

Impact on Residents and Businesses

The electronic monitoring program provides the Sheriff's Department the means to manage jail overcrowding and decrease public safety expenses for taxpayers by reducing jail populations and requiring court remanded offenders to pay for the services.

Contract History and Price Reasonableness

The Sheriff's Department wishes to procure services through a collaborative agreement with the National Association State of Procurement Officers (NASPO) contract completed by Washington State Department of Enterprise Services (DES). The Request for Proposal (RFP) # 00212 was publically advertised, in which seven (7) bidders responded to the bid. This contract was awarded based on service monitoring categories of eligible offenders which included radio frequency (RF) landline, cellular, Global Positioning Systems (GPS), breath alcohol and transdermal alcohol monitoring and testing. Based on the point award system of evaluation criteria for the monitoring service, DES awarded the contract (Contract ID# DES00212) to the top three (3) vendors.

The cost of services provided by Sentinel, an awarded vendor, is slightly higher than the lowest competing vendor, however, the Sentinel pricing is inclusive of 24/7 off-site monitoring and full time on-site technicians, and a technology package required to facilitate program oversight. In addition, Sentinel was the only California based provider, located in Irvine, which provides accessibility for problem solving and any emergency services needed by the Sheriff's

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

Department. Pricing from the lowest competing vendor is estimated to be significantly higher than Sentinel when the aforementioned options are included.

Currently the Sheriff's Department has the service contract with Sentinel Offender Services, which was awarded from RFP# SHARC-161. This contract will expire on December 31, 2016. Although the Department has the option to contract with another vendor, switching vendors would cause a lapse or degeneration of service. The transitional period would likely increase the Sheriff's Department's operational costs in salary and benefit as personnel time would be necessary to coordinate with participants in the program to obtain new devices. In addition, the Sheriff's Department would incur the cost of an on-site technician, the training cost for the new equipment, as well as the cost of software migration to combine data on the new system. The fiscal impact of the new proposal remains constant as Sentinel Offender Services proposed to continue with the scope of service and rate structure of the existing contract.
