C.E.O. RECOMMENDATION: Approve

BACKGROUND:

Summary

On March 1, 2006 the Planning Commission recommended approval to the Board of Supervisors.

The Tentative Tract Map was originally approved at the Board of Supervisors along with Change of Zone No. 7152 on April 11, 2006.

The first Extension of Time was originally approved at Planning Commission on May 18, 2016.

The County Planning Department, as part of the review of this Extension of Time request has determined it necessary to recommend the addition of seven (7) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public.

The applicant was informed of these recommended conditions and has agreed to accept them.

The Tentative Tract Map also benefited from Senate Bill No. 1185 (SB1185), Assembly Bill No. 333 (AB333), Assembly Bill No. 208 (AB208), and Assembly Bill No. 116 (AB116), which granted statutory extensions of time for tentative maps statewide.

The Planning Commission heard the second Extension of Time for Tentative Tract Map No. 32816 on April 19, 2017. The Planning Commission approved the project by a 5-0 vote.

Board Action

The Planning Commission's decision is final and no action by the Board of Supervisors is required unless the applicant or an interested person files a complete appeal application within 10 days of this notice appearing on the Board's agenda.

Impact on Citizens and Businesses

The impacts of this project have been evaluated through the environmental review and public hearing process by the Planning Department and the Planning Commission.

TENTATIVE TRACT MAP NO. 32816

SECOND EXTENSION OF TIME

Applicant: The Woods (Riverside) Venture

Charissa Leach P.E.,
Assistant TLMA Director

COUNTY OF RIVERSIDE PLANNING DEPARTMENT EXTENSION OF TIME STAFF REPORT

The applicant of the subject case has requested an extension of time to allow for the recordation of the final map to subdivide 13.34 acres into 84 multi-family residential lots.

Unless specifically requested by the applicant, this request will not be discussed at the time it is presented to the Planning Commission as a consent calendar item.

CEQA: The subject case has conformed to the requirements of the California Environmental Quality Act, and all impacts have been analyzed in order to protect the public health, safety and welfare. No new environmental documentation is required prior to the extension of time.

GENERAL PLAN: Unless otherwise noted, the subject case had been determined to be consistent with the General Plan and all of its elements.

REQUEST:

SECOND EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP NO. 32816

BACKGROUND:

On March 1, 2006 the Planning Commission recommended approval to the Board of Supervisors.

The tentative tract map was originally approved at the Board of Supervisors along with Change of Zone No. 7152 on April 11, 2006.

The first Extension of Time was originally approved at Planning Commission on May 18, 2016.

The County Planning Department, as part of the review of this Extension of Time request has determined it necessary to recommend the addition of seven (7) new conditions of approval in

order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public.

The applicant was informed of these recommended conditions and has agreed to accept them. Included in this staff report package are the recommended conditions of approval, and the correspondence from the Extension of Time applicant (dated March 23, 2017) indicating the acceptance of the seven (7) recommended conditions.

FURTHER PLANNING CONSIDERATIONS:

EFFECT OF Senate Bill No. 1185 (SB1185): On July 15, 2008, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

EFFECT OF Assembly Bill No. 333 (AB333): On July 15, 2009, AB333 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

EFFECT OF Assembly Bill No. 208 (AB208): On July 13, 2011, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 13, 2011 and January 1, 2014.

EFFECT OF Assembly Bill No. 116 (AB116): On July 11, 2013, AB116 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between January 1, 2000 and July 11, 2013.

Therefore, upon an approval action by the Planning Commission, subsequent receive and file action by the Board of Supervisors, and the conclusion of the 10-day appeal period, the tentative map's expiration date will become April 11, 2018. If a final map has not been recorded prior this date, a third extension of time request must be filed 180 days prior to map expiration.

RECOMMENDATION:

APPROVAL of the SECOND EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP NO. 32816, extending the expiration date and to reflect SB1185, AB333, AB208, and AB116 benefits to April 11, 2018, subject to all the previously approved and amended Conditions of Approval with the applicant's consent.

Extension of Time Environmental Determination

Project Case Number: TR32816
Original E.A. Number: EA40000
Extension of Time No.: Second
Original Approval Date: April 11, 2006
Project Location: North of Domenigoni Parkway, East of Leon Rd., and South of Olive Ave.

Project Description: Schedule A subdivision of 13.34 acres into 84 multi-family residential lots

On April 11, 2006, this Tentative Tract Map and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.
<input checked="" type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.
<input type="checkbox"/>	I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL.
<input type="checkbox"/>	I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME.

50. PRIOR TO MAP RECORDATION

E HEALTH DEPARTMENT

50.E HEALTH. 7

EOT2 - REQ E HEALTH DOCUMENTS

RECOMMND

Prior to map recordation, provide the following documents to the Riverside County Environmental Health Department:

1. Provide current documentation from the appropriate purveyor(s) for the establishment of water and/or sewer service for this project.
2. Provide documentation from an approved waste hauler in regards to solid waste service. Please call (951)955-8980 for additional details.
3. Provide written clearance from DEH Environmental Cleanup Programs. Please note that an Environmental Site Assessment, Phase 1 study may be required at their discretion. For further information, please contact (951) 955-8982.

(This Extension of Time condition may be considered "Met" if it duplicates another similar condition issued by this department)

TRANS DEPARTMENT

50.TRANS. 45

EOT2 - FINAL ACCESS AND MAINT

RECOMMND

Prior to the map recordation, the applicant shall submit a Water Quality Management Plan (WQMP) subject to the State Regional Water Quality Board Order No. (See watershed below) to Transportation Department for review and approval. However, the applicant may be required to comply with the latest version of the WQMP manual if required by the State Regional Water Quality Board. All water quality features shall be included on the grading plan. WQMP applicability checklist, templates, LID design requirements, and guidance can be found on-line at: www.rcflood.org/npdes. For any questions, please contact (951) 712-5494.

Watersheds: Santa Ana No. R8-2013-0024 / Santa Margarita No. R9-2010-0016 / Whitewater No. R7-2013-0011

Additionally, prior to the map recordation, the applicant shall ensure that BMP facilities are placed in dedicated easements and that sufficient legal access to the BMPs are

Board of Supervisors

From Offices of Miller, Rivera, Holmstrom, Catlin

June 6, 2017

1. 2. 4379 I can't believe Hi Density is creeping into Temescal Canyon. That has a higher percentage of people who need closer services like shopping, medical, fire protection from kitchen fires, police protection for domestic violence because there is more of them crowded in small apartments. I can't believe there are more residential or buildings at all coming into Riverside County and I oppose this extension of time.

Northerly of Hunt Road, easterly of Trilogy Parkway, southerly of Stone Canyon Drive and west of Lawson Road 42.9 Acres 12,000 sq. ft. 54 residents on 18 acres. 18 acres here, 20 acres there and it adds up. So I oppose extension of time for 4389

1. 4. 4356 I oppose the extension of Time for Tentative Parcel Map No. 35671 at Rancon Winchester Valley 85 Third Supervisorial District Winchester as the Planet and Riverside County do not need another strip mall. Leave this 18 acres Life Giving Field Protection Status and replant the exterior with trees. How heartbreaking the project closer to Menifee is on Domenigoni Parkway. Everyone hates it and comes to me like I can talk sense into the Board of Supervisors. I pray that you stop any thing on Domenigoni Parkway. It appears to be a Green Belt way and needs to remain. Stop that grading and housing tract on the Parkway before they order the wood, our forest.

1. 5. 4359 57 Condominiums on 5 acres what Hi Density Insanity. How and why did you approve 57 condominiums on 5 acres to start with? We don't need 100,000 of thousands more cars poured onto the Freeways of Southern California. And Est of the up coming most congested area in Southern California. It is shocking how Domenigoni Family sold off their land and is also developing whatever they have left. They should have had respect for the rural character of Riverside County instead of the French Valley nightmare and cesspool air quality.

1. 6. 4361 The Woods needs to become the Recycled Plastic Wood accessories for Your Already Built Dwelling Company and get totally out of the development business. Especially, more colossally impacting High Density Residential and pointed at Domenigoni Parkway stuffing 84 buildings with 252 condominium. Do not give this time extension. I am sure you already did. How in the Name of Our Saviour did and do you allow more of this over crowding of everything. Can you imagine a stead crawl in cars toward Temecula trying to get to the freeway on Winchester with air so thick you can taste it like the 1960's.

- ✓ 1. 7. 4363 The Woods LLP allowing High Density Residential East off Leon and South of Olive Avenue and terracing 13 acres into 84 apartments. This is defeating the purpose of living on the Earth in a reasonable manner with more oxygen in a breath of air than petro chemical exhaust and dust particulate matter of the nasty permission of the Riverside Planners and Board of Supervisors. This is nauseating moving in these buildings, littering Domenigoni Parkway with buildings, cars, over filled dumpsters with hardly any landfill space left.

1. 8. 4345 Sounds like custom homes. Where ever man's turns the soil, he leaves a damaged footprint of resource waste. We don't need more cars in California. We aren't impressed that each house will have

4363
6/6/17 1.7
2017-6-135961

almost an acre per house. It is still too many houses. 12 acres into 19 residential lots. It is a subdivision of the Nature of Riverside County, subdividing our breath of air into less available oxygen by attacks from exhaust and emissions from many point sources. Stop the designing and removing of this section and that and return the funding to the developer and save our land before this developer is further in debt to an environmentally damaging project and possibly too expensive for the applicant. Save these people because the economy probably won't hold long enough and they will lose more than their shirt. This one can go to Sept 2017 in their words all summer. If you had rejected him now, he could make better arrangements for his life.

16. 1. 3711 Not another strip mall. There are many empty, competed out of business because of too many shops and too many empty houses because there are better priced out of Riverside. Save 10 acres from more smoke shops, more dollar stores, more duplicated stores that Riverside has enough of.

16. 2. 3714 Let's see, you had a continuance of this in only two weeks. It usually is a month or two months or 8 weeks. This was way too soon. Answer the question is there a rule about continuance as in more than a month. I think it should be removed for lack of interests by the developer. This is next to a water tank and I thought there was a more extensive buffer between the people's drinking water and neighborhoods. Seriously, we need to keep safety roads up to our water tanks open for first responders so repairs can be made. I am appalled that this was moved so quickly. Nothing makes development right in Riverside County. Nothing makes meth labs and puppy mills right and Mead Valley has a high percentage of these actions. Correct activities without violence and redirect such unproductive and sociologically damaging paths with listing all jobs and helping people secure them.

16. 3. 3809 This is situation that appears that Galway Downs wants to use property that they bought for Equestrian activities and it was rezoned without their comment and now they want it zoned their way. I don't see any houses being planned, however, I could be fooled and misinterpreting, however, I must go.

I understand there has been millions of dollars spent on following permission trail for a building\construction project. I understand that one Tomahawk Missile blown up is \$832,000 dollars. Trump blew up 57 of them in Syria several weeks ago. So tell the military to come home, watch the deteriorating forests and stop blowing up money on fabricated enemies in nations that America only wants the oil under their soil. County Planners need to spend their time finding grants and funding from Congress to pay back the developers who will only owe yearly taxes on land they can never develop or they can donate it to Riverside Habitat Conservation Programs or they can sell it for agriculture if it has already been agriculture. It just cannot be built on.
