MEETING DATE:

Tuesday, May 23, 2017

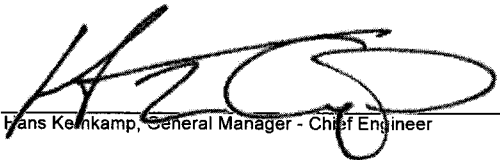

FROM : DEPARTMENT OF WASTE RESOURCES:

SUBJECT: DEPARTMENT OF WASTE RESOURCES: Adoption of Ordinance No. 779.18 Amending Ordinance 779, Relating to County Solid Waste Facilities and Establishing Fees; CEQA Exempt.

RECOMMENDED MOTION: That the Board of Supervisors:

1. Find that the Project is exempt from the California Environmental Quality Act (CEQA) pursuant to State CEQA Guidelines Section 15273 (Rates, Tolls, Fares, and Charges), and Section 15061(b)(3) (General Rule for Exemption); and
2. Adopt Ordinance 779.18 at the close of the public hearing on May 23, 2017, with the changes to the appendices to be effective July 1, 2017.
3. Direct the Department of Waste Resources to file the Notice of Exemption with the County Clerk upon approval of the Project.

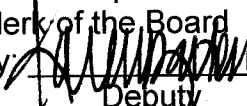

ACTION: Policy

Hans Kemkamp, General Manager - Chief Engineer 5/8/2017

MINUTES OF THE BOARD OF SUPERVISORS

On motion of Supervisor Jeffries, seconded by Supervisor Tavaglione and duly carried by unanimous vote, IT WAS ORDERED that the above matter is approved as recommended and that Ordinance 779.18 is adopted with waiver of the reading.

Ayes: Jeffries, Tavaglione, Washington, Perez and Ashley
Nays: None
Absent: None

C.E.O. RECOMMENDATION: APPROVE

BACKGROUND:

Summary

On May 2, 2017, the Board approved the Introduction of Ordinance 779.18, regarding the requested Waste Disposal Fee changes. The public hearing was set for May 23, 2017. Ordinance 779 outlines the General Manager – Chief Engineer’s authority to manage the disposal sites and transfer stations in Riverside County. In addition to establishing fees and penalties, ordinance 779 includes the basis for operations regulations including waste inspection, salvaging and safety. In order to verify that the current refuse rates are appropriate to offset expenses, the Department of Waste Resources (Department) prudently reviews its operations annually and forecasts capital improvements, expansion projects, and future expenses and liabilities with a projection of 20 years. Since revenue from in-county tonnage delivered to the landfills represents the majority of the Enterprise Fund’s total revenue, it is important to accurately project future tonnage growth or decline. In the last five years, tonnage has increased slightly by an average of 3% annually. The Department projects that this trend will continue, and anticipates a 5% increase in overall in-county tonnage for FY 16/17 over the previous year. While tonnage is expected to increase slightly, growth is not anticipated to keep pace relative to inflation factors in the area due to salary increases, stricter regulatory compliance requirements and increased fees. The Department is limited to annual Consumer Price Index (CPI) increases for all of its long-term, contracted transfer station hauler and contract franchise area hauler agreements. These contracts represent approximately 70% of the in-county tonnage accepted at the landfills (FY 2016). For these reasons, it is recommended that Ordinance 779 be amended to allow for certain fee increases based on the change in CPI for the 12-month period ending December 31, 2016. The CPI adjustment for this period is 1.97%.

The Department also proposed to gradually increase the rate for processed green waste used as Alternative Daily Cover (ADC) to equal the disposal rate between now and FY 20/21. In the 1990’s after passage of AB 939, the Department began using processed green waste as Alternative Daily Cover (ADC) which allowed for jurisdictions to report this tonnage as diverted waste. This practice also helped to extend the life of landfills because the landfill space that would have otherwise been consumed by clean fill dirt was now occupied by the processed green waste that was previously part of the landfilled waste stream. The Department offered discounted fees to create incentives for landfill users to deliver processed green waste that could be used as ADC. At that time, the Department accepted processed green waste for the

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

purpose of ADC at no charge. In 2009, at the urging of private composting operators, the Department began charging \$10.00/ton for this material in an effort to direct this material to private composting facilities. To reduce the amount of organics being landfilled, the State recently passed into law AB1826, requiring businesses to begin diverting organics. The State also passed into law AB 1594, which will preclude jurisdictions from counting green waste used as ADC as diverted tonnage when calculating their AB 939 per capita diversion amount. AB 1594 will eliminate the diversion benefit that currently exists by 2020 and ADC placed in the landfill will constitute disposal. Currently the Department accepts processed green waste for beneficial reuse (erosion control) or ADC at below market rate for a tip fee of \$10.00. This rate is significantly below fees charged by composting facilities in Riverside County as shown:

Description	Riverside County	Coachella Valley Composting	Edom Hill Transfer Station	Robert A. Nelson Transfer Station	SA Recycling
Green Waste					
Processed	\$10.00	\$30.00	\$33.00	\$40.79	\$35.00
Unprocessed	\$46.47	\$30.00	\$33.00	\$40.79	\$35.00

While the use of ADC in the landfill system has been significantly reduced over the last several years due to the increased use of tarps to cover waste (only 17,000 tons in 2016), any additional revenue generated by the increase will be allocated to the Department's ongoing advancement of organics processing within Riverside County. Processed green waste used as erosion control at the landfills will continue to be charged at the \$10 per ton rate for the foreseeable future, as it provides a beneficial use to the landfill system.

In addition, in order to maintain the Department's subsidy for tire recycling management at the 2016 level for proper management of tire disposal/recycling, the Department recommended an increase in landfill dumping fees for tires increasing the cost for disposal of Passenger/Light Duty Tires (9 or less) from \$1.00 to \$2.00, and for Truck Tires (not to exceed 4' diameter or weigh more than 200 pounds each) from \$5.20 to \$6.00.

The Department also proposed several new rates as follows:

Conditionally Exempt Small Quantity Generator Fee: Entities that generate 27 gallons or 220 lbs. of hazardous waste, or 2.2 lbs. of extremely hazardous waste per month are called "Conditionally Exempt Small Quantity Generators" or CESQGs. The Department proposes to offer hazardous waste disposal to Riverside County Cities, Co. Departments, and local businesses meeting the CESQG criteria as a means of providing a cost effective solution, benefiting from economy of scale. The Department intends to apply the same rates paid to the Department's approved Household Hazardous Waste Contractor (Clean Harbors Environmental Services Inc.) and will include a Departmental Overhead Rate of 49% to Basic Hourly Rates for

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

Hazardous Waste Inspection staff involved in managing this waste stream as referenced in Appendix D.

Recycled Materials Fee: The Department plans to open, promote, and operate a Materials Reuse Store at Lamb Canyon Landfill. Currently the Department recycles the waste stream that will be diverted to the Reuse store and earns revenue as follows:

- \$100/ton (\$0.05/lb) for mixed tin metal
- \$0.10/lb for Flat/LCD monitors
- \$0.14/lb for Projection Televisions,
- \$0.16/lb for Cathode Ray Tube (CRT) Televisions

The Department plans to pilot the operation of a Materials Reuse program to identify program costs. Until these costs are defined, the Department proposes to place fees on recyclable items that will be offered for sale in the Re-use store consistent with the value of these commodities as of FY 16/17 3Q.

Worm Bin Kit: The Department proposed to offer worm bin kits to Riverside County residents participating in Vermicomposting education. The Worm Bin Kit fee is based on purchase cost of materials for a “build-your-own worm bin”. Currently participants must source all supplies needed to build a worm bin prior to class participation.

Lend-a-Bin Fees: The Department proposed to offer waste/recycle bins to cities, community groups, non-profit organizations, businesses and others who wish to collect and recycle materials generated at events held in Riverside County. The program will require an application and there will be no charge if a post event report is submitted within two weeks of the event and the bins are returned intact and clean. Fees are based on equipment replacement cost, cost to clean equipment returned in unsatisfactory condition and to follow-up with entity for late returns.

Appendix A – Waste Disposal Fees proposed rates changes are as follows:

Description	Current Rate FY 2016/17 Per Ton	Increase Per Ton	Proposed Rate FY 2017/18 Per Ton
1. Routine Refuse (Transfer Station/ Contract In-County)	\$28.52	\$0.56	\$29.08
Area 8 Transfer Trucks	\$29.17	\$0.57	\$29.74
2. Direct Haul/Non-Contract vehicles (vans, pickup trucks or any vehicle pulling a two-wheel trailer):			
a.) Routine Refuse (loads more than .40 tons)	\$37.21	\$0.73	\$37.94
b.) End Dump Vehicle	\$49.62	\$0.98	\$50.60

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

c.) Hard to Handle (loads carrying wastes requiring special handling or immediate burial over .25 tons)	\$49.62	\$0.98	\$50.60
3. Any vehicles hauling loads of more than 9 tires (Tires cannot exceed 4 feet in diameter or weigh more than 200 pounds each.)	\$104.86	\$2.07	\$106.93
4. Surcharges			
(a) Per tire for passenger and light duty tires up to 9 (nine) tires	\$1.00	\$1.00	\$2.00
(b) Per tire for heavy duty truck tires not exceeding 4' in diameter or weighing more than 200 pounds each (up to 9 tires)	\$5.20	\$0.80	\$6.00
5. Processed green waste used for Alternative Daily Cover (ADC)	\$10.00	\$7.00	\$17.00
6. Conditionally Exempt Small Quantity Generator (CESQQ) Waste	N/A	N/A	contracted household hazardous waste disposal fee plus Department Overhead Rate (see Appendix D)
7. Recycled Material Fees			
(a) Mixed Metal	N/A	N/A	\$0.05/lb
(b) Flat Screens	N/A	N/A	\$0.10/lb
(c) TVs (CRTs)	N/A	N/A	\$0.14/lb
(d) Projection TV	N/A	N/A	\$0.16/lb

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

Appendix B – Residential Self – Haul Cards: No rate increase proposed.

Appendix C – Rural Site Access – Commercial Card is:

Description	Current Rate FY 2016/17	Increase	Proposed Rate FY 2017/18
1. Rural Site Access Commercial Permit FY 2017/18 Card	\$446.50 per card (24 half ton uses)	\$8.80	\$455.30 per card (24 half ton uses)

Appendix D – Schedule of Miscellaneous Fees:

Description	Current Rate FY 2016/17	Increase	Proposed Rate FY 2017/18
1. Worm Bin Kit	N/A	N/A	\$26.00
2. Lend-a-Bin			
(a) Replacement Fee	N/A	N/A	\$59.00
(b) Cleaning Fee	N/A	N/A	\$13.00
(c) Late Fee	N/A	N/A	\$13.00

California Environmental Quality Act (CEQA) Findings

The Project is exempt from CEQA pursuant to State CEQA Guidelines Section 15061(b)(3) (General Rule for Exemption), as it can be seen with certainty that there is no possibility that this Project would have a direct, indirect, or cumulatively significant effect on the environment; therefore, the activity is exempt under CEQA. Furthermore, pursuant to State CEQA Guidelines, Section 15273 (Rates, Tolls, Fares, and Charges), the Project is found to be statutorily exempt from CEQA, because the proposed changes are for the purpose of:

- Meeting operating expense, including employee wage rates and fringe benefits;
- Purchasing or leasing supplies, equipment, or materials;
- Meeting financial reserve needs and requirements; and
- Obtaining funds for existing capital projects, necessary to maintain service within existing service areas.

A Notice of Exemption to this effect will be filed with the County Clerk upon adoption of Ordinance 779.18.

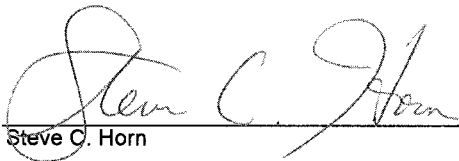

Impact on Residents and Businesses

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

Waste Disposal Fees are increased annually, limited by CPI. The CPI adjustment for this period is 1.97%. Modest fee increases are needed in order to offset impacts due to inflationary factors while meeting the need for capital improvements, and expansion projects, which allow for the continued protection of the general public health and welfare by efficient management of Riverside County's solid waste system. The Waste Disposal Fees charged under Ordinance 779.18 are the lowest in the southern California region, and the Department does not anticipate an increase in illegal dumping, nor impacts to residents or businesses.

ORDINANCE NO. 779.18
AN ORDINANCE OF THE COUNTY OF RIVERSIDE
AMENDING ORDINANCE 779
RELATING TO
COUNTY SOLID WASTE FACILITIES
AND ESTABLISHING FEES

The Board of Supervisors of the County of Riverside, State of California, ordains as follows:

SECTION 1:

This ordinance amends and replaces Ordinance No. 779.17 and any prior version of Ordinance No. 779 in their entirety with the following:

Section 1. DEFINITIONS.

The words used in this ordinance shall have the definitions provided in Public Resources Code 40100 et. Seq.

Section 2. ESTABLISHMENT OF SITES. Subject to control of the Board of Supervisors, the

General Manager-Chief Engineer of the Department of Waste Resources may designate and operate or control by contract County owned, leased, or contracted sites for public transfer, processing or disposal of solid waste.

Section 3. REFUSE FROM OUTSIDE OF COUNTY. Unless so authorized in writing by the

General Manager-Chief Engineer of the Department of Waste Resources or his designated representative, under general policies adopted by the Board, no person shall place, deposit, or dump, or cause to be placed, deposited, or dumped, in or upon any County owned, leased, or contracted transfer station or disposal site in the County, any solid waste originating outside of the County of Riverside, provided however, the General Manager-Chief Engineer of the Department of Waste Resources has discretion to accept incidental amounts of refuse from outside of Riverside County and near County borders for disposal at County landfills when payment is made according to Appendix A for such incidental refuse.

Section 4. REGULATIONS. All County owned leased, or contracted transfer stations and

disposal sites in the County should be under the supervision of the General Manager-Chief Engineer of

MAY 23 2017 12.2C

1 the Department of Waste Resources who shall have the power and the duty to prescribe reasonable
2 regulations regulating the use by the public and the operation of such sites. Such rules shall include,
3 but need not be limited to, the following subjects:

- 4 a. Days and hours of use.
- 5 b. Charges for use of sites at times other than regular hours, which shall be sufficient to
6 reimburse the County for equipment, personnel and overhead costs.
- 7 c. Maximum size of articles and objects dumped.
- 8 d. Allocation of various types of waste to specific sites and the placement of waste within
9 any site.
- 10 e. Prohibition or conditional acceptance of harmful, dangerous or difficult to handle
11 materials, if allowed under the state operating permit, including a reasonable charge
12 for their acceptance, unique handling requirements or assured destruction.
- 13 f. Prohibition of persons from entering the site for reasons including, but not limited to:
14 unauthorized salvaging of waste and recyclables, attempting to dispose of hazardous
15 waste, loitering, intoxication and other forms of conduct that reduce operational
16 efficiencies and/or increase risk of injury to Department employees and the public.

17 Except for short-term emergencies, any regulation fixing days or hours of operation shall be
18 submitted to the Board of Supervisors for approval before taking effect. All regulations prescribed by
19 the General Manager-Chief Engineer of the Department of Waste Resources shall be filed in his or her
20 office and shall be available for public inspection.

21 **Section 5. HAZARDOUS WASTE LOAD CHECKING PROGRAM.** All landfills and transfer
22 stations in the County shall implement and maintain a hazardous waste load checking program at each
23 of their solid waste facilities as required by California law (pursuant to Titles 14 and 27, California Code
24 of Regulations); and which program shall also meet the minimum requirements outlined in this
25 ordinance.

- 26 a. Each solid waste facility operator shall perform random load checks across all load
27 types including self-haul residential, business and industrial waste loads, franchise
28 hauler waste loads (including residential, commercial and industrial) to detect
29 hazardous waste before such incoming waste is transferred to, and/or disposed at,

1 the landfill. Such program shall have the objectives of: (1) preventing hazardous
2 waste from being placed in a landfill not permitted to receive such waste and (2)
3 educating and discouraging both facility self-haul customers and franchise waste
4 hauler customers from bringing or sending in such material. The minimum number of
5 load checks performed at each solid waste facility shall comply with the following
6 schedule:

7 **Landfill/Transfer Station Random Load check Schedule**

8 Average Daily Tonnage	Random Samples per Day
9 0 to 100 tons/day	**
10 101 to 600 tons/day	6*
11 601 to 1,000+ tons/day	10*

12 * The initial schedule is for a minimum number of "Random Samples per Day" for a
13 minimum of three rotating days per week so arriving customers will not know when
14 there will be an inspection.. If a problem persists with large quantities of hazardous
15 waste being found at the landfill or transfer station, the Enforcement Agency or the
16 General Manager-Chief Engineer of the Department of Waste Resources may require
17 the number of "Random Samples per Day" to be applied every day the solid waste
18 facility is open until the problem is deemed corrected.

19 **Minimum of 6 samples per week – may all be performed on the same day

20 b. An inspection form (which shall be certified for completeness and accuracy by the
21 load check inspector on duty) shall be filled out in its entirety at the time of each load
22 check performed at the solid waste facility. The inspection form shall include the
23 following information, to be filled out at the time of inspection:

- 24 • Date and time of inspection
- 25 • Load check inspector name, (certification)
- 26 • Load type (residential, commercial, industrial)
- 27 • Hauler/company name/customer name
- 28 • Driver name
- 29 • Vehicle type (e.g. Hand Unload, Dump Truck, Side Loader, Front End Loader,

1 or Roll Off)

- 2 • License plate number
- 3 • Whether or not the load contained prohibited waste

4 c. When prohibited waste is found, forms shall include the following:

- 5 • Load origin (jurisdiction or route number for side loaders and front end loader
6 vehicles, customer/store name and address where picked up for all other
7 vehicle types)
- 8 • Hazardous waste found (type/name, class, container size/quantity,
9 volume/weight, unit of gallons or pounds)
- 10 • Disposition of material (e.g. picked up by responsible party, returned with
11 customer at time of inspection, solid waste facility assumed responsibility of
12 the material, etc.)

13 d. Management shall review completed forms at a frequency sufficient to ensure forms
14 are filled out completely and correctly.

15 e. The General Manager-Chief Engineer of the Department of Waste Resources or his
16 designated representative and/or a representative of the Enforcement Agency shall
17 have the right to enter the solid waste facilities at any time to audit their load check
18 program's compliance with these standards. These audits shall be limited to four
19 times in any 12 month period and may include three days in which Department of
20 Waste Resources personnel perform load checks at the facility and one day in which
21 Department of Waste Resources staff review the facility's written load check program,
22 hazardous waste and universal waste shipping records, facility personnel training
23 records, hazardous waste storage areas, and load checking procedures in order to
24 audit the solid waste facility load checking program and/or assist the operator in
25 making its load checking program successful.

26 **Section 6. SALVAGE OPERATIONS.** Subject to the approval of the Board of Supervisors,
27 salvage operations of reusable waste materials at all County owned, leased, or contracted transfer
28 stations and disposal sites in the County may be conducted only by such persons as are authorized to
29 do so and upon such terms and conditions as are imposed by the General Manager-Chief Engineer of

1 the Department of Waste Resources.

2 **Section 7. FEES.**

3 1. **Tipping Fees at Scaled Urban Sites:** Pursuant to the authority of Government Code
4 Section 25823, fees for the disposal of solid waste and disposal of liquid waste at
5 enumerated landfills shall be as established by the Board of Supervisors following a
6 duly noticed public hearing. The fees so established shall be in an amount sufficient
7 to cover all costs including but not limited to the following: closure/postclosure
8 (including past unfunded costs), remediation, environmental mitigation, state
9 mandated and other pass-through fees, and general operations. Such fees and the
10 landfills to which they shall apply appear as Appendix A to this Ordinance. The Board
11 of Supervisors may establish different rates through contractual agreements when the
12 terms of said agreements help stabilize revenues and system rates over a long-term
13 period.

14 2. **Fees for Disposal at Rural Sites:** Pursuant to the authority of Government Code
15 Section 25823, fees for the disposal of solid waste at landfills and transfer stations,
16 formerly in a land use assessment area, shall be as established by the Board of
17 Supervisors following a duly noticed public hearing. The fees so established shall be
18 calculated to recover a fair share of the estimated costs for these facilities. Cards
19 permitting entrance into these landfills and transfer stations shall be offered for sale to
20 residents and businesses (only in the local areas surrounding these sites as shown on
21 maps in Exhibit 1) at rates set by the Board of Supervisors. No access to these
22 facilities will be allowed without a card, except in cases where permitted waste haulers
23 or other large commercial users have negotiated separate contracts with the County.
24 Waste from outside these areas shall not be accepted at the rural sites providing,
25 however, waste from unincorporated areas outside of, but near the borders of these
26 service areas may be accepted under the same terms and conditions herein set forth,
27 if it is determined by the General Manager-Chief Engineer of the Department of
28 Waste Resources that this is the most practical way to provide disposal service to
29 these customers. Such rates and the landfills and transfer stations to which they

1 apply shall appear in Appendices B and C to this Ordinance.

2 3. **Miscellaneous Fees.** A schedule of miscellaneous fees is attached as Appendix D.

3 **Section 8. PROHIBITIONS.** No person shall violate any regulation prescribed by the General
4 Manager-Chief Engineer of the Department of Waste Resources regulating the use of a County
5 disposal site or transfer station, or fail to obey any sign giving notice of any regulation, maintained at
6 any such site or facility by the General Manager-Chief Engineer of the Department of Waste
7 Resources. Violation of any such regulation shall be a violation of this Ordinance.

8 **Section 9. VIOLATIONS AND PENALTIES.** The General Manager-Chief Engineer of the
9 Department of Waste Resources reserves the right to deny entrance to an individual for an appropriate
10 time span when said individual is deemed to pose a safety risk and/or is disruptive to the normal
11 workflow of the landfill or transfer station operations. A letter of notification specifying the dates and
12 location(s) of restriction will be mailed to the individual and be on hand at the gate fee booth(s).

13 It shall be unlawful for any person to violate any provision of this Ordinance. Any person
14 violating any provision of this Ordinance may be deemed guilty of an infraction or misdemeanor as
15 hereinafter specified. Such persons shall be deemed guilty of a separate offense for each day, or
16 portion thereof, during which any violation of any of the provisions of this Ordinance is committed or
17 continued. Any person so convicted shall be: (1) guilty of an infraction offense and punished by a fine
18 not exceeding One Hundred dollars (\$100.00) for a first violation; (2) guilty of an infraction offense and
19 punished by a fine not exceeding Two Hundred dollars (\$200.00) for a second violation. The third and
20 any additional violations shall constitute a misdemeanor offense and shall be punishable by a fine not
21 exceeding Five Hundred dollars (\$500.00).

22 Notwithstanding the above, a first offense may be charged and prosecuted as a misdemeanor.
23 Payment of any penalty herein shall not relieve a person from the responsibility for correcting the
24 violation.

25 **Section 10. SEVERABILITY.** If any provision, clause, sentence or paragraph of this
26 Ordinance (including its appendices) or the application thereof to any person or circumstances shall be

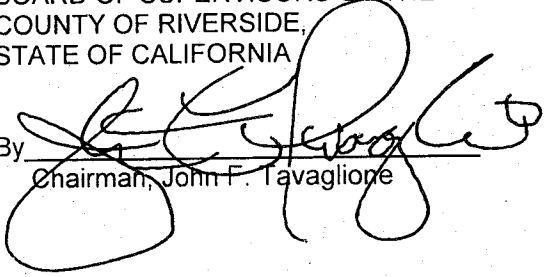

1 held invalid, such invalidity shall not affect the other provisions or applications of the provisions of this
2 Ordinance (and its appendices) which can be given effect without the invalid provision or application,
3 and to this end, the provisions of this Ordinance (and its appendices) are hereby declared to be
4 severable.

5 SECTION 2:

6 This ordinance shall become effective 30 days after adoption

BACKGROUND:

Summary

In addition to establishing fees and penalties, ordinance 779 includes the basis for operations regulations including waste inspection, salvaging and safety. In order to verify that the current refuse rates are appropriate to offset expenses, the Department of Waste Resources (Department) prudently reviews its operations annually and forecasts capital improvements, expansion projects, and future expenses and liabilities with a projection of 20 years. Since revenue from in-county tonnage delivered to the landfills represents the majority of the Enterprise Fund's total revenue, it is important to accurately project future tonnage growth or decline. In the last five years, tonnage has increased slightly by an average of 3% annually. The Department projects that this trend will continue, and anticipates a 5% increase in overall in-county tonnage for FY 16/17 over the previous year. While tonnage is expected to increase slightly, growth is not anticipated to keep pace relative to inflation factors in the area due to salary increases, stricter regulatory compliance requirements and increased fees. The Department is limited to annual Consumer Price Index (CPI) increases for all of its long-term, contracted transfer station hauler and contract franchise area hauler agreements. These contracts represent approximately 70% of the in-county tonnage accepted at the landfills (FY 2016). For these reasons, it is recommended that Ordinance 779 be amended to allow for certain fee increases based on the change in CPI for the 12-month period ending December 31, 2016. The CPI adjustment for this period is 1.97%.

The Department also proposes to gradually increase the rate for processed green waste used as Alternative Daily Cover (ADC) to equal the disposal rate between now and FY 20/21. In the 1990's after passage of AB 939, the Department began using processed green waste as ADC which allowed for jurisdictions to report this tonnage as diverted waste. This practice also helped to extend the life of landfills because the landfill space that would have otherwise been consumed by clean fill dirt was now occupied by the processed green waste that was previously part of the landfilled waste stream. The Department offered discounted fees to create incentives for landfill users to deliver processed green waste that could be used as ADC. At that time, the Department accepted processed green waste for the purpose of ADC at no charge. In 2009, at the urging of private composting operators, the Department began charging \$10.00/ton for this material in an effort to direct this material to private composting facilities. To reduce the amount of organics being landfilled, the State recently passed into law AB1826, requiring businesses to begin diverting organics. The State also passed into law AB 1594,

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

which will preclude jurisdictions from counting green waste used as ADC as diverted tonnage when calculating their AB 939 per capita diversion amount. AB 1594 will eliminate the diversion benefit that currently exists by 2020 and ADC placed in the landfill will constitute disposal. Currently the Department accepts processed green waste for beneficial reuse (erosion control) or ADC at below market rate for a tip fee of \$10.00. This rate is significantly below fees charged by composting facilities in Riverside County as shown:

Description	Riverside County	Coachella Valley Composting	Edom Hill Transfer Station	Robert A. Nelson Transfer Station	SA Recycling
Green Waste					
Processed	\$10.00	\$30.00	\$33.00	\$40.79	\$35.00
Unprocessed	\$46.47	\$30.00	\$33.00	\$40.79	\$35.00

While the use of ADC in the landfill system has been significantly reduced over the last several years due to the increased use of tarps to cover waste (only 17,000 tons in 2016), any additional revenue generated by the increase will be allocated to the Department's ongoing advancement of organics processing within Riverside County. Processed green waste used as erosion control at the landfills will continue to be charged at the \$10 per ton rate for the foreseeable future, as it provides a beneficial use to the landfill system.

In addition, in order to maintain the Department's subsidy for tire recycling management at the 2016 level for proper management of tire disposal/recycling, the Department recommends an increase in landfill dumping fees for tires increasing the cost for disposal of Passenger/Light Duty Tires (9 or less) from \$1.00 to \$2.00, and for Truck Tires (not to exceed 4' diameter or weigh more than 200 pounds each) from \$5.20 to \$6.00.

The Department also proposes several new rates as follows:

Conditionally Exempt Small Quantity Generator Fee: Entities that generate 27 gallons or 220 lbs. of hazardous waste, or 2.2 lbs. of extremely hazardous waste per month are called "Conditionally Exempt Small Quantity Generators" or CESQGs. The Department proposes to offer hazardous waste disposal to Riverside County cities, Co. Departments, and local

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

businesses meeting the CESQG criteria as a means of providing a cost effective solution, benefiting from economy of scale. The Department intends to apply the same rates paid to the Department's approved Household Hazardous Waste Contractor (Clean Harbors Environmental Services Inc.) and will include a Departmental Overhead Rate of 49% to Basic Hourly Rates for Hazardous Waste Inspection staff involved in managing this waste stream as referenced in Appendix D.

Recycled Materials Fee: The Department plans to open, promote, and operate a Materials Reuse Store at Lamb Canyon Landfill. Currently the Department recycles the waste stream that will be diverted to the Reuse store and earns revenue as follows:

- \$100/ton (\$0.05/lb) for mixed tin metal
- \$0.10/lb for Flat/LCD monitors
- \$0.14/lb for Projection Televisions
- \$0.16/lb for Cathode Ray Tube (CRT) Televisions

The Department plans to pilot the operation of a Materials Reuse program to identify program costs associated. Until these costs are defined, the Department proposes to place fees on recyclable items that will be offered for sale in the Re-use store consistent with the value of these commodities as of FY 16/17 3Q.

Worm Bin Kit: The Department proposes to offer worm bin kits to Riverside County residents participating in Vermicomposting education. The Worm Bin Kit fee is based on purchase cost of materials for a "build-your-own worm bin". Currently participants must source all supplies needed to build a worm bin prior to class participation.

Lend-a-Bin Fees: The Department proposes to offer waste/recycle bins to cities, community groups, non-profit organizations, businesses and others who wish to collect and recycle materials generated at events held in Riverside County. The program will require an application and there will be no charge if a post event report is submitted within two weeks of the event and the bins are returned intact and clean. Fees are based on equipment replacement cost, cost to clean equipment returned in unsatisfactory condition and to follow-up with entity for late returns.

Appendix A – Waste Disposal Fees proposed rates changes are as follows:

Description	Current Rate FY 2016/17 Per Ton	Increase Per Ton	Proposed Rate FY 2017/18 Per Ton
1. Routine Refuse (Transfer Station/ Contract In-County)	\$28.52	\$0.56	\$29.08
Area 8 Transfer Trucks	\$29.17	\$0.57	\$29.74
2. Direct Haul/Non-Contract			

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

vehicles (vans, pickup trucks or any vehicle pulling a two-wheel trailer):			
a.) Routine Refuse (loads more than .40 tons)	\$37.21	\$0.73	\$37.94
b.) End Dump Vehicle	\$49.62	\$0.98	\$50.60
c.) Hard to Handle (loads carrying wastes requiring special handling or immediate burial over .25 tons)	\$49.62	\$0.98	\$50.60
3. Any vehicles hauling loads of more than 9 tires (Tires cannot exceed 4 feet in diameter or weigh more than 200 pounds each.)	\$104.86	\$2.07	\$106.93
4. Surcharges			
(a) Per tire for passenger and light duty tires up to 9 (nine) tires	\$1.00	\$1.00	\$2.00
(b) Per tire for heavy duty truck tires not exceeding 4' in diameter or weighing more than 200 pounds each (up to 9 tires)	\$5.20	\$0.80	\$6.00
5. Processed green waste used for Alternative Daily Cover (ADC)	\$10.00	\$7.00	\$17.00
6. Conditionally Exempt Small Quantity Generator (CESQQ) Waste	N/A	N/A	contracted household hazardous waste disposal fee plus Department Overhead Rate (see Appendix D)
7. Recycled Material Fees			
(a) Mixed Metal	N/A	N/A	\$0.05/lb
(b) Flat Screens	N/A	N/A	\$0.10/lb
(c) TVs (CRTs)	N/A	N/A	\$0.14/lb
(d) Projection TV	N/A	N/A	\$0.16/lb

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

Appendix B – Residential Self – Haul Cards: No rate increase proposed.

Appendix C – Rural Site Access – Commercial Card is:

Description	Current Rate FY 2016/17	Increase	Proposed Rate FY 2017/18
1. Rural Site Access Commercial Permit FY 2017/18 Card	\$446.50 per card (24 half ton uses)	\$8.80	\$455.30 per card (24 half ton uses)

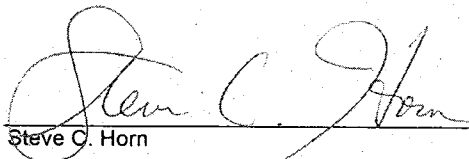

Appendix D – Schedule of Miscellaneous Fees:

Description	Current Rate FY 2016/17	Increase	Proposed Rate FY 2017/18
1. Worm Bin Kit	N/A	N/A	\$26.00
2. Lend-a-Bin			
(a) Replacement Fee	N/A	N/A	\$59.00
(b) Cleaning Fee	N/A	N/A	\$13.00
(c) Late Fee	N/A	N/A	\$13.00

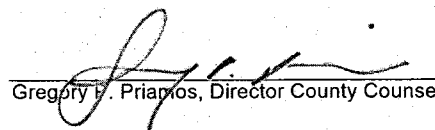

Impact on Residents and Businesses

Waste Disposal Fees are increased annually, limited by CPI. The CPI adjustment for this period is 1.97%. Modest fee increases are needed in order to offset impacts due to inflationary factors while meeting the need for capital improvements, and expansion projects, which allow for the continued protection of the general public health and welfare by efficient management of Riverside County's solid waste system. The Waste Disposal Fees charged under Ordinance 779.18 are the lowest in the southern California region, and the Department does not anticipate an increase in illegal dumping, nor impacts to residents or businesses.

NOTICE OF PUBLIC HEARING BEFORE THE BOARD OF SUPERVISORS OF RIVERSIDE COUNTY

NOTICE IS HEREBY GIVEN that a public hearing at which all interested persons will be heard, will be held before the Board of Supervisors of Riverside County, California, on the 1st Floor Board Chambers, County Administrative Center, 4080 Lemon Street, Riverside, on **Tuesday, May 23, 2017 at 9:00 a.m., or as soon as possible thereafter**, to consider adoption of the following:

ORDINANCE NO. 779.18
AN ORDINANCE OF THE COUNTY OF RIVERSIDE
AMENDING ORDINANCE 779
RELATING TO COUNTY SOLID WASTE FACILITIES
AND ESTABLISHING FEES

The Board of Supervisors of the County of Riverside, State of California, ordains as follows:

SECTION 1:

This ordinance amends and replaces Ordinance No. 779.17 and any prior version of Ordinance No. 779 in their entirety with the following:

Section 1. DEFINITIONS.

The words used in this ordinance shall have the definitions provided in Public Resources Code 40100 et. Seq.

Section 2. ESTABLISHMENT OF SITES. Subject to control of the Board of Supervisors, the General Manager-Chief Engineer of the Department of Waste Resources may designate and operate or control by contract County owned, leased, or contracted sites for public transfer, processing or disposal of solid waste.

Section 3. REFUSE FROM OUTSIDE OF COUNTY. Unless so authorized in writing by the General Manager-Chief Engineer of the Department of Waste Resources or his designated representative, under general policies adopted by the Board, no person shall place, deposit, or dump, or cause to be placed, deposited, or dumped, in or upon any County owned, leased, or contracted transfer station or disposal site in the County, any solid waste originating outside of the County of Riverside, provided however, the General Manager-Chief Engineer of the Department of Waste Resources has discretion to accept incidental amounts of refuse from outside of Riverside County and near County borders for disposal at County landfills when payment is made according to Appendix A for such incidental refuse.

Section 4. REGULATIONS. All County owned leased, or contracted transfer stations and disposal sites in the County should be under the supervision of the General Manager-Chief Engineer of the Department of Waste Resources who shall have the power and the duty to prescribe reasonable regulations regulating the use by the public and the operation of such sites. Such rules shall include, but need not be limited to, the following subjects:

- a. Days and hours of use.
- b. Charges for use of sites at times other than regular hours, which shall be sufficient to reimburse the County for equipment, personnel and overhead costs.
- c. Maximum size of articles and objects dumped.
- d. Allocation of various types of waste to specific sites and the placement of waste within any site.
- e. Prohibition or conditional acceptance of harmful, dangerous or difficult to handle materials, if allowed under the state operating permit, including a reasonable charge for their acceptance, unique handling requirements or assured destruction.
- f. Prohibition of persons from entering the site for reasons including, but not limited to: unauthorized salvaging of waste and recyclables, attempting to dispose of hazardous

waste, loitering, intoxication and other forms of conduct that reduce operational efficiencies and/or increase risk of injury to Department employees and the public.

Except for short-term emergencies, any regulation fixing days or hours of operation shall be submitted to the Board of Supervisors for approval before taking effect. All regulations prescribed by the General Manager-Chief Engineer of the Department of Waste Resources shall be filed in his or her office and shall be available for public inspection.

Section 5. HAZARDOUS WASTE LOAD CHECKING PROGRAM. All landfills and transfer stations in the County shall implement and maintain a hazardous waste load checking program at each of their solid waste facilities as required by California law (pursuant to Titles 14 and 27, California Code of Regulations); and which program shall also meet the minimum requirements outlined in this ordinance.

- a. Each solid waste facility operator shall perform random load checks across all load types including self-haul residential, business and industrial waste loads, franchise hauler waste loads (including residential, commercial and industrial) to detect hazardous waste before such incoming waste is transferred to, and/or disposed at, the landfill. Such program shall have the objectives of: (1) preventing hazardous waste from being placed in a landfill not permitted to receive such waste and (2) educating and discouraging both facility self-haul customers and franchise waste hauler customers from bringing or sending in such material. The minimum number of load checks performed at each solid waste facility shall comply with the following schedule:

Landfill/Transfer Station Random Load check Schedule

Average Daily Tonnage	Random Samples per Day
0 to 100 tons/day	**
101 to 600 tons/day	6*
601 to 1,000+ tons/day	10*

* The initial schedule is for a minimum number of "Random Samples per Day" for a minimum of three rotating days per week so arriving customers will not know when there will be an inspection. If a problem persists with large quantities of hazardous waste being found at the landfill or transfer station, the Enforcement Agency or the General Manager-Chief Engineer of the Department of Waste Resources may require the number of "Random Samples per Day" to be applied every day the solid waste facility is open until the problem is deemed corrected.

**Minimum of 6 samples per week – may all be performed on the same day

- b. An inspection form (which shall be certified for completeness and accuracy by the load check inspector on duty) shall be filled out in its entirety at the time of each load check performed at the solid waste facility. The inspection form shall include the following information, to be filled out at the time of inspection:
- Date and time of inspection
 - Load check inspector name, (certification)
 - Load type (residential, commercial, industrial)
 - Hauler/company name/customer name
 - Driver name
 - Vehicle type (e.g. Hand Unload, Dump Truck, Side Loader, Front End Loader, or Roll Off)
 - License plate number
 - Whether or not the load contained prohibited waste
- c. When prohibited waste is found, forms shall include the following:
- Load origin (jurisdiction or route number for side loaders and front end loader vehicles, customer/store name and address where picked up for all other vehicle types)
 - Hazardous waste found (type/name, class, container size/quantity, volume/weight,

- unit of gallons or pounds)
- Disposition of material (e.g. picked up by responsible party, returned with customer at time of inspection, solid waste facility assumed responsibility of the material, etc.)
- d. Management shall review completed forms at a frequency sufficient to ensure forms are filled out completely and correctly.
 - e. The General Manager-Chief Engineer of the Department of Waste Resources or his designated representative and/or a representative of the Enforcement Agency shall have the right to enter the solid waste facilities at any time to audit their load check program's compliance with these standards. These audits shall be limited to four times in any 12 month period and may include three days in which Department of Waste Resources personnel perform load checks at the facility and one day in which Department of Waste Resources staff review the facility's written load check program, hazardous waste and universal waste shipping records, facility personnel training records, hazardous waste storage areas, and load checking procedures in order to audit the solid waste facility load checking program and/or assist the operator in making its load checking program successful.

Section 6. SALVAGE OPERATIONS. Subject to the approval of the Board of Supervisors, salvage operations of reusable waste materials at all County owned, leased, or contracted transfer stations and disposal sites in the County may be conducted only by such persons as are authorized to do so and upon such terms and conditions as are imposed by the General Manager-Chief Engineer of the Department of Waste Resources.

Section 7. FEES.

1. **Tipping Fees at Scaled Urban Sites:** Pursuant to the authority of Government Code Section 25823, fees for the disposal of solid waste and disposal of liquid waste at enumerated landfills shall be as established by the Board of Supervisors following a duly noticed public hearing. The fees so established shall be in an amount sufficient to cover all costs including but not limited to the following: closure/postclosure (including past unfunded costs), remediation, environmental mitigation, state mandated and other pass-through fees, and general operations. Such fees and the landfills to which they shall apply appear as Appendix A to this Ordinance. The Board of Supervisors may establish different rates through contractual agreements when the terms of said agreements help stabilize revenues and system rates over a long-term period.
2. **Fees for Disposal at Rural Sites:** Pursuant to the authority of Government Code Section 25823, fees for the disposal of solid waste at landfills and transfer stations, formerly in a land use assessment area, shall be as established by the Board of Supervisors following a duly noticed public hearing. The fees so established shall be calculated to recover a fair share of the estimated costs for these facilities. Cards permitting entrance into these landfills and transfer stations shall be offered for sale to residents and businesses (only in the local areas surrounding these sites as shown on maps in Exhibit 1) at rates set by the Board of Supervisors. No access to these facilities will be allowed without a card, except in cases where permitted waste haulers or other large commercial users have negotiated separate contracts with the County. Waste from outside these areas shall not be accepted at the rural sites providing, however, waste from unincorporated areas outside of, but near the borders of these service areas may be accepted under the same terms and conditions herein set forth, if it is determined by the General Manager-Chief Engineer of the Department of Waste Resources that this is the most practical way to provide disposal service to these customers. Such rates and the landfills and transfer stations to which they apply shall appear in Appendices B and C to this Ordinance.
3. **Miscellaneous Fees.** A schedule of miscellaneous fees is attached as Appendix D.

Section 8. PROHIBITIONS. No person shall violate any regulation prescribed by the General Manager-Chief Engineer of the Department of Waste Resources regulating the use of a County disposal site or transfer station, or fail to obey any sign giving notice of any regulation, maintained at any such site or facility by the General Manager-Chief Engineer of the Department of Waste Resources. Violation of any such regulation shall be a violation of this Ordinance.

Section 9. VIOLATIONS AND PENALTIES. The General Manager-Chief Engineer of the Department of Waste Resources reserves the right to deny entrance to an individual for an appropriate time span when said individual is deemed to pose a safety risk and/or is disruptive to the normal workflow of the landfill or transfer station operations. A letter of notification specifying the dates and location(s) of restriction will be mailed to the individual and be on hand at the gate fee booth(s).

It shall be unlawful for any person to violate any provision of this Ordinance. Any person violating any provision of this Ordinance may be deemed guilty of an infraction or misdemeanor as hereinafter specified. Such persons shall be deemed guilty of a separate offense for each day, or portion thereof, during which any violation of any of the provisions of this Ordinance is committed or continued. Any person so convicted shall be: (1) guilty of an infraction offense and punished by a fine not exceeding One Hundred dollars (\$100.00) for a first violation; (2) guilty of an infraction offense and punished by a fine not exceeding Two Hundred dollars (\$200.00) for a second violation. The third and any additional violations shall constitute a misdemeanor offense and shall be punishable by a fine not exceeding Five Hundred dollars (\$500.00).

Notwithstanding the above, a first offense may be charged and prosecuted as a misdemeanor. Payment of any penalty herein shall not relieve a person from the responsibility for correcting the violation.

Section 10. SEVERABILITY. If any provision, clause, sentence or paragraph of this Ordinance (including its appendices) or the application thereof to any person or circumstances shall be held invalid, such invalidity shall not affect the other provisions or applications of the provisions of this Ordinance (and its appendices) which can be given effect without the invalid provision or application, and to this end, the provisions of this Ordinance (and its appendices) are hereby declared to be severable.

SECTION 2:

This ordinance shall become effective 30 days after adoption

(INSERT APPENDIX A, B, C, & D)

(INSERT EXHIBIT)

Any person affected by the above matter(s) may submit written comments to the Clerk of the Board before the hearing or may appear and be heard in support or opposition to the project at the time of the hearing. If you challenge the above item(s) in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence, to the Board of Supervisors at, or prior to, the public hearing.

Please send all written correspondence to: Clerk of the Board, 4080 Lemon Street, 1st Floor, Post Office Box 1147, Riverside, CA 92502-1147

Alternative formats available upon request to individuals with disabilities. If you require reasonable accommodation, please contact Lisa Wagner at (951) 955-1063, 72 hours prior to hearing.

Dated: May 4, 2017

Kecia Harper-Ihem, Clerk of the Board
By: Cecilia Gil, Board Assistant

**APPENDIX A TO RIVERSIDE COUNTY ORDINANCE NO. 779.18
SCHEDULE OF WASTE DISPOSAL FEES
FOR
RIVERSIDE COUNTY DEPARTMENT OF WASTE RESOURCES
Effective July 1, 2017**

The following gate fees will be applicable at
El Sobrante, Badlands, Lamb Canyon, and Blythe Landfills

WASTE GROUP DESCRIPTIONS	RATE
1. Transfer Trucks/Contracted Vehicles	See Note #1
2. Direct Haul/Non-Contract vehicles (automobiles, vans, box trucks, pickup trucks or any other vehicle pulling a trailer): (a) Routine Refuse (loads more than .40 tons) (b) Routine Refuse Minimum Load Fee (loads .40 tons or less) (c) Loads hauling 50% or more green waste not exceeding .40 tons	\$ 37.94 /ton* \$ 9.00 /load \$ 12.00 /load
3. Any vehicles hauling loads of more than 9 tires (Tires cannot exceed 4 feet in diameter or weigh more than 200 pounds each).	\$ 106.93 /ton**
4. End dump vehicles or any other vehicle carrying loads carrying wastes requiring special handling or immediate burial over .25 tons (Hard to Handle) (a) Hard to Handle Minimum Load Fee (loads carrying waste requiring special handling or immediate burial not exceeding .25 ton)	\$ 50.60 /ton* \$ 12.00 /ton*
5. Surcharges (added to the charges listed herein): (a) per tire for passenger and light duty tires (up to 9 tires) (b) per tire for heavy duty truck tires not exceeding 4' in diameter or weighing more than 200 pounds each (up to 9 tires). (c) \$10.00 per uncovered load of refuse which has exposed material which in the opinion of the General Manager-Chief Engineer or his/her designee may litter access routes to the landfill. (d) \$10.00 per ton for loads which are judged to be 50% or more wood waste/yard waste by volume. (e) \$5.00 per ton for incidental out of county refuse	\$ 2.00 /tire \$ 6.00 /tire* \$ 10.00 /load \$ 10.00 /ton \$ 5.00 /ton***
6. Any vehicle hauling: (a) 2 or less large trash bags, or (b) up to 2 cathode ray tube (CRT) devices (e.g. TVs or computer monitors) per day, or (c) 3 holiday trees for recycling (residential customers only from 12/26/2017 through 1/7/2018), or (d) material pre-approved by the General Manager-Chief Engineer or designee as needed for beneficial re-use (food waste for pilot compost program, concrete/asphalt for wet weather, etc). (e) 2 or less mattresses (may include box springs)	No Charge
7. All vehicles not described in any other provision of this fee schedule	\$ 37.94 /ton*
8. Emergency towing services: (a) 10 minutes or less (b) over 10 minutes	\$ 20.00 \$ 35.00
9. Late Staying Customer Fees (a) 16 to 30 minutes past closing (b) 31 minutes or more past closing	\$ 60.00 \$ 120.00
10. Any vehicle hauling processed green waste approved by the General Manager-Chief Engineer or designee as needed for use as alternative daily cover (ADC) and spread by County.	\$ 17.00 /ton
11. Any vehicle hauling processed green waste approved by the General Manager-Chief Engineer or designee as needed for beneficial re-use (Erosion Control) and spread by County.	\$ 10.00 /ton
12. Conditionally Exempt Small Quantity Generator Waste - pass through of contracted household hazardous waste disposal fee plus Department Overhead Rate of 49% of hourly rate for staff involved in waste handling.	varies
13. Recycled Materials Fees	

Notes:

- 1) Rate for Transfer Trucks to be determined by individual contracts.
- 2) Loads of dead sheep or small calves from the Blythe service area separated from other waste will be received at no charge at the Blythe Landfill (daily from 8am to 9am) due to health and safety risk in the vast open canal system in the area.
- 3) Certified loads of illegally dumped nonhazardous municipal solid waste retrieved along open flowing irrigation canals, which are delivered by the agency responsible for maintaining the canals shall be received at no charge at the Blythe Landfill.
- 4) The General Manager-Chief Engineer is authorized to recoup costs associated with the segregation of unauthorized waste commingled with routine refuse.

* Cash customers prorated to the nearest \$.25

**Cash customers prorated to the nearest \$.25 with a minimum charge of \$20.00 per vehicle

*** Exception - El Sobrante Landfill. Incidental Out of County (OOC) rate established by WM Inc.

**APPENDIX B TO ORDINANCE NO. 779.18
RESIDENTIAL SELF-HAUL CARDS
FOR
RIVERSIDE COUNTY DEPARTMENT OF WASTE RESOURCES
Effective July 1, 2017**

The Residential Self-Haul Card shall be necessary for admittance to the Mecca II and Oasis Landfills for all residential haulers.

RESIDENTIAL CARD REGULATIONS:

Authority: Riverside County Ordinance No. 657 requires that, "Every tenant, occupier, operator, or owner of a residence...shall not less than once a week, cause to be removed all solid waste created, produced or brought upon the property to an approved disposal facility."

1. **Number of Uses** - The Residential Self-Haul Card allows up to 52-400 lb. standard load uses per year (approximately 4 uses per month).
2. **Expiration Date** - The expiration date for all cards is the last day of the fiscal year, June 30th. In addition, any unused punches for each month will expire on the last day of that month.
3. **No Refunds** - There will be no refunds on partially used cards.
4. **Standard Load** - The maximum load allowed access to the landfill with one use of the Residential Self-Haul Card will be four hundred (400) pounds, which is equivalent to one punch on the card. If the Gate Services Assistant judges a load to be over this Standard Load limit, two or more punches will be made to the card.
5. **Cost** - The Residential Self-Haul Card discounted rate is fifteen dollars (\$15.00) per month.
6. **Payment Options – Cards may be purchased:**

Period	Cost	Number of Punches One Punch Per 400 lb. Standard Load. Additional Punches Applied in Excess of Standard Load.
Monthly	\$15.00	4
Bi-Monthly	\$30.00	8
Advance Sale - Annual (purchased on or before June 30th)	\$150.00	52 (400 lb. estimated load per punch)
Annual (purchased between July 1st and July 31st)	\$160.00	52 (400 lb. estimated load per punch)
Multiple Months	\$15.00 x no. of months	4 x no. of months

7. **Lost Cards** - Lost cards are to be reported immediately. The customer will not be responsible for unauthorized use of a card after if it is reported lost to the Waste Resources business office located at 14310 Frederick Street, Moreno Valley, CA 92553, (951) 486-3200.
8. **Maximum Load** – Mecca Landfill will not accept loads greater than 1 ton.
9. **Restrictions on Use of Card** - Household hazardous waste, loads with more than four (4) tires, other hard-to-handle waste, or commercial business waste will not be accepted on this card. Cards may only be used by the resident who paid for the card.
10. **Alternative County Gate Fee Site Usage** – In the event that the rural landfill is unable to accept waste on a normal operating day, customers will be directed to a scaled County landfill and may use their Residential Self Haul Card.

**APPENDIX C TO ORDINANCE NO. 779.18
RURAL SITE ACCESS -- COMMERCIAL CARDS
FOR
RIVERSIDE COUNTY DEPARTMENT OF WASTE RESOURCES
Effective July 1, 2017**

The Rural Site Access Commercial Card shall be necessary for admittance to the Mecca II and Oasis Landfills for all non-permitted/contracted entities hauling commercial waste.

COMMERCIAL CARD REGULATIONS:

A Rural Site Access Commercial Card provides for disposal of commercial waste generated within the remote service areas and is required unless a permitted waste hauler or other large commercial users have negotiated a separate contract for disposal access to rural landfills with the County.

1. **Number of Uses** - The Commercial Card will have twenty-four (24) ½ ton available uses.
2. **Expiration Date** - There is no expiration date for the Commercial Card.
3. **No Refunds** - If a commercial operator goes out of business, there shall be no refund for the unused card punches.
4. **Cost** - The Commercial Card will be priced at four hundred fifty five dollars and thirty cents (\$455.30).
5. **Payment for Card** - The card shall be purchased in advance of usage. Cards may be purchased at any time of the year. Acceptable forms of payment at the fee booth include money order or cashier's check. Cash, personal/business checks, and credit/debit card payments are accepted at the Department's business office or by phone (951-486-3200).
6. **Lost Cards** - Lost cards are to be reported immediately. The customer will not be responsible for unauthorized use of a card after it is reported lost to the Waste Resources business office located at 14310 Frederick St., Moreno Valley, CA. (951) 486-3200.
7. **Maximum Load** - Mecca Landfill will not accept loads greater than 1 ton.
8. **Restrictions on Use of Card** - Hazardous waste, loads with more than 4 tires, or other hard-to-handle waste will not be accepted at these rural sites.
9. **Alternative County Landfill Usage** - In the event that the rural landfill is unable to accept waste on a normal operating day, customers will be directed to a scaled County landfill and may use their Rural Site Commercial Card.

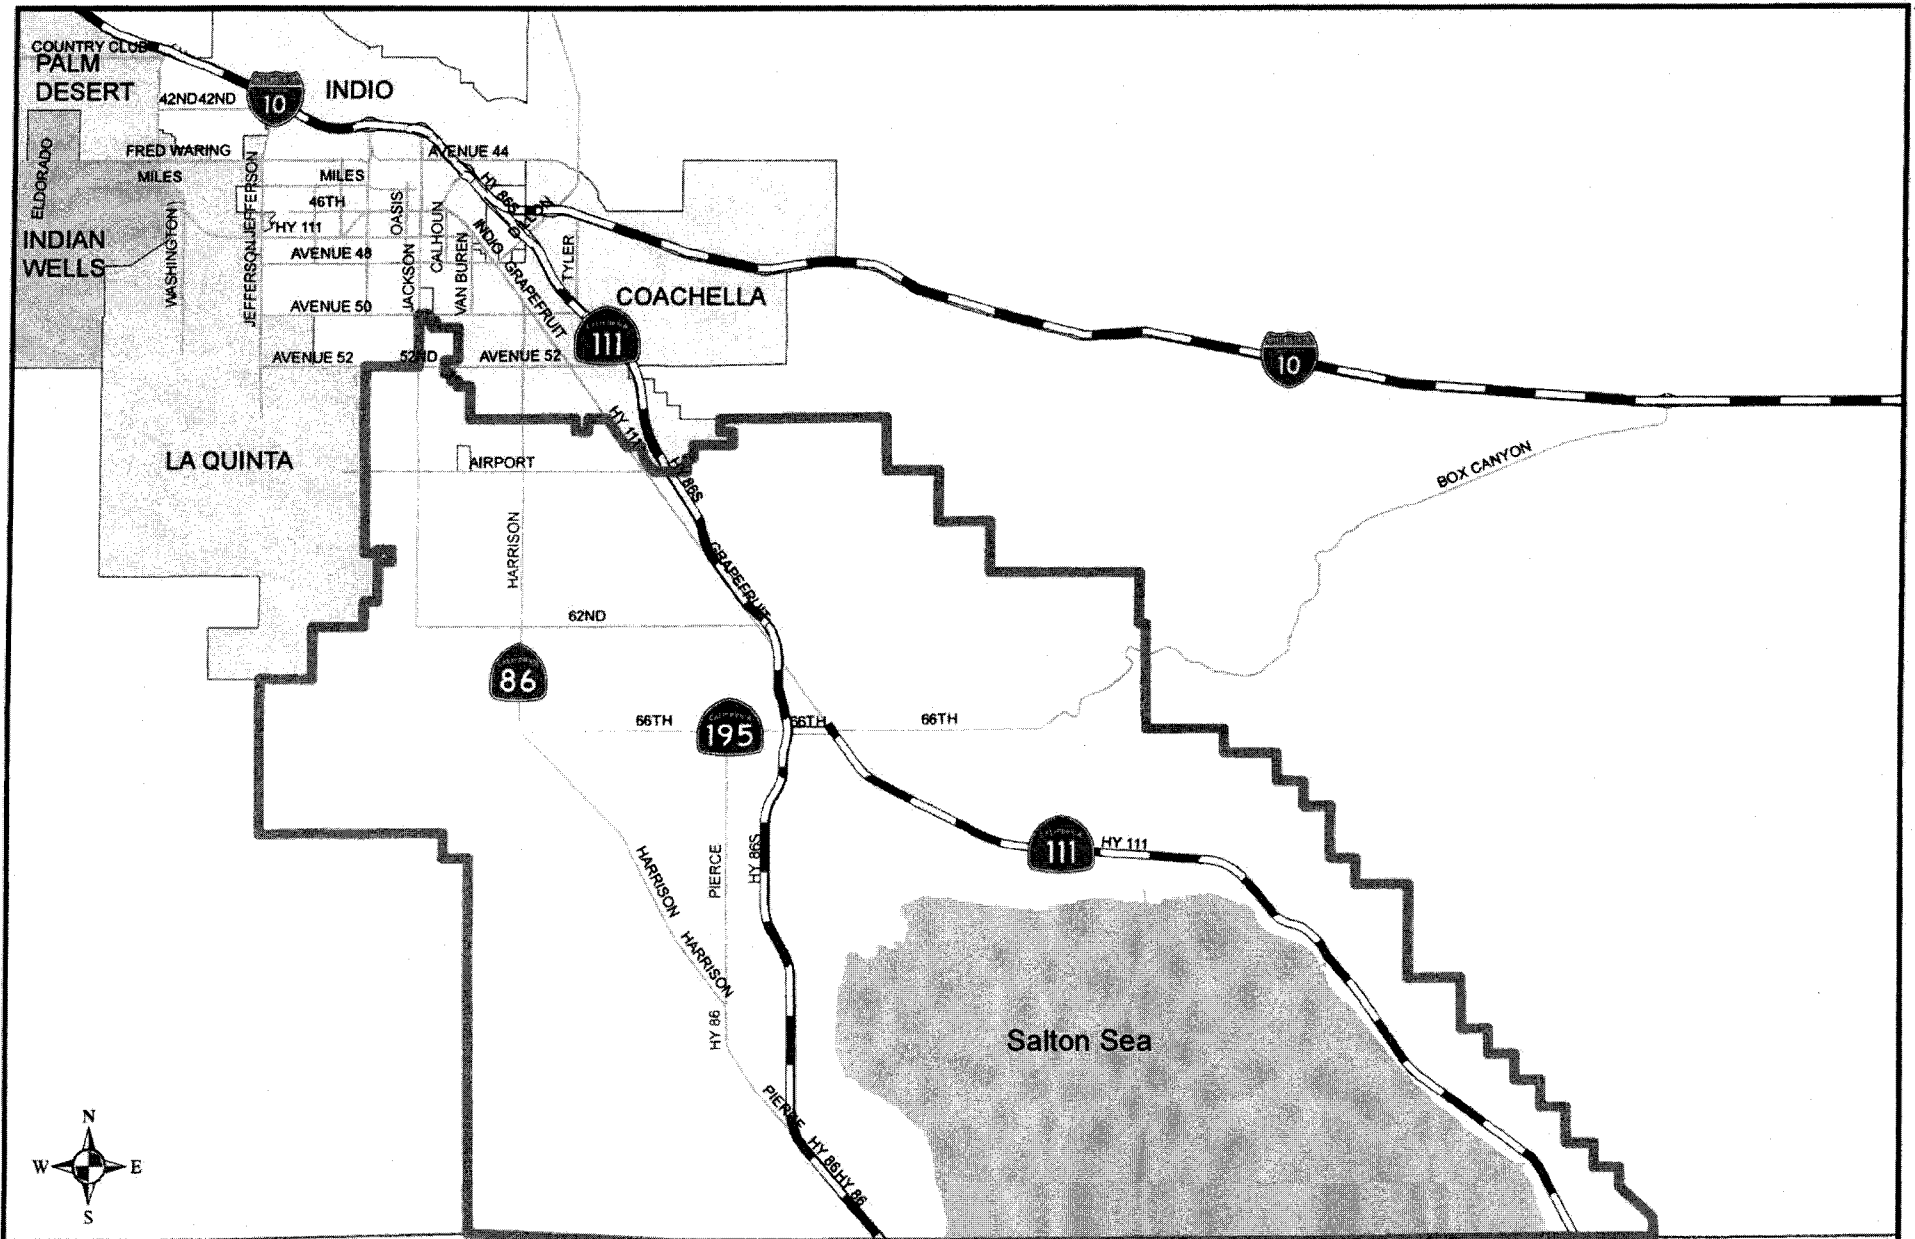

APPENDIX D TO RIVERSIDE COUNTY ORDINANCE NO. 779.18
 SCHEDULE OF MISCELLANEOUS FEES

BOARD OF SUPERVISORS OF THE COUNTY OF RIVERSIDE, STATE OF CALIFORNIA

ORDINANCE NO. 779.18
AN ORDINANCE OF THE COUNTY OF RIVERSIDE
AMENDING ORDINANCE 779
RELATING TO COUNTY SOLID WASTE FACILITIES
AND ESTABLISHING FEES

The Board of Supervisors of the County of Riverside, State of California, ordains as follows:

SECTION 1:

This ordinance amends and replaces Ordinance No. 779.17 and any prior version of Ordinance No. 779 in their entirety with the following:

Section 1. DEFINITIONS.

The words used in this ordinance shall have the definitions provided in Public Resources Code 40100 et. Seq.

Section 2. ESTABLISHMENT OF SITES. Subject to control of the Board of Supervisors, the General Manager-Chief Engineer of the Department of Waste Resources may designate and operate or control by contract County owned, leased, or contracted sites for public transfer, processing or disposal of solid waste.

Section 3. REFUSE FROM OUTSIDE OF COUNTY. Unless so authorized in writing by the General Manager-Chief Engineer of the Department of Waste Resources or his designated representative, under general policies adopted by the Board, no person shall place, deposit, or dump, or cause to be placed, deposited, or dumped, in or upon any County owned, leased, or contracted transfer station or disposal site in the County, any solid waste originating outside of the County of Riverside, provided however, the General Manager-Chief Engineer of the Department of Waste Resources has discretion to accept incidental amounts of refuse from outside of Riverside County and near County borders for disposal at County landfills when payment is made according to Appendix A for such incidental refuse.

Section 4. REGULATIONS. All County owned leased, or contracted transfer stations and disposal sites in the County should be under the supervision of the General Manager-Chief Engineer of the Department of Waste Resources who shall have the power and the duty to prescribe reasonable regulations regulating the use by the public and the operation of such sites. Such rules shall include, but need not be limited to, the following subjects:

- a. Days and hours of use.
- b. Charges for use of sites at times other than regular hours, which shall be sufficient to reimburse the County for equipment, personnel and overhead costs.
- c. Maximum size of articles and objects dumped.
- d. Allocation of various types of waste to specific sites and the placement of waste within any site.
- e. Prohibition or conditional acceptance of harmful, dangerous or difficult to handle materials, if allowed under the state operating permit, including a reasonable charge for their acceptance, unique handling requirements or assured destruction.
- f. Prohibition of persons from entering the site for reasons including, but not limited to: unauthorized salvaging of waste and recyclables, attempting to dispose of hazardous waste, loitering, intoxication and other forms of conduct that reduce operational efficiencies and/or increase risk of injury to Department employees and the public.

Except for short-term emergencies, any regulation fixing days or hours of operation shall be submitted to the Board of Supervisors for approval before taking effect. All regulations prescribed by the General Manager-Chief Engineer of the Department of Waste Resources shall be filed in his or her office and shall be available for public inspection.

Section 5. HAZARDOUS WASTE LOAD CHECKING PROGRAM. All landfills and transfer stations in the County shall implement and maintain a hazardous waste load checking program at each of their solid waste facilities as required by California law (pursuant to Titles 14 and 27, California Code of Regulations); and which program shall also meet the minimum requirements outlined in this ordinance.

- a. Each solid waste facility operator shall perform random load checks across all load types including self-haul residential, business and industrial waste loads, franchise hauler waste loads (including residential, commercial and industrial) to detect hazardous waste before such incoming waste is transferred to, and/or disposed at, the landfill. Such program shall have the objectives of: (1) preventing hazardous waste from being placed in a landfill not permitted to receive such waste and (2) educating and discouraging both facility self-haul customers and franchise waste hauler customers from bringing or sending in such material. The minimum number of load checks performed at each solid waste facility shall comply with the following schedule:

Landfill/Transfer Station Random Load check Schedule

Average Daily Tonnage	Random Samples per Day
0 to 100 tons/day	**
101 to 600 tons/day	6*
601 to 1,000+ tons/day	10*

* The initial schedule is for a minimum number of "Random Samples per Day" for a minimum of three rotating days per week so arriving customers will not know when there will be an inspection. If a problem persists with large quantities of hazardous waste being found at the landfill or transfer station, the Enforcement Agency or the General Manager-Chief Engineer of the Department of Waste Resources may require the number of "Random Samples per Day" to be applied every day the solid waste facility is open until the problem is deemed corrected.

**Minimum of 6 samples per week – may all be performed on the same day

- b. An inspection form (which shall be certified for completeness and accuracy by the load check inspector on duty) shall be filled out in its entirety at the time of each load check performed at the solid waste facility. The inspection form shall include the following information, to be filled out at the time of inspection:
- Date and time of inspection
 - Load check inspector name, (certification)
 - Load type (residential, commercial, industrial)
 - Hauler/company name/customer name
 - Driver name
 - Vehicle type (e.g. Hand Unload, Dump Truck, Side Loader, Front End Loader, or Roll Off)
 - License plate number
 - Whether or not the load contained prohibited waste
- c. When prohibited waste is found, forms shall include the following:
- Load origin (jurisdiction or route number for side loaders and front end loader vehicles, customer/store name and address where picked up for all other vehicle types)
 - Hazardous waste found (type/name, class, container size/quantity, volume/weight, unit of gallons or pounds)

- Disposition of material (e.g. picked up by responsible party, returned with customer at time of inspection, solid waste facility assumed responsibility of the material, etc.)
- d. Management shall review completed forms at a frequency sufficient to ensure forms are filled out completely and correctly.
- e. The General Manager-Chief Engineer of the Department of Waste Resources or his designated representative and/or a representative of the Enforcement Agency shall have the right to enter the solid waste facilities at any time to audit their load check program's compliance with these standards. These audits shall be limited to four times in any 12 month period and may include three days in which Department of Waste Resources personnel perform load checks at the facility and one day in which Department of Waste Resources staff review the facility's written load check program, hazardous waste and universal waste shipping records, facility personnel training records, hazardous waste storage areas, and load checking procedures in order to audit the solid waste facility load checking program and/or assist the operator in making its load checking program successful.

Section 6. SALVAGE OPERATIONS. Subject to the approval of the Board of Supervisors, salvage operations of reusable waste materials at all County owned, leased, or contracted transfer stations and disposal sites in the County may be conducted only by such persons as are authorized to do so and upon such terms and conditions as are imposed by the General Manager-Chief Engineer of the Department of Waste Resources.

Section 7. FEES.

1. **Tipping Fees at Scaled Urban Sites:** Pursuant to the authority of Government Code Section 25823, fees for the disposal of solid waste and disposal of liquid waste at enumerated landfills shall be as established by the Board of Supervisors following a duly noticed public hearing. The fees so established shall be in an amount sufficient to cover all costs including but not limited to the following: closure/postclosure (including past unfunded costs), remediation, environmental mitigation, state mandated and other pass-through fees, and general operations. Such fees and the landfills to which they shall apply appear as Appendix A to this Ordinance. The Board of Supervisors may establish different rates through contractual agreements when the terms of said agreements help stabilize revenues and system rates over a long-term period.
2. **Fees for Disposal at Rural Sites:** Pursuant to the authority of Government Code Section 25823, fees for the disposal of solid waste at landfills and transfer stations, formerly in a land use assessment area, shall be as established by the Board of Supervisors following a duly noticed public hearing. The fees so established shall be calculated to recover a fair share of the estimated costs for these facilities. Cards permitting entrance into these landfills and transfer stations shall be offered for sale to residents and businesses (only in the local areas surrounding these sites as shown on maps in Exhibit 1) at rates set by the Board of Supervisors. No access to these facilities will be allowed without a card, except in cases where permitted waste haulers or other large commercial users have negotiated separate contracts with the County. Waste from outside these areas shall not be accepted at the rural sites providing, however, waste from unincorporated areas outside of, but near the borders of these service areas may be accepted under the same terms and conditions herein set forth, if it is determined by the General Manager-Chief Engineer of the Department of Waste Resources that this is the most practical way to provide disposal service to these customers. Such rates and the landfills and transfer stations to which they apply shall appear in Appendices B and C to this Ordinance.
3. **Miscellaneous Fees.** A schedule of miscellaneous fees is attached as Appendix D.

Section 8. PROHIBITIONS. No person shall violate any regulation prescribed by the General Manager-Chief Engineer of the Department of Waste Resources regulating the use of a County disposal site or transfer station, or fail to obey any sign giving notice of any regulation, maintained at any such site or facility by the General Manager-Chief Engineer of the Department of Waste Resources. Violation of any such regulation shall be a violation of this Ordinance.

Section 9. VIOLATIONS AND PENALTIES. The General Manager-Chief Engineer of the Department of Waste Resources reserves the right to deny entrance to an individual for an appropriate time span when said individual is deemed to pose a safety risk and/or is disruptive to the normal workflow of the landfill or transfer station operations. A letter of notification specifying the dates and location(s) of restriction will be mailed to the individual and be on hand at the gate fee booth(s).

It shall be unlawful for any person to violate any provision of this Ordinance. Any person violating any provision of this Ordinance may be deemed guilty of an infraction or misdemeanor as hereinafter specified. Such persons shall be deemed guilty of a separate offense for each day, or portion thereof, during which any violation of any of the provisions of this Ordinance is committed or continued. Any person so convicted shall be: (1) guilty of an infraction offense and punished by a fine not exceeding One Hundred dollars (\$100.00) for a first violation; (2) guilty of an infraction offense and punished by a fine not exceeding Two Hundred dollars (\$200.00) for a second violation. The third and any additional violations shall constitute a misdemeanor offense and shall be punishable by a fine not exceeding Five Hundred dollars (\$500.00).

Notwithstanding the above, a first offense may be charged and prosecuted as a misdemeanor. Payment of any penalty herein shall not relieve a person from the responsibility for correcting the violation.

Section 10. SEVERABILITY. If any provision, clause, sentence or paragraph of this Ordinance (including its appendices) or the application thereof to any person or circumstances shall be held invalid, such invalidity shall not affect the other provisions or applications of the provisions of this Ordinance (and its appendices) which can be given effect without the invalid provision or application, and to this end, the provisions of this Ordinance (and its appendices) are hereby declared to be severable.

SECTION 2:

This ordinance shall become effective 30 days after adoption

(INSERT APPENDIX A, B, C, & D)

John Tavaglione, Chairman of the Board

I HEREBY CERTIFY that at a regular meeting of the Board of Supervisors of said County, held on **May 23, 2017**, the foregoing Ordinance consisting of two (2) sections was adopted by said Board by the following vote:

AYES: Jeffries, Tavaglione, Washington, Perez and Ashley
NAYS: None
ABSENT: None

Kecia Harper-Ihem, Clerk of the Board
By: Cecilia Gil, Board Assistant

APPENDIX A TO RIVERSIDE COUNTY ORDINANCE NO. 779.18
SCHEDULE OF WASTE DISPOSAL FEES
FOR
RIVERSIDE COUNTY DEPARTMENT OF WASTE RESOURCES
Effective July 1, 2017

The following gate fees will be applicable at
El Sobrante, Badlands, Lamb Canyon, and Blythe Landfills

1. Transfer Trucks/Contracted Vehicles	See Note #1
2. Direct Haul/Non-Contract vehicles (automobiles, vans, box trucks, pickup trucks or any other vehicle pulling a trailer):	
(a) Routine Refuse (loads more than .40 tons)	\$ 37.94 /ton*
(b) Routine Refuse Minimum Load Fee (loads .40 tons or less)	\$ 9.00 /load
(c) Loads hauling 50% or more green waste not exceeding .40 tons	\$ 12.00 /load
3. Any vehicles hauling loads of more than 9 tires (Tires cannot exceed 4 feet in diameter or weigh more than 200 pounds each).	\$ 106.93 /ton**
4. End dump vehicles or any other vehicle carrying loads carrying wastes requiring special handling or immediate burial over .25 tons (Hard to Handle)	\$ 50.60 /ton*
(a) Hard to Handle Minimum Load Fee (loads carrying waste requiring special handling or immediate burial not exceeding .25 ton)	\$ 12.00 /ton*
5. Surcharges (added to the charges listed herein):	
(a) per tire for passenger and light duty tires (up to 9 tires)	\$ 2.00 /tire
(b) per tire for heavy duty truck tires not exceeding 4' in diameter or weighing more than 200 pounds each (up to 9 tires).	\$ 6.00 /tire*
(c) \$10.00 per uncovered load of refuse which has exposed material which in the opinion of the General Manager-Chief Engineer or his/her designee may litter access routes to the landfill.	\$ 10.00 /load
(d) \$10.00 per ton for loads which are judged to be 50% or more wood waste/yard waste by volume.	\$ 10.00 /ton
(e) \$5.00 per ton for incidental out of county refuse	\$ 5.00 /ton***
6. Any vehicle hauling:	
(a) 2 or less large trash bags, or	
(b) up to 2 cathode ray tube (CRT) devices (e.g. TVs or computer monitors) per day, or	
(c) 3 holiday trees for recycling (residential customers only from 12/26/2017 through 1/7/2018), or	
(d) material pre-approved by the General Manager-Chief Engineer or designee as needed for beneficial re-use (food waste for pilot compost program, concrete/asphalt for wet weather, etc).	
(e) 2 or less mattresses (may include box springs)	No Charge
7. All vehicles not described in any other provision of this fee schedule	\$ 37.94 /ton*
8. Emergency towing services:	
(a) 10 minutes or less	\$ 20.00
(b) over 10 minutes	\$ 35.00
9. Late Staying Customer Fees	
(a) 16 to 30 minutes past closing	\$ 60.00
(b) 31 minutes or more past closing	\$ 120.00
10. Any vehicle hauling processed green waste approved by the General Manager-Chief Engineer or designee as needed for use as alternative daily cover (ADC) and spread by County.	\$ 17.00 /ton
11. Any vehicle hauling processed green waste approved by the General Manager-Chief Engineer or designee as needed for beneficial re-use (Erosion Control) and spread by County.	\$ 10.00 /ton
12. Conditionally Exempt Small Quantity Generator Waste - pass through of contracted household hazardous waste disposal fee plus Department Overhead Rate of 49% of hourly rate for staff involved in waste handling.	varies
13. Recycled Materials Fees	

(a) Mixed Metal Items	\$ 0.05 /pound
(b) Flat Screen Television	\$ 0.10 /pound
(c) Projection Television	\$ 0.14 /pound
(d) Cathode Ray Tube (CRT) Television	\$ 0.16 /pound

Notes:

- 1) Rate for Transfer Trucks to be determined by individual contracts.
- 2) Loads of dead sheep or small calves from the Blythe service area separated from other waste will be received at no charge at the Blythe Landfill (daily from 8am to 9am) due to health and safety risk in the vast open canal system in the area.
- 3) Certified loads of illegally dumped nonhazardous municipal solid waste retrieved along open flowing irrigation canals, which are delivered by the agency responsible for maintaining the canals shall be received at no charge at the Blythe Landfill.
- 4) The General Manager-Chief Engineer is authorized to recoup costs associated with the segregation of unauthorized waste commingled with routine refuse.

* Cash customers prorated to the nearest \$.25

**Cash customers prorated to the nearest \$.25 with a minimum charge of \$20.00 per vehicle

*** Exception - El Sobrante Landfill. Incidental Out of County (OOC) rate established by WM Inc.

APPENDIX B TO ORDINANCE NO. 779.18
RESIDENTIAL SELF-HAUL CARDS
FOR
RIVERSIDE COUNTY DEPARTMENT OF WASTE RESOURCES
Effective July 1, 2017

The Residential Self-Haul Card shall be necessary for admittance to the Mecca II and Oasis Landfills for all residential haulers.

RESIDENTIAL CARD REGULATIONS:

Authority: Riverside County Ordinance No. 657 requires that, "Every tenant, occupier, operator, or owner of a residence... shall not less than once a week, cause to be removed all solid waste created, produced or brought upon the property to an approved disposal facility."

1. **Number of Uses** - The Residential Self-Haul Card allows up to 52-400 lb. standard load uses per year (approximately 4 uses per month).
2. **Expiration Date** - The expiration date for all cards is the last day of the fiscal year, June 30th. In addition, any unused punches for each month will expire on the last day of that month.
3. **No Refunds** - There will be no refunds on partially used cards.
4. **Standard Load** - The maximum load allowed access to the landfill with one use of the Residential Self-Haul Card will be four hundred (400) pounds, which is equivalent to one punch on the card. If the Gate Services Assistant judges a load to be over this Standard Load limit, two or more punches will be made to the card.
5. **Cost** - The Residential Self-Haul Card discounted rate is fifteen dollars (\$15.00) per month.
6. **Payment Options – Cards may be purchased:**

Period	Cost	Number of Punches One Punch Per 400 lb. Standard Load. Additional Punches Applied in Excess of Standard Load.
Monthly	\$15.00	4
Bi-Monthly	\$30.00	8
Advance Sale - Annual (purchased on or before June 30th)	\$150.00	52 (400 lb. estimated load per punch)
Annual (purchased between July 1st and July 31st)	\$160.00	52 (400 lb. estimated load per punch)
Multiple Months	\$15.00 x no. of months	4 x no. of months

7. **Lost Cards** - Lost cards are to be reported immediately. The customer will not be responsible for unauthorized use of a card after if it is reported lost to the Waste Resources business office located at 14310 Frederick Street, Moreno Valley, CA 92553, (951) 486-3200.
8. **Maximum Load** – Mecca Landfill will not accept loads greater than 1 ton.
9. **Restrictions on Use of Card** - Household hazardous waste, loads with more than four (4) tires, other hard-to-handle waste, or commercial business waste will not be accepted on this card. Cards may only be used by the resident who paid for the card.

10. Alternative County Gate Fee Site Usage – In the event that the rural landfill is unable to accept waste on a normal operating day, customers will be directed to a scaled County landfill and may use their Residential Self Haul Card.

APPENDIX C TO ORDINANCE NO. 779.18
RURAL SITE ACCESS -- COMMERCIAL CARDS
FOR
RIVERSIDE COUNTY DEPARTMENT OF WASTE RESOURCES
Effective July 1, 2017

The Rural Site Access Commercial Card shall be necessary for admittance to the Mecca II and Oasis Landfills for all non-permitted/contracted entities hauling commercial waste.

COMMERCIAL CARD REGULATIONS:

A Rural Site Access Commercial Card provides for disposal of commercial waste generated within the remote service areas and is required unless a permitted waste hauler or other large commercial users have negotiated a separate contract for disposal access to rural landfills with the County.

1. **Number of Uses** - The Commercial Card will have twenty-four (24) ½ ton available uses.
2. **Expiration Date** - There is no expiration date for the Commercial Card.
3. **No Refunds** - If a commercial operator goes out of business, there shall be no refund for the unused card punches.
4. **Cost** - The Commercial Card will be priced at four hundred fifty five dollars and thirty cents (\$455.30).
5. **Payment for Card** - The card shall be purchased in advance of usage. Cards may be purchased at any time of the year. Acceptable forms of payment at the fee booth include money order or cashier's check. Cash, personal/business checks, and credit/debit card payments are accepted at the Department's business office or by phone (951-486-3200).
6. **Lost Cards** - Lost cards are to be reported immediately. The customer will not be responsible for unauthorized use of a card after it is reported lost to the Waste Resources business office located at 14310 Frederick St., Moreno Valley, CA. (951) 486-3200.
7. **Maximum Load** - Mecca Landfill will not accept loads greater than 1 ton.
8. **Restrictions on Use of Card** - Hazardous waste, loads with more than 4 tires, or other hard-to-handle waste will not be accepted at these rural sites.

9. Alternative County Landfill Usage - In the event that the rural landfill is unable to accept waste on a normal operating day, customers will be directed to a scaled County landfill and may use their Rural Site Commercial Card.

BOARD OF SUPERVISORS OF THE COUNTY OF RIVERSIDE, STATE OF CALIFORNIA

**ORDINANCE NO. 779.18
AN ORDINANCE OF THE COUNTY OF RIVERSIDE
AMENDING ORDINANCE 779
RELATING TO COUNTY SOLID WASTE FACILITIES
AND ESTABLISHING FEES**

The Board of Supervisors of the County of Riverside, State of California, ordains as follows:

SECTION 1:

This ordinance amends and replaces Ordinance No. 779.17 and any prior version of Ordinance No. 779 in their entirety with the following:

Section 1. DEFINITIONS.

The words used in this ordinance shall have the definitions provided in Public Resources Code 40100 et. Seq.

Section 2. ESTABLISHMENT OF SITES. Subject to control of the Board of Supervisors, the General Manager-Chief Engineer of the Department of Waste Resources may designate and operate or control by contract County owned, leased, or contracted sites for public transfer, processing or disposal of solid waste.

Section 3. REFUSE FROM OUTSIDE OF COUNTY. Unless so authorized in writing by the General Manager-Chief Engineer of the Department of Waste Resources or his designated representative, under general policies adopted by the Board, no person shall place, deposit, or dump, or cause to be placed, deposited, or dumped, in or upon any County owned, leased, or contracted transfer station or disposal site in the County, any solid waste originating outside of the County of Riverside, provided however, the General Manager-Chief Engineer of the Department of Waste Resources has discretion to accept incidental amounts of refuse from outside of Riverside County and near County borders for disposal at County landfills when payment is made according to Appendix A for such incidental refuse.

Section 4. REGULATIONS. All County owned leased, or contracted transfer stations and disposal sites in the County should be under the supervision of the General Manager-Chief Engineer of the Department of Waste Resources who shall have the power and the duty to prescribe reasonable regulations regulating the use by the public and the operation of such sites. Such rules shall include, but need not be limited to, the following subjects:

- Days and hours of use.
- Charges for use of sites at times other than regular hours, which shall be sufficient to reimburse the County for equipment, personnel and overhead costs.
- Maximum size of articles and objects dumped.
- Allocation of various types of waste to specific sites and the placement of waste within any site.
- Prohibition or conditional acceptance of harmful, dangerous or difficult to handle materials, if allowed under the state operating permit, including a reasonable charge for their acceptance, unique handling requirements or assured destruction.
- Prohibition of persons from entering the site for reasons including, but not limited to: unauthorized salvaging of waste and recyclables, attempting to dispose of hazardous waste, loitering, intoxication and other forms of conduct that reduce operational efficiencies and/or increase risk of injury to Department employees and the public.

Except for short-term emergencies, any regulation fixing days or hours of operation shall be submitted to the Board of Supervisors for approval before taking effect. All regulations prescribed by the General Manager-Chief Engineer of the Department of Waste Resources shall be filed in his or her office and shall be available for public inspection.

Section 5. HAZARDOUS WASTE LOAD CHECKING PROGRAM. All landfills and transfer stations in the County shall implement and maintain a hazardous waste load checking program at each of their solid waste facilities as required by California law (pursuant to Titles 14 and 27, California Code of Regulations); and which program shall also meet the minimum requirements outlined in this ordinance.

- Each solid waste facility operator shall perform random load checks across all load types including self-haul residential, business and industrial waste loads, franchise hauler waste loads (including residential, commercial and industrial) to detect hazardous waste before such incoming waste is transferred to, and/or disposed at, the landfill. Such program shall have the objectives of: (1) preventing hazardous waste from being placed in a landfill not permitted to receive such waste and (2) educating and discouraging both facility self-haul customers and franchise waste hauler customers from bringing or sending in such material. The minimum number of load checks performed at each solid waste facility shall comply with the following schedule:

Average Daily Tonnage	Random Samples per Day
0 to 100 tons/day	6*
101 to 600 tons/day	6*
601 to 1,000+ tons/day	10*

* The initial schedule is for a minimum number of "Random Samples per Day" for a minimum of three rotating days per week so arriving customers will not know when there will be an inspection. If a problem persists with large quantities of hazardous waste being found at the landfill or transfer station, the Enforcement Agency or the General Manager-Chief Engineer of the Department of Waste Resources may require the number of "Random Samples per Day" to be applied every day the solid waste facility is open until the problem is deemed corrected.

- An inspection form (which shall be certified for completeness and accuracy by the load check inspector on duty) shall be filled out in its entirety at the time of each load check performed at the solid waste facility. The inspection form shall include the following information, to be filled out at the time of inspection:
 - Date and time of inspection
 - Load check inspector name, (certification)
 - Load type (residential, commercial, industrial)
 - Hauler/company name/customer name
 - Driver name
 - Vehicle type (e.g. Hand Unload, Dump Truck, Side Loader, Front End Loader, or Roll Off)

RECEIVED RIVERSIDE COUNTY
CLERK/REGISTRAR OF SUPERVISORS
2017 JUN -7 PM 1:15

- License plate number
- Whether or not the load contained prohibited waste
- c. When prohibited waste is found, forms shall include the following:
 - Load origin (jurisdiction or route number for side loaders and front end loader vehicles, customer/store name and address where picked up for all other vehicle types)
 - Hazardous waste found (type/name, class, container size/quantity, volume/weight, unit of gallons or pounds)
 - Disposition of material (e.g. picked up by responsible party, returned with customer at time of inspection, solid waste facility assumed responsibility of the material, etc.)
- d. Management shall review completed forms at a frequency sufficient to ensure forms are filled out completely and correctly.
- e. The General Manager-Chief Engineer of the Department of Waste Resources or his designated representative and/or a representative of the Enforcement Agency shall have the right to enter the solid waste facilities at any time to audit their load check program's compliance with these standards. These audits shall be limited to four times in any 12 month period and may include three days in which Department of Waste Resources personnel perform load checks at the facility and one day in which Department of Waste Resources staff review the facility's written load check program, hazardous waste and universal waste shipping records, facility personnel training records, hazardous waste storage areas, and load checking procedures in order to audit the solid waste facility load checking program and/or assist the operator in making its load checking program successful.

Section 6. SALVAGE OPERATIONS. Subject to the approval of the Board of Supervisors, salvage operations of reusable waste materials at all County owned, leased, or contracted transfer stations and disposal sites in the County may be conducted only by such persons as are authorized to do so and upon such terms and conditions as are imposed by the General Manager-Chief Engineer of the Department of Waste Resources.

Section 7. FEES.

1. **Tipping Fees at Scaled Urban Sites:** Pursuant to the authority of Government Code Section 25823, fees for the disposal of solid waste and disposal of liquid waste at enumerated landfills shall be as established by the Board of Supervisors following a duly noticed public hearing. The fees so established shall be in an amount sufficient to cover all costs including but not limited to the following: closure/postclosure (including past unfunded costs), remediation, environmental mitigation, state mandated and other pass-through fees, and general operations. Such fees and the landfills to which they shall apply appear as Appendix A to this Ordinance. The Board of Supervisors may establish different rates through contractual agreements when the terms of said agreements help stabilize revenues and system rates over a long-term period.
2. **Fees for Disposal at Rural Sites:** Pursuant to the authority of Government Code Section 25823, fees for the disposal of solid waste at landfills and transfer stations, formerly in a land use assessment area, shall be as established by the Board of Supervisors following a duly noticed public hearing. The fees so established shall be calculated to recover a fair share of the estimated costs for these facilities. Cards permitting entrance into these landfills and transfer stations shall be offered for sale to residents and businesses (only in the local areas surrounding these sites as shown on maps in Exhibit 1) at rates set by the Board of Supervisors. No access to these facilities will be allowed without a card, except in cases where permitted waste haulers or other large commercial users have negotiated separate contracts with the County. Waste from outside these areas shall not be accepted at the rural sites providing, however, waste from unincorporated areas outside of, but near the borders of these service areas may be accepted under the same terms and conditions herein set forth, if it is determined by the General Manager-Chief Engineer of the Department of Waste Resources that this is the most practical way to provide disposal service to these customers. Such rates and the landfills and transfer stations to which they apply shall appear in Appendices B and C to this Ordinance.
3. **Miscellaneous Fees.** A schedule of miscellaneous fees is attached as Appendix D.

Section 8. PROHIBITIONS. No person shall violate any regulation prescribed by the General Manager-Chief Engineer of the Department of Waste Resources regulating the use of a County disposal site or transfer station, or fail to obey any sign giving notice of any regulation, maintained at any such site or facility by the General Manager-Chief Engineer of the Department of Waste Resources. Violation of any such regulation shall be a violation of this Ordinance.

Section 9. VIOLATIONS AND PENALTIES. The General Manager-Chief Engineer of the Department of Waste Resources reserves the right to deny entrance to an individual for an appropriate time span when said individual is deemed to pose a safety risk and/or is disruptive to the normal workflow of the landfill or transfer station operations. A letter of notification specifying the dates and location(s) of restriction will be mailed to the individual and be on hand at the gate fee booth(s).

It shall be unlawful for any person to violate any provision of this Ordinance. Any person violating any provision of this Ordinance may be deemed guilty of an infraction or misdemeanor as hereinafter specified. Such persons shall be deemed guilty of a separate offense for each day, or portion thereof, during which any violation of any of the provisions of this Ordinance is committed or continued. Any person so convicted shall be: (1) guilty of an infraction offense and punished by a fine not exceeding One Hundred dollars (\$100.00) for a first violation; (2) guilty of an infraction offense and punished by a fine not exceeding Two Hundred dollars (\$200.00) for a second violation. The third and any additional violations shall constitute a misdemeanor offense and shall be punishable by a fine not exceeding Five Hundred dollars (\$500.00).

Notwithstanding the above, a first offense may be charged and prosecuted as a misdemeanor. Payment of any penalty herein shall not relieve a person from the responsibility for correcting the violation.

Section 10. SEVERABILITY. If any provision, clause, sentence or paragraph of this Ordinance (including its appendices) or the application thereof to any person or circumstances shall be held invalid, such invalidity shall not affect the other provisions or applications of the provisions of this Ordinance (and its appendices) which can be given effect without the invalid provision or application, and to this end, the provisions of this Ordinance (and its appendices) are hereby declared to be severable.

SECTION 2:

This ordinance shall become effective 30 days after adoption

**APPENDIX A TO RIVERSIDE COUNTY ORDINANCE NO. 779.18
SCHEDULE OF WASTE DISPOSAL FEES
FOR RIVERSIDE COUNTY DEPARTMENT OF WASTE RESOURCES**

Effective July 1, 2017

The following gate fees will be applicable at
El Sobrante, Badlands, Lamb Canyon, and Blythe Landfills

WASTE GROUP DESCRIPTIONS	RATE
1. Transfer Trucks/Contracted Vehicles	See Note #1
2. Direct Haul/Non-Contract vehicles (automobiles, vans, box trucks, pickup trucks or any other vehicle pulling a trailer):	
(a) Routine Refuse (loads more than .40 tons)	\$ 37.94 /ton*
(b) Routine Refuse Minimum Load Fee (loads .40 tons or less)	\$ 9.00 /load
(c) Loads hauling 50% or more green waste not exceeding .40 tons	\$ 12.00 /load
3. Any vehicles hauling loads of more than 9 tires (Tires cannot exceed 4 feet in diameter or weigh more than 200 pounds each).	\$ 106.93 /ton**
4. End dump vehicles or any other vehicle carrying loads carrying wastes requiring special handling or immediate burial over .25 tons (Hard to Handle)	\$ 50.60 /ton*
(a) Hard to Handle Minimum Load Fee (loads carrying waste requiring special handling or immediate burial not exceeding .25 ton)	\$ 12.00 /ton*
5. Surcharges (added to the charges listed herein):	
(a) per tire for passenger and light duty tires (up to 9 tires)	\$ 2.00 /tire
(b) per tire for heavy duty truck tires not exceeding 4' in diameter or weighing more than 200 pounds each (up to 9 tires)	\$ 6.00 /tire*
(c) \$10.00 per uncovered load of refuse which has exposed material which in the opinion of the General Manager-Chief Engineer or his/her designee may litter access routes to the landfill.	\$ 10.00 /load
(d) \$10.00 per ton for loads which are judged to be 50% or more wood waste/yard waste by volume.	\$ 10.00 /ton
(e) \$5.00 per ton for incidental out of county refuse	\$ 5.00 /ton***
6. Any vehicle hauling:	
(a) 2 or less large trash bags, or	
(b) up to 2 cathode ray tube (CRT) devices (e.g. TVs or computer monitors) per day, or	
(c) 3 holiday trees for recycling (residential customers only from 12/26/2017 through 1/7/2018), or	No Charge
(d) material pre-approved by the General Manager-Chief Engineer or designee as needed for beneficial re-use (food waste for pilot compost program, concrete/asphalt for wet weather, etc).	
(e) 2 or less mattresses (may include box springs)	
7. All vehicles not described in any other provision of this fee schedule	\$ 37.9 /ton*
8. Emergency towing services:	
(a) 10 minutes or less	\$ 20.00
(b) over 10 minutes	\$ 35.00
9. Late Staying Customer Fees	
(a) 16 to 30 minutes past closing	\$ 60.00
(b) 31 minutes or more past closing	\$ 120.00
10. Any vehicle hauling processed green waste approved by the General Manager-Chief Engineer or designee as needed for use as alternative daily cover (ADC) and spread by County.	\$ 17.00 /ton
11. Any vehicle hauling processed green waste approved by the General Manager-Chief Engineer or designee as needed for beneficial re-use (Erosion Control) and spread by County.	\$ 10.00 /ton
12. Conditionally Exempt Small Quantity Generator Waste - pass through of contracted household hazardous waste disposal fee plus Department Overhead Rate of 49% of hourly rate for staff involved in waste handling.	varies
13. Recycled Materials Fees	
(a) Mixed Metal Items	\$ 0.05 /pound
(b) Flat Screen Television	\$ 0.10 /pound
(c) Projection Television	\$ 0.14 /pound
(d) Cathode Ray Tube (CRT) Television	\$ 0.16 /pound

Notes:

- 1) Rate for Transfer Trucks to be determined by individual contracts.
- 2) Loads of dead sheep or small calves from the Blythe service area separated from other waste will be received at no charge at the Blythe Landfill (daily from 8am to 9am) due to health and safety risk in the vast open canal system in the area.
- 3) Certified loads of illegally dumped nonhazardous municipal solid waste retrieved along open flowing irrigation canals, which are delivered by the agency responsible for maintaining the canals shall be received at no charge at the Blythe Landfill.
- 4) The General Manager-Chief Engineer is authorized to recoup costs associated with the segregation of unauthorized waste commingled with routine refuse.

=====
* Cash customers prorated to the nearest \$.25
** Cash customers prorated to the nearest \$.25 with a minimum charge of \$20.00 per vehicle
*** Exception - El Sobrante Landfill. Incidental Out of County (OOC) rate established by WM Inc.

**RESIDENTIAL SELF-HAUL CARDS
FOR
RIVERSIDE COUNTY DEPARTMENT OF WASTE RESOURCE
Effective July 1, 201**

The Residential Self-Haul Card shall be necessary for admittance to the Mecca II and Oasis Landfills for all residential haulers.

RESIDENTIAL CARD REGULATIONS

Authority: Riverside County Ordinance No. 657 requires that, "Every tenant, occupier, operator, or owner of a residence...shall not less than once a week, cause to be removed all solid waste created, produced or brought upon the property to an approved disposal facility."

1. **Number of Uses** - The Residential Self-Haul Card allows up to 52-400 lb. standard load uses per year (approximately 4 uses per month).
2. **Expiration Date** - The expiration date for all cards is the last day of the fiscal year, June 30th. In addition, any unused punches for each month will expire on the last day of that month.
3. **No Refunds** - There will be no refunds on partially used cards.
4. **Standard Load** - The maximum load allowed access to the landfill with one use of the Residential Self-Haul Card will be four hundred (400) pounds, which is equivalent to one punch on the card. If the Gate Services Assistant judges a load to be over this Standard Load limit, two or more punches will be made to the card.
5. **Cost** - The Residential Self-Haul Card discounted rate is fifteen dollars (\$15.00) per month.
6. **Payment Options** - Cards may be purchased:

Period	Cost	Number of Punches One Punch Per 400 lb. Standard Load. Additional Punches Applied in Excess of Standard Load.
Monthly	\$15.00	4
Bi-Monthly	\$30.00	8
Advance Sale - Annual (purchased on or before June 30th)	\$150.00	52 (400 lb. estimated load per punch)
Annual (purchased between July 1st and July 31st)	\$160.00	52 (400 lb. estimated load per punch)
Multiple Months	\$15.00 x no. of months	4 x no. of months

7. **Lost Cards** - Lost cards are to be reported immediately. The customer will not be responsible for unauthorized use of a card after if it is reported lost to the Waste Resources business office located at 14310 Frederick Street, Moreno Valley, CA 92553, (951) 486-3200.
8. **Maximum Load** - Mecca Landfill will not accept loads greater than 1 ton.
9. **Restrictions on Use of Card** - Household hazardous waste, loads with more than four (4) tires, other hard-to-handle waste, or commercial business waste will not be accepted on this card. Cards may only be used by the resident who paid for the card.
10. **Alternative County Gate Fee Site Usage** - In the event that the rural landfill is unable to accept waste on a normal operating day, customers will be directed to a scaled County landfill and may use their Residential Self Haul Card.

APPENDIX C TO ORDINANCE NO. 779.18

**RURAL SITE ACCESS -- COMMERCIAL CARDS
FOR
RIVERSIDE COUNTY DEPARTMENT OF WASTE RESOURCES
Effective July 1, 2017**

The Rural Site Access Commercial Card shall be necessary for admittance to the Mecca II and Oasis Landfills for all non-permitted/contracted entities hauling commercial waste.

COMMERCIAL CARD REGULATIONS:

A Rural Site Access Commercial Card provides for disposal of commercial waste generated within the remote service areas and is required unless a permitted waste hauler or other large commercial users have negotiated a separate contract for disposal access to rural landfills with the County.

1. **Number of Uses** - The Commercial Card will have twenty-four (24) ½ ton available uses.
2. **Expiration Date** - There is no expiration date for the Commercial Card.
3. **No Refunds** - If a commercial operator goes out of business, there shall be no refund for the unused card punches.
4. **Cost** - The Commercial Card will be priced at four hundred fifty five dollars and thirty cents (\$455.30).
5. **Payment for Card** - The card shall be purchased in advance of usage. Cards may be purchased at any time of the year. Acceptable forms of payment at the fee booth include money order or cashier's check. Cash, personal/business checks, and credit/debit card payments are accepted at the Department's business office or by phone (951-486-3200)
6. **Lost Cards** - Lost cards are to be reported immediately. The customer will not be responsible for unauthorized use of a card after it is reported lost to the Waste Resources business office located at 14310 Frederick St., Moreno Valley, CA. (951) 486-3200.
7. **Maximum Load** - Mecca Landfill will not accept loads greater than 1 ton.
8. **Restrictions on Use of Card** - Hazardous waste, loads with more than 4 tires, or other hard-to-handle waste will not be accepted at these rural sites
9. **Alternative County Landfill Usage** - In the event that the rural landfill is unable to accept waste on a normal operating day, customers will be directed to a scaled County landfill and may use their Rural Site Commercial Card.

RESIDENTIAL CARD REGULATIONS:

Authority: Riverside County Ordinance No. 657 requires that, "Every tenant, occupier, operator, or owner of a residence... shall not less than once a week, cause to be removed all solid waste created, produced or brought upon the property to an approved disposal facility."

1. Number of Uses - The Residential Self-Haul Card allows up to 52-400 lb. standard load uses per year (approximately 4 uses per month).
2. Expiration Date - The expiration date for all cards is the last day of the fiscal year, June 30th. In addition, any unused punches for each month will expire on the last day of that month.
3. No Refunds - There will be no refunds on partially used cards.
4. Standard Load - The maximum load allowed access to the landfill with one use of the Residential Self-Haul Card will be four hundred (400) pounds, which is equivalent to one punch on the card. If the Gate Services Assistant judges a load to be over this Standard Load limit, two or more punches will be made to the card.
5. Cost - The Residential Self-Haul Card discounted rate is fifteen dollars (\$15.00) per month.
6. Payment Options - Cards may be purchased:

Period	Cost	Number of Punches One Punch Per 400 lb. Standard Load. Additional Punches Applied in Excess of Standard Load.
Monthly	\$15.00	4
Bi-Monthly	\$30.00	8
