C.E.O. RECOMMENDATION: Approve

BACKGROUND:

Summary

Tentative Tract Map No. 30885 was originally approved at Planning Commission on June 2, 2004.

The Planning Commission approved the first Extension of Time on January 23, 2008.

The Planning Commission approved the second Extension of Time on January 7, 2009.

The third Extension of Time was received May 23, 2016, ahead of the expiration date of June 2, 2016. The applicant and the County have been negotiating conditions of approval and reached consensus on April 6, 2017.

A fourth Extension of Time was filed April 5, 2017. The fourth Extension of Time is being processed concurrently, but as a subsequent action, with the third Extension of Time. The same conditions of approval will be imposed on both Extensions of Time.

The County Planning Department, as part of the review of this Extension of Time request recommends the addition of seven (7) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public.

The applicant was informed of these recommended conditions and has agreed to accept them.

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

The Tentative Tract Map also benefited from Senate Bill No. 1185 (SB1185), Assembly Bill No. 333 (AB333), Assembly Bill No. 208 (AB208), and Assembly Bill No. 116 (AB116), which granted statutory extensions of time for tentative maps statewide.

The Planning Commission heard the third and fourth Extension of Time for Tentative Tract Map No. 30885 on May 17, 2017. The Planning Commission approved these projects by a 5-0 vote.

Board Action

The Planning Commission's decision is final and no action by the Board of Supervisors is required unless the applicant or an interested person files a complete appeal application within 10 days of this notice appearing on the Board's agenda.

Impact on Citizens and Businesses

The impacts of these projects have been evaluated through the environmental review and public hearing process by the Planning Department and the Planning Commission.

Supplemental

Additional Fiscal Information

All fees are paid by the applicant. There is no General Fund obligation.

TENTATIVE TRACT MAP NO. 30885
THIRD EXTENSION OF TIME
Applicant: Sean Doyle

Charissa Leach, P.E.
Assistant TLMA Director

COUNTY OF RIVERSIDE PLANNING DEPARTMENT EXTENSION OF TIME STAFF REPORT

The applicant of the subject case has requested an extension of time to allow the recordation of the final map to subdivide 162 acres into 351 residential lots (5000, 8000, & 22,000 square foot minimums), one 5-acre park site, and eight open space lots.

Unless specifically requested by the applicant, this request will not be discussed at the time it is presented to the Planning Commission as a consent calendar item.

CEQA: The subject case has conformed to the requirements of the California Environmental Quality Act, and all impacts have been analyzed in order to protect the public health, safety and welfare. No new environmental documentation is required prior to the extension of time.

GENERAL PLAN: Unless otherwise noted, the subject case had been determined to be consistent with the General Plan and all of its elements.

REQUEST:

THIRD EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP NO. 30885

BACKGROUND:

Tentative Tract Map No. 30885 was originally approved at Planning Commission on June 2, 2004.

The Planning Commission approved the first Extension of Time on January 23, 2008.

The Planning Commission approved the second Extension of Time on January 7, 2009.

The third Extension of Time was received May 23, 2016, ahead of the expiration date of June 2, 2016. The applicant and the County have been negotiating conditions of approval and reached consensus on April 6, 2017.

A fourth Extension of Time was filed April 5, 2017. The fourth Extension of Time is being processed concurrently, but as a subsequent action, with the third Extension of Time. The same conditions of approval will be imposed on both Extension of Times.

The County Planning Department, as part of the review of this Extension of Time request recommends the addition of seven (7) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public.

The applicant was informed of these recommended conditions and has agreed to accept them. Included in this staff report package are the recommended conditions of approval, and the correspondence from the Extension of Time applicant (dated April 6, 2017) indicating the acceptance of the seven (7) recommended conditions.

FURTHER PLANNING CONSIDERATIONS:

EFFECT OF Senate Bill No. 1185 (SB1185): On July 15, 2008, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

EFFECT OF Assembly Bill No. 333 (AB333): On July 15, 2009, AB333 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

EFFECT OF Assembly Bill No. 208 (AB208): On July 13, 2011, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 13, 2011 and January 1, 2014.

EFFECT OF Assembly Bill No. 116 (AB116): On July 11, 2013, AB116 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between January 1, 2000 and July 11, 2013.

Therefore, upon an approval action by the Planning Commission, subsequent receive and file action by the Board of Supervisors, and the conclusion of the 10-day appeal period, the tentative map's expiration date will become June 2, 2017. If a final map has not been recorded prior this date, a fourth extension of time request must be filed 180 days prior to map expiration (which was applied for on April 5, 2017).

h

RECOMMENDATION:

APPROVAL of the **THIRD EXTENSION OF TIME REQUEST** for **TENTATIVE TRACT MAP NO. 30885**, extending the expiration date and to reflect SB1185, AB333, AB208, and AB116 benefits to June 2, 2017, subject to all the previously approved and amended Conditions of Approval with the applicant's consent.

Extension of Time Environmental Determination

Project Case Number: TR30885
 Original E.A. Number: 39034
 Extension of Time No.: Third
 Original Approval Date: June 2, 2004
 Project Location: South of State Highway 79, West of the realignment of Anza Road, and North and South of Morgan Hill Drive
 Project Description: Schedule A - subdivision of 162 acres into 351 residential lots (5000, 8000, & 22,000 square foot minimums), one 5-acre park site, and eight open space lots.

On June 2, 2004, this Tentative Tract Map and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME , because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.
<input checked="" type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME , because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.
<input type="checkbox"/>	I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL .
<input type="checkbox"/>	I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME .

Follow Up Flag: Follow up
Flag Status: Completed

Hi Arturo. Sean Doyle has no issue with the attached additional conditions relative to TR 30885. However, similar conditions would be an issue relative to 32627 as the site has been graded and WQMP approved. Please contact him separately with any conditions which are specific to 32627. His email Sean.Doyle@calatl.com Thanks.

Subject: 3rd and 4th EOT TR30885 Recommended Conditions

Good morning,

I will be taking over all of the EOT applications and the County has adopted a few changes to better streamline the process. I'm not sure if you have been contacted previously regarding recommended conditions. The County has determined the following conditions applicable to all tract/parcel EOT applications. Our records show that the 3rd EOT filed in May 23, 2016 was never approved. Since it was submitted timely, the County will go ahead and apply the following conditions to both EOTs and process concurrently. As soon as you can accept the following conditions I will be able to draft a staff report and send it for manager review. Feel free to contact me if you have further questions.

Also, I'm trying to process another EOT application for TR32627 under the same applicant (Sean Doyle). Unfortunately the County hasn't been able to contact Sean Doyle so I was wondering if you are also managing this tract map. Please let me know so I could send a separate email of recommended for the tract map.

Thank you,

E HEALTH DEPARTMENT

50.E HEALTH. 5 EOT4 - REQ E HEALTH DOCUMENTS

RECOMMND

Prior to map recordation, provide the following documents to the Riverside County Environmental Health Department:

1. Provide documentation from an approved waste hauler in regards to solid waste service. Please call (951)955-8980 for additional details.

2. Provide written clearance from DEH Environmental Cleanup Programs. Please note that an Environmental Site Assessment, Phase 1 study may be required at their discretion. For further information, please contact (951) 955-8982.

(This Extension of Time condition may be considered "Met" if it duplicates another similar condition issued by this department)

TRANS DEPARTMENT

50.TRANS. 34 EOT4 - FINAL ACCESS AND MAINT

RECOMMND

Prior to the map recordation, the applicant shall submit a Water Quality Management Plan (WQMP) subject to the State Regional Water Quality Board Order No. (See watershed below) to Transportation Department for review and approval. However, the applicant may be required to comply with the latest version of the WQMP manual if required by the State Regional Water Quality Board. All water quality features shall be included on the grading plan. WQMP applicability checklist, templates, LID design requirements, and guidance can be found on-line at: www.rcflood.org/npdes. For any questions, please contact (951) 712-5494.

Watersheds: Santa Ana No. R8-2013-0024 / Santa Margarita No. R9-2010-0016 / Whitewater No. R7-2013-0011

Additionally, prior to the map recordation, the applicant shall ensure that BMP facilities are placed in dedicated easements and that sufficient legal access to the BMPs are provided. This requirement is for both onsite and offsite property.

TENTATIVE TRACT MAP NO. 30885
FOURTH EXTENSION OF TIME
Applicant: Sean Doyle

Charissa Leach, P.E.
Assistant TLMA Director

COUNTY OF RIVERSIDE PLANNING DEPARTMENT EXTENSION OF TIME STAFF REPORT

The applicant of the subject case has requested an extension of time to allow the recordation of the final map to subdivide 162 acres into 351 residential lots (5000, 8000, & 22,000 square foot minimums), one 5-acre park site, and eight open space lots.

Unless specifically requested by the applicant, this request will not be discussed at the time it is presented to the Planning Commission as a consent calendar item.

CEQA: The subject case has conformed to the requirements of the California Environmental Quality Act, and all impacts have been analyzed in order to protect the public health, safety and welfare. No new environmental documentation is required prior to the extension of time.

GENERAL PLAN: Unless otherwise noted, the subject case had been determined to be consistent with the General Plan and all of its elements.

REQUEST:

FOURTH EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP NO. 30885

BACKGROUND:

Tentative Tract Map No. 30885 was originally approved at Planning Commission on June 2, 2004.

The Planning Commission approved the first Extension of Time on January 23, 2008.

The Planning Commission approved the second Extension of Time on January 7, 2009.

The third Extension of Time was received May 23, 2016, ahead of the expiration date of June 2, 2016. The applicant and the County have been negotiating conditions of approval and reached consensus on April 6, 2017.

h

A fourth Extension of Time was filed April 5, 2017. The fourth Extension of Time is being processed concurrently, but as a subsequent action, with the third Extension of Time. The same conditions of approval will be imposed on both Extension of Times.

The County Planning Department, as part of the review of this Extension of Time request recommends the addition of seven (7) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public.

The applicant was informed of these recommended conditions and has agreed to accept them. Included in this staff report package are the recommended conditions of approval, and the correspondence from the Extension of Time applicant (dated April 6, 2017) indicating the acceptance of the seven (7) recommended conditions.

FURTHER PLANNING CONSIDERATIONS:

EFFECT OF Senate Bill No. 1185 (SB1185): On July 15, 2008, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

EFFECT OF Assembly Bill No. 333 (AB333): On July 15, 2009, AB333 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

EFFECT OF Assembly Bill No. 208 (AB208): On July 13, 2011, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 13, 2011 and January 1, 2014.

EFFECT OF Assembly Bill No. 116 (AB116): On July 11, 2013, AB116 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between January 1, 2000 and July 11, 2013.

Therefore, upon an approval action by the Planning Commission, subsequent receive and file action by the Board of Supervisors, and the conclusion of the 10-day appeal period, the tentative map's expiration date will become June 2, 2018. If a final map has not been recorded prior this date, a fifth extension of time request must be filed 180 days prior to map expiration.

RECOMMENDATION:

APPROVAL of the **FOURTH EXTENSION OF TIME REQUEST** for **TENTATIVE TRACT MAP NO. 30885**, extending the expiration date and to reflect SB1185, AB333, AB208, and AB116 benefits to June 2, 2018, subject to all the previously approved and amended Conditions of Approval with the applicant's consent.

© Riverside County RCIT GIS

Extension of Time Environmental Determination

Project Case Number: TR30885
 Original E.A. Number: 39034
 Extension of Time No.: Forth
 Original Approval Date: June 2, 2004
 Project Location: South of State Highway 79, West of the realignment of Anza Road, and North and South of Morgan Hill Drive
 Project Description: Schedule A - subdivision of 162 acres into 351 residential lots (5000, 8000, & 22,000 square foot minimums), one 5-acre park site, and eight open space lots.

On June 2, 2004, this Tentative Tract Map and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME , because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.
<input checked="" type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME , because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.
<input type="checkbox"/>	I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL .
<input type="checkbox"/>	I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME .

Subject: RE: 3rd and 4th EOT TR30885 Recommended Conditions

Follow Up Flag: Follow up
Flag Status: Completed

Hi Arturo. Sean Doyle has no issue with the attached additional conditions relative to TR 30885. However, similar conditions would be an issue relative to 32627 as the site has been graded and WQMP approved. Please contact him separately with any conditions which are specific to 32627. His email Sean.Doyle@calatl.com Thanks.

Subject: 3rd and 4th EOT TR30885 Recommended Conditions

Good morning,

I will be taking over all of the EOT applications and the County has adopted a few changes to better streamline the process. I'm not sure if you have been contacted previously regarding recommended conditions. The County has determined the following conditions applicable to all tract/parcel EOT applications. Our records show that the 3rd EOT filed in May 23, 2016 was never approved. Since it was submitted timely, the County will go ahead and apply the following conditions to both EOTs and process concurrently. As soon as you can accept the following conditions I will be able to draft a staff report and send it for manager review. Feel free to contact me if you have further questions.

Also, I'm trying to process another EOT application for TR32627 under the same applicant (Sean Doyle). Unfortunately the County hasn't been able to contact Sean Doyle so I was wondering if you are also managing this tract map. Please let me know so I could send a separate email of recommended for the tract map.

Thank you,

TRACT MAP Tract #: TR30885

Parcel: 952-240-014

50. PRIOR TO MAP RECORDATION

E HEALTH DEPARTMENT

50.E HEALTH. 5 EOT4 - REQ E HEALTH DOCUMENTS

RECOMMND

Prior to map recordation, provide the following documents to the Riverside County Environmental Health Department:

1. Provide documentation from an approved waste hauler in regards to solid waste service. Please call (951)955-8980 for additional details.

2. Provide written clearance from DEH Environmental Cleanup Programs. Please note that an Environmental Site Assessment, Phase 1 study may be required at their discretion. For further information, please contact (951) 955-8982.

(This Extension of Time condition may be considered "Met" if it duplicates another similar condition issued by this department)

TRANS DEPARTMENT

50.TRANS. 34 EOT4 - FINAL ACCESS AND MAINT

RECOMMND

Prior to the map recordation, the applicant shall submit a Water Quality Management Plan (WQMP) subject to the State Regional Water Quality Board Order No. (See watershed below) to Transportation Department for review and approval. However, the applicant may be required to comply with the latest version of the WQMP manual if required by the State Regional Water Quality Board. All water quality features shall be included on the grading plan. WQMP applicability checklist, templates, LID design requirements, and guidance can be found on-line at: www.rcflood.org/npdes. For any questions, please contact (951) 712-5494.

Watersheds: Santa Ana No. R8-2013-0024 / Santa Margarita No. R9-2010-0016 / Whitewater No. R7-2013-0011

Additionally, prior to the map recordation, the applicant shall ensure that BMP facilities are placed in dedicated easements and that sufficient legal access to the BMPs are provided. This requirement is for both onsite and offsite property.

50.TRANS. 34 EOT4 - FINAL ACCESS AND MAINT (cont.) RECOMMND

if it duplicates another similar condition issued by this department)

60. PRIOR TO GRADING PRMT ISSUANCE

BS GRADE DEPARTMENT

60.BS GRADE. 14 EOT4 - REQ BMP SWPPP WQMP RECOMMND

Prior to the issuance of a grading permit, the owner / applicant shall obtain a BMP (Best Management Practices) Permit for the monitoring of the erosion and sediment control BMPs for the site. The Department of Building and Safety will conduct NPDES (National Pollutant Discharge Elimination System) inspections of the site based on Risk Level to verify compliance with the Construction General Permit, Stormwater ordinances and regulations until completion of the construction activities, permanent stabilization of the site and permit final.

Grading and construction sites of "ONE" acre or larger required to develop a STORM WATER POLLUTION PREVENTION PLAN (SWPPP) - the owner/applicant shall submit the SWPPP to the Building and Safety Department Environmental Compliance Division for review and approval prior to issuance of a grading permit.

If a Water Quality Management Plan (WQMP) is required, the owner / applicant shall submit to the Building & Safety Department, the approved project - specific Water Quality Management Plan (WQMP) and ensure that all approved water quality treatment control BMPs have been included on the grading plan.

(This Extension of Time condition may be considered "Met" if it duplicates another similar condition issued by this department)

TRANS DEPARTMENT

60.TRANS. 1 EOT4 - FINAL WQMP FOR GRADING RECOMMND

This condition would apply when grading occurs before map recordation. Prior to the issuance of a grading permit, the applicant shall submit a Water Quality Management Plan (WQMP) subject to the State Regional Water Quality Board

80. PRIOR TO BLDG PRMT ISSUANCE

TRANS DEPARTMENT

80.TRANS. 4

EOT4 -WQMP AND MAINTENANCE

RECOMMND

The project shall begin constructing and installing the BMP facilities described in the approved Final WQMP. The project shall be responsible for performing all activities described in the WQMP and that copies of the approved Final WQMP are available for the future owners/occupants.

A maintenance plan and signed maintenance agreement shall be submitted to the Transportation Department for review and approval prior to issuance of occupancy permits. A maintenance organization will be established with a funding source for the permanent maintenance. The maintenance plan shall require that all BMP facilities are inspected, if required, cleaned no later than October 15 each year.

90. PRIOR TO BLDG FINAL INSPECTION

BS GRADE DEPARTMENT

90.BS GRADE. 3 EOT4 - WQMP REQUIRED

RECOMMND

Prior to final building inspection, the applicant shall comply with the following:

1. Obtain inspection of all treatment control BMPs and/or clearance from the Building and Safety Department. All structural BMPs described in the project - specific WQMP and indicated on the approved grading plan shall be constructed and installed in conformance with the approved plans and specifications.

2. The applicant/owner shall submit a "Wet Signed" copy of the Water Quality Management Plan (WQMP) Certification from a Registered Civil Engineer certifying that the project - specific WQMP treatment control BMPs have been installed in accordance with the approved WQMP.

3. The applicant/owner shall provide the Department of Building Safety with GPS coordinates for the location of the project - specific WQMP treatment control BMPs.

4. The applicant/owner shall register the project - specific WQMP treatment control BMPs with the Department of Building Safety Business Registration Division. Any person or entity that owns or operates a commercial and/or industrial facility shall register such facility for annual inspections.

5. The applicant shall make payment to the Building and Safety Department for the Water Quality Management Plan (WQMP) Annual Inspection.

(This Extension of Time condition may be considered "Met" if it duplicates another similar condition issued by this department)

TRANS DEPARTMENT

90.TRANS. 8 EOT4 - WQMP COMP AND BNS REG

RECOMMND

Prior to Building Final Inspection, the applicant will be required to hand out educational materials regarding water quality, provide a engineered WQMP certification, inspection of BMPs, GPS location of BMPs, and ensure that the requirements for inspection and cleaning the BMPs are
