## INDEPENDENT AUDITORS' REPORT

### Report on the Financial Statements

We have audited the accompanying financial statements of business-type activities of the Housing Authority of the County of Riverside as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Housing Authority of the County of Riverside, as of June 30, 2016, and the respective change in financial position and cash flows thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

## INDEPENDENT AUDITORS' REPORT (CONTINUED)

### **Other Matters**

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of changes in net pension liability and related ratios, and schedule of pension contributions as list in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Housing Authority of the County of Riverside's financial statements. The combining statement of net position – all programs and combining statement of revenues, expenses and changes in fund net position – all programs are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining statement of net position – all programs and combining statement of revenues, expenses and changes in fund net position – all programs are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain other procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statement of net position – all programs and combining statement of revenues, expenses and changes in fund net position – all programs are fairly stated in all material respects in relation to the financial statements as a whole.

#### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated November 7, 2016, on our consideration of the Housing Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Housing Authority of the County of Riverside's internal control over financial reporting and compliance.

## **MANAGEMENT'S DISCUSSION & ANALYSIS**

The purpose of this Management's Discussion and Analysis (MD&A) is to provide a narrative overview, financial highlights and analyses of the audited annual financial statements of the Housing Authority of the County of Riverside (the "Housing Authority"). This MD&A section is required by the provisions of the Governmental Accounting Standards Board (GASB) Statement 34, and is presented in conjunction with the accompanying Basic Financial Statements.

The financial statements are reported based on a twelve-month fiscal year, which starts on July 1 of one calendar year and ends on June 30 of the next calendar year; the fiscal year is named by the calendar year in which the fiscal year ends. Therefore, the basic annual financial statements presented in this report are for Fiscal Year 2016, which started July 1, 2015 and ended June 30, 2016.

### **THE PURPOSE OF THE HOUSING AUTHORITY**

The Housing Authority of the County of Riverside (Housing Authority) was established in 1942 under the U.S. Housing Act of 1937 and the State of California Housing Authority Law of 1938. The Housing Authority is a government agency which is chartered by the State of California to administer the development, rehabilitation or financing of affordable housing programs. The area of jurisdiction of the Housing Authority is the entire County of Riverside. Permanent operational offices are maintained in the cities of Riverside and Indio to facilitate the provision of services.

The primary mission of the Housing Authority is to assist low and moderate income families, including elderly and disabled persons, by operating programs which provide them decent, safe and sanitary housing at affordable costs.

### **FINANCIAL HIGHLIGHTS**

The Housing Authority ended the fiscal year of operations with assets of \$164.3 million; deferred outflows of resources of \$2.7 million; liabilities of \$21.6 million; deferred inflows of resources of \$2.2 million; and net position of \$143.2 million, which consisted of \$4.8 million invested in land, buildings and equipment; \$1.9 million in restricted assets; and \$136.5 million in unrestricted assets.

The ending net position of \$143.2 million represents a decrease in assets of \$2.9 million from the prior fiscal year, which resulted from operating revenues of \$87.1 million, operating expenses of \$88.2 million, loss from non-operating revenues of \$2.1 million and prior period adjustments of \$.3 million.

These financial highlights are detailed further in the **Presentation of Condensed Financial Information With Analysis of Overall Financial Position**, as shown on page v.

### **OVERVIEW OF THE BASIC FINANCIAL STATEMENTS**

The Housing Authority is a special purpose government agency and is a blended component unit of the County of Riverside. The Housing Authority conducts its financial operations in a business-type approach and is defined as a governmental enterprise fund by GASB. Therefore, the Housing Authority is required to present its financial statements in the format of enterprise fund financial statements.

As a blended component unit of a larger governmental body, the Housing Authority provides its financial statements to the County of Riverside, which includes the Housing Authority's financial information in the County's Comprehensive Annual Financial Report (CAFR). Accordingly, the Housing Authority does not issue its own financial statements in the format of government wide statements.

As the major funding source for housing authorities, the U.S. Department of Housing and Urban Development (HUD) established financial reporting requirements and guidelines for presenting the annual basic financial statements. HUD's preference is for housing authorities to report all of their activities in single column format and, if necessary, present combining financial statements to reflect the activity of individual funds. The Housing Authority implemented this approach in Fiscal Year 1999 when it converted its accounting system to Generally Accepted Accounting Principles (GAAP) and continues with the same financial statement presentations in the current fiscal year. Therefore, the Housing Authority's basic financial statements show one enterprise fund, while the combining financial statements are included as supplementary financial information.

For internal tracking and control, the Housing Authority maintains separate funds in its general ledger for all of its multiple enterprise programs, but has combined all of these various programs into three major programs for financial reporting purposes. These three major programs are identified as Authority Funds, HUD Public Housing Funds, and HUD Section 8 Funds. While detailed fund information is not presented in the annual basic financial statements, separate accounts are maintained for each fund and sub-fund to control and manage money for particular purposes and to ensure that the Housing Authority is properly using specific appropriations and grants.

The *enterprise fund financial statements* consist of three documents:

- 1) Statement of Net Position
- 2) Statement of Revenues, Expenses and Changes in Fund Net Position
- 3) Statement of Cash Flows

The *Statement of Net Position* presents information on all of the Housing Authority's assets, deferred inflows of resources, liabilities, and deferred outflows of resources with the difference being reported as net position. The Statement of Net Position replaces the Statement of Net Assets.

The *Statement of Revenues, Expenses and Changes in Fund Net Position* presents information showing how the Housing Authority's net position changed during the fiscal year. All changes in net position are reported in the proprietary (enterprise) fund financial statements based on full accrual of revenues and expenses, regardless of the timing of cash flows. As a result, the accrual of revenues and expenses as reported in this statement would affect cash flow in future fiscal periods. Revenues, whether received or not, are properly recorded in the fiscal period in which they are earned; expenses, whether paid out or not, are properly recorded in the fiscal period in which the related debt obligation is incurred.

The *Statement of Cash Flows* presents information on cash flows from operating activities, capital and related financing activities, and investing activities. The accrual of revenues and expenses from prior fiscal years would affect the cash flow in the current fiscal period. The proprietary (enterprise) fund financial statements are on pages 3-5 of this report.

The *notes to the financial statements* provide additional information that is essential to a full understanding of the data provided by this agency in the proprietary (enterprise) fund financial statements. The notes to the financial statements are on pages 6-30 of this report.

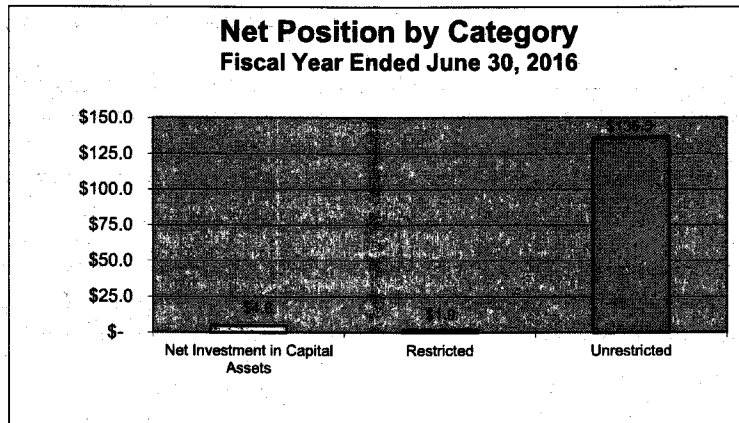

## **PRESENTATION OF CONDENSED FINANCIAL INFORMATION WITH ANALYSIS OF OVERALL FINANCIAL POSITION**

### *Statement of Net Position*

Restricted	1,859,189	1,100,506
Unrestricted	136,547,348	136,243,755
<b>Total Net Position</b>	<b>\$ 143,218,851</b>	<b>\$ 145,715,174</b>

(in thousands)

As previously illustrated by the Statement of Net Position, the Housing Authority ended the fiscal year of operations with assets of \$164.3 million; deferred outflows of resources of \$2.7 million; liabilities of \$21.6 million; and deferred inflows of resources of \$2.2 million resulting in a net position of \$143.2 million. This net position consists of \$4.8 million (3%) net investment in capital assets such as land, buildings and equipment, net of related debt; \$1.9 million (1%) in restricted assets; and \$136.5 million (96%) in unrestricted assets.

The ending net position of \$143.2 million represents a decrease in net position of \$2.5 million from the prior fiscal year's ending net position of \$145.7 million.

Total net investment in capital assets (\$4.8 million) is reported as net of related debt as per GASB requirements, but the capital assets themselves are not the source to pay for any related debt liabilities; instead, the resources to repay such debt come from operating revenues.

The restricted net position (\$1.9 million) is reported separately to show legal constraints from debt covenants and program restrictions that limit the Housing Authority's ability to use this for day-to-day operations.

The unrestricted net position (\$136.5 million) while designated as not having legal or program restrictions include \$39.5 million in capital assets that would either be sold or developed to meet the Housing Authority's mission to increase affordable housing projects within Riverside County and \$88 million of Notes Receivables that are deferred for as long as 20-50 years or converted into grants pending completion of project developments. Therefore, \$9 million (7%) of unrestricted net position is available as working capital for day-to-day operations.

As shown by the Statement of Revenues, Expenses and Changes in Fund Net Position, the Housing Authority's net position decreased by \$2.9 million from the prior fiscal year, which is attributed to the following:

- To meet its mission of generating more affordable housing units in Riverside County, the Housing Authority sold its Tierra Bonita Subdivision of 39 separate parcels to a developer, Coachella Valley Housing Commission (CVHC). The land was valued at \$3,000,000 and was sold for \$1; therefore a total of \$2,999,999 plus miscellaneous fees of \$327.50 was recorded as a loss in the books.
- A loss of \$7,083 was generated from the sale of Geordie Way property. NSP Funds were not sufficient to cover the cost of the rehabilitation.
- The Extraordinary Net Gain of 204,837 and decrease in expenses, specifically Maintenance & Operation and Public Assistance, offset the losses from land sales.

### ANALYSIS OF SIGNIFICANT BUDGET VARIANCES

The Housing Authority's fiscal department works closely with the other departments to monitor the annual operating budget throughout the fiscal year in order to avoid over expenditure of available funds. Monthly and quarterly financial documents are prepared to assist in this process.

#### Comparison of Original Budget and Final Budget

Overall, the original operating budget of \$97.8 million remained the same from the Original Budget to the Final Budget, as illustrated below.

**Significant differences between Actuals and Final Budget:**

- **Grants Revenues:**
  - Budgeted Grant funding was not realized due to the unforeseen reduction of Federal funding for the Section 8 and Public Housing Programs. HUD has not been able to bring the budget for public assistance and administrative fees back to the maximum requirement to run the programs efficiently.
  - Capital Grant 50115 was not available for draw down until the following fiscal year due to the Housing Authority's participation in HUD's Rental Assistance Demonstration Program.
  - Several Grant Program funds were structured as cost-reimbursement. Due to delay in the process of renewing the grants, the Housing Authority was not reimbursed until the following fiscal year. These programs include HOPWA with the City of Riverside; and Continuum of Care and Cal Works with DPSS. In addition, the Tenant-Based Rental Program's funding did not materialize until the following fiscal year.
- **Other Revenues:**
  - Most of the budgeted Bond Proceeds and Low Income Housing Fund were set aside for projects needing approval from the Department of Finance and from the Board of Commissioners. Approvals and developments are expected to occur in the next fiscal year.

- **Operating Expenses:**
  - Although Maintenance & Operation and General Expenses were higher than budgeted due to unforeseen rehabilitation of new affordable projects, Public Assistance expenses were underspent as federal funding for the Public Housing Program and Section 8 Programs were less than projected.
  - Depreciation expense was included in the Actuals, but excluded from the Final Budget.
- The Extraordinary Loss resulted from the sale of the Tierra Bonita Subdivision for \$1 to the Coachella Valley Housing Coalition as part of a Disposition and Development Agreement to develop and construct 39 single family homes to be sold to and occupied by low income first time homebuyers for an affordable purchase price.

## **CAPITAL ASSET AND DEBT ADMINISTRATION**

### **Capital Assets**

Overall, at June 30, 2016, the Housing Authority's investment in capital assets, consisting of land, buildings, furniture, and equipment is reported at its net value of \$11.6 million, which is the acquisition cost of \$47.7 million less accumulated depreciation of \$36.1 million. This year, changes in capital assets included the sale of land; completion of capital projects for the Public Housing Program; purchase of two (2) vehicles and conference room equipment; and renewal of capitalized software costs.

### **Capital Fund Program**

HUD's Capital Fund program provides an annual formula grant to the Housing Authority for major repairs and modernization of HUD affordable housing in the cities of Banning, Beaumont, Desert Hot Springs, Indio, Lake Elsinore, Mecca, Moreno Valley, Perris, Riverside, San Jacinto and Thermal. More detailed information pertaining to capital assets is presented in the notes to the financial statements (Page 15, Note 4).

### **Long-Term Debt**

At the end of the current fiscal year, the Housing Authority had long-term bonds outstanding with a book value of \$565 thousand. Principal and interest payments continue to reduce the total debt outstanding. More detailed information pertaining to long-term debt is presented in the notes to the financial statements (Pages 21-22, Note 6).

## **CURRENTLY KNOWN FACTS: ECONOMIC FACTORS**

The Public Housing Program continued to be underfunded in Fiscal Year 2015-2016, with additional budget cuts to the Capital Fund Program that provides the funding source for the modernization of public housing units. Consequently, the Housing Authority participated in HUD's Rental Assistance Program (RAD) and was successful in transferring its Public Housing stock to its non-profit arm, the Riverside Community Housing Corp. Through RAD, the Housing Authority will experience more stable funding through a Project-Based Section 8 platform that would provide better resources to improve living conditions of residents and offer a choice-mobility option to residents after a one-year tenancy.

The funding formula for the Section 8 Program was based on requirements set forth in the "Consolidated Appropriations Act, 2016" Public Law 114-113, enacted on December 18, 2015. This 2016 act established a new baseline of HAP funding at a capping percentage of 100%.

# HOUSING AUTHORITY OF THE COUNTY OF RIVERSIDE

## NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2016

---

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### *Introduction*

The financial statements of Housing Authority of the County of Riverside (the "Authority") have been prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is the standard-setting body for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The Authority has previously implemented GASB Statement 34, *Basic Financial Statements – and Management's Discussion and Analysis-for State and Local Governments*. Certain significant changes in the statements are as follows: The financial statements will include a Management's Discussion and Analysis (MD&A) section providing an analysis of the Authority's overall financial position and results of operations.

Housing Authority of the County of Riverside is a special-purpose government engaged only in business-type activities and, therefore, presents only the financial statements required for proprietary (enterprise funds), in accordance with GASB Statement 34, paragraph 138 and GASB 63. For these governments, basic financial statements and required supplemental information consist of:

- Management Discussion and Analysis (MD&A)
- Enterprise fund financial statements consisting of:
  - Statement of Net Position
  - Statement of Revenues, Expenses & Changes in Net Position
  - Statement of Cash Flows
- Notes to Financial Statements
- Required supplemental information other than MD&A

Under the United States Housing Act of 1937, as amended, the U.S. Department of Housing and Urban Development (HUD) has direct responsibility for administering low income housing programs in the United States. Accordingly, HUD has contracted with the Authority to administer certain HUD funds.

#### A. Reporting Entity

GASB established criteria for determining the governmental reporting entity's status as either a primary government or component unit of a primary government. Under provisions of this statement, Housing Authority of the County of Riverside is considered a component unit of the County of Riverside (the "County"), although it is a legally separate special-purpose government, it does not have a separately elected governing body from that of the County and is not fiscally independent of other state and local governments. Fiscally independent means that the Authority may, without the approval or consent of another governmental entity, determine or modify its own budget, control collection and disbursements of funds, maintain responsibility for funding deficits and operating deficiencies, and issue bonded debt.

The main programs of the Authority are as follows:

- a. *Housing Choice Vouchers Program*- Designed to aid very low-income families in obtaining decent, safe, and sanitary rental housing. The Authority administers contracts with independent land-lords that own property and rent that property to families that have applied for housing assistance through the Authority. The Authority subsidizes the family's rent through a Housing Assistance Payment made to the landlord. The program is administered under an Annual Contributions Contract (ACC) with HUD. HUD provides Annual Contributions Funding to enable the Authority to structure a lease that sets the participants' rent at 30% of household income. (9,142 vouchers)

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**FOR THE YEAR ENDED JUNE 30, 2016**

---

- b. *Low Rent Public Housing Program* – Under the Conventional Public Housing Program, Crossville Housing Authority operated under an Annual Contributions Contract (ACC) with HUD, and HUD provides and operating subsidy to enable the Authority to provide the housing at a rent that is based upon 30% of household income. (469 units)
- c. *Other Authority Programs* – The Authority operates several other programs that assist or enhance the above programs. (94 units)

GASB establish criteria for determining which, if any, component units should be considered part of Housing Authority of the County of Riverside for financial reporting purposes. The basic criteria for including a potential component unit organization within the Authority's reporting entity includes whether:

- The organization is legally separate (can be sued in their own name)
- The Housing Authority holds the corporate powers of the organization
- The Housing Authority appoints a voting majority of the organization's board
- The Housing Authority is able to impose its will on the organization
- The organization has the potential to impose a financial burden/benefit on the Housing Authority
- There is a fiscal dependency by the organization on the Housing Authority

Based on the aforementioned criteria, and the control and relationship between Housing Authority of the County of Riverside and the component units, the Authority has determined that the following entities are considered blended component units of Housing Authority of the County of Riverside and are required to be blended within the Authority's financial statements:

*Riverside Community Housing Corp.*- The Corporation is a 501(c) (3) tax exempt not for profit corporation, organized to assist low and moderate income families with housing needs. This assistance may include but not be limited to development housing for rental or home ownership, providing assistance with homeownership through down payment assistance grants and owner occupied housing rehabilitation grants or loans. This entity is considered to be a blended component unit. There are separately issued audited financial statements which can be obtained from the Authority staff at the Authority's office.

**B. Basic Financial Statements/Funds**

All activities of Housing Authority of the County of Riverside are reported in proprietary fund types. The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. Enterprise funds are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is secured by the Authority's capital assets and by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designed to recover similar costs.

In the Statement of Net Position, equity is classified as net position and displayed in three components:

- a) *Net Investment in capital assets* – Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balance of any notes or other borrowings attributable to those capital assets.

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**FOR THE YEAR ENDED JUNE 30, 2016**

---

- b) Restricted net position – Consists of assets with constraints placed on the use either by external groups, such as grantors or laws and regulations of other governments, or law through constitutional provisions or enabling legislation.
- c) Unrestricted net position – All other assets that do not meet the definition of “restricted” or “net investment in capital assets”.

When both restricted and unrestricted net positions are available for use, generally it is the Authority’s policy to use restricted resources first.

C. Accrual Basis of Accounting

Basis of accounting refers to the point at which revenues or expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Proprietary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

D. Budgetary Data

Enterprise fund service delivery levels are determined by the extent of consumer demand. Because enterprise fund revenues and expenses fluctuate with changing service delivery levels, generally accepted accounting principles do not require the financial statements to include budgetary comparisons and, accordingly, these comparisons have not been included.

Budgets are prepared for regulatory purposes in accordance with Housing Authority of the County of Riverside’s contract with HUD. The Authority prepares annual budgets for each program. Prior to the beginning of each budget year, the Authority’s annual budget is approved by its governing body. Budgetary amendments require approval by the governing body. All budgetary appropriations lapse at the end of each year. Budgets for Capital Fund Programs are approved in the Authority’s 5-year and annual plans.

E. Financial Statement Accounts & Other Accounting Matters

**Revenues.** All Housing Authority of the County of Riverside revenues are accrued. These revenues consist of user charges for rents, utilities, repairs and other miscellaneous charges. Monies received from customers for security deposits are recorded as a liability upon receipt. Subsidies and grants, which finance current operations, are reported as operating revenues. Subsidies and grants, which finance capital operations, gain/loss on sale of fixed assets, and interest income/expense, are reported as non-operating revenues.

Revenues for government-mandated and voluntary exchange transactions, are recorded when all applicable eligibility requirements, including time requirements, are met. Resources received before all eligibility requirements are met are reported as deferred inflows of resources or unearned revenues.

In accordance with GASB standards, for the fiscal year ended June 30, 2016, dwelling income and other rental related fees of \$1,900,873 has been netted with bad debt expense of \$(52,573).

**Expenditures.** Expenditures are recognized when the liability is incurred. Inventory costs are reported in the period when inventory items are purchased due to triviality of inventory balances.

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
FOR THE YEAR ENDED JUNE 30, 2016**

**Cash and Equivalents, and Investments.**

- a. Cash and Equivalents. The Authority defines cash to include certificates of deposit, money market funds, savings accounts, demand deposits, and other short term securities with original maturities of three months or less; consequently, the cost, carrying value, and market value are equivalent.
- b. Investments. Investments, if any, would be carried at fair market value, except for U.S. Treasury Bills, which would be canceled at amortized cost.

All deposits of the Authority are made in board designated official depositories and are secured by HUD regulations. The annual contribution contract authorizes the Authority to invest in the following types of securities:

- 1. Obligations of the Federal Government which are backed by the full faith and credit of the Federal Government.
- 2. Obligations of any agency or instrumentality of the Federal Government if the payment of interest and principal on such obligations is fully guaranteed by the Federal Government.
- 3. Obligations of the Federal Intermediate Credit Banks, the Federal Home Loan Banks, the Federal National Mortgage Association, the Bank for Cooperatives, and the Federal Land Banks which mature no later than 18 months after the date of purchase.

During the fiscal year and at year end, all cash was held in the form of interest bearing accounts. The deposits and the above described investments with an original maturity of 90 days or less are considered cash and cash equivalents for the Statement of Cash Flows.

**Restricted Cash.** Restricted cash consists of cash set aside by HUD for the Housing Choice Voucher Program, cash and investments that are held in trust, reserves and escrows, as well as other cash and investments that are restricted for specific purposes.

**Accounts Receivable.** Accounts receivable consists of all amounts earned at year end and not yet received. Allowances for uncollectible accounts are based upon historical trends and periodic aging of accounts receivable.

**Capital Assets.** Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation of exhaustible capital assets is charged as an expense against operations utilizing the straight-line method. Accumulated depreciation is reported on the Statement of Fund Net Position. The estimated useful lives for each major class of depreciable fixed assets are as follows:

Asset Class	Estimated Lives
Buildings and Improvements	10-25
Equipment	5-15

**Compensated Absences.** Compensated absences are absences for which employees will be paid, i.e., vacation and other approved leaves, with the exception of those employees that are terminated on grounds of gross misconduct. The Authority accrues the liability for those absences for which the employee has earned the rights to the benefits. Accrued amounts are based on the current salary rates. Permanent Authority employees earn from 10 to 20 vacation days a year, depending upon their length of employment, and 13 sick days a year. Employees can carry forward up to the equivalent number of vacation days earned in the immediately preceding thirty-six month period and an unlimited number of unused sick leave days.

Upon termination or retirement, permanent employees are entitled to receive compensation at their current base salary for all unused vacation leave. If an employee retires, the employee is entitled to a portion of accumulated sick leave hours. In no event, however, shall the total payment exceed a sum equal to 960 hours. It is the policy of the Authority to reflect the employee vacation leave benefits liability in the financial statements, and an estimated portion of the sick leave liability.

**Use of Estimates.** The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Tenant Security Deposits.** Security deposits consist of amounts held in trust with Housing Authority of the County of Riverside in order for tenants to secure apartment leases.

**Unearned Revenue.** Unearned revenues, if any, consist of rental payments made by tenants in advance of their due date, and rental supplements to be paid to owners of private dwellings during the first month of the next fiscal year as well as grant advances that are only subject to performance milestones in order to recognize revenues.

**Deferred Inflows/Outflows of Resources.** In accordance with GASB 63, in addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The Authority had deferred outflows of resources consisting of pension amounts detailed in **Note 10** of \$2,542,139 and defeasance of debt of \$138,875. The defeasance balance is systematically amortized over the remaining life of the old debt. The amortization is recognized as a component of interest expense. The balance as of June 30, 2016 was \$2,681,014.

Also, in addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The Authority deferred inflows of resources consist of pension activity with more detail provide in **Note 10**. The balance as of June 30, 2016 was \$2,224,767.

**Pensions.** For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County Employees Pension Plans (CEPP) and additions to/deductions from CEPP's fiduciary net position have been determined on the same basis as they are reported by the California Public Employee's Retirement System (CalPERS) Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Depreciation.** Depreciation expense of \$1,265,249 has been recognized during the year ended June 30, 2016.

**Leasing Activities.** The Authority is the lessor of dwelling units to eligible residents. The rents under the leases are determined generally by the residents' income as adjusted for eligible deductions regulated by HUD, although the residents may opt for a flat rent. Leases may be cancelled at any time or renewed annually. The Authority may cancel the leases only for a cause. Revenues associated with these leases are recorded in the accompanying financial statements and related schedules within dwelling rent revenue.

**Impact of Recently Issued Accounting Standard.**

**GASB 70 Accounting and Financial Reporting For Nonexchange Financial Guarantees.** The Housing Authority did not extend financial guarantees for obligations of another government, a non-profit agency, or a private entity. Therefore, this Statement does not apply.

**GASB 72 Fair Value Measurement and Application.** This Statement pertains to accounting and financial reporting issues associated with fair value "measurement." The Housing Authority has continually valued its assets and liabilities at fair value.

**Subsequent Events.** Housing Authority of the County of Riverside adopted the Subsequent Events topic of the GASB Accounting Standards, which requires disclosure of the date through which subsequent events have been evaluated. Management performed an evaluation of the Authority's activity through November 7, 2016, the audit report date, and has concluded that the following pertinent information should be disclosed.

The Housing Authority is currently working on applications to take part in the Rental Assistance Demonstration Program (RAD), which is a voluntary program of the Department of Housing and Urban Development (HUD). RAD seeks to preserve public housing by providing Public Housing Agencies, such as the Housing Authority, with access to more stable funding to make needed improvements to properties. RAD provides a way to rehabilitate, or repair, units without depending on additional money from the public sector.

The Housing Authority currently owns and operates 469 units of affordable housing within the County of Riverside. Funding to maintain these units is derived from the Public Housing Program. The Public Housing Program has continued to be underfunded through the years with additional budget cuts to the Capital Fund Program that provides the income source for the modernization of public housing units. This dilemma has forced the Housing Authority to make tough choices between maximizing the funding for repairs or focusing on preventive maintenance. Therefore, the RAD would provide an opportunity for the Housing Authority to convert projects funded under the Public Housing Program to long-term, project-based Section 8 rental assistance contracts, through the Project-Based Voucher component of the RAD.

The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure such deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

The funds were also used to acquire and rehabilitate 1 single-family property and rent to a very low-income household. At June 30, 2016 the balance of the loan was \$328.

In 2001-02, the RDA loaned \$800 in low- and moderate-income housing funds to the **Mecca Family Housing Associates**, A California Limited Partnership, to assist in financing the Mecca Family Housing Development. The loan terms provide for payment on demand, or if no demand is made, the loan shall be deferred for a period of 660 months and shall have a maturity date of July 1, 2056. In 2006, an additional \$70 was loaned by RDA. The loan carries a zero percent interest rate. At June 30, 2016 the balance on the loan was \$870.

The RDA made numerous loans as part of the **Home Improvement Program (HIP)** and First Time Home Buyer's Program. Each loan is to be repaid in a single payment upon sale, conveyance, alienation or transfer of the property to other than the present owner of record or surviving joint tenant. The loans bear no interest and the payoff amount is equal to the principal amount plus the proportionate share of the equity in the property. June 30, 2016 the total balance for these loans was \$269.

The RDA purchased the **Date Palm Mobile Home Park** located outside the city limits of Indio in the unincorporated area of the County for the purpose of carrying out its obligation to help eliminate blight and provide safe and decent affordable housing to its residents. The RDA then provided a pre-development loan for expenses related to entitlements for a new 80-unit affordable housing complex with numerous amenities. On June 29, 2010, RDA approved a loan to fill the financing gap related to construction. Other funding sources include a loan from the State of California Department of Housing and Community Development Multifamily Housing Program, and a tax credit equity contribution. The **Mobile Home Tenant Loan (MHTL) Program** was established to improve substandard living conditions of mobile home owners living in un-permitted mobile home parks. The funds were used to purchase a unit that replaced the existing substandard unit, which were installed in a permitted site. As supplement to the MHTL loan, HCD's Joe Serna Jr. Farm Worker Housing Grant Program was utilized to provide a matching source of funds. It is intended that the properties would remain as affordable for a prescribed length of time, and in the event that a property was sold during this time, the Housing Authority has a right of first refusal to purchase the said property at a price agreed to between the parties. This requirement is in effect for 45 years from the date of close of escrow. At June 30, 2016 the total balance on the loans was \$12,521.

**6. REVENUE BONDS PAYABLE**

**Refunding Revenue Bonds 1998 Series A**

On January 27, 1998, the Authority issued \$2,405,000 of Refunding Revenue Bonds, 1998 Series A (Corona Project). The bonds were issued to provide a portion of the funds needed to advance refund \$52,270,000 of outstanding Revenue Bonds, Issue A of 1988. The net proceeds of this bond issue were used, together with \$45,674,896 received from the sale of certain property plus certain reserve and sinking fund monies, to purchase U.S. Government Securities. These securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt services payments on the Revenue Bonds, Issue A of 1988. As a result, the Revenue Bonds, Issue A of 1988, are considered to be defeased and the liability for those bonds has been removed from the Authority Project's statement of net position.

The advance refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$1,388,754. This difference, reported in the accompanying financial statements as a deferred outflow of resources, is being charged to operations through the year 2018 using the straight-line method. The economic gain or loss that resulted from this advance refunding is not available.

The 1998 bonds consist entirely of term bonds of which \$780,000 of the term bonds matured on December 1, 2007 and accrued interest at 6.25%. The remaining \$1,625,000 of term bonds mature on December 1, 2018 and accrue interest at 6.85%. Interest on the bonds is payable semiannually on June 1 and December 1 of each year, commencing June 1, 1998. The bonds maturing December 1, 2007 and December 1, 2018 are subject to mandatory sinking fund redemption beginning on December 1, 1998 in amounts ranging from \$80,000 to \$200,000. The redemption price is equal to the principal amount thereof to be redeemed, without premium, plus accrued interest thereon to the date of redemption.

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
FOR THE YEAR ENDED JUNE 30, 2016**

The bonds are secured by an agreement with the City of Corona, which has pledged to pay \$218,000 to the Housing Authority each year until the bonds are redeemed in their entirety on December 1, 2018. The bond indenture requires the Housing Authority to remit the entire \$218,000 received each year to the bond trustee to pay for the bond's annual debt service payments. The Housing Authority reports the \$218,000 received each year as revenue. MBIA Insurance Corporation has issued a surety bond in lieu of a cash funded reserve. The outstanding balance as of June 30, 2016 before applying the deferred charge was \$565,000.

**8. BOND CONDUIT FINANCING**

The Authority is associated with the issuance of the following tax exempt Mortgage Revenue Bonds (Bonds) that were issued for various development firms. The Bonds are not and will never become general obligations of the issuer but are limited obligations of the issuer and are payable solely from the sources set forth in the indenture. The Bonds and the premium, if any, and interest thereon do not and never shall constitute a debt or an indebtedness or an obligation of the issuer or the State of California (State) or any other political subdivision of the State or a loan of the faith or credit or the taxing power of any of them, within the meaning of any constitutional or statutory provisions, nor shall the Bonds be construed to create any moral obligation on the part of the issuer, the State or any other political subdivision of the State with respect to the payment of the Bonds. The Bonds shall not be payable from the general revenues of the issuer and in no event shall the Bonds be payable out of any funds or properties other than those specifically pledged therefor. **9. ARBITRAGE REBATE TO FEDERAL AGENCY**

The Internal Revenue Code of 1986, Sections 103 and 141 through 150, details the amount of interest earnings an issuer of tax-exempt bonds can earn on the proceeds. The interest earnings rate cannot exceed the yield on the tax-exempt revenue bonds. The issuer is required to rebate to the federal government any excess earnings.

Every fifth year, until the last revenue bond is paid or redeemed, an arbitrage calculation is required and an installment is due. At least ninety percent of the arbitrage calculation is required to be paid at the installment due date.

Since the Housing Authority's 1998 Series A Bond is taxable at the Federal level, it has been deemed that this bond is not subject to arbitration rebate.

**10. PENSION PLAN**

***General Information about the Pension Plan***

*Plan descriptions.* Through the County of Riverside, the Authority contracts with the CalPERS to provide retirement benefits to its employees. CalPERS is a common investment and administrative agent for participating public entities within the State of California. State statutes governed by the Public Employees' Retirement Law (PERL), have established benefit provisions as well as other requirements. The County may select from a variety of optional benefit provisions offered by CalPERS. Upon selecting the benefit provisions and entering into a contractual agreement with CalPERS, the benefit provisions may be adopted through local ordinance. CalPERS issues a comprehensive annual financial report (CAFR) which details its plan assets, liabilities, and plan activity. The County receives an annual actuarial valuation report which summarizes plan assets, liabilities, and employer rates for its plans. Under GASB Statement No. 68, both the County and the Authority are agent multiple-employer defined benefit pension plans due to their pooling composite. Copies of the CalPERS CAFR may be obtained from: California Public Employees' Retirement System, 400 Q Street, P.O. Box 942701, Sacramento, CA 94229-2701.

*Benefits provided.* CalPERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and plan beneficiaries. County of Riverside has three retirement Tiers through the CalPERS. Tier I – Applicable to employees hired prior to 8/23/2012. Formula is 3% at age 60. Tier II – Applicable to employees hired on or after 8/23/2012 through 12/31/2012. Formula is 2% at age 60. Tier III – Applicable to new CalPERS members hired on or after 01/01/2013 as a result of Public Employees' Pension Reform Act of 2013 (PEPRA), new lower retirement benefit formulas, final compensation periods, and contribution requirements were implemented. Formula is 2% at age 62. Listed below is a table with the new retirement options and provision changes.

	Plan	EPMC	Earliest Retirement Ages	PEPRA Comp. Limits	Final Comp.	Effective Date
Tier I	3% at 60	Yes	50	NA	12 Months	NA
Tier II	2% at 60	No	50	NA	36 Months	8/23/2012
Tier III (PEPRA)	2% at 62	No	52	\$117,020	36 Months	1/1/2013

**FOR THE YEAR ENDED JUNE 30, 2016**

*Contributions.* Active plan members in CalPERS may be required to contribute up to 8% of their annual covered salary as specified in the governing Memorandum of Understanding (MOU) or as provided by state statute. The employer contribution rate is established and may be amended by CalPERS. The actuarial methods and assumptions used to establish the employer contribution rate are adopted by the CalPERS Board of Administration. The County and Authority are required to contribute the actuarially determined annual required contributions necessary to fund the plans.

For fiscal year 2015-2016, the employer and employee contribution rates were:

Contribution rates:	<u>County</u>	<u>Members</u>
Tier I	14.5%	8.0%
Tier II	14.5%	7.0%

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

*Allocation of Net Pension Liability and Pension Expense to Individual Plans.* Pools where contribution rates within the pool are based on separate relationships, the proportional allocation should reflect those relationships. The allocation method utilized by CalPERS determines the employer's share by reflecting these relationships through the plans they sponsor within the risk pool. Plan liability and asset-related information are used where available, and proportional allocations of individual plan amounts as of the valuation date are used where not available.

Please refer to the CalPERS Public Agency Cost-Sharing Allocation Methodology Report that can be obtained at CalPERS' website under the GASB 68 section, and see Appendix D of this report for the calculation of the plan's proportionate share of total pension liability.

The plans' proportionate share of risk pool pension expense is developed as the sum of the related proportionate shares of the components of the aggregate pension expense.

The following table shows the Plans' proportionate share of the risk pool collective net pension liability over the measurement period.

	Plan Total Pension Liability [a]	Plan Fiduciary Net Position [b]	Plan Net Pension Liability (Asset) [c] = [a]-[b]
Balance at June 30, 2014	37,216,518	30,950,668	\$ 6,265,850

Total Net Changes	<u>\$ 2,948,175</u>	<u>\$ 1,538,690</u>	<u>\$ 1,409,485</u>

For the measurement period ended June 30, 2015 (the measurement date), the Authority incurred a pension expense/ (income) of \$718,447 (the pension expense for the risk pool for the measurement period is \$105,754,600).

*Actuarial Methods and Assumptions Used to Determine Total Pension Liability.* The June 30, 2014 valuation was rolled forward to determine the June 30, 2015 total pension liability, based on the following actuarial methods and assumptions:

<b>Actuarial Cost Method</b>	Entry Age Normal in accordance with the requirements of GASB 68
<b>Actuarial Assumptions:</b>	
Discount Rate	7.65%
Inflation	2.75%
Salary Increases	Varies by entry Age and Service
Investment Rate of Return (1)	7.65% Net of Pension plan Investment and Administrative Expenses; including Inflation.
<b>Mortality Rate Table</b>	Derived using CalPERS' Membership Dataa for all Funds
<b>Post Retirement Benefit Increase</b>	Contract COLA up to 2.75% until Purchasing Power Protection Allowance Floor on Purchasing Power applies, 2.75% thereafter.

(1) the mortality table used was developed based on CalPERS' specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB.

All other actuarial assumption used in the June 30, 2014 valuation were based on the results of an actuarial experience study for the period from 1997 to 2011, including updates to salary increase, mortality and retirement rates. The Experience Study report can be obtained at CalPERS Website under Forms and Publications.

*Change of Assumptions* The long-term expected rate of return should be determined net of pension plan investment expense but without reduction for pension plan administrative expense. The discount rate of 7.50 percent used for the June 30, 2014 measurement date was net of administrative expense. The discount rate of 7.65 percent used for the June 30, 2015 measurement date is without reduction of pension plan administrative expense.

*Discount rate.* The discount rate used to measure the total pension liability was 7.65 percent. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing of the plans, the tests revealed the assets would not run out. Therefore, the current 7.65 percent discount rate is appropriate and the use of the municipal bond rate calculation is not deemed necessary. The long-term expected discount rate of 7.65 percent is applied to all plans in the Public Employees Retirement Fund. The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained at CalPERS' website under the GASB 68 section.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, staff took into account both short-term and long-term market return expectations as well as the expected pension fund (Public Employees' Retirement Fund) cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

**12. ECONOMIC DEPENDENCY**

The Authority receives approximately 82% of operating funds used for affordable housing activities from the U.S. Department of Housing and Urban Development.

**13. CONTINGENCIES**

**A. Risk Management**

The Authority is exposed to various risk of losses related to torts; theft or damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Claims liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. There were no claims in excess of commercial coverage during the previous three years. These losses include an estimate of claims that have been incurred but not reported. At June 30, 2016, there were no liabilities to be reported.

As of June 30, 2016, the Authority was a participating member of the Housing Authorities Risk Retention Pool (HARRP), a risk-management pool, which provides the following coverage: property; general liability; official's liability; auto liability; employee liability for dishonesty or forgery; and employee liability for theft, disappearance and destruction.

For apartment managers and temporary employees, the Authority is insured for workers compensation claims by California Housing Workers' Compensation Authority (CHWCA) as well as an excess liability policy which provides coverage for claims in excess of the CHWCA policy limits.

For permanent Authority employees who are County employees, the County of Riverside self-insures for workers' compensation.

**B. Government Examinations**

The Authority is subject to possible examinations made by Federal and State authorities who determine compliance with terms, conditions, laws and regulations governing other grants given to the Authority in the current and prior years.

**14. HOUSING AUTHORITY SUCCESSOR AGENCY**

On June 28, 2011, Governor Brown signed AB 1 x 26, the Assembly Bill to dissolve redevelopment agencies throughout the State of California, and AB 1 x 27, the companion bill to allow redevelopment agencies to continue activities after making payment to the state. On December 29, 2011, the California Supreme Court announced its decision to uphold AB 1 x 26 and strike down AB 1 x 27, which eliminated redevelopment agencies.

Pursuant to AB x 26, the County of Riverside Board of Supervisors adopted Resolution No. 2012-35 on January 10, 2012, which designated the Housing Authority of the County Riverside as the Successor Agency for the redevelopment housing functions. On the same date, the Housing Authority accepted, via adoption of Resolution 2012-001, the responsibility of performing all activities as the successor to the redevelopment housing functions. On February 1, 2012 all California redevelopment agencies were eliminated and the Housing Authority assumed all the former redevelopment housing functions previously performed by the redevelopment Agency for the County of Riverside including all rights, powers, assets, liabilities, duties, and obligations associated with the housing activities.

On July 3, 2012 the Board of commissioners adopted Resolution 2012-005 authorizing the Housing Authority to accept any and all assets, liabilities, duties, loans, leases, and obligations associated with the housing activities of the former Redevelopment Agency for the County of Riverside upon approval by the Oversight Board.

On July 17, 2012 the Board of Commissioners adopted Resolution No. 2012-009 to accept the release and transfer of fund assets from the Successor Agency to the Redevelopment Agency for the County Riverside to the Housing Authority. The fund assets include the Low and Moderate Income Housing Funds identified in the July through December 2012 Recognized Payment Obligation Schedule (ROPS) and the Housing Bond Proceeds, held by the Bank of New York Mellon as trustee, for draw downs and reimbursement of enforceable obligations, subject to approval by the Oversight Board.

The transfer of assets that were disclosed in the financial statements of Fiscal Year Ending June 30, 2013 included 57 parcels of land, leases, and deferred loans receivable, which collectively resulted in an extraordinary gain of \$155 million.

In Fiscal Year 2015, a portion of the North Hemet Property was sold for \$220,000, of which the Housing Authority realized a gain of \$185,583.

In March 31, 2009, the former Redevelopment Agency, the RDA and Developer entered into an MOU allowing use of loan proceeds to explore the development of a multifamily rental housing complex at the northeast corner of Larue Street and Mission Blvd. The Developer expended \$681,000 for the acquisition of the project site but was not able to meet the obligations under the Development Agreement. Therefore, the Development Agreement was terminated and the land was transferred back to the Housing Authority in lieu of forgiving the loan. In FY 2016, the total of the purchase price was booked as a capital asset.

**15. PRIOR PERIOD ADJUSTMENTS & CHANGES IN ACCOUNTING PRINCIPALS**

Housing Authority of the County of Riverside financial statements for the year ended June 30, 2016 required a prior period adjustment to net position due to a determination that several of the notes receivable were not recording interest receivable in prior years. This resulted in an increase of beginning net position in the amount of \$392,511.
