BACKGROUND:

Project Scope

General Plan Amendment No. 1193 is a General Plan Regular Foundation Component Amendment to change the project site's General Plan Foundation Component from Open Space (OS) to Rural (R) and to amend its Land Use Designation from Rural (RUR) (20 acre minimum) to Rural Residential (RR) (5 acre minimum), on one parcel, totaling 57.12 gross acres. The project site is generally located north of Saint Gallen Way, west of Calle De Lobo, south of the Cleveland National Forest, and is within the Elsinore Area Plan. The application for this Foundation Component General Plan Amendment was submitted during the application window for the 2016 General Plan Review Cycle.

General Plan Initiation Process

Prior to a private application for a General Plan Regular Foundation Component Amendment being processed by the Planning Department, the application is required to go through the General Plan Initiation Process (GPIP) process. The GPIP process includes receiving comments on the proposed amendment from the General Plan Advisory Committee (GPAC) and the Planning Commission. These comments are then provided to the Board of Supervisors. At this initial stage of the process, specific details of the Foundation General Plan Amendment and any accompanying implementing project are not considered, and public hearings are not required before the Planning Commission or the Board of Supervisors. The GPIP process provides an opportunity for the applicant to hear comments related to his or her proposed project before embarking on the land use and environmental review process. At this time, the Board of Supervisors will only be considering whether to initiate proceedings for the proposed Foundation Component General Plan Amendment. If the Board of Supervisors adopts an order initiating proceedings for the proposed Amendment, the proposed Amendment will then go through the land use review process including applicable environmental review, Tribal consultation, and public hearings. The initiation of proceedings by the Board of Supervisors does not commit the County to a certain course of action and shall not imply any such amendment will be approved. The Board retains full discretion under the California Environmental Quality Act when reviewing the proposed Amendment during the land use review process.

Justification for Foundation Component Amendment

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

Pursuant to the Riverside County General Plan, Chapter 11: Administration Element and Article II, Section 2.5 of Ordinance No. 348, related to General Plan Regular Foundation Component Amendments, specific findings are required to approve a Foundation Component Amendment. These include findings that new conditions or circumstances exist that justify modifying the General Plan, that the modification does not conflict with the overall County Vision and that the modification would not create an internal inconsistency among the other General Plan Elements. The application for Foundation Component Amendments requires the applicant to provide information describing a new condition or circumstance that justifies modifying the General Plan. Such information has been provided by the applicant and is included with this report package.

General Plan Advisory Committee

This application was considered by the General Plan Advisory Committee (GPAC) during a public meeting on August 18, 2016, Agenda Item 3.9, and was recommended for initiation to the Planning Commission by a majority, with one abstention.

During the GPAC meeting, staff explained that this property and the adjacent property to the west, were both previously submitted for a potential Foundation Component Amendment during the 2008 cycle (GPA00988). Both properties were initiated by the Board of Supervisors for a Foundation Component amendment from Open Space (OS) to Rural (R) and a Land Use Designation change from Rural (RUR) to Rural Residential (RR), on June 29, 2010. After initiation and prior to final adoption, this property was removed from the process and only the adjacent property to the west was adopted for the change. This Foundation Component Amendment application is the same request as the previous amendment request during the 2008 cycle.

Planning Commission

This application was considered by the Planning Commission during a public meeting on October 19, 2016, Agenda Item 2.9, and the following comments were provided by the Planning Commissioners:

During the Planning Commission meeting, staff again explained the relationship between this project site and the adjacent project site to the west, which were both initiated for a Foundation Component change in 2008. The Planning Commission felt the proposed Foundation Component change was appropriate, however, the Commission had several questions regarding access to the site and potential fire issues. Access to the area is available directly from the south through the property to the west. Additional access points are available from the southeast to this project site, whereby the adjoining property on the west could be connected. The applicant is aware that the project site is located within a high

fire area and that he would be closely working with Fire services to ensure adequate fire mitigation is incorporated into the design of the residential tract.

Impact on Citizens and Businesses

None at this time. Should the Board of Supervisors initiate this General Plan Foundation Component Amendment application, an appropriate level of land use review and environmental analysis will be conducted in conjunction with the amendment and with any implementing project.

RE: Items 2.1 – 2.12: General Plan Initiation Proceedings, October 19, 2016

Dear Chair and Members of the Commission

Endangered Habitats League (EHL) appreciates the opportunity to submit written testimony on the General Plan Initiation Proceedings. We served on the General Plan Advisory Committee (GPAC) but, in some cases, EHL positions have been refined since the GPAC votes.

Proposals before you that do not have compelling planning merit and that do not reflect significant changes in circumstances should not move forward to full environmental review. The burden of proof is upon the applicant and/or Planning Department to affirmatively establish such facts.

General comments

EHL is concerned that the Planning Department has not provided 1) the most basic information as to whether more intensive uses are justified or 2) guidelines to determine whether the proposals – individually or collectively – move the County in the right direction.

Basic and necessary information includes the *housing capacity* present but unbuilt in the County and Cities' General Plans. Prior information indicates that there is a huge *overcapacity* of housing that argues against all but the most strategic increases. Other missing information includes the cumulative traffic implications of the proposed General Plan amendments. We urge you to request such information before considering these proposals.

Factors in assessing proposals should include whether the jobs-housing balance is improved or worsened, whether the greater intensity of use will be served by transit now or realistically in the future, whether vehicles miles traveled would be below current averages and put greenhouse gas (GHG) emissions on a lowered trajectory, whether the new development will be subject to high fire hazard, and whether it conflicts with the MSHCP. While we hope that the Planning Department will offer its professional

guidance, if not, the Commission should independently formulate a series of *guiding principles* for GPA initiation. A piecemeal approach is not adequate.

EHL's recommendations are based upon compelling planning rationale, jobs-housing balance, transit availability, vehicle miles traveled and GHG emissions, the folly of putting more and more homes in the path of wildfire, and biological considerations. In some cases, we have identified missing information needed for justification or suggested modifications. We hope that this Commission will take a hard look at the County's future and chart a more sustainable path for the County's present and future citizens than simply perpetuating current trends.

Also, we are disappointed in the staff reports for these items. As best I can tell, there is only a brief staff recommendation and complete deferral to applicants for justification in terms of the requisite General Plan findings. In contrast, during the last GPA cycle, staff provided its own independent and reasoned analyses, and its recommendations were grounded in facts and discussion. This was far more valuable.

Specific comments

2.1 GENERAL PLAN AMENDMENT NO. 1167 – Southwest Area Plan – Santa Rosa Plateau Policy Area and Walker Basin Policy Area – 573 gross acres – REQUEST: Proposal to amend a portion of the project site's General Plan Foundation Component from Open Space (OS) to Community Development (CD) and to change its Land Use Designation from Recreation (R) to Commercial Retail (CR) for the purpose of establishing a small commercial support area and the creation of a Specific Plan

Support initiation

This proposal is consistent with the General Plan as revised

2.2 GENERAL PLAN AMENDMENT NO. 1169 – Elsinore Area Plan – Temescal Zoning District – ZONE: Natural Assets (NA), Watercourse, Watershed, and Conservation Areas (W-1), and Rural Residential (R-R) – LOCATION: Generally located North of I-15, east of Canyon Circle, and surrounding Corona Lake – PROJECT SIZE: 548 gross acres – REQUEST: Proposal to amend and reconfigure portions of the project site's General Plan Foundation Components from Open Space (OS) and Rural (RUR) to Community Development (CD) and amend its Land Use Designations from Rural (RUR) and Rural Residential (RR) to Conservation (C), Medium High Density Residential (MHDR), and High Density Residential (HDR)

More information needed

The project has the positive potential to shift density from natural lands, consolidate development at relatively high densities, and protect significant open space. After obtaining more information from the applicant, we now concur that

MSHCP consistency can be achieved – and even produce net biological benefits with some redesign.

However a case has not been made this is a priority location for additional housing capacity, in terms of ameliorating jobs-housing imbalance, having access to current or future transit, and/or reducing average per capita vehicle miles traveled and GHG emissions. *Simply being near a freeway or being adjacent to similar development are insufficient planning rationales.*

If a more compelling planning case can be made, we would support initiation under the condition that alternatives considered include a site design that not only achieves MSHCP consistency but enhances biological resources and riparian connectivity around the lake.

2.3 GENERAL PLAN AMENDMENT NO. 1172 – Lake Mathews/Woodcrest Area Plan – Woodcrest Zoning District – ZONE: Residential- Agriculture (R-A) – Location: Northerly of Van Buren Boulevard, southerly of Iris Avenue, easterly of Gamble, and westerly of Chicago Avenue – PROJECT SIZE: 1.87 gross acres – REQUEST: Proposal to amend the project site's Foundation Component from Rural Community (RC) to Community Development (CD) and amend its Land Use Designation from Very Low Density Residential (VLDR) to Commercial Retail (CR), on one parcel

More information needed

The Planning Department should provide an objective determination of whether additional commercial retail capacity beyond that already in the General Plan is needed in this location.

2.4 GENERAL PLAN AMENDMENT NO. 1173 – Mead Valley Area Plan – Mead Valley Zoning District – ZONE: Light Agriculture (A-1-1) – LOCATION: Generally located east of Day Street, north of Nance Street, west of Decker Road, and south of Oleander Avenue – PROJECT SIZE: 19.16 gross acres – REQUEST: Proposal to amend a 4.2 acre portion of the project site's General Plan Foundation Component from Rural Community (RC) to Community Development (CD) and amend its Land Use Designation from Very Low Density Residential (VLDR) (1 acre minimum) to Light Industrial (LI), on one parcel

Support initiation

The changes proposed reduce conflicts between residential and business park uses.

2.5 GENERAL PLAN AMENDMENT NO. 1175– Mead Valley Area Plan – Good Hope Zoning Area – Zoning : R-R (Rural Residential) – Location: North of Highway 74, south of Mountain Avenue, east of Betty Road, and west of Marie Street – 6.59 gross acres – REQUEST: Proposal to amend the project site's General Plan Foundation

Component from Rural Community (RC) to Community Development (CD) and amend its Land Use Designation from Very Low Density Residential (VLDR) to Light Industrial (LI), on two parcels

More information needed

The Planning Department should provide an objective determination of whether additional light industrial capacity beyond that already in the General Plan is needed in this location.

2.6 GENERAL PLAN AMENDMENT NO. 1185 – Temescal Valley Area Plan – Glen Ivy Zoning Area – ZONE: Controlled Development (W-2) and (W-2-10), One-Family Dwellings (R-1), General Commercial (C-1/C-P), and Mineral Resources & Related Manufacturing (M-R-A) – LOCATION: Generally located southwest of I-15 Freeway, south of Glen Ivy Road, and northeast of the Cleveland National Forest – PROJECT SIZE: 82.5 gross acres – REQUEST: Proposal to amend the project site's General Plan Foundation Component from Rural (R) and Open Space (OS) to Community Development (CD), and amend its Land Use Designations from Rural Mountainous (RM), Mineral Resources (MR), Low Density Residential (LDR), and Commercial Tourist (CT) to Mixed Use Area (MUA) for the purpose of establishing a Specific Plan over the Glen Ivy Hot Springs Resort, on six parcels

Oppose initiation unless modified

We understand that staff has proposed the use of a flexible Mixed Use Area designation for the entire site. In any case, while the eventual substitution of a Specific Plan for the current mix of low-density rural and commercial uses has the potential to consolidate development and create natural open space, the current site design fails. We are concerned that the proposed medium density "resort housing" lacks planning justification. There has been no showing that increased housing capacity in this location advances any of the planning goals outlined above. Instead, the "Resort/Wellness Retreat" should go forward *absent* the adjacent housing or, at a minimum, consolidate lesser development at higher density on *a much* smaller footprint immediately adjacent to the resort. This is far more consistent with actual "resort housing" than the suburban tracts proposed. Such a design would also enhance the surrounding Conserved Habitat and increase the amenity value of the resort.

2.7 GENERAL PLAN AMENDMENT NO. 1189 – Lake Mathews/Woodcrest Area Plan – Lake Mathews Zoning District – ZONE: Light Agriculture (A-1-5) and Residential Agriculture (R-A-1) – LOCATION: North of Cajalco Road, west of La Sierra, south of Tin Mine Road, and east of Eagle Canyon Road – PROJECT SIZE: 36 gross acres – REQUEST: Proposal to amend the project site's General Plan Foundation Component from Open Space (OS) to Community Development (CD) and amend its Land Use Designation from Conservation Habitat (CH) to Commercial Retail (CR) and Low Density Residential (LDR), on two parcels

Oppose initiation unless modified

According to the applicant, the Open Space Conservation Habitat was applied in error and the property is not part of the MSHCP preserve. If correct, this justifies the initiation of a GPA. However, the proposal for Community Development and a mix of low density residential and commercial retail is excessive and out of character with surrounding Rural. Instead, a Technical Amendment can be processed that simply corrects the current designation.

2.8 GENERAL PLAN AMENDMENT NO. 1192 — Lake Mathews/Woodcrest Area Plan – Lake Mathews Zoning District – ZONE: Residential Agricultural (R-A-5) – LOCATION: Generally located northeast of Van Buren Boulevard, east of Firethorn Avenue, and west of Regency Ranch Road – PROJECT SIZE: 10.3 gross acres – REQUEST: Proposal to amend the project site's General Plan Foundation Component from Rural Community (RC) to Community Development (CD) and amend its Land Use Designation from Very Low Density Residential (VLDR) to Commercial Retail (CR), on three parcels

More information needed

The Planning Department should provide an objective determination of whether additional commercial retail capacity beyond that already in the General Plan is needed in this location.

2.9 GENERAL PLAN AMENDMENT NO. 1193 – Elsinore Area Plan – Cleveland Zoning Area – ZONE: Rural Residential (R-R) – LOCATION: Generally located north of Saint Gallen Way, west of Calle De Lobo, south of Cleveland National Forest, and east of Calle De Companero – PROJECT SIZE: 57.12 gross acres – REQUEST: Proposal to amend the project site's General Plan Foundation Component from Open Space (OS) to Rural (R) and amend its Land Use Designation from Rural (RUR) to Rural Residential (RR), on one parcel

Oppose initiation

This is a meritless proposal to change properly designated Open Space-Rural to Rural residential, increasing the density by a factor of four. Open Space Rural was correctly applied due to constraints such as severe fire hazard. Please don't put more and more life and property at risk of wildfire.

2.10 GENERAL PLAN AMENDMENT NO. 1196 – Lake Mathews/Woodcrest Area Plan – Mead Valley Zoning District – ZONE: Light Agriculture (A-1-1) and Residential Agriculture (R-A-1) – POLICY AREA: Cajalco Wood – LOCATION: South of Markham Street, east of Wood Road, west of Luck Lane, and north of Cajalco Road – PROJECT SIZE: 238.5 gross acres – REQUEST: Proposal to amend the project site's General Plan Foundation Component from Rural Community (RC) to Community

Development (CD) and to amend its Land Use Designation from Very Low Density Residential (VLDR) to Low Density Residential (LDR) and Medium Density Residential (MDR), on 14 parcels

More information needed

This is a proposal to replace a dysfunction Rural Community designation with Community Development within Mead Valley. It could be considered "infill" of sorts that uses urbanized land more efficiently. However, a strong planning rationale has not been made in terms of this being a priority location for additional housing capacity, ameliorating jobs-housing imbalance, having access to current or future transit, and/or reducing average per capita vehicle miles traveled and GHG emissions. If this case can be made, then we would support initiation.

2.11 GENERAL PLAN AMENDMENT NO. 1198 – Mead Valley Area Plan – Mead Valley Zoning District – ZONE: Light Agriculture (A-1-1) – LOCATION: North of Oakwood Street, south of Cajalco Expressway, east of Tyler Road, and west of Seaton Avenue – PROJECT SIZE: 23 gross acres – REQUEST: Proposal to amend the project site's General Plan Foundation Component from Rural Community (RC) to Community Development (CD) and to amend its Land Use Designation from Very Low Density Residential (VLDR) to Medium Density Residential (MDR), on one parcel

More information needed

2.12 GENERAL PLAN AMENDMENT NO. 1200 – Lake Mathews/Woodcrest Area Plan – Woodcrest Zoning District – ZONE: Residential Agricultural (R-A) – LOCATION: North of Krameria Avenue, south of Van Buren Boulevard, west of Porter Avenue, and east of Gardner Avenue – PROJECT SIZE: 1.91 gross acres – REQUEST: Proposal to amend the project site's General Plan Foundation Component from Rural Community (RC) to Community Development (CD) and to amend its Land Use Designation from Very Low Density Residential (VLDR) to Light Industrial (LI), on one parcel.

Support initiation

This is a proposal to conform the existing land use, which appears compatible with the surrounding area.

Thank you for considering our views.

COUNTY OF RIVERSIDE PLANNING DEPARTMENT STAFF REPORT

PROJECT DESCRIPTION: General Plan Amendment No. 1193 is a General Plan Regular Foundation Component Amendment to change the project site's General Plan Foundation Component from Open Space (OS) to Rural (R) and to amend its Land Use Designation from Rural (RUR) (20 acre minimum) to Rural Residential (RR) (5 acre minimum), on one parcel, totaling 57.12 gross. The application for this amendment was submitted during the application window for the 2016 General Plan Review Cycle.

LOCATION: Generally located north of Saint Gallen Way, west of Calle De Lobo, and south of the Cleveland National Forest.

PROJECT APNs: 901-180-003

GENERAL PLAN INITIATION PROCESS (GPIP): Prior to a private application for a General Plan Regular Foundation Component Amendment being processed by the Planning Department, the application is required to go through the GPIP process. This process includes receiving comments on the proposed amendment from the General Plan Advisory Committee (GPAC) and the Planning Commission. These comments are then provided to the Board of Supervisors. At this initial stage of the process, specific details of the Foundation General Plan Amendment and any accompanying implementing project are not considered, and public hearings are not required before the Planning Commission or the Board of Supervisors. The Board of Supervisors will only be considering whether to initiate proceedings for the proposed Foundation General Plan Amendment. If the Board of Supervisors adopts an order initiating proceedings for the proposed Amendment, the proposed Amendment will then go through the land use review process including applicable environmental review, Tribal consultation, and public hearings. The initiation of proceedings by the Board of Supervisors does not commit the County to a certain course of action and shall not imply any such amendment will be approved. The Board retains full discretion under the California Environmental Quality Act when reviewing the proposed Amendment during the land use review process.

JUSTIFICATION FOR FOUNDATION COMPONENT AMENDMENT – APPLICANT PROVIDED:
Pursuant to the Riverside County General Plan, Chapter 11: Administration Element, "Required and Optional Findings" subsection, evidence demonstrating new conditions or circumstances is required to justify a Foundation Component Amendment. Article II, Section 2.5 of Ordinance No. 348 related to General Plan Foundation Component Amendments – Regular, provides further details regarding the General Plan Initiation ("GPIP") process and restates the requirement to provide new circumstances or conditions as consideration for a Foundation Component General Plan Amendment. Each Foundation Component Amendment application includes information describing a new condition or circumstance, which has been provided by the applicant, and is restated below:

The proposed General Plan Amendment is to restore the opportunity to create 5-acre (min.) home-sites on this 57 acre parcel, within the constraints of the development process. The request is to change from Open Space – Rural (OS-RUR) (20 acre min.) to Rural Residential (R-RR) (5 acre min).

This property represents a significant investment by the owner under an understanding that residential development could be pursued with possibly 5-acre minimum home-sites, as we understand was the case prior to the current General Plan Designation.

The following reasons are listed as arguments in favor of amending the general Plan Designation to restore the opportunity to prove that 5-acre minimum lot size development is feasible in a reasonable manner:

1. Properties immediately adjacent to the south and west are currently designated as Rural Residential R-R (5 acre minimum), and properties immediately to the east are currently zoned Rural Agricultural R-A-5 (5 acre minimum).
2. The 5-acre minimum designation is consistent with the entire La Cresta area, which is the community to which these properties are really connected, even though that area is across the Area Boundary in the Southwest Area Land Use Plan.
3. Access is available to the parcel via Saint Gallen Way, and will be available via Calle De Companero, as committed by Mr. Kurt Rietsch, owner of the westerly adjacent property. Both property owners are eager to develop a joint circulating road system to satisfy typical Fire Department concerns. Owner Rietsch also owns the adjacent parcel (APN 901-180-004) which is at the current northern terminus of Calle De Companero, and he will dedicate right-of-way through that property to access the subject parcel.
4. The terrain of the subject parcel is essentially the same, or gentler, as the terrain of the adjacent properties, APN 901-180-001 & -004, which are currently designated Rural Residential R-R (5 acre minimum). In addition, this terrain is very similar, arguably gentler, than the terrain of the recently developed La Cresta Highlands, which is allowed to process subdivisions to 5 acre home-sites.
5. Electric and phone facilities are currently available in Calle De Companero and Saint Gallen Way, and can be easily extended to the subject parcel.
6. Water is only available by means of wells since these parcels are part of an isolated group of properties lying outside the Rancho California Water District, but adequate aquifers have been located, and drilled wells presently service the water needs of several residents on the adjacent parcels to the south. RCWD does have a hydrant at the current northern end of Calle De Companero.
7. Additional home-sites will result in additional tax revenues for the County, and will provide additional opportunities for more families to enjoy the enviable lifestyle unique to the La Cresta area.
8. The parcel is a natural extension of the 5-acre designations of the adjacent properties and deserves the opportunity to demonstrate that the responsible development can support much more than the current restriction of one (1) home-site per 20 acres. The checks and

balances of the subdivision process can easily prevent irresponsible development and will force any owner to meet the same stringent requirements as enforced in the entire adjacent La Cresta area. No special treatment is requested; just the equal opportunity to show how these properties can be developed in compliance with County regulations and guidelines.

GENERAL PLAN ADVISORY COMMITTEE ACTION: This application was considered by the General Plan Advisory Committee ("GPAC") during a public meeting on August 18, 2016 and was recommended for initiation to the Planning Commission by a majority, and there were two votes of no.

During the meeting, staff explained that this property and the adjacent property to the west, were both previously submitted for a potential Foundation Component Amendment during the 2008 cycle (GPA00988). Both properties were initiated by the Board of Supervisors for a Foundation Component amendment from Open Space (OS) to Rural (R) and a Land Use Designation change from Rural (RUR) to Rural Residential (RR), on June 29, 2010. After initiation and prior to final adoption, this property was removed from the process and only the adjacent property to the west was adopted for the change. This Foundation Component Amendment application is the same request as the previous amendment request.

Also during the meeting, the applicant spoke on behalf of project and further elaborated the desire of the property owner go through the process again, for the purpose of developing both properties with residential. Additional items discussed by the GPAC were related to the site being in a high fire location as well as potential access issues. The applicant stated that any development in the area would require coordination with the fire department. The applicant also showed how the site will be accessed by way of several different locations to the south.

GENERAL PLAN ADVISORY COMMITTEE GPIP REPORT

August 18, 2016

Foundation GPA No.: 1193
Supervisory District: First
Area Plan: Elsinore
Zoning Area/District: Cleveland Area
Property Owner(s): Edward and Nora Wright
Project Representative(s): Bratene Construction & Engineering

PROJECT DESCRIPTION: Proposal to amend the project site's General Plan Foundation Component from Open Space (OS) to Rural (R) and amend its Land Use Designation from Rural (RUR) to Rural Residential (RR), on one parcel, totaling 57.12 gross.

LOCATION: Generally located north of Saint Gallen Way, approximately 850 west of Calle De Lobo, south of Cleveland National Forest, and east of Calle De Companero

PROJECT APN: 901-180-003

Figure 1: Project Location Map

PROJECT DETAILS: This project is a proposal to amend the project site's General Plan Foundation Component from Open Space (OS) to Rural (R) and amend its Land Use Designation from Rural (RUR) to Rural Residential (RR), on one parcel, totaling 57.12 gross. This General Plan Amendment does not include an accompanying implementing project.

LAND USE CHANGE DISCUSSION – APPLICANT PROVIDED: The proposed General Plan Amendment is to restore the opportunity to create 5-acre (min.) home-sites on this 57 acre parcel, within the constraints of the development process. The request is to change from Open Space – Rural (OS-RUR) (20 acre min.) to Rural Residential (R-RR) (5 acre min).

This property represents a significant investment by the owner under an understanding that residential development could be pursued with possibly 5-acre minimum home-sites, as we understand was the case prior to the current General Plan Designation.

The following reasons are listed as arguments in favor of amending the general Plan Designation to restore the opportunity to prove that 5-acre minimum lot size development is feasible in a reasonable manner:

1. Properties immediately adjacent to the south and west are currently designated as Rural Residential R-R (5 acre minimum), and properties immediately to the east are currently zoned Rural Agricultural R-A-5 (5 acre minimum).
2. The 5-acre minimum designation is consistent with the entire La Cresta area, which is the community to which these properties are really connected, even though that area is across the Area Boundary in the Southwest Area Land Use Plan.
3. Access is available to the parcel via Saint Gallen Way, and will be available via Calle De Companero, as committed by Mr. Kurt Rietsch, owner of the westerly adjacent property. Both property owners are eager to develop a joint circulating road system to satisfy typical Fire Department concerns. Owner Rietsch also owns the adjacent parcel (APN 901-180-004) which is at the current northern terminus of Calle De Companero, and he will dedicate right-of-way through that property to access the subject parcel.
4. The terrain of the subject parcel is essentially the same, or gentler, as the terrain of the adjacent properties, APN 901-180-001 & -004, which are currently designated Rural Residential R-R (5 acre minimum). In addition, this terrain is very similar, arguably gentler, than the terrain of the recently developed La Cresta Highlands, which is allowed to process subdivisions to 5 acre home-sites.
5. Electric and phone facilities are currently available in Calle De Companero and Saint Gallen Way, and can be easily extended to the subject parcel.
6. Water is only available by means of wells since these parcels are part of an isolated group of properties lying outside the Rancho California Water District, but adequate aquifers have been located, and drilled wells presently service the water needs of several residents on the adjacent parcels to the south. RCWD does have a hydrant at the current northern end of Calle De Companero.

7. Additional home-sites will result in additional tax revenues for the County, and will provide additional opportunities for more families to enjoy the enviable lifestyle unique to the La Cresta area.
8. The parcel is a natural extension of the 5-acre designations of the adjacent properties and deserves the opportunity to demonstrate that the responsible development can support much more than the current restriction of one (1) home-site per 20 acres. The checks and balances of the subdivision process can easily prevent irresponsible development and will force any owner to meet the same stringent requirements as enforced in the entire adjacent La Cresta area. No special treatment is requested; just the equal opportunity to show how these properties can be developed in compliance with County regulations and guidelines.

II. GENERAL PLAN FOUNDATION COMPONENT AMENDMENT JUSTIFICATION:

(Please be specific. Attach separate pages if needed.):

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There is no handwriting or other markings on the paper.

II. JUSTIFICATION FOR AMENDMENT – Parcel: 901-180-003

This property represents a significant investment by the owner under an understanding that residential development could be pursued with possibly 5-acre minimum homesites, as we understand was the case prior to the current General Plan Designation.

The following reasons are listed as arguments in favor of amending the General Plan Designation to restore the opportunity to prove that 5-acre minimum lot size development is feasible in a responsible manner:

1. Properties immediately adjacent to the south and west are currently designated as Rural-RR (5-acre minimum), and properties immediately to the east are currently zoned R-A-5 (5-acre minimum).
2. The 5-acre minimum designation is consistent with the entire La Cresta area, which is the community to which these properties are really connected, even though that area is across the Area Boundary in the Southwest Area Land Use Plan.
3. Access is available to the parcel via Saint Gallen Way, and will be available via Calle De Campanero, as committed by Mr. Kurt Rietsch, owner of the westerly adjacent property. Both property owners are eager to develop a joint circulating road system to satisfy typical Fire Department concerns. Owner Rietsch also owns the adjacent parcel (APN 901-180-004) which is at the current northern terminus of Calle De Campanero, and he will dedicate right-of-way through that property to access the subject parcel.
4. The terrain of the subject parcel is essentially the same, or gentler, as the terrain of the adjacent parcels, APN 901-180-001 & -004, which are currently designated RUR-RR (5-acre minimum). In addition, this terrain is very similar, arguably gentler, than the terrain of the recently developed La Cresta Highlands, which is allowed to process subdivisions to 5-acre home-sites.
5. Electric and phone facilities are currently available in Calle De Campanero and Saint Gallen Way, and can easily be extended to the subject parcel.
6. Water is only available by means of wells since these parcels are part of an isolated group of properties lying outside the Rancho California Water District, but adequate aquifers have been located, and drilled wells presently service the water needs of several residents on the adjacent parcels to the south. RCWD does have a hydrant at the current northern end of Calle De Campanero.
7. Additional home-sites will result in additional tax revenues for the County, and will provide additional opportunities for more families to enjoy the enviable lifestyle unique to the La Cresta area.
8. This parcel is a natural extension of the 5-acre designations of the adjacent properties and deserve the opportunity to demonstrate that responsible development can support much more than the current restriction of one (1) home-site per 20 acres. The checks and balances of the subdivision process can easily prevent irresponsible development and will force any owner to meet the same stringent requirements as enforced in the entire adjacent La Cresta area. No special treatment is requested, just the equal opportunity to show how these properties can be developed in compliance with County regulations and guidelines.

**APPLICATION FOR FOUNDATION COMPONENT AMENDMENT TO THE RIVERSIDE COUNTY
GENERAL PLAN**

III. OTHER TYPES OF GENERAL PLAN AMENDMENTS:

Would the proposed Foundation Component Amendment result in a conflict with any part of the Riverside County General Plan? If so, describe in detail the conflict. (Attach separate pages if needed.)

No Conflict.

NOTES:

1. Please see the 2016 property owner initiated Regular General Plan Foundation Component Amendment (FGPA) Process approved by the Riverside County Board of Supervisors on March 8, 2016.
2. Most Riverside County entitlement application fees are Deposit Based Fees ("DBF"). The FGPA initial application filing fee is **\$10,000.00**. This application fee includes the review of the FGPA through the GPIP process only. Each case is unique; therefore, additional funds may be requested should unanticipated circumstances arise during the course of the GPIP review process.

Furthermore:

- If an accompanying implementing project application is submitted concurrently, additional fees pursuant to Ordinance No. 348, which are specified on the Planning Department website and based upon the application type, shall be required upon submittal.
 - Should the FGPA application be initiated by the Board of Supervisors at the conclusion of the GPIP process, additional General Plan Amendment fees, to complete the adoption process, shall be required.
3. Application submittal items a for Foundation General Plan Amendment:
 - This completed application form.
 - Application filing fees.
 - Site map showing the project area and extent.
 - Any additional maps/plans relevant to illustrate the project area location.

NOTICE OF PUBLIC MEETING

ENDANGERED HABITATS LEAGUE

DEDICATED TO ECOSYSTEM PROTECTION AND SUSTAINABLE LAND USE

March 13, 2017

VIA ELECTRONIC MAIL

The Hon. John Tavaglione, Chair
Riverside County Board of Supervisors
4080 Lemon St.
Riverside CA 92501

RE: Items 16.1-16.6, General Plan Initiation Proceedings, March 14, 2017

Dear Chairman Tavaglione and Members of the Board:

Endangered Habitats League (EHL) appreciates the opportunity to submit written testimony on the General Plan Initiation Proceedings. We were honored to serve on the General Plan Advisory Committee (GPAC) which reviewed these proposals. Proposals that do not have compelling planning merit and that do not reflect significant changes in circumstances should not move forward to full environmental review.

General comments

Prior to your consideration of initiating environmental review, EHL urges the Planning Department to provide: 1) the basic information necessary to determine whether the more intensive proposed uses are justified, and 2) guidelines to assess whether the proposals – individually or collectively – move the County in the right planning direction.

Basic and necessary information includes the *housing capacity* present but unbuilt in the County and Cities' General Plans. Prior information indicates that there is a huge *overcapacity* of housing that argues against all but the most strategic increases. Other missing information includes the cumulative traffic implications of the proposed General Plan amendments. We urge you to request such information.

Factors in assessing proposals should include whether the jobs-housing balance is improved or worsened, whether the greater intensity of use will be served by transit now or realistically in the future, whether vehicles miles traveled would be below current averages and put greenhouse gas (GHG) emissions on a lowered trajectory, proximity of infrastructure and services, whether the new development will be subject to high fire hazard, and whether it conflicts with the MSHCP or otherwise impacts intact natural lands. We hope that the Planning Department will offer its professional guidance. If not, your Board should independently formulate *guiding principles* for GPA initiation. A piecemeal approach is not adequate.

16.3 3/14/17
2017-3-134619

EHL's recommendations are based upon presence of a planning rationale, jobs-housing balance, transit availability, vehicle miles traveled and GHG emissions, the folly of putting more and more homes in the path of wildfire, and biological considerations. In some cases, we have identified missing information or suggested modifications. We hope that your Board will take a hard look at the County's future and chart a more sustainable path for the County's present and future citizens than simply perpetuating current trends.

Also, the staff reports for these items are brief and inappropriately defer to the applicants for the requisite findings, rather than providing independent staff analysis.

Specific comments

16.1 GENERAL PLAN AMENDMENT NO. 1189 – Lake Mathews/Woodcrest Area, 36 gross acres – REQUEST: Proposal to amend the project site's General Plan Foundation Component from Open Space (OS) to Community Development (CD) and amend its Land Use Designation from Conservation Habitat (CH) to Commercial Retail (CR) and Low Density Residential (LDR), on two parcels

Oppose initiation unless modified

According to the applicant, the Open Space Conservation Habitat was applied in error and the property is not part of the MSHCP preserve. If correct, this justifies the initiation of a GPA. However, the proposal for Community Development and a mix of low density residential and commercial retail is excessive and out of character with surrounding Rural. Instead, a Technical Amendment can be processed that simply corrects the current designation.

16.2 GENERAL PLAN AMENDMENT NO. 1192 — Lake Mathews/Woodcrest Area, 10.3 gross acres – REQUEST: Proposal to amend the project site's General Plan Foundation Component from Rural Community (RC) to Community Development (CD) and amend its Land Use Designation from Very Low Density Residential (VLDR) to Commercial Retail (CR), on three parcels

More information needed

The Planning Department should provide an objective determination of whether additional commercial retail capacity beyond that already in the General Plan is needed in this location.

16.3 GENERAL PLAN AMENDMENT NO. 1193 – Elsinore Area Plan, 7.12 gross acres – REQUEST: Proposal to amend the project site's General Plan Foundation Component from Open Space (OS) to Rural (R) and amend its Land Use Designation from Rural (RUR) to Rural Residential (RR), on one parcel

Oppose initiation

This is a meritless proposal to change properly designated Open Space-Rural to Rural residential, *increasing the density by a factor of four*. Open Space Rural was correctly applied due to constraints such as severe fire hazard. *Please don't put more and more life and property at risk of wildfire.*

16.4 GENERAL PLAN AMENDMENT NO. 1196 – Lake Mathews/Woodcrest Area, 238.5 gross acres – REQUEST: Proposal to amend the project site's General Plan Foundation Component from Rural Community (RC) to Community Development (CD) and to amend its Land Use Designation from Very Low Density Residential (VLDR) to Low Density Residential (LDR) and Medium Density Residential (MDR), on 14 parcels

More information needed

This is a proposal to replace a dysfunction Rural Community designation with Community Development within Mead Valley. It could be considered "infill" of sorts that uses urbanized land more efficiently. However, a strong planning rationale has not been made in terms of this being a priority location for additional housing capacity, ameliorating jobs-housing imbalance, having access to current or future transit, and/or reducing average per capita vehicle miles traveled and GHG emissions. If this case can be made, then we would support initiation.

16.5 GENERAL PLAN AMENDMENT NO. 1198 – Mead Valley Area, 3 gross acres – REQUEST: Proposal to amend the project site's General Plan Foundation Component from Rural Community (RC) to Community Development (CD) and to amend its Land Use Designation from Very Low Density Residential (VLDR) to Medium Density Residential (MDR), on one parcel

More information needed

This is a proposal to replace a dysfunction Rural Community designation with Community Development within Mead Valley. 16.6 GENERAL PLAN AMENDMENT NO. 1200 – Lake Mathews/Woodcrest Area, 1.91 gross acres – REQUEST: Proposal to amend the project site's General Plan Foundation Component from Rural Community (RC) to Community Development (CD) and to amend its Land Use Designation from Very Low Density Residential (VLDR) to Light Industrial (LI), on one parcel.

Support initiation

This is a proposal to conform the existing land use, which appears compatible with the surrounding area.

Thank you for considering our views.

Yours truly,

NOTICE OF PUBLIC MEETING BEFORE THE BOARD OF SUPERVISORS OF RIVERSIDE COUNTY ON A GENERAL PLAN INITIATION PROCEEDINGS FOR A GENERAL PLAN AMENDMENT IN THE ELSINORE / CLEVELAND AREA PLAN, FIRST SUPERVISORIAL DISTRICT

NOTICE IS HEREBY GIVEN that a public meeting will be held before the Board of Supervisors of Riverside County, California, on the 1st Floor Board Chambers, County Administrative Center, 4080 Lemon Street, Riverside, on **Tuesday, March 14, 2017 at 10:30 A.M.** or as soon as possible thereafter, to consider initiation proceedings for the application submitted by Edward L. Wright – Bratene Construction & Engineering, on **General Plan Amendment No. 1193**, which proposes to amend the General Plan Foundation Component from Open Space (OS) to Rural (R) and amend the land use from Rural (RUR) (20 acre minimum) to Rural Residential (RR) (5 acre minimum), on one parcel, totaling 57.12 gross acres ("the project"). The project is located north of Saint Gallen Way, west of Calle De Lobo, south of Cleveland National Forest, and east of Calle De Companero in the Elsinore Area Plan – Cleveland Zoning Area, First Supervisorial District.

The Planning Commission recommended that the Board of Supervisors adopt an order initiating proceedings for **General Plan Amendment No. 1193**.

The project case file may be viewed from the date of this notice until the public hearing, Monday through Friday, from 8:00 a.m. to 5:00 p.m. at the Clerk of the Board of Supervisors at 4080 Lemon Street, 1st Floor, Riverside, California 92501, and at the Riverside County Planning Department at 4080 Lemon Street, 12th Floor, Riverside, California 92501.

FOR FURTHER INFORMATION REGARDING THIS PROJECT, PLEASE CONTACT JOHN HILDEBRAND, PROJECT PLANNER, AT (951) 955-1888 OR EMAIL jhildebr@rctlma.org.

Any person wishing to testify in support of or in opposition to the project may do so in writing between the date of this notice and the public meeting, or may appear and be heard at the time and place noted above. All written comments received prior to the public meeting will be submitted to the Board of Supervisors and the Board of Supervisors will consider such comments, in addition to any oral testimony, before making a decision on the project.

If you challenge the above item in court, you may be limited to raising only those issues you or someone else raised at the public meeting described in this notice, or in written correspondence to the Planning Commission or Board of Supervisors at, or prior to, the public meeting. Be advised that as a result of the public meeting and the consideration of all public comment, written and oral, the Board of Supervisors may amend, in whole or in part, the project and/or the related environmental document. Accordingly, the designations, development standards, design or improvements, or any properties or lands within the boundaries of the project, may be changed in a way other than specifically proposed.

BOARD RULES

Requests to Address Board on "Agenda" Items:

You may request to be heard on a published agenda item. Requests to be heard must be submitted to the Clerk of the Board before the scheduled meeting time.

Power Point Presentations/Printed Material:

Speakers who intend to conduct a formalized Power Point presentation or provide printed material must notify the Clerk of the Board's Office, 24 hours in advance of the Board meeting, insuring that the Clerk's Office has sufficient copies of all printed materials and at least one (1) copy of the Power Point CD. Copies of printed material given to the Clerk will be provided to each Supervisor. If you have the need to use the overhead "Elmo" projector at the Board meeting, please insure your material is clear and with proper contrast, notifying the Clerk well ahead of the meeting, of your intent to use the Elmo.

Individual Speaker Limits:

Individual speakers are limited to a maximum of three (3) minutes.

Please step up to the podium when the Chairman calls your name and begin speaking immediately. The Chairman adheres to a strict three (3) minutes per speaker. ***Note: If you intend to give your time to a "Group/Organized Presentation", please state so clearly at the very bottom of the reverse side of this form.***

Group/Organized Presentations:

Group/organized presentations with more than one (1) speaker will be limited to nine (9) minutes at the Chairman's discretion. The organizer of the presentation will automatically receive the first three (3) minutes, with the remaining six (6) minutes relinquished by other speakers, as requested by them on a completed "Request to Speak" form, and clearly indicated at the front bottom of the form.

Addressing the Board & Acknowledgement by Chairman:

The Chairman will determine what order the speakers will address the Board, and will call on all speakers in pairs. The first speaker should immediately step to the podium and begin addressing the Board. The second speaker should take up a position in the front row to quickly step up to the podium after the preceding speaker. This is to afford an efficient and timely Board meeting, giving all attendees the opportunity to make their case. Speakers are prohibited from making personal attacks, and/or using coarse, crude, profane or vulgar language while speaking to the Board members, staff, the general public and/or meeting participants. Such behavior, at the discretion of the Board Chairman may result in removal from the Board Chambers by Sheriff Deputies.
