FINANCIAL DATA	Current Fiscal Year:	Next Fiscal Year:	Total Cost:	Ongoing Cost
COST	\$3,592	\$14,369	\$43,106	\$0
NET COUNTY COST	\$0	\$0	\$0	\$0
SOURCE OF FUNDS: Depreciated over 3 years through RCIT operating budget			Budget Adjustment: No For Fiscal Year: 16/17 – 19/20	

C.E.O. RECOMMENDATION: Approve.

BACKGROUND:

Summary

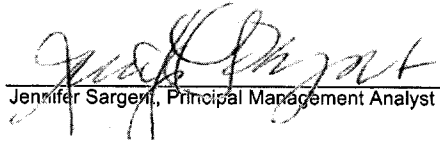

Riverside County Information Technology (RCIT) was offered and accepted donation of a Dell EMC Data Domain storage system, with a fair market value of \$43,106. Because this storage system is a fixed asset, recording it into the County PeopleSoft system is required. The cost reflected represents straight-line depreciation over three years. The storage system is currently located at the RC3 data center, but will be relocated to Indio as an offsite backup for critical systems.

The unit was offered as a “no cost” solution for providing offsite copies of critical data, pending implementation later this year of a long-term cloud solution, EMC Networker backup system. This system will protect the county’s critical data in the event of a major disaster impacting the data center.
