BACKGROUND:

Summary

Article 16, Section 6 of the California Constitution authorizes a county to lend available funds to a special district, not to exceed 85% of the district's anticipated yearly tax revenue. The loan shall be repaid from that revenue source before the district pays any other obligation. This means, the county will be repaid prior to the district receiving their property tax allocation due to them later this year.

The Idyllwild Fire Protection District (District) reports limited funds and revenues are available for the payment of expenditures during July 1, 2017 through December 31, 2017. Therefore the District is requesting an advance of \$400,000 of its FY 2017/18 property tax revenue. Repayment with interest is required in the same fiscal year the advancement is made. The estimated interest is \$3,347. The agreement and resolution have been approved as to form by County Counsel. The advancement today does not guarantee future advance distributions. If the District requires advancements in future fiscal years, a separate request will need to be considered by the Board of Supervisors.

Impact on Residents and Businesses

The advancement of property tax does not have a direct impact on citizens and business; however, the District's request for the advancement may contribute towards the District's ability to provide services to the residents and businesses in their service area.

SUPPLEMENTAL:

Additional Fiscal Information

The District is obligated to pay interest on the advancement, which is estimated at \$3,347.
