BACKGROUND:

Summary

In 2010, the County of Riverside (County) entered into a Communications Site Lease Agreement with STC One LLC, A Delaware limited liability company, by Global Signal Acquisitions II LLC, a Delaware limited liability company, its Attorney in Fact (Lessee) for the purpose of maintaining and operating a communications facility, including tower structures, antennas, equipment, any related improvements and structures, equipment shelters, cabinets, meter boards, utilities, and incidental uses.

The current lease will expire December 31, 2019. The proposed New Lease Agreement will amend and restate the prior lease by deleting it in its entirety and replacing it with the terms and conditions set forth on the proposed lease. The New Communication Site Lease commences on January 1, 2017 and will expire on December 31, 2021. The Lessee will also be granted six options to extend the term, by five years each. At the commencement of the New Lease Agreement, the rent shall increase from \$2,640.20 to \$3,000.00. The EDA Real Estate Division consents to the continuous occupancy of Sprint, Verizon, and Metro PCS the subtenants at the facility.

The attached Amended and Restated Communication Site Lease has been reviewed and determined to be categorically exempt from the California Environmental Quality Act (CEQA) pursuant to State CEQA Guidelines Section 15061(b) (3) and Section 15301 Class 1, Existing Facility, as it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment. The County's approval of the activity does not create any reasonably foreseeable physical change to the environment for this transaction.

Lessee's exercise of such rights shall not cause undue inconvenience to County.

(d) County shall maintain all access roadways from the nearest public roadway to the Premises in a manner sufficient to allow reasonable access. (b) If Lessee refuses or neglects to repair, replace, or maintain the Premises, or any part thereof, County shall have the right, upon giving Lessee reasonable written notice of its election to do so, to make such repairs or perform such maintenance or maintenance on behalf of and for the account of Lessee. If County makes or causes any such repairs to be made or performed, as provided for herein, Lessee shall pay the cost thereof to County, as additional rent, promptly upon receipt of an invoice together with reasonable evidence of the cost therefore.

7. Interference with Communications.

(a) Lessee agrees not to cause interference to the radio frequency communication operations of County, County's tenants, or anyone holding an agreement with County to operate on the Property, so long as equipment utilized in such operations is installed prior to the execution of the Original Lease.

(b) After the execution of this Lease, County shall not install or modify, or permit the installation or modification of, any equipment such that it will interfere with or restrict the operations of Lessee. Such interference shall be deemed a material breach of this Lease by County. Should County

have knowledge of any interference (actual or contemplated) or should any such interference occur, County shall promptly take all necessary action, at no cost to Lessee, to eliminate the cause of said interference, including, if necessary, removing, or causing any tenant to remove, equipment creating said interference.

(c) Lessee shall operate its facilities in compliance with all Federal Communications Commission (FCC) regulations.

8. Taxes. If personal property taxes are assessed, Lessee shall pay any portion of such taxes directly attributable to Lessee's Facilities. Lessee acknowledges that this Lease may create a possessory interest subject to property taxation, and further agrees to pay any such obligation during the Term. The Property is, and shall remain, tax exempt so long as County of Riverside remains the owner of the Property.

9. Termination.

(a) This Lease, in addition to any other remedies which may be pursued in law or in equity, may be terminated by either party upon a material default of any covenant, condition, or term hereof by the other party, which default is not cured within sixty (60) days of receipt of written notice of default, provided, both County and Lessee shall have such extended period as may be required beyond the sixty (60) days if the nature of the cure is such that it reasonably requires more than sixty (60) days and the cure commences within the sixty (60) day period and thereafter continuously and diligently pursues the cure to completion.

(b) This Lease may also be terminated by Lessee without further liability on thirty (30) days prior written notice (i) if Lessee is unable to reasonably obtain or maintain any certificate, license, permit, authority or approval from any governmental authority, thus, restricting Lessee from installing, removing, replacing, maintaining or operating Lessee's Facilities or using the Premises in the manner described in Paragraph 2 above; or (ii) if Lessee determines that the Premises are not appropriate for its operations for economic, environmental or technological reasons, including without limitation, signal strength, coverage or interference.

10. Destruction of Premises. If the Premises or the Lessee's Facilities are destroyed or damaged, in Lessee's judgment, to the extent that the Premises or Lessee's Facilities are unusable by Lessee for uses consistent with Lessee's existing use immediately preceding such damage or destruction, County shall make available to Lessee within a reasonable amount of time a temporary site on the Property; provided such temporary site is available, is reasonably practicable and is reasonably acceptable to Lessee. Lessee may construct, operate, and maintain substitute Lessee's Facilities thereon until Lessee's Facilities are fully restored and operational on the Premises. In the event a temporary site is not available and Lessee is unable to operate Lessee's Facilities on the Property for uses consistent with Lessee's existing use immediately preceding such damage or destruction, rent shall abate in full until such time Lessee Facilities are fully restored and operational on the Premises. Alternatively, Lessee may elect to terminate this Lease as of the date of the damage or destruction by notifying County in writing within 30 days following the date that the parties have determined, in good faith, whether or not a reasonably practical and acceptable temporary site is available.

11. Condemnation. If County receives notice of a proposed taking by eminent domain of any party of the Premises or the easements, County will notify Lessee of the proposed taking within five (5) days of receiving said notice and Lessee will have the option to: (i) declare this Lease null and void and thereafter neither party will have any liability or obligation hereunder; or (ii) remain in possession of that portion of the Premises and easements that will not be taken, in which event there shall be an equitable adjustment in rent on account of the portion of the Premises and easements so taken. With either option Lessee shall have the right to contest the taking and directly pursue an award.

12. Insurance. Without limiting or diminishing Lessee's obligation to indemnify or hold the COUNTY harmless, Lessee shall procure and maintain or cause to be maintained, at its sole cost and

NOTICE OF EXEMPTION

November 3, 2016

Project Name: County of Riverside, Economic Development Agency (EDA) Amended and Restated Communication Site Ground Lease Agreement, Sun City Fire Station #7, Riverside County

Project Number: FM0473643000300

Project Location: 27680 Bradley Road, north of McCall Boulevard; Menifee, California; Assessor's Parcel Number (APN) 335-202-002 (See Attached Exhibit)

Description of Project: The County of Riverside (County) entered into a Communications Site Lease Agreement with STC One LLC, A Delaware limited liability company, by Global Signal Acquisitions II LLC, a Delaware limited liability company, its Attorney in Fact ("Lessee") for the purpose of maintaining and operating a communications facility, including tower structures, antennas, equipment, any related improvements and structures, equipment shelters, cabinets, meter boards, utilities, and incidental uses. The current lease will expire on December 31, 2019. The proposed new Lease Agreement will amend and restate the prior lease by deleting it in its entirety and replacing it with the terms and conditions set forth in the proposed lease agreement, which is identified as the proposed Project under the California Environmental Quality Act (CEA). The term of the proposed Lease Agreement will be five years and will commence on January 1, 2017 and will expire on December 31, 2021. The Lessee will be granted six options to extend the term by five years each. The use of the site under the new Lease Agreement would occur in the same manner as with the existing use. The operation of the facility will continue to provide communications services and will not result in a change or a substantial expansion of existing use. No additional direct or indirect physical environmental impacts are anticipated.

Name of Public Agency Approving Project: County of Riverside, Economic Development Agency

Name of Person or Agency Carrying Out Project: County of Riverside, Economic Development Agency, STC One LLC, by Global Signal Acquisitions II LLC

Exempt Status: State CEQA Guidelines, Section 15301, Class 1, Existing Facilities Exemption; Section 15061(b) (3), General Rule or "Common Sense" Exemption, Codified under Title 14, Articles 5 and 19, Sections 15061 and 15300 to 15301.

Reasons Why Project is Exempt: The proposed Project is categorically exempt from the provisions of CEQA specifically by the State CEQA Guidelines as identified below. The Project will not result in any specific or general exceptions to the use of the categorical exemption as detailed under State CEQA Guidelines Section 15300.2. The Project will not cause an impact to an environmental resource of hazardous or critical concern nor would the Project include a reasonable possibility of having a significant effect on the environment due to unusual circumstances. The Project would not result in impacts to scenic highways, hazardous waste sites, historic resources, or other sensitive natural environments, or have a cumulative effect to the environment. No significant environmental impacts are anticipated to occur with the Lease, which includes the maintenance and operation of communication services.

- **Section 15301 – Class 1 Existing Facilities Exemption:** This categorical exemption includes the operation, repair, maintenance, leasing, or minor alteration of existing public or private structures or facilities, provided the exemption only involves negligible or no expansion of the previous site's use. The Project, as proposed, is limited to the Ground Lease that includes operation and maintenance of communication services on approximately 1,616 square feet of County-owned property. The use of the site would continue in the same manner as under the current lease and would be limited to an extension in term. The Project would not necessitate additional infrastructure or public services to serve the site; therefore, the Project is exempt as the Project meets the scope and intent of the Class 1 Exemption identified in Section 15301, Article 19, Categorical Exemptions of the CEQA Guidelines.
- **Section 15061 (b) (3) – “Common Sense” Exemption:** In accordance with CEQA, the use of the Common Sense Exemption is based on the “general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment.” State CEQA Guidelines, Section 15061(b) (3). The use of this exemption is appropriate if “it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.” *Ibid*. This determination is an issue of fact and if sufficient evidence exists in the record that the activity cannot have a significant effect on the environment, then the exemption applies and no further evaluation under CEQA is required. See *No Oil, Inc. v. City of Los Angeles* (1974) 13 Cal. 3d 68. The ruling in this case stated that if a project falls within a category exempt by administrative regulation or 'it can be seen with certainty that the activity in question will not have a significant effect on the environment', no further agency evaluation is required. With certainty, there is no possibility that the Project may have a significant effect on the environment. The proposed Amended and Restated Ground Lease will not result in any direct or indirect physical environmental impacts. The use and operation of the facility will be substantially similar to the existing use and will not create any new environmental impacts to the surrounding area. No alterations and no impacts beyond the ongoing, existing use of the site would occur. Therefore, in no way, would the Project as proposed have the potential to cause a significant environmental impact and the Project is exempt from further CEQA analysis.

Based upon the identified exemptions above, the County of Riverside, Economic Development Agency hereby concludes that no physical environmental impacts are anticipated to occur and the Project as proposed is exempt under CEQA. No further environmental analysis is warranted.
