BACKGROUND:

Summary

Riverside County Ordinance 573 and Government Code 25215 et seq. provides for the annual setting of County Service Area charges. The proposed fiscal year 2017-2018 County Service Area charges are attached as Exhibit A. The Economic Development Agency requests that the Board of Supervisors approve the attached County Service Area charges. As provided in County Ordinance 573, the rate of charge for each County Service Area is calculated by dividing the net cost of the service of the total number of parcels receiving the service. In addition, some CSA special assessments were established by an engineer's report that includes an annual adjustment by the greater of two percent or the cumulative percentage increase in the Consumer Price Index for all Urban Consumers (CPI-U) as it stands on February of 2017 and were increased accordingly.

Impact on Citizens and Businesses

County Service Areas allow communities in unincorporated areas to pay for and receive specific services from the County. Residents receive the type of enhanced services and improvements not available in other areas of the County.
