BACKGROUND:

Summary

To receive Community Planning and Development (CPD) funds, the County of Riverside as an Urban County grantee must develop a One-Year Action Plan (OYAP) for housing and community development activities and submit applications for Federal Assistance (SF-424) and related Federal certifications for the CDBG, HOME, and ESG programs to the U.S. Department of Housing and Urban Development (HUD). The County of Riverside Economic Development Agency (EDA), as lead agency, prepares the OYAP pursuant to the Citizen Participation Plan, subject to approval by County Counsel.

The OYAP details the activities to be undertaken by the County using funds received during the 2017-2018 program year from the Community Development Block Grant (CDBG) program, HOME Investment Partnerships Program (HOME), and Emergency Solutions Grant (ESG) program, plus anticipated program income. The County's 2017-2018 HUD CPD allocation totals \$10,577,785; this includes \$8,000,125 for CDBG; \$1,922,486 for HOME; and \$655,174 for ESG.

As a planning document, the program goals and objectives identified in the OYAP focus on local housing and community development needs with an emphasis on lower-income residents and provide strategies for addressing the identified needs. A copy of the proposed 2017-2018 One-Year Action Plan is attached.

HOME funds are used to fund the County's First Time Home Buyer (FTHB) Program, as further described in the OYAP. The County regularly conducts training for mortgage lenders applying for certification to participate in the County's FTHB program. Lenders that participate in the County's program are also required to enter into a participation agreement with the County. Staff desires to streamline the process for assisting households in obtaining loans through the FTHB Program, and for assisting lenders who desire to participate in the program, without increasing administrative costs. To facilitate implementation and administration of the FTHB Program, increase program efficiency, and save administrative costs, staff recommends that the Board delegate to the Assistant County Executive Officer, or designee, the authority to (i) approve, issue, and modify loans to qualified households in an amount not exceeding \$75,000, in accordance with FTHP Program guidelines, and (ii) draft, negotiate, approve and execute, essential and relevant documents, including but not limited to Lender Participation Agreements and FTHB Program loan documents for qualified borrowers such as loan applications, loan agreements, promissory notes, deeds of trust, security agreements, and other agreements, subject to the satisfaction of certain conditions precedent for the benefit of the County, and further subject to approval by County Counsel. The aforementioned will result in increased access to much needed affordable housing within the County.

On March 14, 2017, a public hearing was held before the County Board of Supervisors (BOS) to hear public comments regarding the proposed uses for the 2017-2018 HUD-funded CPD

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

programs and which would best address the identified community development needs in the 2014-2019 Five-Year Consolidated Plan. Representatives from thirty-six organizations made presentations seeking CDBG and/ or ESG funds. Three other organizations submitted their presentations in writing.

The 2017-2018 final draft One-Year Action Plan was made available for public review and comment beginning June 23, 2017. Interested persons were able to submit written, oral, or electronically sent comments until 4:00 PM on July 10, 2017. Comments, if any, will be included in the final 2017-2018 One-Year Action Plan. A copy of the Public Notice is attached.

Pursuant to the California Environmental Quality Act (CEQA), the approval and adoption of the 2017-2018 One-Year Action Plan and submittal of the applications to HUD for funding under the three entitlement programs and related activities were reviewed and determined to be categorically exempt from CEQA under State CEQA Guidelines Section 15061(b)(3), General Rule or "Common Sense" exemption. It can be seen with certainty that there is no possibility that the proposed project may have a significant effect on the environment as it will only have administrative effects and will not lead to any direct or indirect physical environmental impacts. The individual activities and projects identified in the 2017-2018 One-Year Action Plan will be subject to a separate CEQA environmental review prior to taking any choice limiting action or discretionary action on those specific projects. A Notice of Exemption will be filed by County staff with the County Clerk within five day of the approval and adoption of the 2017-2018 One-Year Action Plan.

Furthermore, the approval and adoption of the 2017-2018 One-Year Action Plan and submittal of the applications to HUD for funding under the three entitlement programs and related activities were reviewed and determined to be exempt from the provisions of the National Environmental Policy Act (NEPA) pursuant to Title 24 Code of Federal Regulations Sections 58.34 (a)(1) and (a)(3) since the proposed project is an administrative and planning/strategy activity. The individual activities and projects identified in the 2017-2018 One-Year Action Plan will be subject to separate NEPA environmental review prior to taking any choice limiting action or discretionary action on those specific projects.

The attached 2017-2018 One-Year Action Plan, Application for Federal Assistance (SF-424), and Federal certifications have been approved as to form by County Counsel.

Staff recommends the following: (i) approval and adoption of the proposed 2017-2018 One-Year Action Plan and authorization to formally submit the plan to HUD, (ii) delegation of authority to the Assistant County Executive Officer/EDA or his designee to take all necessary steps to implement the First Time Home Buyer Program, and (iii) authorization to formally submit the Application for Federal Assistance (Standard Form 424) together with the required certifications and project descriptions to HUD. If approved and adopted, the 2017-2018 One-Year Action Plan will be available for viewing online and at various locations throughout the County.

Impact on Residents and Businesses

The CPD funds, together with other resources, will be used to provide County residents with a more suitable living environment through safer, livable neighborhoods; increased housing opportunities; homelessness prevention and shelter; reinvestment in deteriorating neighborhoods; and expanded economic opportunities through more jobs paying self-sufficiency wages.

SUPPLEMENTAL:

Additional Fiscal Information

The CDBG, ESG, and HOME programs are 100% federally-funded through HUD's CPD Programs. Portions of these grants include funding for administrative costs. No County General Funds will be used to administer these federal grants.

8. CDBG Special Conditions.

**County of Riverside
B-17-UC-06-0506**

- (a) The period of performance for the funding assistance specified in the Funding Approval (“Funding Assistance”) shall begin on the date specified in item 4 and shall end on September 1, 2024. The Grantee shall not incur any obligations to be paid with such assistance after September 1, 2024.
- (b) If Funding Assistance will be used for payment of indirect costs pursuant to 2 CFR 200, Subpart E - Cost Principles, attach a schedule in the format set forth below to the executed Grant Agreement that is returned to HUD. The schedule shall identify each department/agency that will carry out activities with the Funding Assistance, the indirect cost rate applicable to each department/agency (including if the de minimis rate is charged per 2 CFR §200.414), and the direct cost base to which the rate will be applied. Do not include indirect cost rates for subrecipients.

<u>Administering Department/Agency</u>	<u>Indirect cost rate</u>	<u>Direct Cost Base</u>
_____	_____ %	_____
_____	_____ %	_____
_____	_____ %	_____

- (c) In addition to the conditions contained on form HUD 7082, the grantee shall comply with requirements established by the Office of Management and Budget (OMB) concerning the Dun and Bradstreet Data Universal Numbering System (DUNS), the System for Award Management (SAM.gov), and the Federal Funding Accountability and Transparency Act as provided in 2 CFR part 25, Universal Identifier and Central Contractor Registration, and 2 CFR part 170, Reporting Subaward and Executive Compensation Information.
- (d) The grantee shall ensure that no CDBG funds are used to support any Federal, State, or local projects that seek to use the power of eminent domain, unless eminent domain is employed only for a public use. For the purposes of this requirement, public use shall not be construed to include economic development that primarily benefits private entities. Any use of funds for mass transit, railroad, airport, seaport or highway projects as well as utility projects which benefit or serve the general public (including energy-related, communication-related, water- related and wastewater-related infrastructure), other structures designated for use by the general public or which have other common-carrier or public-utility functions that serve the general public and are subject to regulation and oversight by the government, and projects for the removal of an immediate threat to public health and safety or brownfield as defined in the Small Business Liability Relief and Brownfields Revitalization Act (Public Law 107–118) shall be considered a public use for purposes of eminent domain.

8. CDBG Special Conditions (cont.)

**County of Riverside
B-17-UC-06-0506**

- (e) The Grantee or unit of general local government that that indirectly receives CDBG funds may not sell, trade, or otherwise transfer all or any such portion of such funds to another such entity in exchange for any other funds, credits or non-Federal considerations, but must use such funds for activities eligible under title I of the Act.
- (f) E.O. 12372-Special Contract Condition - Notwithstanding any other provision of this agreement, no funds provided under this agreement may be obligated or expended for the planning or construction of water or sewer facilities until receipt of written notification from HUD of the release of funds on completion of the review procedures required under Executive Order (E.O.) 12372, Intergovernmental Review of Federal Programs, and HUD's implementing regulations at 24 CFR Part 52. The recipient shall also complete the review procedures required under E.O. 12372 and 24 CFR Part 52 and receive written notification from HUD of the release of funds before obligating or expending any funds provided under this agreement for any new or revised activity for the planning or construction of water or sewer facilities not previously reviewed under E.O. 12372 and implementing regulations.
- (g) CDBG funds may not be provided to a for-profit entity pursuant to section 105(a)(17) of the Act unless such activity or project has been evaluated and selected in accordance with Appendix A to 24 CFR 570 - "Guidelines and Objectives for Evaluating Project Costs and Financial Requirements." This Agreement between the Department of Housing and Urban Development (HUD) and the Participating Jurisdiction/Entity is made pursuant to the authority of the HOME Investment Partnerships Act (42 U.S.C. 12701 et seq.). The Participating Jurisdiction's/Entity's approved Consolidated Plan submission/Application and the HUD regulations at 24 CFR Part 92 (as is now in effect and as may be amended from time to time) and this HOME Investment Partnership Agreement, form HUD-40093, including any special conditions, constitute part of this Agreement. Subject to the provisions of this Agreement, HUD will make the funds for the Fiscal Year specified, available to the Participating Jurisdiction/Entity upon execution of this Agreement by the parties. All funds for the specified Fiscal Year provided by HUD by formula reallocation are covered by this Agreement upon execution of an amendment by HUD, without the Participating Jurisdiction's execution of the amendment or other consent. HUD's payment of funds under this Agreement is subject to the Participating Jurisdiction's/Entity's compliance with HUD's electronic funds transfer and information reporting procedures issued pursuant to 24 CFR 92.502. To the extent authorized by HUD regulations at 24 CFR Part 92, HUD may, by its execution of an amendment, deobligate funds previously awarded to the Participating Jurisdiction/Entity without the Participating Jurisdiction's/Entity's execution of the amendment or other consent. The Participating Jurisdiction/Entity agrees that funds invested in affordable housing under 24 CFR Part 92 are repayable when the housing no longer qualifies as affordable housing. Repayment shall be made as specified in 24 CFR Part 92. The Participating Jurisdiction agrees to assume all of the responsibility for environmental review, decision making, and actions, as specified and required in regulation at 24 CFR 92.352 and 24 CFR Part 58.

The Grantee shall comply with requirements established by the Office of Management and Budget (OMB) concerning the Universal Numbering System and System for Award Management (SAM) requirements in Appendix A to 2 CFR part 25, and the Federal Funding Accountability and Transparency Act (FFATA) in Appendix A to 2 CFR part 170.

The Period of Performance for the funding assistance shall begin on the date specified in item 12 and shall end on September 1st of the 5th fiscal year after the expiration of the period of availability for obligation. Funds remaining in the account will be cancelled and thereafter not available for obligation or expenditure for any purpose. Per 31 U.S.C. 1552. The grantee shall not incur any obligations to be paid with such assistance after the end of the Period of Performance.

Indirect Cost Rate Provision

If the funds provided under this Agreement will be used for payment of the Recipient's indirect costs pursuant to 2 CFR 200, Subpart E—Cost Principles, attach a schedule in the format set forth below to the executed Agreement that is returned to HUD. The schedule shall identify each department/agency of the Recipient that will carry out activities with funds provided under this Agreement, the indirect cost rate applicable to that department/agency (including if the de minimis rate is charged under 2 CFR 200.414), and the direct cost base to which that rate will be applied. Do not include indirect cost rates for subrecipients.

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing -- The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential antidisplacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Anti-Lobbying -- To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction -- The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan -- The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
2. Overall Benefit. The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2017, 2018, & 2019 (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its

jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and

2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Compliance With Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, subparts A, B, J, K and R;

Compliance with Laws -- It will comply with applicable laws.

Specific HOME Certifications

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance -- If the participating jurisdiction intends to provide tenant-based rental assistance:

The use of HOME funds for tenant-based rental assistance is an essential element of the participating jurisdiction's consolidated plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

Eligible Activities and Costs -- it is using and will use HOME funds for eligible activities and costs, as described in 24 CFR § 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in § 92.214.

Appropriate Financial Assistance -- before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

ESG Certifications

The Emergency Solutions Grants Program Recipient certifies that:

Major rehabilitation/conversion – If an emergency shelter's rehabilitation costs exceed 75 percent of the value of the building before rehabilitation, the jurisdiction will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed rehabilitation. If the cost to convert a building into an emergency shelter exceeds 75 percent of the value of the building after conversion, the jurisdiction will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed conversion. In all other cases where ESG funds are used for renovation, the jurisdiction will maintain the building as a shelter for homeless individuals and families for a minimum of 3 years after the date the building is first occupied by a homeless individual or family after the completed renovation.

Essential Services and Operating Costs – In the case of assistance involving shelter operations or essential services related to street outreach or emergency shelter, the jurisdiction will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure, so long the jurisdiction serves the same type of persons (e.g., families with children, unaccompanied youth, disabled individuals, or victims of domestic violence) or persons in the same geographic area.

Renovation – Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

Supportive Services – The jurisdiction will assist homeless individuals in obtaining permanent housing, appropriate supportive services (including medical and mental health treatment, victim services, counseling, supervision, and other services essential for achieving independent living), and other Federal, State, local, and private assistance available for such individuals.

Matching Funds – The jurisdiction will obtain matching amounts required under 24 CFR 576.201.

Confidentiality – The jurisdiction has established and is implementing procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project, except with the written authorization of the person responsible for the operation of that shelter.

Homeless Persons Involvement – To the maximum extent practicable, the jurisdiction will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, and operating facilities assisted under the ESG program, in providing services assisted under the ESG program, and in providing services for occupants of facilities assisted under the program.

Consolidated Plan – All activities the jurisdiction undertakes with assistance under ESG are consistent with the jurisdiction's consolidated plan.

Discharge Policy – The jurisdiction will establish and implement, to the maximum extent practicable and where appropriate policies and protocols for the discharge of persons from

publicly funded institutions or systems of care (such as health care facilities, mental health facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent this discharge from immediately resulting in homelessness for these persons.

FOR APPROVED COUNTY COUNCIL
BY: *Shirley N. Brown* 6-27-17
DATE
JAILA R. BROWN

NOTICE OF REQUEST FOR PUBLIC COMMENT

The County of Riverside is requesting comment from citizens, public agencies, service providers, and other interested parties regarding the final draft of the 2017-2018 One-Year Action Plan of the County's 2014-2019 Five-Year Consolidated Plan for HUD Community Planning and Development Funding. The objectives contained in the One Year Action Plan are to develop viable communities through public/private partnerships by providing decent affordable housing, a suitable living environment, and expanded economic development opportunities principally for persons of low- and moderate-income.

The 2017-2018 One-Year Action Plan covers the entire Urban County program area including the unincorporated areas of Riverside County as well as the following cooperating cities: Banning, Beaumont, Blythe, Canyon Lake, Coachella, Desert Hot Springs, Eastvale, Indian Wells, Jurupa Valley, La Quinta, Murrieta, Norco, San Jacinto, and Wildomar. The Joint Metro City of Lake Elsinore is also included within the County's CDBG program.

As noted above, the purpose of the public comment period is to allow citizens, public agencies, service providers, and other interested parties to express their comments or views on the community development needs of persons and communities with the County's Urban County program area as well as the final draft 2017-2018 One-Year Action Plan. It is anticipated that the Board of Supervisors will adopt the One-Year Action Plan at the regular meeting of July 11, 2017. The Action Plan will then be forwarded to the U.S. Department of Housing and Urban Development for final review and approval.

Written comments may be submitted to the following address no later than 4:00 PM on July 10, 2017: Riverside County Economic Development Agency-Community Development Block Grant Program, 5555 Arlington Ave., Riverside, CA 92504

Comments may also be sent via email to edearen@rivco.org, or via FAX at 951-343-5609.

NOTICE OF REQUEST FOR PUBLIC COMMENT

The County of Riverside is requesting comment from citizens, public agencies, service providers, and other interested parties regarding the final draft of the 2017-2018 One-Year Action Plan of the County's 2014-2019 Five-Year Consolidated Plan for HUD Community Planning and Development Funding. The objectives contained in the One Year Action Plan are to develop viable communities through public/private partnerships by providing decent affordable housing, a suitable living environment, and expanded economic development opportunities principally for persons of low- and moderate-income.

The 2017-2018 One-Year Action Plan covers the entire Urban County program area including the unincorporated areas of Riverside County as well as the following cooperating cities: Banning, Beaumont, Blythe, Canyon Lake, Coachella, Desert Hot Springs, Eastvale, Indio, Wells, Jurupa Valley, La Quinta, Murrieta, Norco, San Jacinto, and Wildomar. The Joint Metro City of Lake Elsinore is also included within the County's CDBG program.

As noted above, the purpose of the public comment period is to allow citizens, public agencies, service providers, and other interested parties to express their comments or views on the community development needs of persons and communities within the County's Urban County program area as well as the final draft 2017-2018 One-Year Action Plan. It is anticipated that the Board of Supervisors will adopt the One-Year Action Plan at the regular meeting of July 11, 2017. The Action Plan will then be forwarded to the U.S. Department of Housing and Urban Development for final review and approval.

Written comments may be submitted to the following address no later than 4:00 PM on July 10, 2017: Riverside County Economic Development Agency-Community Development Block Grant Program, 5355 Arlington Ave., Riverside, CA 92564

Comments may also be sent via email to edearen@rivco.org, or via FAX at 951-343-5609.

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

To receive Community Planning and Development (CPD) funds, an Urban County Grantee must develop a One Year Action Plan (OYAP) for housing and community development activities. The Economic Development Agency (EDA), as lead agency for the County of Riverside, prepares the OYAP pursuant to the goals outlined in the 2014 - 2019 Five-Year Consolidated Plan (CP). The OYAP details the activities to be undertaken by the County using funds received during the 2017-2018 program year from the Community Development Block Grant (CDBG) program, HOME Investment Partnerships Program (HOME), and Emergency Solutions Grant (ESG) program funds, and anticipated program income. As a planning document, the program goals and objectives identified in the OYAP focus on local housing and community development needs with an emphasis on lower-income residents. The OYAP also provides strategies for addressing the identified needs.

The 2017-2018 OYAP of the 2014-2019 Five-Year CP is guided by the three major commitments and priorities:

- To provide a suitable living environment through safer, more livable neighborhoods; greater incorporation of lower-income residents throughout Riverside County communities; increased housing opportunities; and reinvestment in deteriorating neighborhoods.
- To provide decent housing by preserving the affordable housing stock; increasing the availability of affordable housing; reducing discriminatory barriers; increasing the supply of supportive housing for those with special needs; and transitioning homeless persons and families into housing.
- To expand economic opportunities through employment opportunities that pay self-sufficiency wages; homeownership opportunities; development activities that promote long-term community sustainability; and the empowerment of lower-income persons to achieve self-sufficiency.

As part of the OYAP development process, and per Federal Regulation requirements, the County consulted and coordinated with various departments, housing and community service providers, other jurisdictions, and other entities with a potential interest in or knowledge of the County's housing and non-housing community development issues. The following sections discuss the methods by which the County consulted, in addition to how staff that developed and followed this citizen participation process emphasized the participation of persons of low- and moderate-income (LMI).

This 2017-2018 OYAP covers the fourth year of the 2014-2019 CP and identifies anticipated levels of funding for the program year, describes the geographic areas in which assistance will be directed, and provides the rationale used.

2. Summarize the objectives and outcomes identified in the Plan

The range of issues that currently confront the County are as diverse as its residents. This diverse population is also accompanied by very differing needs that help to identify personal, educational, employment, recreational, housing, and other goals. The County is continuously striving to balance resources to meet the CP goals by addressing critical issues in the communities such as: homelessness; failing infrastructure and community facilities; lack of various services including child care and health care; affordable housing; and chronic unemployment and under-employment. A large segment of the population continues to face challenging issues as the regional economy continues to recover.

Consistent with Federal Guidelines, the County has developed a performance measurement system that identifies performance objectives and outcomes for each of the planned activities. In order to aggregate accomplishments at a national level, HUD has recommended grantees to utilize standardized objectives and outcomes for reporting achievements.

The primary objective of the CDBG program is to develop viable urban communities. Based upon this intent, it must be determined which of the following three objectives best describe the purpose of an activity:

- Provide decent housing (DH);
- provide a suitable living environment (SL);
- And/or expand economic opportunities, principally for lower income persons (EO).

Each activity must also meet specific performance outcomes that are related to at least one of the following:

- Availability/Accessibility (1);
- Affordability (2); or
- Sustainability - Promoting Livable or Viable Communities (3).

The community development needs are substantial, with many areas of overlap requiring cross-cutting, place-based solutions. The County is tasked both with determining the areas of greatest need and the areas in which community investment can have the greatest impact given the limited resources available.

The CPD funding sources that will be used to implement the objectives and outcomes of the CP are as follows:

1. Community Development Block Grant (CDBG): The primary objective of this program is to develop

viable urban communities by providing decent and affordable housing, a suitable living environment, and economic opportunities, principally for persons of LMI. The CP proposes that public facility and infrastructure funds be focused strategically on projects in LMI neighborhoods. There is also a need, in various degrees, for services across most categories of special need. This includes seniors, at-risk youth, working parents, persons with disabilities, individuals with chronic illness, and persons with other conditions affecting their ability to function independently and productively. Potential CDBG activities include: construction or rehabilitation of public facilities and infrastructure, removal of architectural barriers, housing rehabilitation, code enforcement, economic development, and public services. The goal is to create impacts that deliver the greatest efficiencies and bring about positive changes within the community.

2. HOME Investment Partnerships Program (HOME): HOME funds are allocated for the development and rehabilitation of affordable rental and ownership housing for low-income households. Funding is used for activities that promote a suitable living environment, decent and affordable rental housing and homeownership by low income households including tenant-based rental assistance, homebuyer assistance, acquisition, rehabilitation, and new housing construction. The program allows for flexibility with respect to the types of projects to be assisted (new construction or rehabilitation), the form and amount of financing, the types of housing, and the households assisted.

3. Emergency Solutions Grant (ESG): The ESG program places greater emphasis on helping people quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness. This is accomplished by providing homeless persons with basic shelter and essential supportive services to promote decent and affordable housing, a suitable living environment, and economic opportunities. ESG funds will be used for a variety of activities, including: rapid re-housing and homeless prevention activities, emergency shelter, operations and maintenance of facilities, essential supportive services, and street outreach.

3. Evaluation of past performance

On an annual basis, HUD reviews the performance of entitlement recipients to determine whether they are carrying out CDBG assisted activities in a timely manner. If at sixty days prior to the end of the grantee's current program year the amount of entitlement grant funds available to the recipient, under grant agreements but undistributed by the U.S. Treasury, is more than 1.5 times the entitlement grant amount for its current program year the grantee is considered to be non-compliant with HUD requirements. In an effort to make sure the County's CDBG program is compliant, all subrecipients and cooperating cities are encouraged to expend their funds in a timely manner. In the event that they have not complied or adhered to their agreement terms, the County reserves the right to rescind their funding allocation.

A Consolidated Annual Performance and Evaluation Report (CAPER) is prepared and submitted to HUD, annually, to capture the progress of meeting identified needs and achieving strategies set forth in the Five-Year CP. HUD implemented this ongoing performance process to assess efficiency, cost effectiveness, and the impact of projects and programs in County neighborhoods. The CAPER contains an assessment by

the County on the use of CPD funds allocated to County agencies and other sub-recipients to carry-out a variety of HUD-funded projects and activities within Riverside County. The County has been successful in implementing its public improvement and community service projects/programs as well as meeting and exceeding established goals. As a result of monitoring, performance measures, operational evaluations, and resource allocation analysis, policy questions are easier to identify and address. The County continues its commitment to meeting priority goals outlined in the 2014-2019 Five-Year CP and 2017-2018 OYAP.

Based on the needs established through the CP, the County intends to fund activities associated with housing, community development, economic development, and capital improvement projects. The majority of the funding will be used to fund projects targeting LMI individuals and their families throughout the County, including those in special needs categories such as abused children, battered spouses, elderly persons, severely disabled adults, homeless persons, illiterate adults, and persons living with HIV/AIDS.

4. Summary of Citizen Participation Process and consultation process

(Refer to AP10, AP12, Appendices D and E)

The Riverside County Economic Development Agency (EDA), as the entitlement grantee for the CDBG, HOME, and ESG programs, is the lead agency responsible for the development of the Five-Year CP and Annual Action Plans that outline the proposed activities and expenditures under these programs.

The EDA sought and encouraged community-wide participation in the development of the 2017-2018 OYAP through a community outreach and participation process. To foster consultation and community outreach, the EDA utilized its Citizen Participation Plan (CPP), which establishes policies and protocols for community involvement for the use of CPD funds. The County made extra efforts to actively involve and include communities with a broad representation of LMI residents, members of minority groups, agencies involved in the provision of services to these populations, and others who are directly impacted by the programs and projects to be undertaken in the 2017-2018 OYAP.

It was determined that the most appropriate and effective methods to obtain input from a wide range of agencies, groups, organizations, residents, and other interested persons in the process of developing the 2017-2018 OYAP of the Five-Year CP would include:

1. Citizen participation meetings, public notices, public hearings, consultation feedback/ memorandum of participation, and internet outreach
2. Comprehensive Community Needs Assessment Survey (Incorporated into the Consolidated Plan development process)
3. Urban County Participating Cities

A Notification of Funding Availability (NOFA) was published in July, 2016, for the 2017-2018 CDBG, ESG, and HOME programs. From July 2016 through November 2016, the County initiated its Citizen

Participation (CP) process by notifying cooperating cities, community members, and public/private sector agencies of the 2017-2018 CPD Program Year.

The principal stakeholders in the CP process are:

1. Residents;
2. Community Councils and Municipal Advisory Councils (act as the forum for communication Between the County and the citizens);
3. The County Board of Supervisors (who must approve the Federal Grant application and all substantial reprogramming decisions);
4. EDA staff; and
5. Activity Sponsors (non-profit and public agency service providers)

During the preparation of the 2014-2019 Five-Year CP the County developed and distributed a Housing and Community Development Needs Assessment survey to the stakeholders listed above to solicit community opinions and concerns. Based on citizen participation results, the prioritization and investment decisions in the Five-Year CP serve to identify immediate and long range needs and objectives which are more specifically addressed in the current OYAP.

In the development of the 2017-2018 OYAP, EDA conducted CP Meetings throughout the County's CPD program area. Prior to the CP Meetings, a County-wide notice, in English and Spanish, was published in newspapers of general circulation and made available on the Economic Development Agency's website announcing the purpose, date, time, and location of the meetings. In addition, non-profit social service providers, special districts, and other County departments and agencies were contacted to publicize the community meetings. Citizens were invited to attend the meetings to discuss the anticipated CPD allocations; learn about the programs and services available to them; express their views on their community's housing and community development needs; prioritize community needs; and comment on prior program performance. These meeting are an essential part of the planning process for the use of CPD funds.

The County also sought assistance from the fourteen (14) cities participating in the Urban County Program and the City of Lake Elsinore-Joint Metro City. Each city was strongly encouraged to facilitate and support the participation of all residents in the assessment of community development needs by conducting public meetings and public hearings within their cities.

The County strongly supports and encourages community-wide participation, input, cooperation, and feedback from all residents of the County in the administration of its CPD-funded programs. The Citizen Participation process is necessary to ensure adequate citizen involvement in the determination of Riverside County's community needs and investment in housing, homelessness, community development, and economic development for the five-year Consolidated Plan period. The County has continued its commitment to meeting priority goals outlined in the 2014-2019 Five-Year CP and more currently in the 2017-2018 OYAP

5. Summary of public comments

On March 14, 2017, a Public Hearing was held before the County Board of Supervisors (BOS) to hear public comments regarding the proposed uses for the 2017-2018 HUD-funded CPD programs and to determine which would best address the identified community development needs in the 2014-2019 Five-Year CP. Representatives from thirty-four (34) organizations made presentations seeking CDBG and/or ESG funds. Three (3) other organizations submitted their proposed project summary in writing prior to the March 14, 2017 Public Hearing and one (1) additional proposed project summary was submitted, all of which were entered into the record.

The 2017-2018 final draft One Year Action Plan was made available for public review and comment beginning June 23, 2017. Interested persons were invited to submit written, oral, or electronically sent comments until 5:00 PM on July 10, 2017. The Board of Supervisors approved the County's 2017-2018 One Year Action Plan at the July 11, 2017 meeting. There were no comments submitted or made during the July 11, 2017 Board Meeting regarding the OYAP.

Refer to Appendix D, AP-05 #4, and AP10-12 for results of citizen participation and comments received.

6. Summary of comments or views not accepted and the reasons for not accepting them

Pursuant to 24 CFR Part 91.220 (b), it is the policy of the County to accept and record all public comments pertaining to the 2017-2018 OYAP that are received during the posted public comment period or submitted during the public hearings. As noted in Section 5 above, all comments received for the March 14, 2017 Public Hearing and July 11, 2017 board approval are incorporated into the record during the public comment period. No comments were made during the July 11, 2017 Board Meeting.

7. Summary

The County is committed to the effective and equitable allocation of funds that serve the needs of the lowest- income and most disadvantaged residents. Households with incomes less than 50 percent of the area median income, particularly those with extremely low-incomes (less than 30 percent of area median income), are particular priorities.

These priorities can be addressed through a combination of:

- 1) Decent and affordable housing;
- 2) Investment in community development activities in lower-income and deteriorating neighborhoods;
- 3) Investment in programs and facilities that serve lower-income populations; and
- 4) Supportive services to maintain independence.

By focusing on these overall priorities, the County seeks to address needs and concerns identified in the CP and OYAP such as:

- The need for additional decent, safe, and affordable housing, mitigate rent burdens, and ameliorate deteriorating housing stock;
- Programs that improve community facilities and services in low-income areas;
- A network of shelters, housing, and services that prevent homelessness, including rapid re- housing, homelessness prevention, permanent housing, all which coordinate with the 10-Year Plan to end chronic homelessness;
- Programs that promote economic development, create jobs, and increase the job skill level of potential employees; and
- Supportive services that increase the ability of seniors, persons with disabilities, and others with special needs to live independently.

Table 1 – Responsible Agencies

Narrative (optional)

The lead agency responsible for the development of this OYAP is the County of Riverside Economic Development Agency (EDA) Housing Division. Staff members from various agencies such as Housing, Economic Development, Public Social Services, Mental Health, Housing Authority, Workforce Development Center, and EDA’s Fiscal Department participated in the research and development of the Plan. In Addition, the County consulted with the Riverside County Continuum of Care (CoC) on an on-going basis. Most of the agencies represented in the Con Plan are responsible for administering HUD funds, operating, and/or overseeing a range of activities.

In developing the OYAP the needs assessment, which was conducted for the 2014-2019 Five-Year CP, is used to identify levels of relative need regarding affordable housing, homelessness, special needs, and community development. This information was gathered through consultation with local agencies, public outreach, community meetings, and housing market analysis.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The OYAP represents an application to HUD for entitlement funds under three entitlement programs as well as a housing and community development policy and planning document. The three HUD entitlement programs are: Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grant (ESG), formerly the Emergency Shelter Grant.

As part of the OYAP development process, the County consulted and coordinated with various departments, housing and community service providers, other jurisdictions, and other entities with a potential interest in or knowledge of the County's housing and non-housing community development issues. The following sections discuss the methods by which the County consulted, in addition to how staff that developed and followed this citizen participation process emphasized the participation of persons of low- and moderate-income.

To foster consultation and community outreach, the EDA utilized its Citizen Participation Plan which establishes policies and protocols for comprehensive community outreach and citizen involvement for the use of CPD funds. It was determined that the most appropriate and effective methods to obtain input from residents, service providers, and other interested persons concerning community development needs, issues, and opportunities are through:

1. Citizen Participation Meetings, including participation at public hearings
2. Memorandum of request for Participation (email/US postal mail)
3. Comprehensive Community Needs Assessment Survey (Incorporated into the Consolidated Plan development process)
4. Urban County Participating Cities

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The Urban County compiled an outreach list consisting of various public agencies/entities and service providers that the County consulted with including the following:

- Nonprofit service providers that cater to the needs of low and moderate income households and persons with special needs, including persons with disabilities;
- Affordable housing providers;
- Homeless Service Providers;
- Other units of local government;
- Public agencies (such as school districts, health services, public works); and
- Economic development and employment organizations; and Community groups.

These groups and other specific agencies were invited to participate in the Urban County's consultation process. A Needs Assessment questionnaire was used to help confirm priorities set in the Five-Year CP. In the development of the 2017-2018 OYAP, citizen participation included public hearings, a memorandum of request for participation, and public meetings held throughout the County in diverse communities, where participants were asked to discuss and prioritize the needs in their neighborhoods.

The County continues to work in consultation and coordination with a wide-range of public and private agencies, local jurisdictions, housing developers and providers, social service agencies, and community residents in the development and implementation of strategies identified in this Plan. In particular, staff regularly attends regional planning meetings and works on a continual basis with the County of Riverside Department of Mental Health and Department of Public Social Services, the Housing Authority of the County of Riverside, the Riverside Homeless Care Network, housing partners networks, and many others to coordinate joint efforts relating to homeless issues, affordable housing needs and conditions, special need populations, and community development activities.

The Housing Authority and Homeless Services Division will do the following activities in FY 2017/18:

- Participate in the Riverside County Continuum of Care and its subcommittees and Riverside Homeless Plan subcommittees to identify solutions to ending homelessness in the County by improving and increasing availability of services for homeless individuals or individuals that are at-risk of becoming homeless.
- Continue to work with housing developers/sponsors to create affordable housing that meets the needs of the community.
- Continue to attend the Riverside County Housing and Homeless Coalition meetings to evaluate our community's needs and set priorities to ending homelessness. Monitor pending legislation at the federal and state level and work with local housing service providers and developers to ensure the needs of Riverside County are met.

- Continue to leverage local resources with state and federal resources that create affordable housing for specific sub-populations. The most recent example is the Proposition 41 Veterans Housing Homeless Prevention funds. The County of Riverside worked with the local Housing Authority to leverage project based vouchers with federal construction dollars to make these projects feasible.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The County of Riverside Department of Public Social Services (DPSS) serves as the Collaborative Applicant and grantee for the county's HUD Continuum of Care (CoC) program. The County of Riverside Continuum of Care Program is implemented as a mandate of the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH); it is designed to promote community-wide planning and the strategic use of resources to address homelessness; improve coordination and integration with mainstream resources and other programs targeted to people experiencing homelessness; improve data collection and performance measurement; and allow each community to design programs to the particular strengths and challenges within the community.

Cross-program coordination is required to plan for and provide, as necessary, a system of strategies to address the various needs of homeless *persons and persons at-risk of homelessness*. The goal of County of Riverside Continuum of Care is to coordinate homeless efforts to meet the varied needs of the County's homeless residents while at the same time establishing policies and procedures for such. The objective of reducing homelessness is promoted throughout the County by encouraging support from a wide-range of community stakeholders including businesses, community service groups, formerly homeless individuals, local government, law-enforcement, education sector, neighborhood groups, non-profit organizations, and private foundations. The CoC seeks to improve coordination and integration with mainstream resources and other community programs for people who are experiencing homelessness or are at-risk of becoming homeless. The CoC is made up of a Board of Governance, a CoC membership committee and about six standing committees that meet on a regular basis to share information about services among participating agencies and setting funding priorities and policies. This provides collaboration between providers of housing and homeless assistance programs and other federal programs.

The County ESG program requires coordination with the CoC and communication among participating agencies to meet the needs of the population and subpopulations experiencing homelessness within the geographic area of Riverside County. Aspects of the 2017-2018 OYAP development process and implementation of project objectives was a result of meeting and collaborating with the CoC membership as well as with other agencies and organizations that serve Riverside County residents. These meetings helped identify priority needs and the level of need for various coordinated housing and homeless efforts in the County. (Continued in Appendix E)

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The ESG program requires coordination among participating agencies and the CoC. All ESG funded subrecipients of the County are experienced homeless providers with a demonstrated track record in fiscal management and the provision of housing and supportive services targeted to the homeless. ESG funded agencies must participate in the CoC. The CoC has over 100 members including homelessness assistance providers, veteran service representatives, victim service providers, Public Housing Agency, Mental Health Agency, formerly homeless individuals, and government organizations. The CoC meets on a regular basis, sharing information about services among participating agencies and setting funding priorities and policies for homeless.

The Riverside County EDA, the ESG recipient, consulted with the CoC to discuss the allocation of ESG funds in ways that:

- Coordinate across regional entitlement jurisdictions by developing and utilizing standardized eligibility and assessment tools;
- Support federal and local goals for priority populations;
- Allow for variations in the program design that responds to the needs and resources of the jurisdiction; and
- Comply with eligibility and verification requirements (HMIS, housing status, homeless definitions, etc.)

Written standards were developed in conjunction with ESG recipients (Riverside County (EDA), City of Riverside, and the City of Moreno Valley) and service providers to allow for input on the standards and the process of full implementation.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	County of Riverside Department of Public Social Services	Through the outreach process, the County has identified homelessness, rapid re-housing, and homelessness prevention services as a priority. These services will help strengthen the Continuum of Care Strategy.
Riverside County General Plan -Housing Element 2013-2021	County of Riverside Planning Department	State law requires that the Housing Element consist of an identification and analysis of existing and projected housing needs, and a statement of goals, policies, quantified objectives, and programs for the preservation, improvement, and development of housing. Policies established in this plan help guide decision-making and sets forth an action program to implement housing goals in the OYAP for the purpose of creating decent housing and a suitable living environment. http://planning.rctlma.org/Home/MajorPlanningEffortsInProgress/AdministrativeDraftHousingElement2013-2021.aspx
County of Riverside Fair Housing Impediments Study	Fair Housing Council	The Fair Housing Council of Riverside County (FHCRC) has been contracted by the County to provide comprehensive services which affirmatively address and promote fair housing (anti-discrimination) rights, and further other housing opportunities for all persons without regard to race, color, national origin, religion, sex, familial status (presence of children), disability, ancestry, age, sexual orientation, marital status, source of income or other arbitrary factors. The Fair Housing Impediments Study is a requirement pursuant to HUD CDBG regulations. The value of the study is that it identifies and analyzes the most significant barriers affecting fair housing choices and outlines specific steps to address and overcome the effects of any impediments. Recommended strategies in the One Year Action Plan (OYAP) will be implemented by the County and results will be reported in the year-end Consolidated Annual Performance and Evaluation Report (CAPER).(Agency response included in Appendix D) http://www.rivcoeda.org/LinkClick.aspx?fileticket=EQ5LT9yjl3g%3d&tabid=1381

Riverside University Health System-Public Health Strategic Plan 2016-2020	Riverside University Health System (RUHS) - Public Health	<p>Strong partnerships and a common goal of improving the health for all Riverside County, led to the formation of the Riverside County Health Coalition in 2009 and the Healthy Riverside County Initiative in 2012. This created a foundation for a broader community health improvement movement known as SHAPE Riverside County. The Strategic Health Alliance Pursuing Equity (SHAPE) was formed in January 2015 to address health and social issues that impact the daily lives of Riverside County residents. Building on the strength of existing relationships, the SHAPE movement aims to leverage local resources and work with new and non-traditional partners. Together, this community partnership works to identify key health priorities and address them in innovative ways by aligning public and private interests. These goals are aligned with the County's CPD program objectives which seek to promote viable/suitable communities through partnerships, policies, systems, and initiatives. Narrative (optional)

The County’s program covers the unincorporated areas, participating cities, and one Joint/Metropolitan City. The County initiated its Citizen Participation (CP) process by notifying cities, community members, public/private sector agencies and departments, and those that may have an interest in the CDBG/ESG programs, to participate in the OYAP process through the Notice of Funding Availability (NOFA) process. In an effort to broaden public participation, the agency conducted Citizen Participation Public Meetings throughout the County’s CPD program area. These communities are representative of the unincorporated communities in the County with concentrations of LMI households, minority households, excessive poverty rates, and other community development needs.

Organizations were consulted on an individual and group basis, as well as part of public meetings and through written correspondence.

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

As required by HUD, regulation 24 CFR 91.105, the County complies with the Citizen Participation (CP) process to ensure adequate citizen involvement in the determination of community needs and investment in housing, homelessness, community development, and economic development. The County's approved Citizen Participation Plan (CPP) outlines the policies and procedures that were followed to encourage community outreach and community-wide participation in the development of the **2017-2018 OYAP**. The CP process is explicitly designed to accommodate and encourage participation from LMI persons, residents of slums/blighted areas, LMI areas, minority groups, non-English speaking persons, persons with disabilities, and public housing residents. The County is committed to providing equal access for all persons. For example, assistance such as accommodations for bilingual interpretation and other assistance services for those with disabilities are available upon request. For this reason also, many of our public notices, including notifications of CPD funding cycles and CP meetings, are published in both English and Spanish.

It was determined that the most appropriate and effective methods to obtain input from residents, service providers, and other interested persons concerning community development needs, issues, and opportunities is through internet outreach, CP meetings, public notices, public hearings, consultation feedback requests, memorandum of participation, and through the Urban County Participating Cities. Persons unable to participate in any aspect of the CP process were invited to provide input and/or submit comments directly to the County.

The County also conducted extensive outreach by informing prior subrecipients and local agencies of the opportunity to apply for 17-18 funding by using the online application system available on the County's EDA website. Outreach included a notice of funding availability (NOFA) with application instructions, an informational postcard sent to prior and interested applicants, and instructions to all cities participating in the County's Urban County Program to conduct their CP process. Technical assistance was available and provided during the August 1, 2016 through October 28, 2016 online application acceptance period.

In order to broaden public participation even further, EDA contacted non-profit social service providers, special districts, and other County departments and agencies to respond to a consultation feedback and/or memorandum of participation request. Previously, during the preparation of the Five-Year CP, the County developed and distributed, in English and Spanish, a comprehensive Housing and Community Development Needs Assessment survey for residents, service providers, and other stakeholders to solicit community opinions and concerns. The survey incorporated

general need categories and various subcategories including, the need of providing services to children, elderly persons, persons with disabilities, persons with HIV/AIDS and their families, and homeless persons. Respondents were asked to rate each using high, medium, low, or no-need. The survey provided residents the opportunity to identify community needs that could be addressed through CPD programs over the next five years as well as assign priority among these needs. Priority needs that were established as a result of this survey continue to be addressed in the current OYAP.

The prioritization and investment decisions are a result of these collective efforts and served to identify immediate and long range needs and objectives.

Expected Resources

AP-15 Expected Resources – 91.220(c) (1, 2)

Introduction

In order to receive CPD funding, the County must develop and submit a Consolidated Plan every five years and One Year Action Plan for each of the five years to the U.S. Department of Housing and Urban Development (HUD). The County of Riverside anticipates receiving an annual allocation of CDBG, HOME, and ESG funds from HUD over the next five years for activities that provide decent housing, suitable living environments, and expanded economic opportunities for its residents. These funds are intended to help meet priority needs identified throughout the County. Detailed information on the 2017-2018 resources the County expects to receive and the activities to be undertaken in to meet the priority needs are identified in the OYAP. The County anticipates receiving approximately \$10,577,785 in CPD funding for the 2017-2018 program year. The anticipated HUD-CPD appropriations are: \$8,000,125 CDBG program funds, including Lake Elsinore (Metro City); \$1,922,486 HOME program funds, including the Community Housing Development Organizations (CHDO); and \$655,174 ESG program funds. Included in the County allocation is a separate CDBG allocation of \$468,408, for the City of Lake Elsinore, a Joint Metro City/Urban County participant, which is received from HUD on an annual basis.

One of the main obstacles to meeting community needs is a lack of resources. As with most of the established priority goals, the needs far outweigh available funding sources; which are not sufficient to address all of the needs of low- and moderate-income persons or special needs residents in the County's CPD program area. CDBG regulations do not require a funding match; however, the County strongly encourages leveraging of CDBG funds. In the participating cities, CDBG funds are matched with other resources such as general funds and other local funding sources. The leveraging of public and private funds is also critical to the success of HOME projects that support local affordable housing construction and rehabilitation.

It is very clear that given the extent and magnitude of the need for affordable housing, community facilities and infrastructure, public service programs, and other community and economic development projects in Riverside County, it is imperative that the limited resources made available through the CPD programs be leveraged with other resources. It is hopeful that as the nation and State of California continue to move out of the effects of the recession and begin to experience economic growth and easing of national, state and local budget constraints, we may begin to see greater availability of funding sources. Even under these circumstances, the County strives to make progress in implementing its public

improvement and community service projects and programs with the goal of meeting objectives established in the 2014-2019 Five-Year CP and 2017-2018 and OYAP.

The following section summarizes the major sources of funding available to carry out housing and community development activities in the Urban County, and specifically identifies the County’s fourth year and projected funding levels over the five year plan period for formula grant programs (CDBG, HOME, and ESG). Funds are available from the following categories:

Refer to 2017-18 OYAP appendix F/H and table 3c's for current year project funding details.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

As in the past, the County and cooperating cities have been as creative as possible to find other additional sources of funding in order to develop and deliver efficient and cost effective projects. CDBG, HOME, and ESG funded activities will be leveraged, as required and whenever possible, with additional federal, state, local, private, and/or other sources of support, for their specific type of services. The County will comply with applicable federal regulations for the matching requirements for the HOME and ESG programs. The match for both programs is reported annually in the Consolidated Annual Performance and Evaluation Reporting (CAPER).

The Emergency Solutions Grant program has a mandatory matching grant requirement for sub recipients. It is anticipated that the County will leverage or match more than seven times its ESG allocation with Federal, State, and private resources. Affordable Housing- HOME Program regulations require a twenty-five percent (25%) non-Federal match for every HOME dollar expended. Funds set-aside for program administration and for Community Housing Development Organization (CHDO) technical assistance/capacity building is exempt from this matching requirement. The match must be met by the end of the Federal fiscal year in which the expenditure occurred. This requirement is not project-specific but rather program-wide.

The County expects to leverage CPD funds with the following funding sources to assist in accomplishing the goals of the Five Year Consolidated Plan:

- As the County of Riverside Project Applicant and Collaborative Applicant, DPSS is able to effectively leverage additional federal and state funds and in-kind support, including mainstream public assistance programs. These resources are also leveraged through each of the 26 projects under the HUD CoC Program. The HUD CoC Consolidated Application for CoC Programs 2016-17 was awarded a total amount of \$9,912,027. The resources leveraged are committed through the CoC sub recipient collaborations and partnerships and include mainstream resources that homeless clients are linked to, such as supportive services, case management, employment, life skills training, education, etc. These partnerships have been established through the annual CoC Consolidated Application and CoC network program activities.
- Section 8 the Housing Authority receives an annual allocation to administer the Housing Choice Voucher Program (also known as Section 8) authorized by the U.S. Housing Act of 1937. The Section 8 program provides permanent rental subsidies in the form of vouchers for use in the private rental market thereby making market rate housing affordable to extremely low and low income families. The Section 8 program has the added benefit of providing income to local landlords who participate in the program which strengthens the local rental market.

- The leveraging of public and private funds is critical to the success of HOME projects. In order to provide sufficient financial support, most HOME projects require layered funding. The following is a list of some of the possible funding sources that may be used in conjunction with HOME funds: Limited Partner Tax Credit Equity; California Housing Finance Agency (CalHFA) funds; California Department of Housing and Community Development Multifamily Housing Program (MHP) funds; and Federal Home Loan Bank Affordable Housing Program (AHP) funds.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

When CA redevelopment agencies were dissolved, the Housing Authority of the County of Riverside (HACR) was designated as the successor agency for the former redevelopment agencies housing functions. The HACR assumed the former Redevelopment Agency for the County of Riverside and former Coachella Redevelopment Agency assets, which included 104 vacant parcels scattered throughout the County. Some of these properties are located in areas of low-income populations. The HACR has been in the process of strategically planning how to best develop these properties. If planned well, development of these properties will have a positive impact on these areas, by providing housing and other services that these areas lack.

Discussion

The amount of resources available to address social, community, and economic development goals pale in comparison to the recognized needs. To address this obstacle, the County strongly encourages its own agencies as well as cooperating cities and other subrecipients to collaborate and forge new partnerships and seek out other resources in order to leverage whenever possible.

Two of the Federally-funded programs, HOME and ESG, both have matching fund requirements – HOME 25%, ESG 100%. These regulatory matching requirements ensure the efficient use of the Federal funds through leveraging. The CDBG program regulations do not require a funding match; however, the County strongly encourages leveraging of CDBG funds and gives priority consideration in the evaluation of proposed activities that leverage with other funding. Acceptable leveraging can be in the form of land; other Federal, State, or local government assistance; donations; private resources; or other subsidized financing.

It is very clear that given the extent and magnitude of the need for housing, as well as other community and economic development needs in Riverside County, it is imperative that the limited resources made available through the federal programs be leveraged with other resources. Many of the most successful affordable housing projects, community facilities, and public service programs use extensive leveraging.

Introduction

HUD requires a consolidated planning process for CDBG, HOME, and ESG programs. This process consolidates multiple grant application requirements into a single submission. The OYAP outlines proposed strategies for the expenditure of the CDBG, HOME, and ESG funds for the purpose of providing a suitable living environment through safer, more livable neighborhoods and greater participation of lower-income residents throughout the County. The OYAP also outlines how the expenditure of federal funds will increase housing opportunities by stabilizing affordable housing stock; increase the availability of affordable housing; reduce discriminatory barriers; increase supply of supportive housing for those with special needs; and transition homeless persons into housing. In addition, the OYAP identifies strategies to expand economic opportunities through: employment opportunities that pay self-sufficiency wages; homeownership opportunities; development activities that stimulate long-term community stability; and the emphasis of lower-income persons to achieve self-sufficiency. For FY 2017-2018, the County anticipates a combined CDBG, HOME, and ESG allocation of \$10,577,785.

In FY 2017-2018, the County will receive an estimated \$8,000,125 (includes \$468,408 City of Lake Elsinore-metro city allocation) in CDBG funds. CDBG funds will be used for public services, public improvements, public facilities, economic development, fair housing, housing rehabilitation, and code enforcement. Federal regulations impose a 15% maximum cap on funding to be expended for public service activities and administrative costs are limited to 20% of the total CDBG funding and program income received.

In FY 2017-2018, the County will receive an estimated \$1,922,486 in HOME Program funds. Administrative costs are limited to 10% of the annual HOME allocation and program income received. Federal regulations require a minimum of 15% of each year's HOME allocation to be set-aside for projects sponsored by Community Housing and Development Organizations (CHDOs).

The County will also receive, in FY 2017-2018, an estimated \$655,174 in ESG funds. The County will allocate the ESG funds to programs or activities including: emergency/transitional shelter, homelessness prevention, rapid re-housing, outreach, and a maximum of 7.5 % of the total ESG allocation to administrative activities.

There is no "carryover" of CDBG funds from previous program years to FY 2017-18. CDBG program income (PI) is allocated as it is receipted into IDIS. The County anticipates that the amount of program income to be received in FY 2017-2018 from prior year investments will be \$76,171 in CDBG and \$371,983 in HOME; however, the estimated PI has not been allocated to specific projects in the 2017-2018 OYAP.

Below are the proposed 2017-2018 OYAP Projects. Detailed descriptions of the projects, table 3c's, can be found in Appendix I, in addition to proposed back-up projects, Appendix F, the County will consider funding in 2017-2018.

Table 8 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The primary objective of the County's CPD programs is to help develop viable urban communities by providing decent, safe, and sanitary housing, and expanding economic opportunities principally for persons of LMI. The mission of meeting and addressing these community, social, and economic development needs of low-income persons and their communities is of utmost importance to the County. Unfortunately, there are barriers and challenges that inhibit the development and execution of important programs intended to serve those most in need.

Riverside County is geographically very large: Many of the targeted lower-income communities are located in urbanized neighborhoods, suburban cities, and rural communities. Identification and evaluation of addressing obstacles to community development is one of the most important steps to be taken within these areas. In Riverside County, obstacles for CPD-funded activities include language and culture, location and geography, limited resources, and program restrictions and regulations. At present, the primary obstacle to meeting all of the identified needs, including those identified as priorities, is the general lack of funding resources available to public and private agencies that serve the needs of LMI residents. As noted previously, the amount of resources available to address social, community, and economic development goals are inadequate compared to the recognized needs. To deal with this obstacle, the County strongly encourages its own agencies as well as cooperating cities and other sub-recipients to seek other resources, build new partnerships and collaboratives, and to leverage additional funding whenever possible from Federal, State, local, private, and other sources. The County urges CPD-funded programs and services to be flexible, while at the same time to be as efficient and effective as possible to achieve expected performance outcomes.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Geographically Riverside County is the fourth most populated county in the State, comprising over 7,200 square miles consisting of urbanized neighborhoods, suburban cities, and rural communities. The western portion of the County, which covers approximately one-third of the land area, is the more populous region and has faced higher growth pressures; the desert areas are less densely populated. The County is divided into five (5) Supervisorial Districts and approximately sixty-three (63) unincorporated communities and neighborhoods. The Riverside “Urban County” CPD program includes fourteen (14) cities with populations under 50,000 (participating cities), one (1) Joint “Metro” City with a population over 50,000, and the unincorporated areas of Riverside County. The Metro City is eligible to participate in the CPD programs as an entitlement jurisdiction and receive funding directly from HUD however; the city has elected to join the Urban County for the overall implementation of these programs.

The County is committed to the most effectual distribution of CDBG, HOME, and ESG funds to primarily these areas of the County and to programs and projects that serve the most disadvantaged residents in these communities. The goal is to address high-priority community development needs outlined in the County’s CP. (Refer to County Map and Minority and LMI Concentration Maps in Appendix J/K)

Each CDBG and ESG application received was scored and ranked according to the CP priorities, urgency of needs, readiness of projects, experience of program/project administrators, and cost-effectiveness. CDBG program funds will be distributed and expended based on need and program criteria. The County has not established specific priority or target areas per se to focus the investment of CDBG funds therefore, for purposes of the **2017-2018** OYAP, geographic target areas are more loosely defined to include administration, countywide, supervisorial districts, cooperating cities, and metro city(s). Priority is given to CDBG projects that benefit the greatest percentage of LMI persons, both as Low-Mod Area (LMA) or Low-Mod Clientele (LMC). Some service providers in the County may not always be located in LMI census tracts yet their services are designed and intended for LMI clientele. These may include clinics, food pantries, senior centers, health care facilities, etc. CDBG housing rehabilitation programs will be provided on a county-wide basis in the participating cities and unincorporated County areas based on LMI qualification. Supportive services will be available throughout the Urban County to LMI residents and persons with special needs. Public and infrastructure improvements will be located primarily in the Urban County’s LMI areas or where those with special needs can benefit from ADA improvement projects. ESG funds will be awarded to projects that will best serve the priority needs of homeless individuals and families and those at risk of becoming homeless. HOME funds will be distributed to those projects that meet priority needs, are timely, and meet other evaluation factors that indicate a strong probability the project will be executed.

Table 10 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The County is committed to allocating funds that serve the needs of the lowest-income and most disadvantaged residents. The overall focus of this Plan is to use CPD funds for lower-income and special needs individuals and families with the intent they achieve a reasonable standard of living. This priority is based on the County's belief that, by increasing self-sufficiency and economic opportunity, many of the housing, social service, educational, and other needs can be addressed more readily.

In addition to projects and programs accessible to eligible participants, certain projects and programs are targeted to designated LMI CDBG benefit service areas defined as geographic locations (census block groups) where a minimum of 51% of the households residing in those areas are LMI. The geographic distribution of resources and projects/programs, designated to serving an area benefit, is influenced in part by the geographic distribution of LMI households throughout the County.

Other established priorities for allocating CPD funds are based on a number of criteria, including: the established need; eligibility of activities/programs; urgency; cost efficiency; identified gaps in service; availability of other funding sources; and comments and feedback received from citizen participation efforts.

Discussion

The national objective and performance outcome measurement system established by HUD is used as the basis for assigning priorities to needs for which funding may be allocated.

In order for an activity or project to be eligible for funding, it must qualify as meeting one of the three national objectives of the program:

- Principally benefit (at least 51%) low and moderate income persons;
- Aid in the prevention of slums or blight; or
- Meet community development needs having a particular urgency.

Priorities that guide the allocation of CPD funds are derived from the following goals:

- To provide decent housing;
- To provide a suitable living environment; and
- To expand economic opportunities.

In addition to national objectives and performance measurements, the County must weigh and balance the input from different groups and assign funding priorities that best bridge the gaps in the County's service delivery system. The County received input through outreach efforts helping to prioritize funding for community facilities, community services, homeless facilities and services, economic development, and public improvements. In summary, projects are reviewed and funding allocations are made based upon the above criteria, including the projects ability to reach and serve the areas and persons with the greatest need.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

Lower-income households continue to pay a higher percentage of their income for housing, compared to other income groups. A large proportion of lower income renter-households also tend to experience other housing problems such as overcrowding and inadequate housing conditions. In order to help provide decent and affordable housing, and improve the social and economic status for extremely low-, very low-low-, and moderate-income households in the County of Riverside, the following priorities have been established:

1. Provide homeownership opportunities for first-time homebuyers and for the low- and moderate-income community

Homeownership may provide many social and financial benefits to families, children, and communities. There is considerable evidence that homeownership experiences result in greater social stability, education completion, civic participation, and improved quality of life, according to Reexamining the Social Benefits of Homeownership after the Housing Crisis (Joint Center for Housing Studies of Harvard University, August 2013) and Social Benefits of Homeownership and Stable Housing (National Association of Realtors, April 2012).

2. Improve the conditions of substandard housing and substandard existing rental housing for the low income community

As the County's housing inventory ages, maintenance and repairs become more critical. If units fall into disrepair, residents may be subject to unsafe and unhealthful living conditions. Maintaining older units and ensuring that durable construction materials are used for new housing is important in maintaining the supply of housing in the County.

3. Expand the affordable rental housing stock for low-income and special needs households

Based on cost burdened household data from Comprehensive Housing Affordability Strategy (CHAS) and coupled with National Low Income Housing Coalition (NLIHC) projections, there is a great need to expand affordable rental housing stock for low-income households, as well as special needs households including elderly, large families, HIV/AIDS and their families.

4. Shelter the homeless

According to the 2011 Riverside County Homeless Count and Survey Comprehensive Report, prepared by Applied Survey Research, on a given day throughout the County of Riverside, there are approximately 6,203 adults and children who are homeless. Of these, more than 82 percent live on the streets and nearly

18 percent live in emergency shelters or transitional housing. Although HOME regulations prohibit the use of funds for the construction of shelters, the County seeks to develop and construct transitional to permanent housing for the homeless.

5. Address farm worker and migrant farm worker housing needs in Riverside County

Based on December 2014 Labor Market Information from the California Employment Development Department, there were 15,400 farm labor jobs in Riverside County, primarily in the Coachella Valley region. In a survey conducted in December 2006, among 525 farm workers, 72% identified that they live year-round in the Coachella Valley. Approximately 88% lived in conventional housing situations including apartments, houses, and mobile homes. Over 66% were renters living with family members contributing to overcrowding. Among those interviewed, 2% identified that they lived in situations not meant for human habitation such as outdoors, cars, trailers on private property, or in converted garages.

Discussion

Five-Year Affordable Housing Objectives:

The County’s Specific Affordable Housing Objectives for the (2014-2019) period are addressed in the following discussion. The discussion includes the basis for assigning the priority; obstacles to meeting underserved needs, and proposed accomplishments that the County hopes to achieve over the next five years.

1. Provide homeownership opportunities for first-time homebuyers and for the very low-, low- and moderate-income community.

1. First Time Home Buyer (FTHB) Program - HOME down payment assistance for very low and low-income households that have not had ownership interest in improved upon residential real property within the most recent three-year period. A covenant agreement will be recorded on the property for the required minimum affordability period based on the down payment assistance amount provided to the homebuyer per §92.254(a)(4) of the HOME rule.
2. Mortgage Credit Certificate (MCC) - Tax credit for qualified households to reduce homeowner income tax liability and increase disposable income to allow the homeowner to afford higher housing costs given their income.

The County will continue to conduct training every year, unless otherwise provided, for mortgage lenders applying for certification or obtaining re-certification to participate in the County's First-Time Home Buyer program and Mortgage Credit Certificate program. In addition to attending the lender training, a lender participation agreement between the County and mortgage lender is required.

2. Improve the conditions of substandard housing and substandard existing rental housing affordable to low-income families.

1. Low-Income Home Energy Assistance Program (LIHEAP) - Community Action Partnership of Riverside County administers a weatherization program available to low income homeowners.
2. Rental Acquisition and Rehabilitation – HOME assistance for acquisition and rehabilitation of substandard existing rental housing converted to affordable rental housing for low-income families.
3. Home Enhancement Grant Program - CDBG grants are used to pay for costs associated exterior rehabilitation relative to the health, safety, and Housing Quality Standards of a property as defined by HUD to assist homeowners with rehabilitation of stick-built and modular (attached to private land) owner-occupied single-family residences.

3. Address farm worker and migrant farm worker housing needs in Riverside County and in the Coachella Valley.

1. Farm worker Housing - HOME assistance for the development, construction, or rehabilitation of affordable housing for low-income farm worker households.

4. Expand the affordable rental housing stock for low-income and special needs households

1. Multi-family - HOME assistance for the development and construction of affordable rental housing for low-income households. Assisted units will be restricted to a minimum of 20-years; a covenant agreement will be recorded on the property for the required minimum affordability period.

5. Shelter the homeless. (Note: HOME regulations restrict the use of funds for the development and construction of homeless shelters or temporary housing.)

1. CDBG Public Service Activities - CDBG assistance to non-profit agencies that provide emergency shelters and supportive services for homeless persons.
2. Emergency Solutions Grant (ESG) Activities - ESG assistance for selected non-profit agencies for emergency shelter and essential services for homeless persons.
3. County Supported Single Room Occupancy (SRO) Housing - Supportive services and housing for homeless at La Hacienda Apartments (formerly Miles Ave SRO) and Geel Place (formerly Western Riverside SRO) located in Eastern Riverside County and Western Riverside County, respectively. Tenant Based Rental Assistance Program (TBRA) – The TBRA program is designed to provide extremely low-income homeless individuals and families earning no more than 30% of the area median income a one-time grant to pay for the utility and/or security deposit and 12 months of rental assistance.

AP-60 Public Housing – 91.220(h)

Introduction

The Housing Authority of the County of Riverside administers and manages several programs to address the housing needs of residents county-wide. The annual estimated operating budget of \$101 million is allocated to fund Housing Authority projects and programs.

The Public Housing Program, now Rental Assistance Demonstration Program, provides decent, safe, and sanitary housing to low and moderate-income families, seniors, and persons with disabilities. These multi-family developments were constructed or purchased with funding provided by HUD. The property units are operated and maintained by the Housing Authority with funding subsidies from HUD. On October 1, 2016, the HACR's 469 units of public housing was converted to Project Based Vouchers via HUD's Rental Assistance Demonstration Program. The Section 8 (Voucher) program assists lower-income households with rental assistance to provide an opportunity to live in affordable, decent, safe, and sanitary housing.

Actions planned during the next year to address the needs to public housing

The Housing Authority converted all of its public housing stock to long term project based Section 8 contracts through the Rental Assistance Demonstration (RAD) program. The conversion was completed during Fiscal Year 2016-2017 and as of October 1, 2016, the HACR no longer owns any public housing units.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The Housing Authority operates on the premise that affordable housing is not the end goal for a family but a stepping stone to reach full sufficiency in market rate housing. The ultimate goal is for the agency's families to successfully graduate to homeownership. To actively engage residents in this goal the agency has taken the following actions:

1. Regular engagement of residents via onsite managers and through specialized self-sufficiency coordinators funded through HUD's Resident Opportunity and Self-Sufficiency (ROSS) program and Family Self-Sufficiency Program.
2. Providing outreach and information to all residents on community homeownership initiatives and credit counseling agencies.
3. Working collaboratively with our local Habitat for Humanity to provide public housing residents with targeted homeownership opportunities.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

N/A – HACR has been rated as a HUD High Performer for the past 14 years for the Section 8 (Voucher) Program and until October 1, 2016, either a HUD High Performer or a Standard Performer for the Public Housing Program.

Discussion

Refer to above discussion.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

In December 2016, the County Continuum of Care (CoC) received notification from HUD of its 2016 Continuum of Care Program award in the amount of \$9,912,027 to fund 26 projects including: Permanent Supportive Housing, Rapid Rehousing, Homeless Management Information System (HMIS) and Planning grant. This amount includes the renewal burden demand of existing CoC housing and services programs and the following new funding:

- Stepping Up in Riverside: \$888,903 (Permanent Supportive Housing)
- Stepping Up in Riverside Bonus: \$526,501 (Permanent Supportive Housing)
- County of Riverside CoC Planning Project FY2016: \$315,901

The County's priorities for ranking applications as per HUD guidelines and approved by the Riverside CoC, put permanent housing (including permanent supportive housing for chronically homeless) and rapid rehousing for families with children as its highest priority.

The above funds will leverage the County's Emergency Solutions Grant (ESG) allocation of **\$655,174**, used to support shelter operations (**\$185,394**), outreach services (**\$35,142**), homelessness prevention (**\$30,000**), rapid re-housing (**\$355,500**), and administration of the program (**\$49,138**).

Issues contributing to homelessness include increases in the number of persons whose income falls below the poverty level, reductions in subsidies to the poor, lack of affordable housing for low- and moderate-income persons, drug/alcohol abuse, and the de-institutionalization of the mentally ill. The housing market and economic conditions have also resulted in some families facing homelessness due to foreclosures, unemployment, and/or underemployment.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including: Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The County of Riverside CoC has established chronically homeless persons as the highest need priority based on the goals HUD has established in its *Opening Doors: Federal and Strategic Plan to Prevent and End Homelessness*. The CoC has implemented a Coordinated Entry System (CES) to ensure appropriate intervention is utilized to serve those living on the streets and providing for a prioritization of vulnerability and linkage to community resources and housing based on the vulnerability prioritization.

Within the CoC, there are several outreach teams from County, cities, and nonprofit homeless providers that cover specific populations or geographic regions in the County. There are also specific outreach teams serving the mentally ill, veterans, youth and chronic homeless. The teams collaborate weekly and each conducts daily mobile outreach and provides client services focused on the chronically homeless populations living on the streets to connect them with supportive services and achieve housing stability. The Riverside University Health System-Behavioral Health (RUHS-BH) has outreach peer specialists that perform initial field assessments, in depth assessments, referrals to all contacts, and linkages to various community organizations.

Addressing the emergency shelter and transitional housing needs of homeless persons

As per the 2017 Housing Inventory Chart, there are currently 699 emergency beds and 220 transitional housing beds in Riverside County. The Housing First approach adopted by the CoC requires that homeless are helped into permanent housing or rapid re-housing as soon as possible. Transitional housing beds have begun to decrease in the county and permanent housing is increasing because of reallocations made in the HUD CoC Program Consolidated Application and the CoC's success in obtaining new funding for Permanent Supportive Housing. Both transitional housing programs and emergency shelters focus on lessening the time that a homeless person or family's length of time homeless (LOTH) in the shelter by effective and quick assessment of homeless clients and getting them stabilized into permanent housing with intensive case management initially and support in the initial phase of residency in permanent housing. This period will serve as a time to address the other needs to maintain self-sufficiency either by accessing mainstream benefits, employment or medical/ mental health support.

The CoC works with the Economic Development Agency (EDA) and other public funding agencies to integrate the CoC Programs, Emergency Solutions Grant, Social Services to Veteran Families (SSVF), and CDBG funding to increase the number of families with children who are assisted through rapid re-housing. In addition, other non-McKinney-Vento funding sources, such as Emergency Food and Shelter Program (EFSP), funded under Federal Emergency Management Agency (FEMA), will be matched as a source for rental/mortgage assistance for families that are homeless or at-risk of homelessness in the county's strategy to meet this goal

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The CoC implemented a countywide Coordinated Entry System (CES) to assess homeless individuals/families using the VI-SPDAT that tracks the length of time a client has been on the streets or in emergency shelter. DPSS use HUD CoC Program planning grant funding to measure system-wide performance in HMIS, such as length of time homeless. This is used to help the CoC prioritize and house those with longest length of time homeless. The planning process also included working with the CoC Standards and Evaluation Committee to continue developing strategies to prioritize chronically homeless individuals/families with the longest time homeless and most severe needs, including:

- Increasing the supply of permanent supportive housing and rapid rehousing;
- Housing individuals/families identified in CES with the longest time homeless first; and
- Using HMIS data to record episodes of homelessness and destination at program exit to track agency and system performance.

The CoC has also adopted a “Housing First” approach that is based on new evidenced-based and promising practices and endorsed by HUD to place a homeless individual or family in permanent housing and provide services to keep them stably housed.

Homeless CoC youth providers have implemented outreach and service based events in the communities to draw homeless youth, unaccompanied and transitional age, into contact with services available to them. Housing Authority of the County of Riverside in collaboration with Operation SafeHouse opened a permanent supportive housing program called Harrison House for transitional age youth, in the eastern region of Riverside County.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The County of Riverside CoC Discharge Policy is mandated by the State and followed by the CoC. The CoC established a Discharge Planning MOU, responsible for implementing policies and protocols and coordinating with various organizations, to ensure that persons being discharged from a publicly-funded institution or system of care are not discharged immediately into homelessness. The goals are to identify

discharge housing needs inclusive of housing and supportive services and to link the individual with community resources that will include mental health services, substance abuse support, and housing. In April, 2016, the County of Riverside Board of Supervisors established the Executive Oversight Committee on Homelessness (EOCH) through the county’s Executive Office to improve coordination and collaboration among county agencies that are working to address homelessness. The EOCH is developing a countywide plan to end and prevent homelessness that will include key strategies to facilitate communication regarding the discharge planning needs of homeless persons from acute care hospitals, jails, and other institutions. The RUHS-Behavioral Health is part of the EOCH and collaborates with DPSS and the CoC in the coordination and implementation of discharge planning for homeless individuals disabled by a serious mental health and/ or substance abuse disorder(s). Foster Care and Extended Foster Care programs help transition dependent youth who are emancipating from foster care to independent living. Corrections, the Department of Public Social Services, and the Riverside Sheriff’s and Probation Departments support the Continuum of Care’s mission of working towards reintegrating persons leaving correctional facilities to community based living and self-sufficiency.

Discussion

The Department of Public Social Services, as the County of Riverside’s Continuum of Care Collaborative Applicant and lead agency, maintains and creates the commitment and resources needed to leverage community stakeholders, agencies, business, and non-profit partners. These partnerships have become solidified through the annual HUD CoC Homeless Assistance Consolidated Application and the CoC network program activities.

These local non-profit agencies and organizations offer prevention services and help close the gaps of homelessness through the local, state, and private funding streams. Other CoC providers and community stakeholders, through their mission to specific sub-populations such as homeless veterans, are able to leverage federal funding sources in partnership with agencies like the Riverside County University Health System - Behavioral Health, Housing Authority, Veterans Administration, and the DPSS Self Sufficiency programs. Mainstream benefits are made accessible to qualifying clients through the CoC program housing providers, local non-profit organizations, agencies, and educational institutions which collaborate and work on creating accessibility to homeless emergency services for homeless families and individuals.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction

The County of Riverside covers an area of 7,208 square miles with an estimated population of 2.3 million. Within the territory of the County there are highly diversified areas that consist of high density urbanized areas and also lower density rural areas. However, the need for affordable housing continues to be an issue throughout the entire County. Within the vast areas of the County there are several barriers to the production of affordable housing which are as follows:

Land Use: The land use implications relate in particular to parcels that require a zone change to a zoning classification that allows multi-family housing due to their inconsistency with the General Plan designation. In order to address the inconsistencies with zoning and the County's General Plan, the County is developing a programmatic rezoning process to bring these parcels that are incorrectly zoned under the site inventory in conformity with the overlying General Plan designation which will eliminate zoning constraints for public and private sectors.

Density: Density is also a critical factor in the development of affordable housing. In the current economic state where funds have diminished, maintaining lower costs to the development of affordable housing is critical. Overall, maintaining higher density lowers the per unit land cost. Since the need for affordable housing is recognized as a significant housing problem in the County of Riverside, the County has established the R-6 zone as a residential incentive that allows flexibility in the density based on the physical and service constraints in the area. As a result affordability is restricted on the units. In the past the County has utilized R-6 zoning on two projects and is currently reevaluating the process to increase its effectiveness.

Infrastructure: There is a significant shortage of affordable housing in the County's rural areas. The rural areas employ a substantial number of low-income households. However, the need to fulfill the affordable housing need in these areas is strongly hindered by the lack of infrastructure. The Coachella Valley Water District which is the main source of water supply in these areas completed a domestic water hydraulic modeling study which showed that in certain areas of the Eastern Coachella Valley, the demand for housing exceeds the areas water supply. In order to further the development of future affordable housing it is a possibility that additional facilities will need to be incorporated such as pipelines, treatment plants, booster pumping stations and any other facilities determined by the water company at the expense of the developer. Adding these additional expenses to the overall development of a project will significantly increase the cost. In addition to infrastructure costs, most of the projects in this area are located on a flood plain, in which the structure must be raised, or they must have a flood basin which also contributes to the expense of development in these areas.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The County is working to eliminate the identified barriers to affordable housing. In an effort to eliminate

these barriers, multiple County departments have strategically planned and implemented effective procedures to cure any deficiencies that result in a barrier to the production of affordable housing. In addition to the procedures mentioned above, the County is continuously seeking funding sources that will alleviate the cost burdendness due to the lack of infrastructure in parts of the County where the demand for affordable housing is crucial.

Discussion

The County uses a multi-faceted strategy to address barriers to affordable housing. Limited resources dictate that strategies be focused on the most effective tools possible. A major focus involves the use of both financial and processing assistance to maximize as many housing units as possible. This approach allows the County to quantify affordable housing production and make adjustments to development strategies as necessary.

Development fees and approval delays add to the cost of development. In addition, inflation can increase the cost of both materials and labor. These factors combined with negative public perceptions serve as a major disincentive to the construction of affordable housing and are seen as obstacles by qualified developers.

The County assistance includes implementation of the following programs:

- **Project Ombudsman:** This program involves the designation of a staff liaison or Ombudsman to work with affordable housing developers and their representatives.
- **Gap Financing:** Gap financing offers financial assistance in the form of grants; or below market-interest rate loans; and other favorable repayment terms.
- **Fee Subsidies:** Under certain circumstances, the County will subsidize the payment of development fees.
- **Waivers of Development Mitigation Fees:** Under County Ordinance Number 659 fee waivers can be granted for publicly subsidized affordable housing projects.
- **Public Opposition as a Barrier to Affordable Housing:** The County will continue to educate the public about the social and economic benefits of affordable housing.
- **Fair Housing as a Barrier to Affordable Housing:** The County will continue to affirmatively further fair housing county-wide.
- **Tax Policies:** The County keeps property taxes at a minimum and does not have a residential or business utility tax.
- **Fast Track and Priority Processing:** The intent of this program is to expedite the construction of affordable housing projects through all phases of the approval process.

AP-85 Other Actions – 91.220(k)

Introduction

As a collaborative facilitator, the County continues to implement various actions to:

- (1) Address obstacles to meeting underserved needs;
- (2) Foster and maintain decent affordable housing;
- (3) Reduce lead-based paint hazards;
- (4) Reduce the number of poverty-level families;
- (5) Develop institutional structure; and
- (6) To enhance coordination between public and private housing and social service agencies.

(1) Actions planned to address obstacles to meeting underserved needs

The primary objective of the County's CPD program is the development of viable urban communities achieved by providing decent, safe, and sanitary housing, and expanding economic opportunities principally for persons of low and moderate-income. Through the annual application, evaluation, and funding process for use of CDBG, HOME, and ESG funds, high priority is placed on activities that help meet underserved needs in the County. The County identifies projects and services that are flexible but that also meet federal community development program eligibility and timely draw-down requirements.

Unfortunately, there are barriers and challenges that hinder the development and implementation of some important programs intended to serve those most in need. A few very important steps in addressing obstacles to community development are identification and assessment. In Riverside County, obstacles for CPD-funded activities include language and culture, location and geography, limited resources, and program constraints and regulations. In FY 2017-2018 it is the County's intent to determine where the underserved populations are located and fund projects that address one or more of the obstacles, described in the Five-Year CP.

The following established Priority Needs form the basis for allocating investments to underserved populations within the County and are also a result of various community outreach and consultation efforts conducted during the Citizen Participation process:

- Improvements to infrastructure/public facilities and housing rehabilitation in order to foster a suitable living environment for LMI households and those with special needs;
- Provision of services and programs to benefit LMI households and special need populations, such as youth (and at-risk youth), seniors, and the disabled;
- Provision of services for the homeless and those at risk of becoming homeless; and
- Provision of affordable housing to LMI households and those with special needs.

The Urban County has a broad range of housing and community development needs. As stated previously, the lack of adequate funding is one of the most significant obstacles to addressing underserved needs. The County strongly encourages its own agencies as well as cooperating cities and other sub-recipients to

seek other resources and to leverage additional funding whenever possible from local, State, Federal, and other sources. Although needs are high in all of the top priority areas, due to limited funding and the availability of other resources, there is a high probability that some of these needs cannot be addressed. Therefore, only eligible activities that were identified as high priority in the Five-Year CP, will be funded.

In summary, the goal of reducing the number of obstacles to address and meet the community, social, and economic development needs of low-income persons and their communities is of paramount importance to the County. The County will continue to facilitate more County-wide collaborations and coordinate with service providers, non-profit organizations, local government, neighborhood councils, local businesses, community residents, and stakeholders to eliminate duplication of efforts and develop an ongoing strategy that will assist with meeting gaps in the provision of services and strengthen the effectiveness of programs and initiatives.

(2) Actions planned to foster and maintain affordable housing

Refer to AP-55-Affordable Housing for discussion on the County's Affordable Housing strategy and goals.

(3) Actions planned to reduce lead-based paint hazards

The County of Riverside, Environmental Health Department has programs that serve the community to identify and address lead based paint hazards. The programs from the Office of Industrial Hygiene (OIH) are as follows:

Childhood Lead Poisoning Prevention Program (CLPPP): Funded by the State of California, Department of Public Health the Riverside County CLPPP performs provides case management for children with elevated blood lead levels. The CLPPP consists of both nursing personnel, from the County's Department of Public Health, and State of California Lead certified Environmental Health Specialists (EHS) from the County's Department of Environmental Health. The EHS personnel conduct lead paint inspections / risk assessments in order to identify housing-related lead hazards as part of case management.

In addition to performing the environmental assessment of the homes of lead poisoned children, the Department of Environmental Health conducts enforcement actions against those who create lead hazards in Riverside County. The Environmental Health Department also provides outreach and education to Code Enforcement agencies throughout the County and the public at large.

(4) Actions planned to reduce the number of poverty-level families

As previously noted, poverty is a condition with no simple solution. Poverty is a persistent situation in which an inability to enter the mainstream results from inadequate income and opportunities. The challenges associated with poverty make it difficult for LMI individuals/families to obtain and maintain employment, and subsequently access to affordable housing and basic needs. To the extent possible, the County seeks to reduce the number of households with incomes below the Federal poverty level (extremely low-income households earning less than 30% of the AMI) by providing a combination of direct assistance services and indirect benefit from neighborhood improvement activities.

The County's Five-Year CP and 2017-2018 OYAP will focus primarily on supporting programs that raise household incomes and stabilize housing situations by supporting anti-poverty activities through the following:

- Rehabilitate substandard existing single-family or multi-family housing for income qualified owners or to owners who rent to income-qualified tenants;
- Provide increased affordable homeownership opportunities for low income households, including seniors and disabled;
- Rehabilitate or provide new affordable housing units that (1) include handicap accessibility for seniors or the disabled (2) Provide housing opportunities for homeless individuals and households earning less than 30% of AMI;
- Encourage economic development in LMI areas;
- Provide comprehensive rapid-rehousing and homeless prevention housing programs;
- Encourage Substance Abuse Recovery and Counseling Programs;
- Provide Job Training and Life Skills Development;
- Provide programs and services offering education and wealth building opportunities; and
- Provide access to local Health Programs.

In addition, the County's anti-poverty agency, Community Action Partnership (CAP), addresses poverty through a comprehensive set of strategies that range from crisis management, to financial security, to capacity building for families and communities. The County also supports a network of other core service agencies that are located strategically throughout the County and cover specific geographic areas. They often are the first to intercept clients seeking safety net services including information and referrals to other agencies that specialize in particular knowledge and skill sets to address their problems directly. Efforts are continually underway to improve the quality of life and economic well-being of the residents through these types of collaborative efforts.

Both business and workforce development is under one umbrella for the purpose of combining businesses with potential workers.

The Riverside County Workforce Development Board (WDB) acts as a catalyst to provide seamless services among various workforce programs, and provides community leadership around workforce issues. Workforce Development services offer business, employment, education, and youth initiatives with the goal that they have an economic impact or effect on job and business growth opportunities; especially for low-income and/or homeless individuals and families, including those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions).

Economic Development collaborates and leverages financial and human resources for the purpose of promoting business opportunities and retention programs. Job creation, microenterprise assistance, business finance assistance, and technical assistance to businesses are all classified as economic

development. The County funds and supports activities that create and retain jobs and have a direct community and financial impact. Activities undertaken utilize funds in an effort to reduce persons in poverty and improve the quality of life and economic stability for residents; either directly or indirectly. Refer to Appendix D-ED/WD.

(5) Actions planned to develop institutional structure

To ensure that goals and objectives of the Five Year CP and each OYAP are addressed, the County will facilitate and coordinate activities with various government agencies, participating cities, nonprofit organizations, and other private and public establishments. Sustainable partnerships are imperative and the County will continue to encourage and support the formation of joint efforts for projects and activities that create viable, self-sufficient communities; decent, affordable housing; a suitable living environment; and expanded economic development opportunities for low- and moderate-income persons/families.

Coordination of efforts not only includes collaboration among service providers but also the successful leveraging of expertise and financial resources that can be used to supplement existing services or fill gaps in the system. With the number and variety of participants in the delivery system it can, at times, be difficult to allocate resources to all identified priorities. Applicants requesting funds to support its programs and projects are required to show that they are leveraging with other funds to meet their needs. Additional resources that may be available and the key agencies involved in the implementation of the Plan, are described in sections AP-10 and AP-15.

Various strengths and gaps regarding the institutional structure delivery system were identified through the citizen participation process. Even the vast distance between communities can contribute to the impediments encountered by private, non-profit, and government agencies attempting to provide services to LMI persons. In order to avoid the possibility of clients falling through any gaps in the system, the County will make every effort to improve institutional structure by continuing to coordinate and collaborate between agencies to ensure that the needs in the community are addressed.

The County's EDA Staff, specifically responsible for the administration of the CPD-funded programs, coordinate activities among the private and public agencies and organizations in the area. More recently, CDBG staff has been tasked with providing additional assistance to the County's participating jurisdictions that have encountered some level of staff reduction resulting in a lack of trained staff, resources, and effective implementation of the CDBG program as a result of local, state, and federal budget cuts.

(6) Actions planned to enhance coordination between public and private housing and social service agencies

The County will continue to strive to increase affordable housing collaborative efforts with public and private sector entities, numerous advisory agencies, Community Housing Development Organizations (CHDOs), lending institutions, as well as other service providers including Catholic Charities, Office on

Aging, and Code Enforcement. Efforts to increase the participation of the CDBG, HOME, Low-income Tax Credit, Federal, State and other local housing program sources will be directed at:

- Strengthening the housing service delivery system by working more closely with the Housing Authority and by collaborating with non-profit organizations;
- Integrating community development block grant housing programs;
- Increasing the involvement of the Community Council, Housing Review Committee, and the Municipal Advisory Council (MAC); and
- Working more closely with identified Community Housing Development Organizations (CHDOs) as well as local city governments.
- Enhance the quality of supportive services provided on-site at housing project sites by connecting the private sector and non-profit development organization to critical government agencies such as Public Health and Workforce Development.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction

The 2014-2019 CP describes the County’s community development priorities and goals based on the assessment of housing and community development needs, housing and economic market conditions, and available resources. The County leverages its CDBG, HOME, and ESG funds with other resources to increase the impact on housing, community development, and homelessness issues.

As required by HUD, the identification of needs and the adoption of strategies to address those needs must focus primarily on LMI individuals and households. The County’s goal is to increase self-sufficiency and economic opportunity for lower-income residents and individuals with special needs so that they can achieve a reasonable standard of living. This OYAP focuses on activities to be funded with the three primary entitlement grants from HUD (CDBG, HOME, and ESG).

The primary objective of the CDBG program is to develop viable urban communities by providing decent housing, a suitable living environment, and economic opportunities, principally for persons of low- and moderate- income. The HOME Program will focus on providing decent, safe, and affordable housing, and alleviate rent burdens, homelessness, and deteriorating housing stock. The ESG program will provide outreach and emergency shelter, but places a much greater emphasis on helping people quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness.

The following provides additional information about the CPD program requirements.

Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

1. The amount of urgent need activities 0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan. 80.00%

HOME Investment Partnership Program (HOME) Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

HOME funds will only be used for eligible activities as described in the HOME regulations (24CFR 92.205). During the 2017-18 program year, other forms of investment not described in 92.205(b) which the County may use for housing activities include CDBG, NSP, and other local funds.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

For acquisition of existing housing, the County has elected to employ the recapture of funds option described in the HOME Regulations at 24 CFR 92.254(a)(5)(ii).

If a HOME assisted housing unit is sold or otherwise transferred during the required affordability period, the County will recapture HOME funds from the net proceeds of the sale of the property. The net proceeds of the sale shall be determined as the sales price minus the senior loan repayment and closing costs. Recaptured funds will be recycled through the County's HOME Investment Partnership fund in order to assist other HOME eligible activities.

The County will collect a fee of thirty dollars (\$30) for furnishing a beneficiary statement or payoff demand statement as provided by section 2943 of the Civil Code of California. For subordination of debt secured by a deed of trust or agreement containing covenants where EDA is the beneficiary, the County will collect a fee of three hundred dollars (\$300) for processing. The County will prepare and execute documents necessary to reconvey or release the property without charge. However, the homeowner will be responsible for all costs of recordation.

Under current regulations, if affordability restrictions on a HOME project is conveyed to a lender due to foreclosure or transfer in lieu of foreclosure, the Participating Jurisdiction must repay the HOME account because the project has not met the affordability requirements for the full affordability period. If a HOME-assisted homebuyer project with a recapture agreement no longer meets the

applicable affordability requirements due to foreclosure, transfer in lieu of foreclosure or assignment of an FHA insured mortgage to HUD (involuntary sales), the County is responsible for repaying the direct HOME subsidy provided to the homebuyer from available net proceeds at the time of foreclosure or transfer in lieu of foreclosure. A short sale or deed in lieu is not considered an involuntary sale and is not permissible under current regulations.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

In exchange for receiving funds to assist in the purchase of a home, the purchaser must sign loan documents, including a Promissory note, Disclosure Notice, and Subordinate Deed of Trust, which will provide upon a sale, transfer, lease or any other disposition, including refinancing or incurring of additional debt secured by the home, within 15 years of purchase, the principal amount of the HOME assistance is repaid to the County.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

HOME funds will not be used for this purpose.

**Emergency Solutions Grant (ESG)
Reference 91.220(l)(4)**

1. Include written standards for providing ESG assistance (may include as attachment)

Refer to Appendix G.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The County of Riverside Continuum of Care (CoC) is responsible for instituting and operating a coordinated assessment system, a statutory requirement that's goal is to provide for a more unified intake process to enhance the quality of client screening and assessment and better target program assistance to where it can be the most effective. The system will help decrease discriminatory fragmentation and direct clients toward resources that can be more efficiently and effectively used.

The goal is to determine which agency can best meet client needs rather than if the client is eligible for that specific agency's services.

The CoC having established chronically homeless persons as the highest need priority, implements a targeted street-to-home outreach program/campaign that takes a housing first approach for the chronically homeless and others with a disabling condition. As outreach and collaboration are being expanded, the intent of a coordinated entry system is that it cover a large geographic area, is easily

accessed by individuals and families seeking housing or services, is well advertised, and includes a comprehensive and standardized assessment tool.

Through the 25 Cities Project, a partnership with the U.S. Department of Housing and Urban Development (HUD) to eliminate homelessness, a Community Team was formed. The Team introduced a new system called Homelink which incorporates a tool known as the Vulnerability Index-Service Prioritization and Decision Assistance Tool (VI-SPDAT), used to determine the chronicity and medical vulnerability of homeless individuals and how to allocate resources in a logical, targeted way. If the system meets all criteria for case management, homelessness prevention, rapid re-housing, and any other services, then every service provider in the CoC will be using the same assessment tool, data collection methods, and targeting strategy for financial assistance. The goal is for this initial comprehensive assessment/screening process to result in a more accessible and uniform system used to connect persons who are homeless or at risk of homelessness with appropriate resources available in the County's CoC.

The Riverside University Health System – Behavioral Health (formerly the County of Riverside Department of Mental Health) is the lead agency responsible for implementing the County's Coordinated Assessment System.

ESG and CoC subrecipients are required to input client data into a Homeless Management Information System (HMIS) administered by the County's Department of Public Social Services (DPSS) on behalf of the CoC. The HMIS is a mandatory comprehensive system used to collect client-level data and data on the provision of housing and services to homeless individuals and families and persons at risk of homelessness. Victim service providers cannot, and Legal Services Organizations may choose not to participate in HMIS. Providers that do not participate in HMIS must use a comparable database that produces unduplicated, aggregate reports instead.

As required and consistent with the ESG written standards, the County will continue to coordinate and collaborate with the CoC and other key stakeholders in order to foster a comprehensive, community-wide coordinated assessment process and HMIS that ensures a seamless coordination of services and funding streams.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The County accepts applications for annual ESG allocations. A Notice of Funding Availability (NOFA) is published, in English and Spanish, in local newspapers and placed on EDA's website to invite qualified non-profits, community groups, faith-based organizations, and governmental entities to apply. Pursuant to EDA's application review process, an application is reviewed and evaluated for completeness, eligibility, and the project's ability to reach and serve the areas and persons with the greatest need.

Funding recommendations are made based on applicants leveraging resources, capacity, financial management, knowledge and experience of applicants to effectively implement, administer, and monitor an ESG funded activity (ies). Activities that directly contribute to the goals and objectives of the County's Consolidated Plan and help the County meet federal program requirements by serving homeless persons or families, will be considered.

ESG funds are awarded through a competitive process following federal guidelines. Funding is allocated as part of the One-Year Action Plan approval process which includes a public hearing before the County Board of Supervisors. Per HUD requirements, EDA also consults with the CoC in order to work in collaboration with their efforts in eliminating and preventing homelessness. The CoC provides recommendations for funding allocations, trends, and needs in the community. Funds are ultimately allocated based on funding availability, number of clients proposed to serve, area need, recommendations of CoC, and public comments. Final funding allocations are approved by the County Board of Supervisors.

The County enters into a one or two year agreement with each sub-recipient receiving ESG funding, these agreements define:

- Key program components or activities (including benchmarks for success);
- the level of ESG funding;
- the anticipated source and amount of matching funds (24CFR Part 576.201) contributed by the agency/ organization;
- applicable laws and regulations; and
- documentation or reporting requirements.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The County collaborates with sub-recipients to ensure that the homeless participation requirement is met. Sub-recipients include in their policy an extended invitation to previous homeless clients an opportunity to participate on the Board, provide feedback, and participate in survey's regarding services and policies of their facility. Sub-recipients consult with homeless or formerly homeless persons in the considering and making of policies and decisions regarding any ESG-funded facility, service, or other assistance. An exit interview and survey are offered to exiting clients and a suggestion box and or open-door policy to address any issues related to the operation of the facility and services to clients is available. It is the intent of the County in collaborating with the Continuum of Care which maintains a seat for Homeless and Formerly Homeless clients on the Board of Governance and ESG sub-recipients to ensure that the perspective of homeless and formerly homeless individuals and families are incorporated into the County's ESG program and the Consolidated Plan.

The County will continue development of a comprehensive Homeless Participation Plan; at a minimum, the plan will:

- Encourage all ESG non-profit sub-recipients to include a homeless or formerly homeless person on their board and/or policy making committee.
- Assign a higher rating/ranking score to ESG applicants that demonstrate homeless participation.
- Require all ESG sub-recipients to provide an EDA-approved exit survey to all persons that have exited from an ESG-funded shelter or participated in an ESG-funded program. The exit interview and survey should also include a suggestion box and or open-door policy to address any issues related to the operation of the facility and services. The survey will request input or seek the opinion of the participants on a variety of topics or issues including at a minimum:
 - The quality of effectiveness of the shelter or services provided;
 - the unmet needs of homeless persons in Riverside County;
 - how can services be improved or expanded;
 - what are the gaps in shelter or homeless services;
 - the location and hours of shelters or services; and
 - access to shelters, health care, food and clothing, legal services, etc.

5. Describe performance standards for evaluating ESG.

ESG performance standards are followed per 24 CFR Part 576, including, measures to evaluate the effectiveness of the program and measures to assess how well the program serves the targeted population. Sub-recipients receiving funding from the County are evaluated based on written standards and guidelines. This includes reductions in the number of homeless persons living on the streets and in shelters, the number of persons who do not re-enter the shelter or supportive housing system within one year, and the number of persons exiting with permanent housing. Performance standards for evaluating ESG activities were developed in consultation with the Continuum of Care lead agency, County of Riverside ESG recipient, providers, and other organizations and stakeholders.

As part of tracking, evaluating, and reporting ESG Program services, Homeless Management Information Systems (HMIS) are used to collect Data Standards including three key indicators:

1. Exits to permanent housing;
2. Length of stay in emergency shelter and/or transitional housing; and
3. Returns to homelessness from permanent housing.

The CoC lead agency, responsible for HMIS, extracts ESG sub-recipient data from HMIS for review by the CoC HMIS Administrator Council to evaluate subrecipients for accuracy and performance based on services provided to their clients. In addition, the guidelines below have been set as part of the performance standards for evaluating ESG:

Performance of ESG recipients

1. Ensure that ESG funds are used effectively to assist homeless individuals and families and that the basic ESG program goals are met;
2. Ensure compliance with ESG regulations and program requirements in the usage of funds and in carrying out program activities; and
3. Enhance and develop the management capacity of grantees or recipients

Performance Measures for Homelessness Prevention

1. A reduction in the number of homeless individuals and families seeking emergency shelter services.
2. Expected Outcome is at least 35% of participants assisted will remain in permanent housing six (6) months after the last assistance provided under ESG.

Performance Measures for Homeless Rapid Re-Housing

1. A reduction in the reoccurrence of homelessness for individuals and families who exit the shelter system.
2. Expected Outcome is at least 35% of participants assisted will remain in permanent housing six (6) months after the last assistance provided under ESG.

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing -- The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential antidisplacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Anti-Lobbying -- To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction -- The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan -- The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
2. Overall Benefit. The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2017, 2018, & 2019 (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its

jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and

2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Compliance With Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, subparts A, B, J, K and R;

Compliance with Laws -- It will comply with applicable laws.

Specific HOME Certifications

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance -- If the participating jurisdiction intends to provide tenant-based rental assistance:

The use of HOME funds for tenant-based rental assistance is an essential element of the participating jurisdiction's consolidated plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

Eligible Activities and Costs -- it is using and will use HOME funds for eligible activities and costs, as described in 24 CFR § 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in § 92.214.

Appropriate Financial Assistance -- before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

ESG Certifications

The Emergency Solutions Grants Program Recipient certifies that:

Major rehabilitation/conversion – If an emergency shelter's rehabilitation costs exceed 75 percent of the value of the building before rehabilitation, the jurisdiction will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed rehabilitation. If the cost to convert a building into an emergency shelter exceeds 75 percent of the value of the building after conversion, the jurisdiction will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed conversion. In all other cases where ESG funds are used for renovation, the jurisdiction will maintain the building as a shelter for homeless individuals and families for a minimum of 3 years after the date the building is first occupied by a homeless individual or family after the completed renovation.

Essential Services and Operating Costs – In the case of assistance involving shelter operations or essential services related to street outreach or emergency shelter, the jurisdiction will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure, so long the jurisdiction serves the same type of persons (e.g., families with children, unaccompanied youth, disabled individuals, or victims of domestic violence) or persons in the same geographic area.

Renovation – Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

Supportive Services – The jurisdiction will assist homeless individuals in obtaining permanent housing, appropriate supportive services (including medical and mental health treatment, victim services, counseling, supervision, and other services essential for achieving independent living), and other Federal State, local, and private assistance available for such individuals.

Matching Funds – The jurisdiction will obtain matching amounts required under 24 CFR 576.201.

Confidentiality – The jurisdiction has established and is implementing procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project, except with the written authorization of the person responsible for the operation of that shelter.

Homeless Persons Involvement – To the maximum extent practicable, the jurisdiction will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, and operating facilities assisted under the ESG program, in providing services assisted under the ESG program, and in providing services for occupants of facilities assisted under the program.

Consolidated Plan – All activities the jurisdiction undertakes with assistance under ESG are consistent with the jurisdiction's consolidated plan.

Discharge Policy – The jurisdiction will establish and implement, to the maximum extent practicable and where appropriate policies and protocols for the discharge of persons from

publicly funded institutions or systems of care (such as health care facilities, mental health facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent this discharge from immediately resulting in homelessness for these persons.

PUBLIC NOTICE

NOTICE OF FUNDING AVAILABILITY (NOFA)

FOR THE COUNTY OF RIVERSIDE 2017-2018

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)
EMERGENCY SOLUTIONS GRANT (ESG)
HOME INVESTMENT PARTNERSHIP PROGRAM (HOME)

The County of Riverside is announcing the start of the application cycles for the 2017-2018 Urban County CDBG, ESG, and HOME programs. These Federally-funded programs are used by the County and its participating cities to provide decent housing, a suitable living environment, and the expansion of economic opportunities principally for persons and families with low-incomes.

The County anticipates receiving the following grant amount from the U.S. Department of Housing and Urban Development (HUD) for the 2017-2018 program year: CDBG \$7,000,000; ESG \$600,000; and HOME \$1,500,000.

To view the full **Notice of Funding Availability** for the CDBG and ESG programs, please visit www.rivcoeda.org. Paper copies of the NOFAs can also be obtained through email at edearen@rivcoeda.org; or by calling 951-955-8916.

ONLINE APPLICATION: The County is using the Online Application System for both the CDBG and ESG programs. All applications for these two programs must be submitted through the online system. The 2017-2018 Online Application System will be open starting August 1, 2016. All CDBG and ESG applications submitted through the Online Application System must be submitted no later than 5:00 PM (PST) on October 28, 2016. For questions or assistance with the online application system, please contact Susana Orozco at sorozco@rivcoeda.org or 951-955-8916.

Applicants must visit EDA's website at www.rivcoeda.org to begin the application process. The website offers a brief tutorial to assist applicants in the use of the online application system including setting-up an Online User Profile which is required to use the system.

CDBG and ESG applications will only be accepted from 501 (c)(3) non-profit organizations, government entities, and the County's

COOPERATING CITIES: Please note, the cooperating cities that participate in the County's CDBG program will receive their own allocation from the County's CDBG allocation for projects and activities that benefit their individual cities. Organizations that are considering applying directly to the cooperating cities for their CDBG allocations must consult with those cities directly for application information, procedures, and deadlines. EDA's CDBG webpage provides contact information for the Cooperating Cities.

HOME PROGRAM: The County will accept HOME applications for new construction and substantial rehabilitation projects on an on-going, over the counter basis until all funds for the current fiscal year are exhausted. Organizations seeking HOME funds for affordable housing projects should contact the Housing Division of EDA for application information at (951) 343-5469 or rivcoeda.org. In the event that the County of Riverside EDA decides to release a competitive RFP for the solicitation of HOME funds, a notice of no less than thirty (30) days will be provided of the County's intention to release an RFP.

The County is required to prepare and submit to HUD a One Year Action Plan that provides detailed information on all of the activities that the County will fund with CDBG, ESG, and HOME funds for the 2017-2018 program year. The Board of Supervisors will conduct a public hearing on the proposed One Year Action Plan during February/March 2017. The Board will then approve the final One Year Action Plan in April/May 2017.

FOR THE COUNTY OF RIVERSIDE 2017-2018

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)
EMERGENCY SOLUTIONS GRANT (ESG)
HOME INVESTMENT PARTNERSHIP PROGRAM (HOME)

The County of Riverside is announcing the start of the application cycles for the 2017-2018 Urban County CDBG, ESG, and HOME programs. These Federally-funded programs are used by the County and its participating cities to provide decent housing, a suitable living environment, and the expansion of economic opportunities principally for persons and families with low-incomes.

The County anticipates receiving the following grant amount from the U.S. Department of Housing and Urban Development (HUD) for the 2017-2018 program year: CDBG \$7,000,000; ESG \$600,000; and HOME \$1,500,000.

To view the full **Notice of Funding Availability** for the CDBG and ESG programs, please visit www.rivcoeda.org. Paper copies of the NOFAs can also be obtained through email at edearen@rivcoeda.org; or by calling 951-955-8916.

ONLINE APPLICATION: The County is using the Online Application System for both the CDBG and ESG programs. All applications for these two programs must be submitted through the online system. The 2017-2018 Online Application System will be open starting August 1, 2016. All CDBG and ESG applications submitted through the Online Application System must be submitted no later than 5:00 PM (PST) on October 28, 2016. For questions or assistance with the online application system, please contact Susana Orozco at sorozco@rivcoeda.org or 951-955-8916.

Applicants must visit EDA's website at www.rivcoeda.org to begin the application process. The website offers a brief tutorial to assist applicants in the use of the online application system including setting-up an Online User Profile which is required to use the system.

CDBG and ESG applications will only be accepted from 501 (c)(3) non-profit organizations, government entities, and the County's COOPERATING CITIES: Please note, the cooperating cities that participate in the County's CDBG program will receive their own allocation from the County's CDBG allocation for projects and activities that benefit their individual cities. Organizations that are considering applying directly to the cooperating cities for their CDBG allocations must consult with those cities directly for application information, procedures, and deadlines. EDA's CDBG webpage provides contact information for the Cooperating Cities.

HOME PROGRAM: The County will accept HOME applications for new construction and substantial rehabilitation projects on an on-going, over the counter basis until all funds for the current fiscal year are exhausted. Organizations seeking HOME funds for affordable housing projects should contact the Housing Division of EDA for application information at (951) 343-5469 or rivcoeda.org. In the event that the County of Riverside EDA decides to release a competitive RFP for the solicitation of HOME funds, a notice of no less than thirty (30) days will be provided of the County's intention to release an RFP.

The County is required to prepare and submit to HUD a One Year Action Plan that provides detailed information on all of the activities that the County will fund with CDBG, ESG, and HOME funds for the 2017-2018 program year. The Board of Supervisors will conduct a public hearing on the proposed One Year Action Plan during February/March 2017. The Board will then approve the final One Year Action Plan in April/May 2017.

Los mercados Sistar Dura, amueblados recientemente con la intención de reducir el consumo de energía de iluminación durante los meses de verano.

La medida reducida el consumo de electricidad por \$15,000 dólares por hora, informó los gerentes de la empresa, el cual le da un ahorro de energía necesaria para alimentar a 470 hogares al día. Los supermercados redujeron su consumo de energía de iluminación a la mitad cada día, desde las 10 de la mañana hasta las 6 de la tarde en el uso de energía normalizada a su nivel normal.

“Sistar Dura, siempre ha creído en hacer el comercio por las razones correctas, y la sostenibilidad de nuestras prácticas de negocio respaldando el ambiente es simplemente la correcta”, dijo Dan Chel, gerente general de la empresa en un comunicado.

La medida de super-mercados ayudará a reducir el consumo de energía de la zona de Rancho Cienega, en el condado de Riverside, que reduce el consumo de energía, que reduce el consumo de energía.

nivel de luz. “Estamos regulando la luz y apagamos otros”, explicó la portavoz de la empresa, Alicia Katschery. “Nuestro diseño proyecta un ahorro de \$1000 por tienda y ahorra entre 400 y 500 horas por tienda. Eso se traduce en un ahorro de \$1000 por tienda”, dijo Katschery.

Katschery indicó que la medida de super-mercados también incluye retroiluminación de puertas cerradas con iluminación LED, un ahorro de energía de \$1000 por tienda. Esto reduce el consumo de energía en un 50 por ciento en cada hora de retroiluminación.

“En el 2015, vamos a comenzar a instalar en todas nuestras tiendas”, dijo Dan Chel, gerente general de la firma de consultoría para la industria de consumo, Strategic Business Group, que ayuda a las empresas a mejorar su conservación de energía.

“Este siempre ha sido considerado como uno de los indicadores más importantes de la sostenibilidad”, dijo Chel. “Es un indicador que nos permite a nosotros a hacer la diferencia”.

En una variedad de otras medidas, la compañía está mejorando su medio ambiente en sus super-mercados, tales como un programa de reciclaje de residuos que ha eliminado más de \$5 millones de libras de desechos para ayudar a reducir los costos de gestión de residuos, inversión en los sistemas y abono para la industria agrícola.

Además, el presidente de West, Davison y Staley, también ha hecho mejoras que son energéticamente sostenibles. En conjunto, estas iniciativas y programas en Sistar Dura, y otros mercados del estado muestran un ahorro en los próximos años, de acuerdo con Katschery.

El gerente de Albertson's, Carlos Rivera, dijo que la compañía toma en serio la eficiencia energética.

“Nuestro objetivo principal es proporcionar a los clientes la mejor experiencia para ayudar a mantener el suministro para nuestros supermercados, nuestros clientes y las comunidades que servimos”, expresó Rivera. “La empresa ha participado en programas de reducción de consumo de electricidad que incluyen el uso de iluminación cuando reciben la notificación de que la red eléctrica está en riesgo”, dijo Rivera.

CORONA AYUDA ENCIENTRA NUEVO HOGAR

CORONA La biblioteca escuela municipal juvenil de la Orquesta Sinfónica de Corona, ofrece un nuevo hogar en el Centro Cívico de la ciudad.

El Ayuntamiento aprobó recientemente un contrato de arrendamiento de tres años, para las salas 20 y 21, en el W. Blvd. 66. Se espera que el acuerdo genere \$100,000 en ingresos para agosto de este año, como muestra un informe de la ciudad.

La corporación sin fines de lucro fue fundada en el 2005 y presenta regularmente en la Iglesia North Hill, en Corona. Una sala de música juvenil se formó en el 2012, y desde entonces ha crecido y tiene 170 miembros, muy por encima de la capacidad de su anterior ubicación en el Teatro y Centro de Artes Cristianas, también ubicado en el Centro Cívico.

Dave Kinsler, director ejecutivo de la agencia, dijo que el nuevo espacio permitirá a los grupos a separarse en salas distintas para la capacitación, especialización, en conferencias de carácter como el violín, violonchelo y contrabajo.

En un informe al Ayuntamiento, el personal de la ciudad indicó que el nuevo contrato de arrendamiento, ayuda a lograr objetivos clave, mediante el uso de instalaciones privadas para proporcionar programas para jóvenes del área.

Los alumnos de la escuela de música practican una vez por semana, durante cuatro horas, en el semestre de la semana. Los cursos cuestan \$20 por estudiante, una tarifa que disminuye a \$10 para los estudiantes que no tienen un instrumento, y para asegurar de que todos puedan aprender a tocar un instrumento”, dijo Kinsler. Para más información sobre la escuela, visite el sitio web www.coronajuniorhighschool.org o llame al 951-663-3337.

APRUEBAN LA CONSTRUCCIÓN DE UN CENTRO COMERCIAL

JURUPA VALLEY La noche del jueves, 2 de julio, el Ayuntamiento de Jurupa Valley aprobó por unanimidad los planes para un pequeño centro comercial, a pesar de la oposición de algunos residentes. El centro comercial de 38,000 pies cua-

drados en cinco acres, en la esquina noroeste de Lamonte Avenue y Pájaros Street, incluirá una gasolinera. AUNTO comercial Unico AM-101 y un centro de la ve cochera.

El proyecto también incluirá cinco líneas de estacionamiento, una de ellas con una veranda de terraza para beber y una plataforma con una exhibición de maquinaria y llevada con múltiples aplicaciones.

“Nuestro objetivo es proporcionar un espacio de trabajo y la producción de líneas de venta de la zona”, indicó el representante de la ciudad, que se ajusta al aspecto rural de la ciudad. Los miembros del Consejo Municipal aprobaron que el proyecto se ajuste con la zonificación comercial del área, pero advirtieron la condición que incluye un plan para montar y desmontar vehículos.

HELICOPTERO COLGÓ SISTEMA DE AIRE ACONDICIONADO EN EDIFICIO COMERCIAL

HELIOTOP Un helicóptero instalado sobre el edificio norte de Wal-Mart en Hemet, la marca del viernes, en el julio, elevando una dos docenas de unidades de aire acondicionado sobre el edificio que está siendo remodelado.

Cuando está terminado en octubre, el edificio en Florida Avenue, será el hogar de tres negocios, Burlington Coat Factory y Ultra Beauty que abrirán nuevos en Hemet, y Regatta Farmers Market, que se trasladó de otra parte de la ciudad.

“Esto está dentro de lo previsto”, dijo John Kelly, un agente de la construcción. “Tres docenas de trabajadores se instalaron y observaron el ‘pejaje’ hacer los vigas del estacionamiento en el techo y una vez más. Los edificios de nueva construcción fueron asegurados con escalas, y el proyecto tomó curso de una hora.”

Si el mismo trabajo se hubiera hecho con una grúa más tradicional, habría tomado horas, dejando a todos los trabajadores no pueden estar dentro del edificio, mientras se transportan las unidades.

“He estado leyendo los artículos el último o dos días de obra más que completa la instalación”, dijo Kelly. El edificio ha estado vacante desde el año, cuando Wal-Mart construyó una tienda más grande a un par de millas de distancia. Otros planes de construcción nunca se reabrirán, y el edificio se convertirá en lugar de estacionamiento para las personas que ingresan y visitan.

Por último, esta además de eliminar un edificio en mala condición, el proyecto generará hasta 200 puestos de trabajo y generará más fondos de impuestos para la ciudad.

AVISO PÚBLICO

AVISO DE DISPONIBILIDAD DE FONDOS (NOFA) PARA EL CONDADO DE RIVERSIDE 2017-2018

CONCESIÓN PARA EL DESARROLLO DEL BLOQUE COMUNITARIO (CDBG) CONCESIÓN PARA SOLUCIONES DE EFICIENCIA (ESG) PROGRAMA DE ASOCIACIÓN DE INVERSIÓN DE CASA (HOME)

El Condado de Riverside está anunciando el inicio de los ciclos de aplicación para el Condado Urbano 2017-2018 de CDBG, ESG, y HOME. Estos programas financiados por el gobierno federal son utilizados por el condado por sus ciudades participantes y proporciona una vivienda digna, un entorno de vida adecuado, y la expansión de oportunidades económicas, principalmente para las personas y familias con bajos ingresos. El condado anticipa recibir la importe concesión del Departamento de Vivienda y Desarrollo Urbano de los Estados Unidos (HUD) para el programado año 2017-2018: CDBG \$7,600,000; ESG \$800,000; y HOME \$1,500,000.

Para ver el anuncio completo de la disponibilidad de fondos para los programas CDBG y ESG, por favor visita www.rivcoeda.org. Copias físicas de NOFA también pueden obtenerse a través del correo electrónico edaren@rivcoeda.org o llamando al 951-955-8916.

SOLICITUD EN LÍNEA: El Condado está utilizando el sistema en línea, tanto para los programas CDBG y ESG. Todas las solicitudes de estos dos programas deben ser presentadas a través del sistema en línea. El sistema de aplicación en línea 2017-2018 estará a disposición al público el 1º de agosto de 2016. Todas las solicitudes de CDBG y ESG presentadas a través del sistema de solicitudes en línea deberán presentarse antes de las 5:00 PM (Tiempo del Pacífico) del 28 de octubre de 2016. Para preguntas o asistencia con el sistema de solicitud en línea, por favor, póngase en contacto con Susana Orozco en sorozco@rivcoeda.org o 951-955-8916.

Los solicitantes deben visitar el sitio web www.rivcoeda.org de EDA para comenzar el proceso de solicitud. El sitio web ofrece un breve tutorial para ayudar a los solicitantes en el uso del sistema de aplicación en línea, incluyendo como crear perfiles de usuario que es lo que se requiere para utilizar el sistema.

Aplicaciones de CDBG y ESG sólo se aceptarán de 501 (c) (3) organizaciones sin fines de lucro, entidades gubernamentales, y las CIUDADES COOPERANTES DEL CONDADO. Atención: Ciudades cooperantes que participan en el programa CDBG del condado recibirán su propia asignación de la asignación de CDBG del condado para los proyectos y actividades que benefician a sus ciudades individuales. Las organizaciones que están considerando la posibilidad de aplicar directamente a las ciudades que cooperan con sus asignaciones de CDBG deben consultar con esas ciudades directamente para la información de la aplicación, los procedimientos y los plazos. La página web de CDBG de EDA proporciona la información de contacto para las ciudades colaboradoras.

PROGRAMA HOME: El condado aceptará solicitudes para el programa HOME para nuevas construcciones y el continuo de rehabilitación sustancial, por encima del presente presupuesto hasta que se agoten todos los fondos para el año fiscal actual. Las organizaciones que buscan fondos de HOME para proyectos de viviendas asequibles deben comunicarse con la División de Vivienda de EDA para obtener información sobre la solicitud al (951) 343-5468 o rivcoeda.org. En el caso de que el EDA del Condado de Riverside decide liberar una solicitud de propuesta competitiva para la solicitud de fondos de HOME, un aviso de la intención de liberar una solicitud de propuesta por parte del condado será proporcionado con no menos de treinta (30) días de anticipación.

Se requiere que el condado prepare y presente a HUD un plan de acción de un año, que proporcione información detallada sobre todas las actividades que el condado financiará con CDBG, ESG, y los fondos de HOME para el año del programa 2017-2018. La Junta de Supervisores llevará a cabo una audiencia pública sobre el plan de acción de un año propuesto en febrero/marzo de 2017. La Junta entonces aprobará la versión final del Plan de Acción de Un Año en abril/mayo de 2017.

PUBLIC NOTICE

**RIVERSIDE COUNTY
COMMUNITY PLANNING AND DEVELOPMENT PROGRAMS (CPD)
(CDBG, HOME, ESG)**

**Community Development Needs and Proposed Use
of 2017-2018 HUD-Funded CPD Programs**

The Riverside County Economic Development Agency hereby notifies the public, pursuant to 24 CFR 91.105(e), that the County of Riverside Board of Supervisors will hold a public hearing to: 1) hear comments on community development needs within the County's HUD-funded Urban County program; and 2) hear comment upon the proposed uses of 2017-2018 HUD-funded CPD programs to address the identified community development needs. The public hearing is scheduled for March 14, 2017, at 1:30 p.m., in the Board of Supervisors' Chambers, County Administrative Center, 4080 Lemon Street, 1st floor, Riverside, CA. The public may present oral or written comments during the public hearing.

Furthermore, the public may review and comment upon the proposed uses of 2017-2018 HUD-funded CPD programs, as well as comment upon community development needs, beginning February 10, 2017. Comments may be submitted to the addresses below until 5:00 PM on March 13, 2017.

A summary of the proposed uses of 2017-2018 HUD-funded CPD programs can be viewed by the public at the following location:

Riverside County Economic Development Agency-Community Services Division
3403 10th Street, Suite 400, Riverside, CA 92501
(951) 955-8916

Riverside County Economic Development Agency-Indio
44-199 Monroe Street, Suite B, Indio, CA 92201
(760) 863-2650

The proposed uses of 2017-2018 HUD-funded CPD programs can also be viewed on-line at: www.rivcoeda.org

Staff will submit the final 2017-2018 One-Year Action Plan to the Board of Supervisors for adoption. The schedule for this Board action has not yet been determined because the Federal FY 2017 appropriations have not been approved by Congress. The One-Year Action Plan will identify the specific activities selected for Community Development Block Grant (CDBG), Home Investment Partnership Program (HOME), and Emergency Solutions Grant (ESG) funding. The 2017-2018 One-Year Action Plan will then be forwarded to the U.S. Department of Housing and Urban Development (HUD) for review and approval.

EXECUTIVE SUMMARY. The primary objective of the County's CPD programs is the development of viable urban communities by providing decent housing, a suitable living environment, and expansion of economic opportunities, principally for persons of low and moderate incomes. The 2017-2018 One Year Action Plan is a component of the Five Year Consolidated Plan that must be updated annually. It provides detailed information on the resources the County expects to receive and the activities to be undertaken to meet the priority needs identified in the Consolidated Plan. At the completion of the Citizen Participation process, and after comments have been received, the County will prepare and submit the final 2017-2018 One Year Action Plan of the 2014-2019 Five Year Consolidated Plan to the U.S. Department of Housing and Urban Development.

ANTICIPATED FUNDS. Anticipated allocations to be received through the FY 2017-18 HUD

appropriations are: \$7,731,823 for the Community Development Block Grant (CDBG) program, including the Metro City Program; \$1,864,798 for the Home Investment Partnership (HOME) program, including the Community Housing Development Organizations (CHDO) program; and \$649,342 for the Emergency Solutions Grant (ESG) program. The County expects to utilize eighty-five percent (85%) of the CPD funds for activities that will benefit low and moderate-income persons.

SUMMARY OF PROPOSED ONE YEAR PLAN ACTIVITIES. The County received 106 proposals for the 2017-18 CDBG funding totaling \$8,401,452. The proposed activities included public service, public facility improvements, rehabilitation, interim assistance, and others. Emergency Solutions Grant Program requests totaled \$1,327,373. HOME program proposals include: HOME New Construction (\$699,300); HOME Direct Ownership (\$699,299); HOME/CHDO Set-Aside (\$279,720); and HOME administration (\$186,479). Combined (HOME, CDBG, ESG) general management and administrative activities include oversight of consolidated programs (\$1,864,798).

DISPLACEMENT. Planned activities will be designed to minimize the displacement of persons. The provision of relocation benefits to displaced persons and replacement of low-and moderate-income housing units that are demolished or converted to another use as a result of CDBG funded activities will be consistent with the County's Anti-Displacement and Relocation Assistance Plan and provisions of the Uniform Relocation Assistance and Real Property Acquisition Act of 1970, as amended.

CITIZEN PARTICIPATION AND COMMENTS. The County of Riverside initiated the 2017-2018 CPD Funding cycle in July, 2016, with the publishing of the *Notification of Funding Availability* (NOFA) for the CDBG Program and ESG program. The County initiated the *Citizen Participation Process* in June, 2016, with the notification of residents, Cooperating Cities, non-profit organizations, service providers, public agencies, and other stakeholders, of the 2017-2018 CPD Funding cycle. The Citizen Participation Process consisted of public meetings in unincorporated communities to receive input from residents and others to identify and assess economic, community, housing, and social development needs in the communities.

PARTICIPATING COMMUNITIES. The 2017-2018 One Year Action Plan of the 2014-2019 Consolidated Plan includes the unincorporated areas of the County and the following Cooperating Cities: Banning, Beaumont, Blythe, Coachella, Canyon Lake, Desert Hot Springs, Eastvale, Indian Wells, Jurupa Valley, Lake Elsinore, La Quinta, Murrieta, Norco, San Jacinto, and Wildomar.

IMPLEMENTATION. The goals for the 2017-2018 One Year Action Plan of the Consolidated Plan include: creating affordable housing for those of very low, low, and moderate-income; providing home ownership opportunities for first-time buyers; improving conditions of substandard housing and rental housing; addressing farm worker housing needs; ensuring the availability of emergency shelters to address the needs of the homeless; creating housing opportunities for the elderly, especially the frail elderly; creating supportive housing or shelter for persons afflicted with HIV/AIDS; creating rental assistance through subsidy programs; providing short-term shelter for the mentally ill homeless; creating a suitable living environment by improving public facilities and services; and providing economic development opportunities for low- and moderate- income families.

If you have any questions or require additional information about the County's CPD programs, the Citizen Participation process, public hearings, or other information, please contact EDA at (951) 955-8916, (800) 984-1000, or edearen@rivco.org.

NOTICE OF REQUEST FOR PUBLIC COMMENT

The County of Riverside is requesting comment from citizens, public agencies, service providers, and other interested parties regarding the final draft of the 2017-2018 One-Year Action Plan of the County's 2014-2019 Five-Year Consolidated Plan for HUD Community Planning and Development Funding. The objectives contained in the One Year Action Plan are to develop viable communities through public/private partnerships by providing decent affordable housing, a suitable living environment, and expanded economic development opportunities principally for persons of low- and moderate-income.

The 2017-2018 One-Year Action Plan covers the entire Urban County program area including the unincorporated areas of Riverside County as well as the following cooperating cities: Banning, Beaumont, Blythe, Canyon Lake, Coachella, Desert Hot Springs, Eastvale, Indian Wells, Jurupa Valley, La Quinta, Murrieta, Norco, San Jacinto, and Wildomar. The Joint Metro City of Lake Elsinore is also included within the County's CDBG program.

As noted above, the purpose of the public comment period is to allow citizens, public agencies, service providers, and other interested parties to express their comments or views on the community development needs of persons and communities within the County's Urban County program area as well as the final draft 2017-2018 One-Year Action Plan. It is anticipated that the Board of Supervisors will adopt the One-Year Action Plan at the regular meeting of July 11, 2017. The Action Plan will then be forwarded to the U.S. Department of Housing and Urban Development for final review and approval.

RIVERSIDE COUNTY

NOTICE OF FUNDING AVAILABILITY

2017-2018 COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM – DISTRICT ALLOCATION

I. Program Description:

The County of Riverside has opened the [Online Application System](#) for the FY 2017-2018 Community Development Block Grant (CDBG) cycle. CDBG is a flexible program that provides communities with resources to address a wide range of unique community development needs. Beginning in 1974, the CDBG program is one of the longest continuously run programs at HUD. The CDBG entitlement program allocates annual grants to larger cities and urban counties to develop viable communities by providing decent housing, a suitable living environment, and opportunities to expand economic opportunities, principally for low- and moderate-income persons.

The CDBG program is a federally-funded program administered through the U.S. Department of Housing and Urban Development (HUD). As an Urban County in the Entitlement CDBG program, the County receives an annual formula allocation of CDBG funds from HUD. HUD determines the amount of each grant by using a formula comprised of several measures of community need, including the extent of poverty, population, housing overcrowding, age of housing, and population growth lag in relationship to other metropolitan areas.

The program works to ensure decent affordable housing, to provide services to the most vulnerable in our communities, and to create jobs through the expansion and retention of businesses. CDBG is an important tool for helping local governments tackle serious challenges facing their communities. The CDBG program has made a difference in the lives of millions of people and their communities across the Nation.

CDBG was authorized under the Housing and Community Development Act of 1974, as amended, and is listed under the Catalog of Federal Domestic Assistance (CFDA) as 14.218. Applicable CDBG regulations can be found at 24 CFR Part 570 and 24 CFR Part 91.

CDBG funding has been used by the County and subrecipients for a wide variety of community, economic, and social development activities. Activities include public facilities such as fire stations, parks, community centers, senior centers, homeless shelters, health clinics, water and sewer improvements, and street and sidewalk improvements. CDBG also provides public service activities such as child care, health care, after school, programs, senior programs, food and clothing distribution, job training, recreation, and many more.

All activities funded with the County's CDBG funds must:

1. serve persons or communities within the County's Urban County area;
2. be an eligible activity under CDBG regulations (24 CFR Part 570.201); and
3. meet a National Objective of the CDBG program (24 CFR Part 570.208).

Most activities meet a National Objective by benefitting low-income persons or low-income communities.

The County's *Urban County CDBG Program* includes all of the unincorporated areas of Riverside County as well as the "cooperating" cities of: Banning, Beaumont, Blythe, Canyon Lake, Coachella, Desert Hot Springs, Eastvale, Indian Wells, Jurupa Valley, La Quinta, Murrieta, San Jacinto, and Wildomar. The City of Lake Elsinore participates in the County's Urban County program as a "Metro City." **Please Note: the cooperating cities receive their own CDBG allocation from the County's Urban County CDBG program. Any organization seeking funding from a cooperating city's CDBG allocation must contact that city for application procedures and additional information. Applications for 2017-2018 CDBG funds from the cooperating cities cannot be submitted through the County's Online Application System.**

II. CDBG Award Information:

Subject to Federal appropriations, the County anticipates receiving approximately \$7,200,000 in CDBG funds for the FY 2017-2018 program, including the cooperating cities' allocations. The amount of CDBG funding to be allocated to the Supervisorial District allocations is expected to be **\$2,437,000**. The actual amount of the County's allocation is determined by final funding appropriations from Congress and HUD's CDBG allocation formula.

Depending upon the type of activity to be funded, a successful subrecipient will have one (1) year to complete, expend, and drawdown their CDBG award for a public service activity, or two (2) years for a public facility or other CDBG activities.

Typical individual awards for CDBG-funded activities range from \$10,000 for public service activities to \$100,000 or more for public facilities, acquisition, or other eligible activities. For the 2016-2017 program year, the County received more than **73** eligible applications and made **\$4,087,263** in grant awards.

All CDBG awards made by the County will be in the form of a grant, excluding projects funded under economic development. Subrecipients will be required to execute an approved subrecipient agreement with the County. Non-profit organizations, non-County governmental entities, and Tribal organizations will be required to execute a "Sponsor's Agreement" with the County. A copy of template of the Sponsor's Agreement is available upon request to EDA. **Please Note: all grant funding awarded by the County from the 2017-2018 CDBG application cycle will be available to successful subrecipients no earlier than July 2017.**

Organizations that have previously applied for County CDBG funding are eligible to apply, and there is no limit on the number of applications an organization can submit.

Eligibility Information:

Eligible Applicants:

The County of Riverside will only accept CDBG applications from the following organizations or entities:

1. Non-Profit organizations subject to 26 U.S.C. 501 (c)(3) of the tax code;
2. County of Riverside Agencies and Departments; and
3. Governmental agencies including Cities, Special Districts, and Tribes.

Individuals cannot apply for County CDBG funding.

Non-profit organizations will be required to submit documentation as part of the CDBG application pertaining to their incorporation, bylaws, and tax exempt status.

Cost Sharing and Leveraging:

Applications for funding under the County's CDBG allocation, excluding the funding from the cooperating cities, must successfully demonstrate a matching contribution of at least 5% of the CDBG request. This matching contribution, referred to as "leveraging", can include other Federal, State, local, or private funding; donations; "in-kind" contributions; and volunteer hours. Leveraging used to match previous CDBG grants cannot be used.

Applicants are encouraged to utilize the greatest amount of leveraging possible to improve the competitiveness of their proposal.

Real Property Acquisition – Displacement of Tenants:

In order to comply with the requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, applicants considering the submittal of a CDBG application for real property acquisition and/or the displacement of tenants must contact EDA prior to the submittal of any application.

Minimum Funding Level:

In order to ensure the effective, efficient, and appropriate allocation and use of the County's CDBG funding, the County may reject any proposed CDBG activity in an amount less than \$10,000. Exceptions to this policy include traditionally "county-wide" activities which are funded from:

1. both a County Supervisor's allocation and a cooperating city;
2. two or more cooperating cities; or
3. two or more County Supervisor allocations.

Compliance with Laws and Regulations:

The successful applicants will be required to comply with all applicable federal, state, and local laws, regulations, and ordinances. Pursuant to an executed subrecipient agreement, the applicant will certify that it will adhere to and comply with the following as they may be applicable to a subrecipient of funds granted pursuant to the Housing and Community Development Act of 1974, as amended:

1. The Housing and Community Development Act of 1974, as amended, and the regulations issued thereto;
2. Executive Order 11246, as amended by Executive Orders 11375 and 12086, and implementing regulations at 41 CFR Chapter 60;
3. Executive Order 11063, as amended by Executive Order 12259, and implementing regulations at 24 CFR Part 107;
4. Section 504 of the Rehabilitation Act of 1973 (PL 93-112), as amended, and implementing regulations;
5. The Age Discrimination Act of 1975 (PL 94-135), as amended, and implementing regulations;
6. The relocation requirements of Title II and the acquisition requirements of Title III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, and the implementing regulations at 24 CFR Part 42;
7. The labor standard requirements as set forth in 24 CFR Part 570, Subpart K and HUD regulations issued to implement such requirements;
8. Executive Order 11988 relating to the evaluation of flood hazards and Executive Order 11288 relating to the prevention, control and abatement of water pollution;
9. The flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (PL 93-234);
10. The regulations, policies, guidelines and requirements of 2 CFR Part 200 - the Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards;
11. Title VI of the Civil Rights Act of 1964 (PL 88-352) and implementing regulations issued at 24 CFR Part 1;
12. Title VIII of the Civil Rights Act of 1968 (PL 90-284) as amended; and
13. The lead-based paint requirements of 24 CFR Part 35 issued pursuant to the Lead-based Paint Poisoning Prevention Act (42 USC 4801, et seq.);

III. Application and Submission Information

Application Cycle for the 2017-2018 Program Year

The County will begin accepting application for the 2017-2018 CDBG cycle starting **August 1, 2016**. **ALL APPLICATIONS must be submitted through the ONLINE APPLICATION SYSTEM. All CDBG applications must be submitted through the Online Application System no later than 5:00 PM PST on October 28, 2016.**

Applicants must visit EDA's website at www.rivcoeda.org to begin the application process. The website offers a brief tutorial to assist applicants in the use of the online application system including setting-up an Online User Profile which is required to use the system.

The County will only accept CDBG applications from 501 (c)(3) non-profit corporation, as well as governmental and Tribal entities.

Applicants wishing to submit a CDBG application for one of the County's Urban County Cooperating Cities CDBG allocation will also use this online application system.

Questions and Technical Assistance

For information or questions regarding the County's CDBG program or the CDBG application cycle, please contact Elizabeth Dearen at edearen@rivcoeda.org or 951-955-8916. For questions or assistance with the online application system, please contact Susana Orozco at sorozco@rivcoeda.org or 951-955-8916.

Individuals with hearing or speech disabilities may contact the CDBG program staff by utilizing the California Relay Service (711).

Paper Application Submittals

Because the County does provide technical assistance to organizations wishing to submit CDBG applications through the Online Application System, it is unlikely that prospective applicants will not be able to effectively use the system. However, the County will consider requests to receive and submit paper copies of the 2017-2018 CDBG application for those applicants that can document the need for a paper application.

Requests for paper applications can be submitted to:

Elizabeth Dearen, Program Manager
3403 Tenth Street, Suite 400
Riverside, CA 92501
(951) 955-8916
(951) 955-9505 FAX
edearen@rivcoeda.org

Online Application System:

Applicants for the County's 2017-2018 CDBG application must use the Online Application System which can be accessed at www.rivcoeda.org. All forms necessary to submit an application are available on line with the exception of the documents required to be uploaded by the applicant (e.g., bylaws, authorizations, back up information, etc.).

The CDBG application consists of eight (8) primary sections:

1. Applicant Profile
2. General Information
3. Uploading Organizational Documents
4. Project Narrative
5. National Objective Compliance
6. Financial Information (Budget)
7. Leveraging – Matching Funds
8. Application Certification and Authorization

Applicants are limited to the space available for each required response in the application. Applicants can upload additional supporting documentation, including third party verifications, if desired.

Please Note: because the application is submitted online, the applicant must certify that he or she has been authorized to submit the application on behalf of the organization applying for CDBG funds. This electronic certification MUST be accompanied by a minute order, resolution, or other official authorization to submit the application.

Additional Information:

Successful applicants may be required to submit additional documentation to the County, prior to the receipt of their CDBG grant award. This documentation may include evidence or documentation related to:

Liability Insurance

Workmen's Compensation Insurance

Flood Insurance

Other documentation for NEPA and CEQA environmental reviews

501 (c)(3) Status

Incorporation Documents

Dun and Bradstreet Data Universal Number System (DUNS) and System for Award Management (SAM)

Pursuant to Federal regulations, all applicants for CDBG funds must comply with the following requirements **prior to submitting** their CDBG application to the County for the 2017-2018 program year:

1. Be registered in the System for Award Management (SAM) system;
2. Provide a valid DUNS number in the application; and
3. Must maintain an active SAM registration, with current information, at all times during the performance period of the CDBG grant.

The County and the Cooperating Cities will not make any CDBG grant awards to any organization or government entity that fails to comply with the SAM and DUNS requirements.

System for Award Management (SAM):

The System for Award Management (SAM) is combining federal procurement systems and the Catalog of Federal Domestic Assistance into one new system. This consolidation is being done in phases. The first phase of SAM includes the functionality from the following systems:

1. Central Contractor Registry (CCR)
2. Federal Agency Registry
3. Excluded Parties List (EPLS)
4. Online Representations and Certifications Application

How does SAM benefit organizations? The overarching benefits of SAM include streamlined and integrated processes, elimination of data redundancies, and reduced costs while providing improved capability.

<https://www.sam.gov/portal/SAM/#1>

Data Universal Number System (DUNS):

The Federal government requires all applicants for Federal grants have a DUNS number. The Federal government uses the DUNS number to better identify related organizations that are receiving funding under Federal grants and to provide consistent name and address data for electronic grant application systems.

If you do not already have a DUNS number, contact Dun and Bradstreet toll free at 1-866-705-5711.

Application Submission Date and Time

The County of Riverside utilizes an Online Application System for the 2017-2018 CDBG grant applications. All applications must be submitted through the online system unless an applicant has been previously authorized by the County to submit a paper application.

ALL online applications MUST be completely submitted through the Online Application System no later than 5:00 PM (PST) on Friday, October 28, 2016.

All pre-authorized paper applications must be delivered to the County by either method listed below:

1. Postmarked no later than Friday, October 28, 2016, and addressed to:

Riverside County EDA
ATTN: CDBG Program
3403 10th Street, Suite 400
Riverside, CA 92501

2. Delivered to the County, no later than DATE 5:00 PM (PST) at the following address:

Riverside County EDA
ATTN: CDBG Program
3403 10th Street, Suite 400
Riverside, CA 92501

CDBG applications for the 2017-2018 program year that are received after the deadline date and time, whether submitted through the Online Applications System or delivered to the County, will not be accepted.

Applicants submitting their applications through the Online Application System will receive an electronic receipt at the time of submission. Applicant submitting a paper application in person or through a third-party courier can request a receipt at the time of delivery.

Intergovernmental Review

Applications submitted under the County's Urban County CDBG program are not subject to intergovernmental review pursuant to Executive Order 12372.

Other Submission Requirements

Applicants can request CDBG funding from the County for any eligible CDBG activity listed under 24 CFR Sections 570.201-570.204, including real property acquisition, construction, and other activities.

APPLICATION REVIEW INFORMATION

The County of Riverside uses a Priority Evaluation and Project Rating System for all CDBG proposals. As part of the review and evaluation process, EDA staff will review and evaluate all proposals utilizing the following checklist:

I. ACTIVITY EVALUATION:

Does the activity address an established need?

Is the proposed activity eligible (24 CFR 570.201) under the CDBG program?

Does the proposed activity meet one of the three broad National Objectives:

Principally benefit low and moderate-income persons;

Prevents or eliminates slum and blight; or

Addresses an urgent need or problem in the community.

Has the applicant provided sufficient explanation concerning their ability to adequately and accurately document the benefit to low and moderate income persons?

Can the project be implemented and completed within a reasonable amount of time (Public Service activities 1 year / all other activities 2 years maximum)?

Has the applicant identified all the major tasks or components that will be required in carrying out the activity? Are there any potential issues or concerns?

Has the applicant provided a reasonable estimate of the resources necessary for each component of the project, and has it developed a realistic budget that reflects these resources? Are other sources of funds (leveraging) committed to this project?

Is the proposed budget for the CDBG-funded activity separate from other activities undertaken by the applicant?

II. APPLICANT (ORGANIZATIONAL) EVALUATION

Has the applicant ever undertaken the proposed activity before? What were the results?

Does the applicant have experience with CDBG or other Federal programs? Has the applicant conducted a Single Audit (formerly OMB Circular A-133) within the last two years?

Do the applicant and prospective staff understand the additional requirements associated with Federal funding?

Does the applicant have qualified staff for all the necessary functions associated with the proposed activity? Is there adequate staff time available?

Does the applicant possess adequate administrative structures, management systems, and policies & procedures?

Does the applicant possess adequate financial stability? Will the applicant be overly dependent upon CDBG funding?

III. ELIGIBLE ACTIVITIES

Applicants should refer to HUD regulations found at 24 CFR Sections 570.201-204 regarding eligible uses of CDBG funding.

IV. MINIMUM ACTIVITY FUNDING LEVEL

In an effort to ensure effective, efficient, and appropriate allocation and use of CDBG funds, the County may reject any proposed CDBG activity in an amount less than \$10,000. Exceptions to this policy include: traditionally county-wide activities (city/county, multiple city, etc.) or a project or activity serving a very remote location. These exceptions must be pre-approved by EDA prior to the application submittal.

V. LEVERAGE/MATCHING FUNDS

Verification of at least five percent (5%) matching funds must be provided prior to the date of the grant awarded to the grantee. Funds used to match a previous CDBG grant may not be used to match a subsequent grant award. Applications with zero leverage will be disqualified. Leverage may include, but is not limited to, the following: Federal, State, and local government funding; private donations; and in-kind contributions (e.g., volunteer hours at \$5.00 hour, etc.).

IV. APPLICATION RATING

Each complete CDBG application is rated by CDBG program staff to determine if the proposal meets the minimum score rating. The County uses a 200 point rating system with four (4) rating criteria with a minimum rating score of at least 100 points. The rating criteria are:

- Quality of Program Design/ four sub-criteria (40 points)
- Quality of Proposal Elements/ four sub-criteria (60 points)
- Capacity and Experience/four sub-criteria (40 points)
- Proposed Funding Request/five sub-criteria (60 points)

There are three (3) threshold sub-criteria that all applications must receive at least five (5) points each, or the proposal will not be funded:

- Does the proposed program/project comply with the overall regulations, goals and objective of the CDBG program? Application describes how the identified need relates to the objectives of the CDBG program?
- Does the proposed activity address a priority community development need as identified in the Five Year Consolidated Plan?
- Does the organization have the demonstrated capacity to successfully implement and complete the proposed activity in a timely manner?

APPLICATION REVIEW AND SELECTION PROCESS

For the County's allocation, each CDBG application is received, reviewed, evaluated, and rated. CDBG program staff and EDA management then meet with the individual District Supervisors for their CDBG funding decisions. EDA staff will provide background information on each proposals, answer questions, and provide funding recommendations if requested.

ANTICIPATED ANNOUNCEMENT, AWARD DATE, AND NOTICE

The Board of Supervisors for the County of Riverside will make all final CDBG funding decisions for the County's 2017-2018 CDBG allocation. This is anticipated to occur in early May 2017 during a regular meeting of the Board of Supervisors when the Board approves the 2017-2018 One Year Action Plan.

After the approval date, applicants will be notified by mail of the Boards funding decisions. The One Year Action Plan is then submitted to the U.S. Department of Housing and Urban Development (HUD) for review and approval.

Those applicants that have been approved for CDBG funding will be notified by mail. The letter will clearly indicate the amount of their award, and that this is not a notification to proceed or to incur costs. The letter will inform the successful applicants that a subrecipient agreement will be prepared and forwarded to them in the near future with further instructions.

ADMINISTRATIVE AND NATIONAL POLICY REQUIREMENTS

All CDBG awards made by the County and the cooperating cities will be in the form of a grant, excluding projects funded under economic development. Subrecipients will be required to execute an approved subrecipient agreement with the County. Non-profit organizations, non-County governmental entities, and Tribal organizations will be required to execute a "Sponsor's Agreement" with the County. A copy of template of the Sponsor's Agreement is available upon request to EDA. The Cooperating Cities must execute a Supplemental Agreement with the County each year. Subrecipients of the Cooperating Cities' CDBG funding will enter into an approved subrecipient agreement with the awarding city.

POST AWARD REPORTING REQUIREMENTS

To ensure compliance with the CDBG program National Objective requirements, all subrecipients of CDBG funds will be required to comply with the applicable CDBG reporting requirements. The type, amount, frequency, format (paper or electronic), and detail of the reporting requirements depends upon the specific use of the CDBG funds and corresponding National Objective. All specific reporting requirements will be stated in the subrecipient agreement.

CDBG also provides public service activities such as child care, health care, after school, programs, senior programs, food and clothing distribution, job training, recreation, and many more.

All activities funded with the County's CDBG funds must:

1. serve persons or communities within the County's Urban County area;
2. be an eligible activity under CDBG regulations (24 CFR Part 570.201); and
3. meet a National Objective of the CDBG program (24 CFR Part 570.208).

Most activities meet a National Objective by benefitting low-income persons or low-income communities.

The County's *Urban County CDBG Program* includes all of the unincorporated areas of Riverside County as well as the "cooperating" cities of: Banning, Beaumont, Blythe, Canyon Lake, Coachella, Desert Hot Springs, Eastvale, Indian Wells, Jurupa Valley, La Quinta, Murrieta, San Jacinto, and Wildomar. The city of Lake Elsinore participates in the County's Urban County program as a "Metro City," and for purpose of this NOFA, Lake Elsinore is a Cooperating City.

CDBG Award Information:

Subject to Federal appropriations, the County anticipates receiving approximately \$7,200,000 in CDBG funds for the FY 2017-2018 program. The actual amount of the County's allocation is determined by final funding appropriations from Congress and HUD's CDBG allocation formula. Funds from this 2017-2018 CDBG application cycle will be available to the cooperating cities or their subrecipients no earlier than July 2017.

Depending upon the type of activity to be funded, the cooperating cities and their subrecipients will have one (1) year to complete, expend, and drawdown their CDBG award for a public service activity, or two (2) years for a public facility or other CDBG activities.

Typical individual awards for CDBG-funded activities range from \$10,000 for public service activities to \$100,000 or more for public facilities, acquisition, or other eligible activities.

All CDBG awards made by the County to the cooperating cities will be in the form of a grant. The cooperating cities must execute a Supplemental Agreement with the County each CDBG program year. Non-city subrecipients (non-profits, special districts, etc.) receiving CDBG funds from a cooperating city will be required to enter into a County-approved subrecipient agreement with the awarding city.

II. Eligibility Information:

Eligible Applicants:

The County of Riverside will only accept CDBG applications from the cooperating cities listed above. The cooperating cities may award their CDBG funds to the following entities and organizations:

1. City Departments or Agencies;
2. Non-Profit organizations subject to 26 U.S.C. 501 (c)(3) of the tax code; and
3. Governmental agencies including the County, other Cities, Special Districts, and Tribes.

Individuals cannot apply for County CDBG funding.

Non-profit organizations will be required to submit documentation as part of their cooperating city CDBG application including incorporation, bylaws, board of directors, and tax exempt status.

Cost Sharing and Leveraging:

The cooperating cities and their subrecipient applicants are encouraged to utilize the greatest amount of leveraging as possible to improve the competitiveness of their proposal.

Real Property Acquisition – Displacement of Tenants:

In order to comply with the requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, cooperating cities that are considering the submittal of a CDBG application for real property acquisition and/or the displacement of tenants must contact EDA prior to the submittal of any application.

Minimum Funding Level:

In order to ensure the effective, efficient, and appropriate allocation and use of the County’s CDBG funding, the County may reject any proposed cooperating city CDBG activity in an amount less than \$10,000. Exceptions to this policy include traditionally “county-wide” activities which are funded from:

1. both a County Supervisor’s allocation and a cooperating city; or
2. two or more cooperating cities.

Compliance with Laws and Regulations:

The cooperating cities and their successful subrecipients will be required to comply with all applicable federal, state, and local laws, regulations, and ordinances. Pursuant to an executed Supplemental Agreement and Subrecipient Agreements, the cooperating cities must certify that it will adhere to and comply with the following as they may be applicable to funds granted pursuant to the Housing and Community Development Act of 1974, as amended:

1. The Housing and Community Development Act of 1974, as amended, and the regulations issued thereto;
2. Executive Order 11246, as amended by Executive Orders 11375 and 12086, and implementing regulations at 41 CFR Chapter 60;
3. Executive Order 11063, as amended by Executive Order 12259, and implementing regulations at 24 CFR Part 107;
4. Section 504 of the Rehabilitation Act of 1973 (PL 93-112), as amended, and implementing regulations;
5. The Age Discrimination Act of 1975 (PL 94-135), as amended, and implementing regulations;

6. The relocation requirements of Title II and the acquisition requirements of Title III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, and the implementing regulations at 24 CFR Part 42;
7. The labor standard requirements as set forth in 24 CFR Part 570, Subpart K and HUD regulations issued to implement such requirements;
8. Executive Order 11988 relating to the evaluation of flood hazards and Executive Order 11288 relating to the prevention, control and abatement of water pollution;
9. The flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (PL 93-234);
10. The regulations, policies, guidelines and requirements of 2 CFR Part 200 - the Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards;
11. Title VI of the Civil Rights Act of 1964 (PL 88-352) and implementing regulations issued at 24 CFR Part 1;
12. Title VIII of the Civil Rights Act of 1968 (PL 90-284) as amended; and
13. The lead-based paint requirements of 24 CFR Part 35 issued pursuant to the Lead-based Paint Poisoning Prevention Act (42 USC 4801, et seq.);

III. Application and Submission Information

Application Cycle for the 2017-2018 Program Year

The County will begin accepting application from the cooperating cities for the 2017-2018 CDBG cycle starting August 1, 2016. A copy of the County-approved CDBG application is attached to this NOFA. An electronic WORD-version of the CDBG application is available upon request.

ALL APPLICATIONS from the cooperating cities must be submitted using the County approved hard-copy, paper application. The County is not using the Online Application System for the cooperating city CDBG program. All CDBG applications from the cooperating cities must be submitted to EDA no later than 5:00 PM PST on Friday, October 28, 2016. You must submit two (2) copies of each application, one original and one copy.

Questions, Technical Assistance, and Applications

For information or questions regarding the County's CDBG program or the CDBG application cycle, please contact Elizabeth Dearen at edearen@rivcoeda.org or 951-955-8916. Individuals with hearing or speech disabilities may contact the CDBG program staff by utilizing the California Relay Service (711).

The Cooperating City CDBG application consists of nine (9) primary sections:

General Information
Organizational History and Documents
Project Narrative
Project Narrative
Project Benefit
National Objective Compliance
Financial Information (Budget)
Management Capacity
Application Certification and Authorization

The cooperating cities and subrecipients are limited to the space available for each required response in the application. Cooperating cities and subrecipients may attach additional supporting documentation, including third party verifications, and other information if desired.

Please Note: The cooperating city applications must be accompanied by a minute order, resolution, or other official authorization to submit the application.

Additional Information:

The cooperating cities and/or their subrecipients may be required to submit additional documentation to the County, prior to the receipt of their CDBG grant award. This documentation may include evidence or documentation related to:

Liability Insurance
Workmen’s Compensation Insurance
Flood Insurance
Other documentation for NEPA and CEQA environmental reviews
501 (c)(3) Status
Incorporation Documents

Dun and Bradstreet Data Universal Number System (DUNS) and System for Award Management (SAM)

Pursuant to Federal regulations, all cooperating cities and their subrecipients submitting applications for CDBG funds must comply with the following requirements **prior to submitting** their CDBG application to the County for the 2017-2018 program year:

1. Be registered in the System for Award Management (SAM) system;
2. Provide a valid DUNS number in the application; and
3. Must maintain an active SAM registration, with current information, at all times during the performance period of the CDBG grant.

The County and the Cooperating Cities will not make any CDBG grant awards to any organization or government entity that fails to comply with the SAM and DUNS requirements.

System for Award Management (SAM):

The System for Award Management (SAM) is combining federal procurement systems and the Catalog of Federal Domestic Assistance into one new system. This consolidation is being done in phases. The first phase of SAM includes the functionality from the following systems:

1. Central Contractor Registry (CCR)
2. Federal Agency Registry
3. Excluded Parties List (EPLS)
4. Online Representations and Certifications Application

How does SAM benefit organizations? The overarching benefits of SAM include streamlined and integrated processes, elimination of data redundancies, and reduced costs while providing improved capability.

<https://www.sam.gov/portal/SAM/#1>

Data Universal Number System (DUNS):

The Federal government requires all applicants for Federal grants have a DUNS number. The Federal government uses the DUNS number to better identify related organizations that are receiving funding under Federal grants and to provide consistent name and address data for electronic grant application systems.

If you do not already have a DUNS number, contact Dun and Bradstreet toll free at 1-866-705-5711.

Application Submission Date and Time

You must submit two (2) copies of each application, one original and one copy.

Cooperating cities may choose one of two methods to submit their 2017-2018 CDBG applications to the Economic Development Agency:

1. **US Postal Service - Postmarked no later than Friday, October 28, 2016. Application packages must be addressed as follows:**

Riverside County EDA
ATTN: CDBG Program
3403 10th Street, Suite 400
Riverside, CA 92501

2. Delivered to the EDA later than 5:00 PM (PST) on Friday, October 28, 2016, at the following address:

Riverside County EDA
ATTN: CDBG Program
3403 10th Street, Suite 400
Riverside, CA 92501

CDBG applications for the 2017-2018 program year that are received after the deadline date and time will not be accepted.

Cooperating Cities submitting their applications in person or through a third-party courier can request a receipt at the time of delivery.

Intergovernmental Review

Applications submitted under the County's Urban County CDBG program are not subject to intergovernmental review pursuant to Executive Order 12372.

Other Submission Requirements

Applicants can request CDBG funding from the County and the Cooperating Cities for any eligible CDBG activity listed under 24 CFR Part 570.201-570.204 including real property acquisition, code enforcement, construction, and other activities.

APPLICATION REVIEW INFORMATION

The County of Riverside uses a Priority Evaluation and Project Rating System for all CDBG proposals. As part of the review and evaluation process, EDA staff will review and evaluate all proposals utilizing the following checklist:

I. ACTIVITY EVALUATION:

Does the activity address an established need?

Is the proposed activity eligible (24 CFR 570.201) under the CDBG program?

Does the proposed activity meet one of the three broad National Objectives:

Principally benefit low and moderate-income persons;

Prevents or eliminates slum and blight; or

Addresses an urgent need or problem in the community.

Has the applicant provided sufficient explanation concerning their ability to adequately and accurately document the benefit to low and moderate income persons?

Can the project be implemented and completed within a reasonable amount of time (Public Service activities 1 year / all other activities 2 years maximum)?

Has the applicant identified all the major tasks or components that will be required in carrying out the activity? Are there any potential issues or concerns?

Has the applicant provided a reasonable estimate of the resources necessary for each component of the project, and has it developed a realistic budget that reflects these resources? Are other sources of funds (leveraging) committed to this project?

Is the proposed budget for the CDBG-funded activity separate from other activities undertaken by the applicant?

II. APPLICANT (ORGANIZATIONAL) EVALUATION

Has the applicant ever undertaken the proposed activity before? What were the results?

Does the applicant have experience with CDBG or other Federal programs? Has the applicant conducted a Single Audit (formerly OMB Circular A-133) within the last two years?

Do the applicant and prospective staff understand the additional requirements associated with Federal funding?

Does the applicant have qualified staff for all the necessary functions associated with the proposed activity? Is there adequate staff time available?

Does the applicant possess adequate administrative structures, management systems, and policies & procedures?

Does the applicant possess adequate financial stability? Will the applicant be overly dependent upon CDBG funding?

III. ELIGIBLE ACTIVITIES

The cooperating cities and their prospective subrecipients should refer to HUD regulations found at 24 CFR Sections 570.201-204 regarding eligible uses of CDBG funding.

IV. MINIMUM ACTIVITY FUNDING LEVEL

In an effort to ensure effective, efficient, and appropriate allocation and use of CDBG funds, the County may reject any proposed CDBG activity in an amount less than \$10,000. Exceptions to this policy include: traditionally county-wide activities (city/county, multiple city, etc.) or a project or activity serving a very remote location. These exceptions must be pre-approved by EDA prior to the application submittal.

V. APPLICATION RATING

Each complete CDBG application is rated by CDBG program staff to determine if the proposal meets the minimum score rating. The County uses a 200 point rating system with four (4) rating criteria with a minimum rating score of at least 100 points. The rating criteria are:

- Quality of Program Design/ four sub-criteria (40 points)
- Quality of Proposal Elements/ four sub-criteria (60 points)
- Capacity and Experience/four sub-criteria (40 points)
- Proposed Funding Request/five sub-criteria (60 points)

There are three (3) threshold sub-criteria that all applications must receive at least five (5) points each, or the proposal will not be funded:

- Does the proposed program/project comply with the overall regulations, goals and objective of the CDBG program? Application describes how the identified need relates to the objectives of the CDBG program?
- Does the proposed activity address a priority community development need as identified in the Five Year Consolidated Plan?
- Does the organization have the demonstrated capacity to successfully implement and complete the proposed activity in a timely manner?

APPLICATION REVIEW AND SELECTION PROCESS

The Cooperating Cities establish their own application process and make their own CDBG funding decisions – all cooperating city applications are subject to EDA review and Board of Supervisor approval.

ANTICIPATED ANNOUNCEMENT, AWARD DATE, AND NOTICE

The Board of Supervisors for the County of Riverside will make all final CDBG funding decisions for the County's 2016-2017 CDBG allocation. This is anticipated to occur in early May 2017 during a regular meeting of the Board of Supervisors when the Board approves the 2017-2018 One Year Action Plan.

After the approval date, the cooperating cities will be notified by mail of the Boards funding decisions. The One Year Action Plan is then submitted to the U.S. Department of Housing and Urban Development (HUD) for review and approval. The letter will clearly indicate the amount of their award, and that this is not a notification to proceed or to incur costs. The letter will inform the cooperating city that a supplemental agreement will be prepared and forwarded in the near future with further instructions.

POST AWARD REPORTING REQUIREMENTS

To ensure compliance with the CDBG program National Objective requirements, all cooperating cities and their subrecipients will be required to comply with the applicable CDBG reporting requirements. The type, amount, frequency, format (paper or electronic), and detail of the reporting requirements depends upon the specific use of the CDBG funds and corresponding National Objective. All specific reporting requirements will be stated in the supplemental agreement.

Dear _____:

Attached please find a copy of the Notice of Funding Availability (NOFA) for the County of Riverside's 2017-2018 Urban County CDBG program for Cooperating Cities. The County is opening the 2017-2018 CDBG application cycle starting **August 1, 2016**.

Applications will be accepted from cooperating cities for both internal, city-administered projects, as well as applications from the cities' subrecipients including non-profits organizations, special districts, or other entities. **All applications are due no later than December 28, 2016.**

A copy of the approved 2017-2018 CDBG application form has been attached to this NOFA. The County will only accept hard-copy, paper applications from the cooperating cities for the 2017-2018 cycle. A fillable pdf version of the CDBG application is available upon request. An original and one copy of each proposal must be submitted to the County together with a resolution or minute order from your Council approving the projects and authorizing the submittal of the applications.

Your city's 2017-2018 CDBG allocation is estimated to be **\$\$\$\$**; this allocation is based upon updated information from HUD and is subject to change.

Each cooperating city is responsible for planning, designing, and carrying out their own CDBG application process that best meets the needs of their city. The cities can decide to fund only internal city-administered projects, only external subrecipient projects, or a combination of the two. The city council for each city will make the final funding decisions.

The County has established several minimum thresholds concerning the cooperating cities' CDBG application process:

1. The process must be open and fair;
2. The city must publically notice (newspaper and city website) the opening of the city's CDBG application cycle;
3. The notice should reference the County's Notice of Funding Availability (NOFA) for the County of Riverside's 2017-2018 Urban County CDBG program for Cooperating Cities;
4. The notice should be published in both English and Spanish if a significant portion of the city's residents speak Spanish;
5. The notice will provide direction as to where application can be obtained, when the applications are due, and other application submittal instructions;

6. The notice will identify any funding priorities established by the city (e.g., senior programs, youth, code enforcement, etc.);
7. The city must allow at least 30 days for the application process;
8. The public notice must provide information on the application review and approval process (e.g., staff review/council approval; staff review/committee review/ council approval, etc.);
9. The public notice must identify a contact person for questions and assistance; and
10. The notice must contain the date, time, and location where the city council will make the final CDBG funding determinations.

For additional information regarding the 2017-2018 CDBG application cycle, please contact the CDBG Program Manager assigned to your city or:

NOTICE OF FUNDING AVAILABILITY

2017-2018 EMERGENCY SOLUTIONS GRANT PROGRAM

A. Program Description:

The County of Riverside has opened the Online Application System for the FY 2017-2018 Emergency Solutions Grants (ESG) cycle. The Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act) amended the McKinney-Vento Homeless Assistance Act, revising the Emergency Shelter Grants Program in significant ways and renaming it the Emergency Solutions Grants (ESG) program. This interim rule, published in the Federal Register on December 5, 2011, revises the regulations for the Emergency Shelter Grants program by establishing the regulations for the Emergency Solutions Grants program, which replaces the Emergency Shelter Grants program. The change in the program's name, from Emergency Shelter Grants to Emergency Solutions Grants, reflects the change in the program's focus from addressing the needs of homeless people in emergency or transitional shelters to assisting people to quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness.

The Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act), enacted into law on May 20, 2009, consolidates three of the separate homeless assistance programs administered by HUD under the McKinney-Vento Homeless Assistance Act into a single grant program, and revises the Emergency Shelter Grants program and renames it as the Emergency Solutions Grants (ESG) program. The HEARTH Act also codifies into law the Continuum of Care planning process, a longstanding part of HUD's application process to assist homeless persons by providing greater coordination in responding to their needs.

The nature of the program provides grants by formula to States, metropolitan cities, urban counties and U.S. territories for eligible activities, generally including essential services related to emergency shelter, rehabilitation and conversion of buildings to be used as emergency shelters, operation of emergency shelters, and homelessness prevention services. Emergency Solutions Grant (ESG) funds can be used to provide a wide range of services and supports under the five program **components**: Street Outreach, Emergency Shelter, Rapid Re-housing, Homelessness Prevention, and HMIS.

All activities funded with the County's ESG funds must provide funding to:

1. Engage homeless individuals and families living on the street;
2. Improve the number and quality of emergency shelters for homeless individuals and families;
3. Help operate these shelters;
4. Provide essential services to shelter residents;
5. Rapidly re-house homeless individuals and families utilizing housing first approach; and
6. Prevent families and individuals from becoming homeless

HUD allocates the fiscal year appropriation for ESG to eligible recipients in accordance with the percentage of ESG funding each jurisdiction was allocated for the previous fiscal year. However, where the ESG allocation for a metropolitan city or urban county would be less than .5 percent of the total

fiscal year appropriation for ESG, HUD adds that jurisdiction's allocation to the allocation for the State in which the jurisdiction is located.

Subtitle B of Title IV of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11371-11378). Regulations are at 24 CFR part 576. Agreement is Emergency Solutions Grant (ESG) funds (CFDA 14.231).

Note: The Act to Prevent Mortgage Foreclosures and Enhance Mortgage Credit Availability Act was signed into law on May 20, 2009 (Public Law 111-22). Division B of this new law is the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act). The HEARTH Act amends Subtitle B of Title IV of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11371-11378) to rename the program the Emergency Solutions Grants program, expand the range of eligible activities under the program, and add or change certain program requirements. HUD is now in the process of revising the regulations at 24 CFR part 576 to implement these changes and make other refinements to the program and definitions.

As an Urban County in the Entitlement ESG program, the County receives an annual formula allocation of ESG funds from HUD. HUD determines the amount of each grant by using a formula comprised of several measures of community need, including the extent of poverty, population, housing overcrowding, age of housing, and population growth lag in relationship to other metropolitan areas.

The County's *Urban County ESG Program* includes all of the unincorporated areas of Riverside County as well as the "cooperating" cities of: Banning, Beaumont, Blythe, Canyon Lake, Coachella, Desert Hot Springs, Eastvale, Indian Wells, Jurupa Valley, La Quinta, Murrieta, San Jacinto, and Wildomar.

B. ESG Award Information:

Subject to Federal appropriations, the County anticipates receiving approximately \$600,000 in ESG funds for the FY 2017-2018 program. The actual amount of the County' allocation is determined by final funding appropriations from Congress and HUD's ESG allocation formula. Funds from this 2016-2017 ESG application cycle will be available to successful sub recipients no earlier than July 2017.

Depending upon the type of activity to be funded, a successful sub recipient will have one (1) year to complete, expend, and drawdown their ESG award.

Typical individual awards for ESG-funded activities range from \$10,000 to \$60,000 or more for emergency shelter, outreach services, rapid re-housing, and homelessness prevention eligible activities. For the 2016-2017 program years, the County received more than 14 eligible applications and made 12 grant awards.

All ESG awards made by the County will be in the form of a grant. Subrecipients will be required to execute an approved subrecipient agreement with the County; non-profit organizations, non-County governmental entities, and Tribal organizations will be required to execute an "ESG Agreement" with the County. A copy of template of the ESG Agreement is available upon request to EDA.

Please Note: organizations that have previously applied for County ESG funding are eligible to apply, and there is no limit on the number of applications an organization can submit.

C. Eligibility Information:

1. Eligible Applicants:

The County of Riverside will only accept ESG applications from the following organizations or entities:

1. Non-Profit organizations subject to 26 U.S.C. 501 (c)(3) of the tax code;
2. County of Riverside Agencies and Departments; and
3. Governmental agencies including Cities, Special Districts, and Tribes.

Individuals cannot apply for County ESG funding.

Non-profit organizations will be required to submit documentation as part of the ESG application pertaining to their incorporation, bylaws, and tax exempt status.

2. Cost Sharing and Leveraging:

Applications for funding under the County's ESG allocation successfully demonstrate a matching contribution as provided under paragraph (a)(2) and (a)(3) of the ESG federal Regulations 24CFR 576, the recipient must make matching contributions to supplement the recipient's ESG program in an amount that equals the amount of ESG funds provided by HUD. Matching contributions, referred to as "leveraging", may be obtained from any eligible source, including any Federal source other than the ESG program, as well as state, local, and private sources. Additional requirements apply to matching contributions from a Federal source of funds. Matching contributions must be provided after the date that HUD signs the grant agreement. Applicants are encouraged to utilize the greatest amount of leveraging as possible to improve the competitiveness of their proposal.

3. Real Property Acquisition – Displacement of Tenants:

Real Property Acquisition of an emergency shelter or drop-in-center is not eligible under ESG. In addition, ESG funds are ineligible activities including;

- Costs involved with preparation of work specifications or building inspection.
- Costs of renovating, rehabilitating, or converting buildings owned by religious organizations unless special conditions are met as outlined in the Code of Federal Regulations found at 24 CFR Part 576.21. Paraphrased, these regulations require that the building (or portion thereof) that is to be improved be leased to an existing or newly established wholly secular entity (which may be an entity established by the church). Further, the regulations require that the leased premises will be used exclusively for secular purposes available to all persons regardless of religion.
- Rehabilitation, conversion, or renovation of a property within a 100-year flood plain, as designated by the Federal Emergency management Agency.

- A project which is inconsistent with environmental standards as established by HUD.
- Emergency Solutions Grant amounts may not be used for activities other than those authorized under Section 576.21 (a) (2-4).

4. Minimum Funding Level:

In order to ensure the effective, efficient, and appropriate allocation and use of the County's ESG funding, the County may reject any proposed ESG activity in an amount less than \$10,000.

5. Compliance with Laws and Regulations:

The successful SUBRECIPIENT shall comply with all applicable federal, state, and local laws, regulations, and ordinances pertinent to its operations and services to be performed hereunder, and shall keep in effect any and all licenses, permits, notices and certificates as are required thereby. SUBRECIPIENT shall further comply with all laws applicable to wages and hours of employment, occupational safety and to fire safety, health and sanitation. By executing this Agreement, the SUBRECIPIENT hereby certifies that it shall adhere to and comply with the following as they may be applicable to a sub recipient of funds granted pursuant to the Housing and Community Development Act of 1974, as amended:

- a. The Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act), Public Law 111-22, Title IV of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11371 et seq.), and the Housing and Community Development Act of 1974, as amended, and the regulations issued thereto;
- b. Uniform Administration Requirements, Cost Principals, and Audit Requirements for Federal Awards 2 CFR 200;
- c. Executive Order 11246, as amended by Executive Orders 11375 and 12086, and implementing regulations at 41 CFR Chapter 60;
- d. Executive Order 11063, as amended by Executive Order 12259, and implementing regulations at 24 CFR Part 107;
- e. Section 504 of the Rehabilitation Act of 1973 (PL 93-112), as amended, and implementing regulations;
- f. The Age Discrimination Act of 1975 (PL 94-135), as amended, and implementing regulations;
- g. The relocation requirements of Title II and the acquisition requirements of Title III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, and the implementing regulations at 24 CFR Part 42;
- h. The labor standard requirements as set forth in 24 CFR Part 570, Subpart K and HUD regulations issued to implement such requirements;

- i. Title VI and Title VII of the Civil Rights Act of 1964 (42 U.S.C. 200d et seq.), as amended to the Equal Opportunity Act of March 24, 1972 (Public Law 92-261);
- j. Title VIII of the Civil Rights Act of 1968 (42 U.S.C. 3601-3619) and implementing regulations issued pursuant thereto (24 CFR Part 1);
- k. Section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u);
- l. Executive Orders 11625, 12432 and 12138. Consistent with HUD's responsibilities under these Orders, the SUBRECIPIENT must make efforts to encourage the use of minority and women's business enterprises in connection with ESG activities;
- m. SUBRECIPIENT shall establish and maintain a procedure through which homeless individuals will be informed that use of the facilities and services is available to all on a nondiscriminatory basis.
- n. SUBRECIPIENT agrees to abide by and include in any subcontracts to perform work under this Agreement, the following clause:

"During the performance of this Agreement SUBRECIPIENT and its subcontractors shall not unlawfully discriminate against any employee or applicant for employment because of race, religion, color, national origin, ancestry, physical handicap, medical condition, marital status, age (over 40) or sex. SUBRECIPIENT and subcontractors shall insure that the evaluation and treatment of their employees and applicants for employment are free of such discrimination. SUBRECIPIENT and subcontractors shall comply with the provisions of the Fair Employment and Housing Act (Government Code, Section 12900 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code, Section 12990, set forth in Chapter 5 of Division 4 of Title 2 of the California Administrative Code are incorporated into this Agreement by reference and made a part hereof as if set forth in full. SUBRECIPIENT and its subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement."
- o. During the term of this Agreement, SUBRECIPIENT and its subcontractors, if any, shall not deny the benefits rendered hereunder to any person on the basis of religion, color, ethnic group identification, sex, age, or physical or mental disability.

D. Application and Submission Information

Application Cycle for the 2017-2018 Program Year

The County will begin accepting applications for the 2017-2018 ESG cycle starting August 1, 2016. **ALL APPLICATIONS must be submitted through the ONLINE APPLICATION SYSTEM no later than 5:00 PM (PST) on October 28, 2016.**

Applicants must visit EDA’s website at www.rivcoeda.org to begin the application process. The website offers a brief tutorial to assist applicants in the use of the online application system including setting-up an Online User Profile which is required to use the system.

The County will only accept ESG applications from 501 (c) (3) non-profit corporation, as well as governmental and Tribal entities.

1. Questions and Technical Assistance

For information or questions regarding the County’s ESG program or the ESG application cycle, please contact Elizabeth Dearen at edearen@rivcoeda.org or 951-955-8916. For questions or assistance with the online application system, please contact Susana Orozco at sorozco@rivcoeda.org or 951-955-8916.

Individuals with hearing or speech disabilities may contact the CDBG program staff by utilizing the California Relay Service (711).

2. Paper Application Submittals

Because the County does provide technical assistance to organizations wishing to submit ESG applications through the Online Application System, it is unlikely that prospective applicants will not be able to effectively use the system. However, the County will consider requests to receive and submit paper copies of the 2017-2018 ESG application for those applicants that can document the need for a paper application.

Requests for paper applications can be submitted to:

Elizabeth Dearen, Program Manager
3403 Tenth Street, Suite 400
Riverside, CA 92501
(951) 955-8916
(951) 955-9505 FAX
edearen@rivcoeda.org

Online Application System:

Applicants for the County’s 2017-2018 ESG application must use the Online Application System which can be accessed at www.rivcoeda.org. All forms necessary to submit an application are available on line with the exception of the documents required to be uploaded by the applicant (e.g., bylaws, authorizations, back up information, etc.).

The ESG application consists of eleven (11) primary sections:

Applicant Profile	General Information
Organizational History	Project Activity
Residential Service Section	Financial Information (Budget)

Leveraging – Matching Funds Fiscal Year Projected Budget
Proposal Narrative Application Certification and Authorization
Attachments (upload)

Applicants are limited to the space available for each required response in the application. Applicants can upload additional supporting documentation, including third party verifications, if desired.

Please Note: because the application is submitted online, the applicant must certify that he or she has been authorized to submit the application on behalf of the organization applying for ESG funds. This electronic certification **MUST** be accompanied by a minute order, resolution, or other official authorization to submit the application.

Additional Information:

Successful applicants may be required to submit additional documentation to the County, prior to the receipt of their ESG grant award. This documentation may include evidence or documentation related to:

- Liability Insurance
- Workmen’s Compensation Insurance
- Legible copy of current IRS letter indicating 501(c) (3) status
- Current Board roster, names, addresses, telephone numbers, and professions or organizations represented
- Organizational chart listing all staff names, positions, and job descriptions
- Include your agency shelter policy statement, sign-in sheet, and intake form
- Copies of Agreements, letters and/or MOUs for all off-site essential services provided
- Documentation of commitment for ESGP matching funds (e.g. award/commitment letters, etc.)
- Organization’s most recent fiscal report
- Most current annual audit and most recent Single Audit in accordance with 2 CFR Part 200.500 (formerly A-133), if applicable, including any exceptions
- Incorporation Documents

3. Dun and Bradstreet Data Universal Number System (DUNS) and System for Award Management (SAM)

Pursuant to Federal regulations, all applicants for ESG funds must comply with the following requirements **prior to submitting** their ESG application to the County for the 2017-2018 program years:

1. Be registered in the System for Award Management (SAM) system;
2. Provide a valid DUNS number in the application; and
3. Must maintain an active SAM registration, with current information, at all times during the performance period of the ESG grant.

The County will not make any ESG grant awards to any organization or government entity that fails to comply with the SAM and DUNS requirements.

System for Award Management (SAM):

The System for Award Management (SAM) is combining federal procurement systems and the Catalog of Federal Domestic Assistance into one new system. This consolidation is being done in phases. The first phase of SAM includes the functionality from the following systems:

1. Central Contractor Registry (CCR)
2. Federal Agency Registry
3. Excluded Parties List (EPLS)
4. Online Representations and Certifications Application

How does SAM benefit organizations? The overarching benefits of SAM include streamlined and integrated processes, elimination of data redundancies, and reduced costs while providing improved capability.

<https://www.sam.gov/portal/SAM/#1>

Data Universal Number System (DUNS):

The Federal government requires all applicants for Federal grants have a DUNS number. The Federal government uses the DUNS number to better identify related organizations that are receiving funding under Federal grants and to provide consistent name and address data for electronic grant application systems.

If you do not already have a DUNS number, contact Dun and Bradstreet toll free at 1-866-705-5711.

4. Application Submission Date and Time

The County of Riverside utilizes an Online Application System for the 2017-2018 ESG grant applications. All applications must be submitted through the online system unless an applicant has been previously authorized by the County to submit a paper application.

ALL online applications MUST be completely submitted through the Online Application System no later than 5:00 PM (PST) on Friday, October 28, 2016.

All pre-authorized paper applications must be delivered to the County by either method listed below:

- I. **Postmarked no later than Friday , October 28, 2016, and addressed to:**
Riverside County EDA
ATTN: ESG Program
3403 10th Street, Suite 400
Riverside, CA 92501

II. Delivered to the County, no later than 5:00 PM (PST) at the following address:

Riverside County EDA
ATTN: ESG Program
3403 10th Street, Suite 400
Riverside, CA 92501

ESG applications for the 2017-2018 program years that are received after the deadline date and time, whether submitted through the Online Applications System or delivered to the County, will not be accepted.

Applicants submitting their applications through the Online Application System will receive an electronic receipt at the time of submission. Applicant submitting a paper application in person or through a third-party courier can request a receipt at the time of delivery.

5. Intergovernmental Review

Applications submitted under the County's Urban County ESG program are not subject to intergovernmental review pursuant to Executive Order 12372.

6. Funding Restrictions

Federal awards will not allow reimbursement of pre-Federal award cost.

7. Other Submission Requirements

Not applicable

E. APPLICATION REVIEW INFORMATION

The County of Riverside uses a Priority Evaluation and Project Rating System for all ESG proposals. As part of the review and evaluation process, EDA staff will review and evaluate all proposals utilizing the following checklist:

I. ACTIVITY EVALUATION:

Does the activity address an established need?

Is the proposed activity eligible (24 CFR 576.101-104) under the ESG program?

Does the proposed activity meet one or more of the six (6) activities?

- Engage homeless individuals and families living on the street;
- Improve the number and quality of emergency shelters for homeless individuals and families;
- Help operate these shelters;
- Provide essential services to shelter residents;
- Rapidly re-house homeless individuals and families; and
- Prevent families and individuals from becoming homeless

Has the applicant provided sufficient explanation concerning their ability to adequately and accurately document the benefit to low and moderate income persons?

Can the project be implemented and completed within a reasonable amount of time (County policy is (1) one year)?

Has the applicant identified all the major tasks or components that will be required in carrying out the activity? Are there any potential issues or concerns?

Has the applicant provided a reasonable estimate of the resources necessary for each component of the project, and has it developed a realistic budget that reflects these resources? Are other sources of funds (leveraging) committed to this project?

Is the proposed budget for the ESG-funded activity separate from other activities undertaken by the applicant?

II. APPLICANT (ORGANIZATIONAL) EVALUATION

Has the applicant ever undertaken the proposed activity before? What were the results?

Does the applicant have experience with ESG or other Federal programs? Has the applicant conducted a Single Audit (formerly OMB Circular A-133) within the last two years?

Do the applicant and prospective staff understand the additional requirements associated with Federal funding?

Does the applicant have qualified staff for all the necessary functions associated with the proposed activity? Is there adequate staff time available?

Does the applicant possess adequate administrative structures, management systems, and policies & procedures?

Does the applicant possess adequate financial stability? Will the applicant be overly dependent upon ESG funding?

III. ELIGIBLE ACTIVITIES

Applicants should refer to HUD regulations found at 24 CFR Part 576.101-104 regarding eligible uses of ESG funding. Participation use is required in HMIS database or a comparable database if the sub-recipient is a victim services or a legal services provider. Comparable database must be able to collect client-level data over time and generate unduplicated aggregate reports based on the data. In addition, record sharing is required.

IV. MINIMUM ACTIVITY FUNDING LEVEL

In an effort to ensure effective, efficient, and appropriate allocation and use of ESG funds, the County may reject any proposed ESG activity in an amount less than \$10,000.

V. LEVERAGE/MATCHING FUNDS

Recipient must make matching contributions to supplement the recipient's ESG program in an amount that equals the amount of ESG funds provided by HUD.

Matching contributions may be obtained from any eligible source, including any Federal source other than the ESG program, as well as state, local, and private sources. Additional requirements apply to matching contributions from a Federal source of funds.

Matching contributions must be provided after the date that HUD signs the grant agreement. Eligible applicants are units of general local government and private non-profit organizations. Because of the limited amount of public funds available, applicants are required to have proof of matching funds. Applicants are also encouraged to create linkages with other organizations that will insure comprehensive supportive services for the homeless who are sheltered and/or receiving services.

VI. APPLICATION RATING

Each complete ESG application is rated by ESG program staff to determine if the proposal meets the minimum score rating. The County uses a 200 point rating system with four (4) rating criteria with a minimum rating score of at least 100 points. The rating criteria are:

- Quality of Program Design/ four sub-criteria (40 points)

- Service Priority of Needs / four sub-criteria (60 points)
- HMIS /Comparable database Reporting/four sub-criteria (40 points)
- Participation and Leveraging /five sub-criteria (60 points)

There are three (3) threshold sub-criteria that all applications must receive at least five (5) points each, or the proposal will not be funded:

- Does the proposed program/project comply with the overall regulations, goals and objective of CoC and ESG? Is Project in Alignment with CoC Priorities?
- Applicant complies with HMIS policy and procedures?
- Match Requirement (Dollar-for-Dollar) Will the proposed activity leverage meet project budget?

In addition, the Continuum of Care provides recommendations through a priority evaluation ranking document identifying priorities of need in the county based on the Housing Inventory Count (HIC) and Point-in-Time Count.

VII. APPLICATION REVIEW AND SELECTION PROCESS

For the County’s allocation, each ESG application is received, reviewed, evaluated, and rated. ESG program staff and EDA management then meet with the individual District Supervisors for their ESG funding decisions. EDA staff will provide background information on each proposals, answer questions, and provide funding recommendations if requested.

F. ANTICIPATED ANNOUNCEMENT, AWARD DATE, AND NOTICE

1. FEDERAL AWARD NOTICE

The Board of Supervisors for the County of Riverside will approve all final ESG funding decisions for the County’s 2017-2018 ESG allocation. This is anticipated to occur in early May 2017 during a regular meeting of the Board of Supervisors when the Board approves the 2017-2018 One Year Action Plan.

After the approval date, applicants will be notified by mail of the Boards funding decisions. The One Year Action Plan is then submitted to the U.S. Department of Housing and Urban Development (HUD) for review and approval.

Those applicants that have been approved for ESG funding will be notified by mail. The letter will clearly indicate the amount of their award, and that this is not a notification to proceed or to incur costs. The letter will inform the successful applicants that a sub recipient agreement will be prepared and forwarded to them in the near future with further instructions.

2. ADMINISTRATIVE AND NATIONAL POLICY REQUIREMENTS

All ESG awards made by the County and the cooperating cities will be in the form of a grant, excluding projects funded under economic development. Sub recipients will be required to execute an approved sub recipient agreement with the County. Non-profit organizations, non-County governmental entities, and Tribal organizations will be required to execute an “ESG Agreement” with the County. A copy of the template of the ESG Agreement is available upon request to EDA.

POST AWARD REPORTING REQUIREMENTS

To ensure compliance with the ESG program requirements, all sub recipients of ESG funds will be required to comply with the applicable ESG reporting requirements. The type, amount, frequency, format (paper or electronic), and detail of the reporting requirements depends upon the specific use of the ESG funds and HMIS requirements. All specific reporting requirements will be stated in the sub recipient agreement.

Condado de Riverside Reuniones de Participación Comunitaria (24 CFR Parte 91.105 y 91.220)

El Condado de Riverside está iniciando los ciclos de financiación para la Subvención en Bloque para el Desarrollo Comunitario 2017-2018 Community Development Block Grant (CDBG), Subvención de Soluciones de Emergencia Emergency Solutions Grant (ESG), y el Programa de Asociación para la Inversión de Viviendas Home Investment Partnership Program (HIP). Uno de los requisitos de estos programas financiados por el gobierno federal es la participación de los residentes, proveedores de servicios, y otras instituciones y organizaciones interesadas para identificar la comunidad, la vivienda y las necesidades sociales en las comunidades de bajos y moderados ingresos. Para fomentar la participación, el Condado llevará a cabo la realización de varias sesiones de participación comunitaria en las áreas de implementación seleccionadas del Condado.

AP-12 Participation – (Appendix D) Citizen Participation Outreach Results

Mode of Outreach - Memorandum of Participation

The County attempted to invite and consult with many agency types involved in housing, homelessness, community development, and economic development.

Eight (8) Participation and Assistance Memorandum Requests were sent to other County agencies/departments and twenty (20) were sent to previous CPD applicants and non-profit agencies.

The following eight (8) agencies submitted a brief summary of current goals, objectives, and effectiveness of the services and/or programs provided by their organizations, available resources, and current plans, all that address the needs of the County's CPD program targeted populations.

1. **Riverside University Health System – Public Health**, continues to actively re-assess and formulate expanded or new initiatives on an annual basis to promote and protect the health of all County residents and visitors in service of the wellbeing of the community.
2. **Habitat for Humanity- Inland Valley (IV)** provides both major and minor home repair for low-to moderate-income families, seniors, and veterans to help keep homes affordable and secure. Although a single home repair for a resident may not completely resolve housing affordability for this population of struggling residents, Habitat IV does believe that in coordination with other County services and agencies they can work together to help stabilize residents and position them to become financial stable and independent. For some residents, like fixed-income seniors, repairs can be provided to help them remain independent while ensuring a safe and healthy living environment.
3. **Martha's Village and Kitchen** is one of Coachella Valley's largest provider of housing and supportive services for homeless and impoverished community members. Their mission is to help neighbors in need, break the cycle of homelessness and poverty, by promoting self-sufficiency through an innovative continuum of care, multi-disciplinary programs, and partnerships that come together in to teach, learn from, and challenge their neighbors and one another.
4. **Riverside County Office on Aging** addresses issues that relate to older Californians; to develop community-based systems of care that provide services which support independence within California's interdependent society, and which protect the quality of life of older persons and persons with functional impairments; and to promote citizen involvement in the planning and delivery of services.
5. **Voices for Children (VFC)** uses an Advocacy Supervisor model in which staff members with expertise in child welfare and volunteer management are matched with CASAs to help them navigate the system and collaborate with them on their case. California law allows the Juvenile Court to designate

one organization per county as its official CASA Program. This designated CASA program gives volunteer advocates the legal authorization to investigate an abused and/or neglected child's circumstances, develop a relationship with the child, and make best interest recommendations to the Juvenile Court. In November 2014, the Board of Directors of Voices for Children made the decision to launch this initiative in Riverside County. As of January 2015, Voices for Children, entered into an agreement with the Superior Court of California, Riverside County, to recruit and train CASAs and provide services to foster children in Riverside County. Voices for Children will oversee the CASA program in Riverside County, recruiting, training, and supervising volunteers who advocate and speak up for abused and neglected children living in Riverside County's foster care system. VFC's CASA program in Riverside County served 140 children with 113 specially trained CASAs during FY2015-2016. During FY2016-2017, our goal is to serve 100 more children with the individualized advocacy of a CASA. By FY18, the agency hopes to serve 350 children.

6. **The Fair Housing Council of Riverside County, Inc. (FHCRC)** provides comprehensive services which affirmatively address and promote fair housing rights and further housing opportunities for all persons without discriminating. Individuals and households are provided comprehensive educational and counseling services in seven areas: testing; referral and enforcement; partnership; education; outreach; fair housing and landlord/tenant counseling and; homebuyer education/foreclosure prevention/financial education. FHCRC's efforts in education, outreach, counseling and enforcement of these housing matters have contributed to the decrease of housing discrimination and the promotion of fair housing education and choices. "Fair Housing Council Report 2013 - A Perspective from Riverside County" available by request.
7. **Economic Development Riverside County**, is a collaborative partnership between the County's Economic Development Agency, its 28 cities, and several regional Economic Development Corporations for the purpose of implementing business-friendly attraction and retention programs. The partnership is called Team Riverside County (TRC). Collaboration and leveraging financial and human resources are the cornerstone principles guiding the program. TRC's main objectives are to promote Riverside County's business opportunities to national and international markets, develop effective networks within industry sectors, and business and entrepreneurial capacity building.
8. **Riverside County Workforce Development Board (WDB)** The Workforce Development Division, in partnership with the WDB, strategy and plan are designed to provide direction for prioritizing future initiatives, allocating limited resources, and focusing efforts on services that are relevant to business and industry, to individuals, and to the community. The Riverside County Workforce Development Center (WDC) is funded by the U.S. Department of Labor to provide employment and training services to low income adults, dislocated workers, and youth.

Assistant County Executive Officer/EDA

TO: Name
Title

FROM: John Thurman, EDA Development Manager – CDBG/ESG Programs

DATE: January 6, 2017

SUBJECT: Consultation Request - 2017-18 One Year Action Plan for HUD CPD Funding

The County of Riverside Economic Development Agency (EDA) is in the process of preparing the 2017-18 One Year Action Plan (OYAP) of the 2014-2019 Consolidated Plan (CP), a requirement by the U.S. Department of Housing and Urban Development (HUD) as a condition of receiving Community Planning and Development (CPD) funding. The specific programs are the Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), and Home Investment Partnership Act (HOME).

Preparation of the OYAP is intended to be a comprehensive and collaborative process; therefore, the EDA is seeking input and participation from other County agencies/departments and subrecipients in the development of the County's 2017-18 OYAP. A primary requirement for the County is to consult with other stakeholders to assess current community, social, and economic development services and programs provided to the targeted population. Subsequently, the 2017-18 Action Plan will identify opportunities, strategies, both Federal and non-Federal resources, and other efforts that address the needs and challenges impacting the targeted populations.

Targeted Population

The County's Urban County Program includes all of the unincorporated areas as well as fourteen (14) participating cities and one (1) Metro City. The CPD funds are intended to benefit targeted population groups within the County, including economically-disadvantaged low-income persons and families as well as persons living in predominantly low-income areas.

HUD considers households with incomes below 80% MHI as "low-income." The low-income population also includes: seniors, homeless persons, victims of domestic violence, severely disabled adults, migrant farm workers, illiterate adults, and persons living with HIV/AIDS. Low-income areas are defined by HUD as communities where at least 51% of the residents have incomes below 80% MHI.

Consolidated Planning Process

This is where the assistance and participation of your agency or department is necessary. To complete preparation of the 2017-18 OYAP, we are requesting the following:

1. Provide a brief summary of current goals, objectives, and effectiveness of the services and/or programs provided by your organization that are currently addressing the needs of the targeted populations;
2. Provide electronic copies of any reports, plans, or other pertinent strategies approved or adopted by your agency that address the needs of the targeted population (if available online, please provide the link); and
3. Identify your specific resources (e.g., Federal/State grants) directed toward the Targeted Populations.

A summary of the information that you provide will be incorporated into the 2017-18 OYAP. If you responded to this request last year and the information you provided is still valid, please confirm that we can apply it again this year to our 2017-18 OYAP.

Please Note: your agency or department's participation in the development of the 2017-18 OYAP in no way obligates or commits any funding or other resources from you, and conversely, does not imply any CPD funding will be made available to your agency.

Please provide this information to EDA no later than [April 4, 2017](#). We are more than willing to pick the information up from you, or it can be delivered to EDA as follows:

Email: mviafora@rivcoeda.org

FAX: 951-955-9505

County Stop #: 1330

Mailing address: 3404 Tenth Street, Suite 400, Riverside, CA 92501

Should you have any questions or need assistance in responding to our request, please do not hesitate to contact my office at 951-955-8916 / jthurman@rivcoeda.org, or Mary Viafora at 951-955-8916 / mviafora@rivcoeda.org.

Riverside University Health System – Public Health (RUHS - Public Health) Strategic Plan 2016-2020

http://www.rivcoph.org/Portals/0/DOPH_Strategic_Plan_2016-2020_FINAL.pdf

The RUHS-Public Health Strategic Plan was approved late 2016 and an action plan with an evaluation is currently underway.

Priority Area 1: Creating Healthy Communities

Goal 1.2: Ensure access to clean air and water, healthy food, and housing

Objective 1.2.1 Improve air quality

Strategies:

1. Engage in county and city efforts to improve the air quality, transportation and development initiatives.

Objective 1.2.2 Increase access to healthy food and clean drinking water

Strategies:

1. Increase engagement with cities, public institutions, businesses, and community-based organizations to increase access to and demand for healthy food and beverage options.
2. Implement media and other public education efforts to promote increased fruit and vegetable consumption, increased tap water consumption, reduced consumption of beverages with added sugar, reduced salt intake, and reduced food and beverage portion sizes.
3. Develop strategies to increase participation in the Supplemental Nutrition Program for Women, Infants and Children (WIC) and Supplemental Nutrition Assistance Program (SNAP) and increase healthy food and beverage purchases

- among WIC and SNAP participants, including incentives for purchasing fresh produce.
4. Expand city and county healthy eating policies to increase access to healthy food and beverages.
 5. Increase the amount of healthy foods offered by retail markets, by 5 or more items, in Communities of Excellence (CX3) neighborhoods served by the Nutrition Education and Obesity Prevention Program (NEOP).
 6. Explore the possibility of starting a WasteNot food program to end hunger and food waste in Riverside County.

Objective 1.2.3 Increase availability of safe and affordable housing

Strategies:

1. Collaborate with key stakeholders to increase housing quality and safety (child proofing; environmental hazards; second- and third-hand smoke; fire safety, etc.).
2. Develop and implement a safe and healthy housing education, awareness, and communications plan targeting other County Departments and community partners.

Objective 1.2.4 Reduce homelessness

Strategies:

1. Work with housing/homeless providers to identify individuals who may qualify for additional services through Medi-Cal or other health funding sources.
2. Partner with DPSS, Behavioral Health and CBOs to target people at risk for homelessness.

Priority Area 2: Promoting Healthy Behaviors

Goal 2.1: Reduce obesity-related chronic disease

Objective 2.1.1 Reduce childhood and adolescent obesity

Strategies:

1. Implement policies and practices to improve nutrition and physical activity in schools and child care settings.
2. Increase the proportion of children and adolescents eating the recommended amount of fruits and vegetables a day.
3. Develop school-based educational programs with community partners that address chronic diseases among young people, focusing on illnesses caused by obesity.

4. Promote healthy eating and physical activity in all Riverside County schools.

Objective 2.1.2 Reduce adult obesity

Strategies:

1. Increase the proportion of adults eating the recommended amount of fruits and vegetables a day.
2. Expand physical education activities at senior/community centers.
3. Expand access to physical activity in communities with the highest rates of obesity and the least access to safe and affordable physical activity opportunities.

Goal 2.2: Reduce the use of tobacco, alcohol, and drugs

Objective 2.2.2 Reduce use of illicit/street drugs

Strategies:

1. Implement and evaluate evidence-based prevention services that respond to locally identified drug problems.
2. Partner with Behavioral Health and other partners to develop a sobering/transition system that better aligns treatment to patient need and reduces the impact on traditional EMS, hospital, health and public safety partners.
3. Assist cities and communities with adopting evidence-based strategies to reduce youth access and availability to alcohol and other drugs, and minimize the related health and social consequences.

Objective 2.2.3 Reduce smoking and tobacco use

Strategies:

1. Expand city and county tobacco-free policies to reduce exposure to second and third-hand smoke and increase access to cessation/treatment.
2. Assist cities with adopting evidence-based strategies to reduce exposure to secondhand smoke in multi-unit housing and outdoor areas.
3. Engage with cities and unincorporated areas to reduce youth access to tobacco and e-cigarette/vaping products.
4. Work with businesses to reduce employee exposure to secondhand smoke and increase access to and utilization of effective tobacco cessation services.
5. Implement communication campaigns to increase utilization of effective tobacco cessation services.
6. Work with health care organizations to adopt and implement a standard protocol for tobacco use screening and referral to cessation services.

7. Engage with school districts, schools and teachers to provide tobacco-use and vaping prevention education and cessation resources at schools with high rates of tobacco use.

Priority Area 3: Connecting and Investing in People

Goal 3.2: Improve health outcomes and health equity, and create commitment to addressing social determinants of health

Objective 3.2.1 Create a local health policy agenda to prioritize and address key health inequities.

Strategies:

1. Build community understanding of how policies, practices and programs affect health equity.
2. Engage key partners in addressing social determinants of health.
3. Build alliances with other governmental and non-governmental agencies to develop policy solutions that address health equity and the social determinants of health.
4. Build alliances with other governmental and non-governmental agencies to develop policy solutions that address digital inclusion to ensure low income families have the resources to take advantage of new technologies to assist in improving education, communication and quality of life.

Goal 3.3: Leverage and strengthen innovative collaborations

Objective 3.3.1 Increase public/private partnerships

Strategies:

1. Maximize opportunities, amongst the public health workforce, to build positive, sustainable partnerships with community organizations and residents.
2. Partner with public and private sector organizations to achieve policy, systems and environmental changes to promote health where people live, learn, work and play.

Objective 3.3.2 Improve availability and accessibility of community resources

Strategies:

1. Increase external stakeholder and partner awareness by providing information on social environment indicators and their relation to health at the individual and community levels.

2. Develop and implement a community partner outreach plan that identifies public health leaders actively participating with existing coalitions and workgroups.

**Summary Response from Habitat for Humanity Inland Valley for
The County of Riverside Economic Development Agency
2017/2018 One Year Action Plan of the 2014-2019 Consolidated Plan
April 4, 2017**

Summary of current goals, objectives & effectiveness

Habitat for Humanity Inland Valley (Habitat IV) provides Critical Home Repairs and the A Brush with Kindness (ABWK) home maintenance program to low-income residents within southwestern Riverside County. While we provide services throughout the region, we currently utilize County of Riverside CDBG funds in Districts 1, 3 and 5 as well as in Lake Elsinore and Canyon Lake.

Through these programs, we provide both critical and minor home repair and maintenance services helping keep homes affordable and families, seniors, and veterans secure. These repairs lessen the financial impact that unexpected, or needed repairs and maintenance, takes on the household resources to keep homes affordable.

We understand that a single home repair for a resident will not completely resolve housing affordability for this population of struggling residents. However, we do believe that in coordination with other County services and agencies, that we can work together to help stabilize residents and position them to become financial stable and independent. For some residents, like fixed-income seniors, we can provide repairs to help them remain independent while ensuring a safe and healthy living environment.

Reports or strategies that address the needs of targeted population

Habitat IV is based in Temecula which has a relatively low poverty rate at 7% which is significantly lower than the state average. While based in Temecula, and serving the needs of those struggling with housing affordability, we also serve areas with significantly higher poverty rates. Our service area includes Lake Elsinore, Menifee, Murrieta, Temecula, Wildomar and Perris with a total population of 481,599. Within this region, poverty rates skyrocket over 25% in some areas demonstrating a large population of residents in desperate need for affordable housing to stay secure, safe and successful. For over 60,000 individuals within our region who struggle with poverty, affordable housing is one of the most difficult challenges they face.

Based on HUD income limits for a family of 4 with an annual income of \$24,250, a healthy and affordable housing budget (31%) is \$626/mo. Unfortunately, based on the median home prices in the area and median rents ranging between \$1,254 -\$1,589, housing costs can easily represent 60-75% of income. Habitat IV exists to ensure that affordable housing is available. Our programs are designed with the goal of creating, protecting or preserving affordable housing. On the following page you can find a report covering our fiscal year 2015-2016 detailing program services and volunteer hours. Note that in 15/16 Habitat IV provided 117 repairs (some major and some minor) to residents within our region.

Specific resources directed towards targeted population

Habitat IV utilizes CDBG funding to support the Critical Home Repair program in the County of Riverside in Districts 1, 3 and 5 and the cities of Lake Elsinore and Canyon Lake. CDBG funds directly from Temecula and Menifee are utilized to support both Critical Home Repairs and ABWK home maintenance programs within those cities. Our affiliate has also secured grants to support this effort from the Home Depot Foundation, Harrahs, San Manuel, the Community Foundation and United Way. In addition, our program is supported by revenue from our ReStore retail storefront, fundraising efforts and individual and business donations.

Martha's Village and Kitchen, Inc. 2017-2018 OYAP

1. Provide a brief summary of current goals, objectives, and effectiveness of the services and/or programs provided by your organization that are currently addressing the needs of the targeted populations.

Agency History and Mission

As the first and only resource of its kind in the region, Martha's has been an oasis of hope for the homeless and impoverished families and individuals in the Coachella Valley for more than 27 years. In 1990, Martha's began serving hot meals once a week in a small kitchen in the City of Indio. The need for our services grew quickly, and a call for volunteers went out. In response, caring community members came forward and began assisting in meal preparation and food service.

In 2001, recognizing the diverse needs of our region's homeless and impoverished individuals and families, Martha's opened its beautiful 120-bed facility. Today, Martha's Village and Kitchen is one of Coachella Valley's largest provider of housing and supportive services for homeless and impoverished community members. ***Our mission is to help our neighbors in need break the cycle of homelessness and poverty by promoting self-sufficiency through an innovative continuum of care, multi-disciplinary programs, and partnerships that come together in the spirit of our CREED (Compassion, Respect, Empathy, Empowerment, Dignity) to teach, learn from, and challenge our neighbors and one another.***

In addition to providing our neighbors in need with basic necessities such as food and housing, our services address and counteract the underlying causes of our clients' homelessness: residential instability, inadequate health care, mental illness, drug addiction and the difficulty of finding work that pays a livable wage. ***In 2016, we served more than 6,200 homeless and impoverished community members living in the Coachella Valley.***

Local Need

Poverty and hunger are serious concerns in Riverside County. According to the most recently completed Regional Task Force on the Homeless Point-In-Time Count, there are approximately 2,165 homeless individuals in Riverside County on any given night. In the U.S. Census Bureau's most recent Community Survey, it was reported that 17.1% of Riverside County residents live below the Federal Poverty Level. This percentage jumps significantly when examining poverty rates of the cities of Coachella (31.5%) and Indio (22.3%), the areas served by Martha's. The need for extraordinary levels of support in these areas is furthered evidenced by the 9.6% unemployment rate in Coachella and 6.7% in Indio. Because Martha's addresses the underlying causes of clients' homelessness, such as residential instability, poverty and unemployment, the need for our services is critical in our community. By providing residents with safe and secure housing, as well as the employment services necessary to successfully reenter the workforce, Martha's prepares the individuals it serves for lasting self-sufficiency.

Programs and Services

Homelessness poses significant challenges for those striving to regain their self-sufficiency. In addition to food, clothing and shelter, homeless individuals and families need a stable environment that promotes employment, health, education and recovery. The targeted services provided by Martha's meet these urgent needs and address the underlying causes of homelessness to make a life-saving and life-changing impact. Unlike any other organization in the region in size and scope, we provide homeless and impoverished individuals and families with the following services:

- **Transitional Housing:** Our 120-bed residential facility offers 95 beds for homeless families and 25 beds for homeless single adults. Residents of Martha's have access to a comprehensive suite of supportive services designed to help them exit our program to permanent housing of their own.
- **Employment Services:** Our highly qualified staff provides job preparation, adult education, career development and job placement assistance. To prepare residents for successful employment, we offer GED classes, educational and motivational workshops, computer instruction, English as a Second Language courses, basic computer skills training, and referrals for community college and trade schools.
- **Food Services Program:** We provide three meals a day to residents of our transitional housing facility and a hot lunch to community members in need.
- **Case Management:** Through individualized case plans, counseling and information and referral services, we strive to support residents, so that they successfully exit Martha's with permanent housing and income.
- **Children's Services:** Our licensed children's program provides free, high-quality childcare year-round, as well as a variety of parenting resources, such as workshops, seminars and a resource library.
- **Recovery Services:** A range of group and individual services are available to address drug, alcohol and gambling addictions.
- **Emergency Assistance:** We provide low-income community members with rental assistance, transportation assistance, food baskets, clothing vouchers and infant supplies.
- **Integrated Health Care:** The onsite state-licensed medical clinic operated by our partner, Clinicas de Salud del Pueblo, provides free and sliding scale preventive, primary and psychiatric care to Martha's residents and our neighbors in need.

Goals, Objectives, and Effectiveness

The services provided by Martha's are unmatched by any agency in the region in terms of size and scope. We are proud to be a vital part of our region's safety net, serving more than 6,000 individuals each year. By providing Transitional Housing, Employment Services and a full spectrum of supportive services designed to help clients overcome barriers to independent living, Martha's offers our neighbors in need the opportunity to regain self-sufficiency through permanent housing and stable income. In 2016, Martha's:

- Served 432 men, women and children in our Transitional Housing program.
- Provided Employment Services to 89 unemployed adult Transitional Housing residents.
- Provided nearly 200,000 well-balanced meals for residents and community members in need.

In 2016, with the continued support of our community partners, we plan to:

- Provide Transitional Housing to more than 350 homeless and impoverished men, women and children.

- Serve approximately 200,000 meals to homeless residents of Martha's and community members in need.
- Empower 85% of individuals exiting our program to move to permanent or more stable housing.
- Empower 80% of residents participating in our adult education classes to improve their academic performance as evidenced by Test of Adult Basic Education scores, or by attainment of a high school diploma or GED.

Conclusion

The programs offered by Martha's are made possible only through an extensive network of dedicated community partners like the Riverside County Economic Development Agency. We are extremely grateful for this opportunity to once again share this information and appreciate your work in strengthening our community.

REG: Consultation Request – 2017-18 One Year Action Plan HUD CPD Funding

Dear Mr. Thurman,

Please find the information requested regarding your Consultation Request for 2017-18 One Year Action Plan for HUD CPD Funding. Please see specific responses below:

A. Provide a brief summary of current goals, objectives and effectiveness of the services and/or programs provided by your organization that are currently addressing the needs of the targeted populations.

The 2016-2020 Riverside County Area Plan on Aging developed by the Office on Aging includes four goals and many objectives and sub-objectives that address the needs of low income and senior populations (Pp. 89-109).

1. ***Goal I: “Access is Key”: Enhancing Local and Community Based Services.***
Develop programs and participate in efforts that provide opportunities for older adults, persons with disabilities and target populations to access local and community based services; Advocate for policies and legislation, and coordinate with community partners to address systemic issues affecting older adults and persons with disabilities such as transportation and affordable housing. Specific objectives include,
 - a. Provide leadership and expertise to the Riverside County aging network and other key stakeholders to improve the coordination and access to services.
 - b. Explore funding opportunities for community-based initiatives and programs that expand existing services and develop future services.
 - c. Actively participate in organizations, committees, and networks that are advocating for program and policy changes that improve the lives of older adults and persons with disabilities.
 - d. Advocate for and develop new policies, procedures, programs and initiatives that improve access to community based services for targeted populations, such as low income older adults and minorities, LGBT individuals, limited English speakers, and those residing in rural areas.

2. ***Goal II: “Be Strong, Live Long”: Campaign for Health and Wellness.***
Empower older adults and those with disabilities to improve their health and quality of life through community-based activities and initiatives that focus on preventative services, health and wellness, chronic disease self-management, behavioral health, social activation and engagement, employment, nutrition, and lifelong learning. Specific objectives include,
 - a. Provide information and education to encourage and promote healthy aging.
 - b. Coordinate and collaborate with private and public organizations to promote all aspects of healthy and independent aging.
 - c. Provide programming that supports health and wellness initiatives and increases opportunities for the older adult population to remain active and social.
 - d. Advocate for an older adult’s right to positive and healthy aging.

3. ***Goal III: “Aging on Your Terms”: Independence, Person-Centered Care and Caregiving***
Provide options for long-term services and supports (LTSS) and focus on disaster preparedness and elder justice issues, which allow older adults and persons with disabilities to preserve their independence and remain in their homes and communities for as long as possible; Provide essential support services, education and respite to caregivers; Advocate for caregivers, including grandparents raising grandchildren, who are a vital source for long term care and family and community stability. Specific objectives include,
 - a. Improve and enhance the quality of life for older adults and persons with disabilities through caregiver support and improved access to services.
 - b. Educate and empower older adults, persons with disabilities, and family caregivers to make informed decisions about managing existing health concerns, long-term care options and end of life preparation.
 - c. Advocate for family caregivers including grandparents raising grandchildren, to increase support from county agencies and community organizations.

4. ***Goal IV: “Working Beyond Partnerships”: Developing True System Integration***
Work with existing and new community-based partners to strengthen infrastructure and service delivery system for older adults and persons with disabilities by increasing awareness, providing information and assistance and integrating access to services; Initiate or engage in collaborations and activities that increase the number of geriatric professionals and paraprofessionals in Riverside County and to educate

current providers about issues concerning older adults and persons with disabilities. Specific objectives include,

- a. Improve service delivery to older adults and persons with disabilities and their caregivers by strengthening Office on Aging's organizational structure and providing support, training and education to agency staff.
- b. Increase access to job opportunities and career paths that provide services to older adults and persons with disabilities to increase the number of geriatric professionals in Riverside County.
- c. Develop information and marketing strategies to increase awareness about programs and services for older adults and persons with disabilities.
- d. Improve the overall system of care by utilizing client and consumer feedback and evaluation in an effort to move beyond partnerships to true system integration.

B. Provide electronic copies of any reports, plans, or other pertinent strategies approved or adopted by your agency that address the needs of the targeted population (if available online, please provide the link).

- a. Riverside County Area Plan on Aging. Please see attached approved copy. http://www.rcaging.org/Portals/0/uploads/Publications/Area_Plan_2016-2020.pdf?ver=2017-03-22-084927-517
- b. Office on Aging 90 Day Report (May 2016) http://www.rcaging.org/Portals/0/uploads/Office_on_Aging_90_Day_Report.pdf?ver=2016-06-30-140604-687
- c. Office on Aging Public Hearing Presentation: Overview of Office on Aging (See attached PDF)
- d. Operational Strategic Plan (See attached PDF)

C. Identify your specific resources (e.g. federal/state grants) directed toward target populations.

The Riverside County Office on Aging relies heavily on funding through the Older Americans Act (OAA), to provide core services to the County's most frail and vulnerable older adults and persons with disabilities. The Office on Aging's budget is comprised of four revenue sources, including Federal (Older Americans Act) at 66%, State (Older Californians Act) at 14%, County Contributions (10%), and Donations and Other Local funding (10%) in FY 2015/16. Please see pages 11-17 of the Office on Aging 90 Day Report (attached) for more information.

The Need

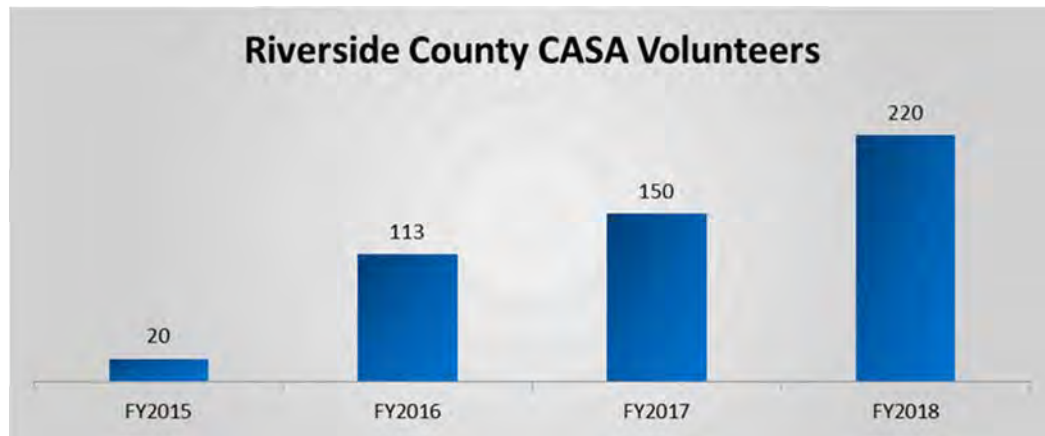

Every child should live free from harm, but sadly, an estimated 5,500 Riverside County children spend time in the foster care system each year after experiencing abuse, neglect, or abandonment by the very people responsible for their care—their families. While our local foster care system is made up of many compassionate and dedicated professionals, the system is underfunded and overburdened. There simply are not enough resources to give every child the individual care and attention they need any deserve.

The Solution

Voices for Children (VFC) offers a solution. VFC transforms the lives of abused children by providing them with volunteer Court Appointed Special Advocates (CASAs). For 37 years in San Diego County, VFC has made a significant difference in the foster care crisis and in February 2015, the agency reestablished a new CASA program for Riverside County following the court termination of the contract previously held by another nonprofit agency. The decision to expand our operations to Riverside County came easily for VFC—we couldn’t allow the foster children there to be denied access to the life-changing advocacy that only a CASA can provide. In November 2014, the VFC Board of Directors voted to expand services, and by February 2015, work was underway to bring the successful VFC model of recruiting, training, and supervising CASAs to advocate on behalf of Riverside County foster children in Court and in the community.

The first class of Riverside CASA volunteers, comprised of 20 new and reinstated advocates, graduated on June 10, 2015. By September 30, 2015, VFC graduated 56 CASA volunteers from Advocate University, and of those, 52 advocates were actively serving 72 foster children, with four CASAs waiting to be assigned a case. As a result of the CASA program's early success in Riverside County, VFC's Board of Directors voted to renew the contract with the Judicial Council.

Our Impact in Riverside County

With a staff of one Program Manager and three Advocacy Supervisors, VFC's CASA program in Riverside County served 140 children with 113 specially trained CASAs during FY2015-2016. During FY2016-2017, our goal is to serve 100 more children with the individualized advocacy of a CASA. By FY18, the agency hopes to serve 350 children. While these service goals in the coming years are certainly ambitious, VFC is strategic in moving forward with steady, sustainable growth, and setting an appropriate pace to evolve structurally in order to prioritize the quality of our service provision for these children. VFC has launched a targeted marketing campaign aimed at CASA volunteer recruitment and is expanding its staff to include a full time Director of Training who will help to manage the influx of volunteer inquiries and increased attendance at CASA information sessions and training workshops. In addition, VFC plans to hire an additional Advocacy Supervisor in the near future to manage the advocacy work of 40-45 volunteer CASAs.

To determine growth projections, VFC carefully analyzes data through our sophisticated relational database, CASA Manager. The program stores a wide variety of information including number of new cases, each child's elapsed time in the system, factors for entering the system, details about the child's medical and psychological well-being, and reasons for a case closure – such as reunification, adoption, or guardianship. CASA Manager also holds information about each CASA volunteer, their training progress, notes from screening interviews, and case assignments. VFC analyzes the data in many ways, and uses it to plan programmatic changes and to set realistic service goals.

CASA Program Activities in Riverside County

Unlike foster care professionals who are inundated with cases, VFC's CASAs are dedicated to a single child or sibling group. For this reason, CASAs are able to devote the time to get to know their case child in depth, meet with all of the relevant stakeholders in their lives,

work with VFC's professional staff to design detailed case plans for them, and present reports to dependency court judges containing informed recommendations to secure the best outcomes for each child. A CASA's recommendations in Court can have a tremendous impact on a foster child's life by helping the judge to make important decisions regarding the child's education, medical care, specialized services, and permanent home placement.

VFC's CASA program contains several subcomponents, all designed to contribute to foster children's development, productivity, and wellbeing as they move through various life stages:

***Volunteer Recruitment:** VFC reaches out to the community to recruit CASA candidates using concerted diverse and extensive program of branding messages, collateral, social networking, and advertising. Through our volunteer recruitment efforts, VFC informs the community of the plight of abused and neglected children in Riverside County, and the need for ordinary citizens to step up to be CASAs.

*** Advocate University:** CASAs complete 35+ hours of training through VFC's Advocate University, offered in a combination of online and classroom presentations through evening and Saturday classes. Completion of training is celebrated by a VFC graduation ceremony in which CASAs are sworn in by a judge.

*** Foster Child Case Management:** With the counsel and support of their VFC Advocacy Supervisors, CASAs get to know their assigned foster children, find resources to help them, and develop case plans for their time in foster care. They also write extensive reports and appear in Court to help judges understand and implement what is best for the child.

*** Services to Infants & Toddlers:** The youngest foster children, ages newborn to five years, are the most needy and vulnerable children in the system. VFC assigns CASAs to these infants and toddlers in order to expedite "forever homes" where children can heal from the devastating impact of abuse.

*** Education:** The trauma of abuse and the chaos of frequent moves in foster care often wreak havoc on a child's education and can set them back four to six months in their progress. CASAs help ensure that students receive educational services. They meet with teachers and counselors to help reduce skill gaps, obtain IEPs, track down lost credits, and avoid school failure. Education and its path to employment are crucial to the future of foster children.

*** Transitional Age Youth (TAY) Program:** This program focuses on the needs of older foster youth, ages 16-21, to help prepare them for adulthood outside of the foster care system. CASAs help these young men and women with graduation requirements, college or job applications, budgeting, and other independent living skills crucial in order to avoid homelessness, unemployment and worse.

Voices for Children is grateful for the Community Development Block Grant funding from the County of Riverside, which has enabled us to provide life-changing advocacy services for the County's foster children in court, the classroom, and the community. Together, we can change the foster care experience for these abused and neglected children and help to create happier childhoods and brighter futures.

Re: Consultation Request -- 2016-17 One Year Action Plan for HUD CPD Funding

Dear Mr. Thurman:

This letter is in response to your request dated February 1, 2016 for information in preparation of your 2016-17 One Year Action Plan (OYAP) of the 2014-2019 Consolidated Plan as required by the U.S. Department of Housing and Urban Development. The following is the Fair Housing Council of Riverside County, Inc.'s response to your request.

1. *Provide a brief summary of current goals, objectives, and effectiveness of the services and/or programs provided by your organization that are currently addressing the needs of the targeted populations.*

The Fair Housing Council of Riverside County, Inc. ("FHCRC") strives to carry out the purpose of the Fair Housing Act through its mission to "Provide comprehensive services which affirmatively address and promote fair housing rights and further housing opportunities for all persons without regard to race, color, national origin, religion, sex, familial status, disability, ancestry, marital status or other arbitrary factors." FHCRC provides comprehensive educational and counseling services in seven areas. Each area aligns closely with HUD's goal of affirmatively furthering fair housing and other strategic goals:

1. Testing: FHCRC recruits, hires and trains testers to perform systemic investigations on housing rental, sales, and lending practices. The tests

are analyzed to detect possible instances and patterns in discrimination based on disability, race, national origin, and familial status.

2. Referral and Enforcement: FHCRC refers numerous housing discrimination complaints to HUD and DFEH per year for enforcement, mediation or conciliation. FHCRC also refers numerous complaints to private attorneys for litigation.

3. Partnership: FHCRC partners with various local agencies, community groups and organizations that reflect the communities served by FHCRC, including neighborhood groups (located in low and moderate income communities), advocacy groups, and social service groups. FHCRC uses these partnerships to promote fair housing services and to identify, address and remove discriminatory barriers to housing choices and to expand housing opportunities for residents of Riverside County.

4. Education: FHCRC conducts Fair Housing training to individuals and organizations in the community in an effort to provide a comprehensive understanding of Fair Housing laws, lending discrimination and predatory lending. Participants are taught how to identify and report housing discrimination. These educational sessions also serve as an outreach tool because participants routinely make referrals to FHCRC for services. FHCRC also provides information and education to project developers and builders on Universal Design and visitability standards in an effort to increase the supply of affordable housing for persons with disabilities and the elderly. Every year, FHCRC hosts its annual Housing Conference that is attended by hundreds of individuals, including regional and local representatives, affordable housing developers, and other local groups. The conference provides numerous workshops where important housing issues and trends are discussed.

5. Outreach: FHCRC conducts outreach by distributing and collecting surveys to identify and target potential problem areas and by distributing written materials to educate and to promote available housing services.

6. Fair Housing and Landlord/Tenant Counseling: Telephone and walk-in clients are counseled by FHCRC staff regarding their options in pursuing housing discrimination complaints. Such options include conciliation, investigation or filing a complaint with DFEH, HUD and/or a private attorney. FHCRC also works to educate, enforce and mediate landlord/tenant disputes.

7. Homebuyer Education/Foreclosure Prevention/Financial Education: FHCRC works to educate potential homebuyers and to help distressed homeowners maintain their homes by conducting First-Time Homebuyer classes, hosting Town Hall meetings, conducting outreach, and providing education to individuals. These classes and meetings stress general homebuyer education and include thorough discussions of fair housing laws, budgeting, credit and mortgage scams. FHCRC also provides one-on-one counseling to individuals whereby FHCRC counselors are able to identify the needs of the individual and create a personalized plan to solve their issues.

As a result of the programs and services provided by FHCRC, individuals and households receive vital information regarding their housing rights, receive conciliation services and obtain referrals for additional assistance. The education provided to tenants on Fair Housing laws provides them with knowledge of their rights and educates them on available options when they believe they have been the target of discrimination. The services provided to renters and housing providers will not only prevent individuals from becoming victims of

housing discrimination, but will also assist all persons in obtaining equal housing opportunities. FHCRC's efforts in education, outreach, counseling and enforcement of these housing matters have contributed to the decrease of housing discrimination and the promotion of fair housing education and choices.

2. Provide electronic copies of any reports, plans, or other pertinent strategies approved or adopted by your agency that address the needs of the targeted population (if available online, please provide the link).

See attached White Paper

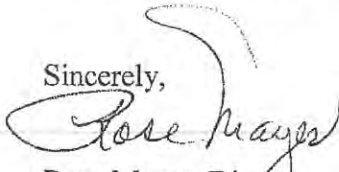

3. Identify your specific resources (e.g. Federal/State grants) directed toward the Targeted Populations.

1. CDBG County
2. CDBG County Property Grant
3. CDBG Riverside
4. CDBG Palm Springs
5. CDBG Corona
6. CDBG Hemet
7. CDBG Meniffee
8. CDBG Moreno Valley Fair Housing
9. CDBG Moreno Valley Landlord/Tenant
10. CDBG Palm Desert
11. CDBG Temecula

12. Rural Assistance Community (RCAC)
13. Keep Your Home Covered California
14. Comp Counseling HUD
15. Fair Housing Initiative Program (FHIP)
16. Fair Housing Initiative Program EOI Lending
17. Wells Fargo Bank
18. Bank of America

If there is any additional information you require from us, please do not hesitate to contact our office at (951) 682-6581.

Sincerely,

Rose Mayes, Director

COUNTY EGIS SUBCOMMITTEE

The Economic Development division is a member of the County's EGIS subcommittee and is working to further the implementation of map-based and data driven tools into economic development efforts. Of particular note has been the deployment of story maps and map journals into the division's efforts.

REVOLVING LOAN PROGRAM

In fiscal year 2016-17, EDA began the implementation of small business \$1.5 million loan fund program after receiving a grant from the U.S. Economic Development Administration. This program will allow EDA to offer a much needed source of capital for small businesses that are growing and expanding in Riverside County. This program leverages \$300,000 of County funds paired with the \$1.2 million grant.

Key accomplishments:

- Developed a loan committee to review loan applications
- Partnered with the Small Business Administration Lead Center, Cal State Fullerton, to provide underwriting services for loan requests.

STRATEGIC PARTNERSHIPS & ORGANIZATIONAL LEADERSHIP

Riverside County's involvement has forged critical partnerships with internal and external partners that allow it to be on the forefront of economic development activity at the state and local level. Involvement in these organizations yields tremendous benefit to the county in the form of lead generation, policy formulation, and capacity building. Because of its expertise in Economic Development, EDA is frequently sought to participate in strategy development and planning with a number of statewide and local organizations

Partners include:

- Governor's Office of Business and Economic Development
- UCR School of Business Center for Economic Forecasting and Development
- California Association for Local Economic Development
- Inland Empire Economic Partnership
- Economic Development Coalition of Southwest California
- Coachella Valley Economic Partnership
- Riverside County Innovation Alliance

East Valley Coalition

In 2015, the cities of Coachella, Indio, La Quinta and the County of Riverside formed a partnership in order to conduct regional economic development activities. The Coalition has defined measures and outcomes within a formalized structure. EDA manages markets and administers economic development programs and projects in the eastern Coachella Valley. Activities of the East Valley Coalition include:

- Serve as a clearinghouse for small business assistance to aid start-up and business expansion efforts;
- Assist with the coordination and targeting of available federal, state and local incentive and development programs;
- Provide technical assistance and relevant demographic data via the agency's Business Intelligence Team;
- Serve as a lead generation source for new business investment and primary source of contact for companies exploring the eastern Coachella Valley region;
- EVC has established a physical location in the Workforce Development Center in Indio. As a partner with EDA and the Coachella Valley Small Business Development Center, the EVC is positioned to help small business startups, expansions and retentions.
- EVC expanded original membership to include Imperial Irrigation District, Empire Polo Club, Cabazon Tribe of Cahuilla Indians, and the Southern California Gas Company. New partners include Coachella Valley Economic Partnership, other local Tribes, real estate brokers and developers, governmental and professional business organizations.
- Retail Development- EVC brought three new retail businesses to City of La Quinta. EVC has identified all available retail sites in the region and has attended International Council of Shopping Centers (ICSC) shows in Las Vegas and San Diego to promote east valley. EVC is working closely with each of the three cities to develop "Old Town" Districts within each Cities.

- Industrial Development- EVC is working with two industrial users in Indio and one industrial project on Tribal land. EVC has identified all industrial sites within the boundaries, added collateral materials to the EVC website and attended conferences focused on industrial business development.
- Tourism/Attraction- EVC partnered with the Palm Springs Convention & Visitors Bureau, three Cities and Tribal Leaders to form the East Valley Advisory Board, and is involved in tourism attraction throughout the region.
- Marketing-Regional Branding-The EVC has established itself as a recognized “brand” with identifiable logo, signage and website at www.eastvalleycoalition.org. EVC website page has been expanded to be hands on with blogs and podcast capability. EVC has a social media presence on Facebook with over 200 followers, and will soon be active on Twitter.

Economic Development Capacity Building

The Division contributed over \$200,000 to the following regional and specialized agencies to provide additional programs and services that reinforce EDA’s economic development objectives:

- Inland Empire Small Business Development Center
- Temecula Valley Wine Growers Association
- Temecula Valley Balloon & Wine Festival Association
- Coachella Valley Economic Partnership
- Tri-Tech Small Business Development Center
- Cal State San Bernardino Spirit of the Entrepreneur Awards
- Cal State San Bernardino Report on Business
- Inland Empire Economic Partnership
- University of California, Riverside Center for Economic Development and Innovation

RIVERSIDE COUNTY CENTER FOR DEMOGRAPHICS

The Riverside County Center for Demographics/Business Intelligence (BI) center is the research and GIS division of the Riverside County Economic Development Agency (EDA). Riverside Workforce Development Board

Services & Service Strategies

Youth Workforce Development Activities

The RC's eligible youth population face challenges and barriers to economic security and empowerment that include high rates of poverty, unemployment, teenage pregnancy, drug use and gang involvement. Community collaborations have established an integrated service system, to meet the needs of youth, continue to improve educational attainment, provide CTE, provide work experience, prepare them for the work environment, and transition them to post-secondary education. The RCWDB developed a youth system that implemented a holistic approach to services in order to address the multiple barriers they face. Services including: juvenile diversion, gang prevention, alternative education, HSEE preparation, health and mental health services, job readiness, career counseling, adult mentoring, job placement, occupational skills training, career pathways/bridge programs, school-to-career, substance abuse counseling, and youth development. The RCWDB also adopted a locally developed work readiness certificate available to all youth participants. Youth services are accessible via Internet-based programs, information and referrals between all AJCCs, and through the six RCWDB YOCs strategically located throughout the RC including remote areas such as: Lake Elsinore, Indio, Moreno Valley, Hemet/San Jacinto, Jurupa and Perris (Attachment B of Attachment VI). The centers serve an average 1,100 youth on an annual basis. Each YOC is unique in size and physical design. All centers are required to have a resource area where youth can obtain information about employment opportunities, YOC services and activities; classroom space for workshops, group activities and training; and computers for learning and exploring. A sound studio, multi-media production equipment, recreation room, video games, stereos and televisions are just a few of the amenities that keep youth coming through the doors. The centers provide a safe, comfortable, youth-friendly environment for young people. YOC operators are competitively procured on behalf of the RCWDB, following a stringent RC procurement process that meets all requirements under Office of Management and Budget (OMB) and its Uniform Guidance. Service providers are selected based on demonstrated measurable, positive impact on youth. In addition, all YOC operators must pass a supplier certification system. YOCs are assessed against the CQI criteria (Figure 16) and must reach a score of 75% in order to remain eligible for WIOA funding and receive the RCWDB Seal of Quality. This rigorous performance excellence system ensures that YOCs provide exceptional customer-centered services to our most vulnerable participants and contribute to their success in alignment with our core values of *respect* and *caring*. The overall goal of our youth service system is to provide participants with the opportunities to improve academic performance, achieve educational attainment, access higher educational opportunities, gain the skills needed to progress in career goals, and obtain employment. In accordance with WIOA and AB 1270, RCWDB developed a product box specifically for youth (Figure 9). Services are provided to a youth participant, based on each participant's objective assessment and individual service strategy (ISS). Services are geared towards:

1. **Dropout prevention:** Development of strategies and motivators to keep youth engaged in the program.
2. **Increase Basic Skill levels:** Contextual instruction and activities to raise basic skill levels and English as a Second Language (ESL) instruction.
3. **Alternative, secondary school services, including diploma/HSEE preparation:** A strategy that provides customized services to different learning styles including diagnosed or undiagnosed disabilities, self-paced and inspiring to earn their diploma or equivalent.
4. **Preparation and exposure to post-secondary, educational opportunities:** This approach includes the development of strong linkages between academic and occupational learning, with connections to the job market through local and regional businesses. Experience has demonstrated that the most successful programs have on-site educational providers as a strategy and transition assistance that successfully moves the participant from the YOC to a college environment.
5. **Exposure to work experience through work-based learning opportunities:** Services include job shadowing; paid and unpaid work experience, and including private summer employment opportunities. Services are directly linked to academic and occupational learning to provide context for the curricula they are using.
6. **Inclusion of IEP Students:** All YOCs are ADA compliant and staff are trained to serve youth with disabilities (YWD) with or without Individual Education Plans (IEP). Key to serving YWDs is ensuring they are integrated

Riverside Workforce Development Board

into the YOC environment. YOCs Provide appropriate support and coordinate services with DOR and IERC including job coaching during WEX and employment.

7. **Skills Training:** Training activities focus on teaching youth how to make fact-based decisions about their future careers, including the educational requirements for their choice. They are also introduced to the value of credentials, including post-secondary and lifelong learning to advance in their careers. CTE and career pathways are viable options for youth participants because of the skill attainment directly tied to occupations. Career pathways prepare the youth specifically for an occupation and the link to employers provide the motivation to complete and enter employment. Entrepreneurial training is also available as a career option but also to develop skills that will assist them in their new job. The goal is to continue providing counseling and guidance and assist the participant in continuing education even when employment is attained. These services are most effective for the youth facing the most challenging barriers to employment including YWD because of the customized service, support, and robust process to transition them from one activity to another.

a. **CTE:** The Riverside County Office of Education (RCOE) combines career interests with workforce skills to produce employable high school graduates through CTE. Each year, the RCWDB is one of the CTE's strongest partners. There are 2,000 businesses that provide internships for RCOE's CTE students, including summer WEX. RCOE's CTE program incorporates traditional ROP courses, offers more than 553 classes to 33,000 students in 50 career areas, and more than 2,000 employment opportunities available.

b. **Pre-Apprenticeship/Apprenticeship:** The RCWDB continues to seek opportunities to develop Pre-apprenticeship training to prepare for longer term on-the-job apprenticeship programs and apprenticeship training [CIUC Section 14230(e) (AB 554)]. The most recent apprenticeship was with IBEW in building trades and is a model for future apprenticeships. RCWDB continues to work with its Board members that represent labor to develop other opportunities for apprenticeships.

c. **K-12:** The RCOE has been serving students throughout Riverside County for more than 115 years. With 431,000 students, they are California's fourth largest county office of education. There are 23 school districts in Riverside County. These districts vary in size from Desert Center, which serves just over a handful of students to Corona-Norco, with more than 50,000 students. RCOE and the RCWDB, have an established relationship with school programs such as the Office's Come Back Kids Program that offers prevention and/or intervention services to students of all ages wishing to re-enroll in an educational program. The partnership continually looks for opportunities to ensure that youth in the local area are able to gain meaningful and appropriate social, work and academic skills to succeed in the workplace.

Accessibility for Individuals with Disabilities

Increased accessibility for individuals with disabilities (IWDs) is a priority and a goal for the WDBs and partners. Services for IWD are a focus of the RCWDB Regional Committees which include accessibility and co-enrollment strategies in each meeting agenda. Several partners participate at the local and regional level to assist with reinventing the workforce development system and increase access for IWD. While facilities are evaluated on an annual basis, at a minimum, to ensure physical accessibility, the partnership focuses on increasing accessible programs and services that develops IWD and integrates them into the labor force. Partner services that can facilitate this inclusion and integration include:

- Individual tutors and aides to provide support during training,
- Assistive technology to facilitate accommodations,
- Job coaches to assist with transition to the workplace,
- Supportive services, and
- Employer training and coaching to ensure successful placement and retention.

Co-enrollments occur at the local WDB level and will continue. Both IRC and DOR now have employment goals to meet, increasing the need for joining forces for co-case management and job placement. Career pathways are ideal for serving IWD because employers are engaged throughout the process and can observe first-hand the abilities of these trainees to excel in a training and work environment.

Riverside Workforce Development Board

Enrolling TANF/CalWORKs in regional sector pathways

The WDB has strong partnerships with DPSS and has established a system for co-enrollment and case management of TANF/CalWORKs participants. Because career services are administered and operated by the County, which also operates DPSS, any barriers to integration of these two programs are reduced or eliminated because they share the same governance system. This co-enrollment and co-case management will continue with regional sector pathways. WDB staff will serve as a central coordinating point for each pathway and can assist with identifying TANF/CalWORKs participants who need to be co-enrolled and then facilitate the referral or connection. Staff will work with partners to coordinate outreach and referrals to the career pathway program in the planning phase to ensure that the specific referral process is agreed upon prior to referrals occurring. Consultants will track and report enrollments for pathways and share this information during partner meetings to assist with identification of potential co-enrollments of all special populations.

Strengthen Linkage with Unemployment Insurance Programs

Linkage with UI is critical to outreaching and serving customers. UI is co-located in our comprehensive AJCCs and draws unemployed and underemployed job seekers, including dislocated workers into our centers. Even if they do not qualify for UI, these customers can still use our center and become participants of WIOA as well as other AJCC programs and services. The UI process will randomly select recipients and require them to attend a Personalized Job Search Assistance Workshop (PJSA) or Reemployment and Eligibility Assistance (REA) Workshop further introducing them to AJCC services and allowing direct outreach to dislocated workers. This UI draw introduces residents to our AJCC who otherwise might never know we exist and can assist them in reaching their employment and career goals. The linkage with UI is critical in order to assist customers who are interested in training to apply for an extension before their 12th week of receiving UI. This application, if approved, will extend UI benefits until the participant completes their training. This extension makes it possible for many job seekers to attend training. Without this benefit, they may not be able to afford to enter even short-term training.

Rapid Response

In 2013, the RCWDB launched its Rapid Response Team (RRT) as “proactive intermediaries” through our Business Retention and Expansion Program. Strategic in nature, this layoff aversion strategy uses its Business Retention and Expansion Team (BRET) to reach out to new businesses and conduct business needs assessments of organizational sustainability. Whether the organization shows signs of distress or growth, the BRET can provide resources to meet their needs. The goal is to identify any early warning signs of distress and provide the resources to retain the business and jobs. The BRET also coordinates with partners including: Economic Development Organizations (City or County) and the SBDC. These are also the first responders when an appointment has been set up with a business. The program targets services to businesses with 99 employees or less who are the most vulnerable to economic, environmental and competitive changes even during economic prosperity. Changing technology, mergers and acquisitions, rising costs of supplies, all can affect sustainability in a business that is sensitive to change. The BRET uses a list from Dun and Bradstreet that identifies at-risk businesses by reporting a company’s financial status, including a business summary, credit scores, credit capacity, payments, public filings, history, operations, banking and finance. The team uses this report to contact businesses for service provision. BRET will monitor the business for 12 months following services to address any further needs and ensure retention. Businesses that are not retained are then referred to RRT which provides transition assistance. While BRET was established to focus on layoff aversion, targeting small business, RCWDB recognized that the most effective way to identify early warning signs of distress was to have multiple avenues for interfacing with business.

FROM: Terri Bowen, ESG Program Manager

DATE: December 14, 2016

SUBJECT: Consultation with Continuum of Care for 2017-18 Emergency Solutions Grant Program

Pursuant to HEARTH Act requirements and our shared desire to improve coordination and collaboration between EDA the Continuum of Care, and our ESG sub-recipients, we are asking the Continuum to review and comment on the applications for the 2017-2018 Emergency Solutions Grant.

EDA received eleven (11) applications for the 2017-18 ESG cycle, totaling \$1,487,373. The total 2016-17 ESG allocation for Riverside County was \$649,342. We anticipate the 2017-2018 funding level to be the same or lower than 2016-17. Attached is a summary of the 2017-2018 applications including applicants' names, project names, and description of the proposed activities. We have also attached a copy of the ESG Evaluation and Rating form to be used to identify the funding percentage you feel should be allocated to each component of Outreach Services, Rehabilitation, Emergency Shelter, Rapid Re-housing, and Homelessness Prevention.

Please review and consider each proposal as it addresses the County's 10-Year Plan to End Homelessness, the Continuum's goals and objectives, as well as your own knowledge and understanding of homelessness in Riverside County.

EDA will submit our 2017-18 ESG funding recommendation to the Board of Supervisors based upon various factors including:

1. Amount Requested
2. Past Performance
3. Management Capacity
4. Proposed Activity
5. Evaluation and Ranking

Attached is a summary of the 2017-2018 ESG applications. We welcome your comments and recommendations concerning the proposed 2017-18 ESG applicants as well as exploring the development of performance standards and increased coordination and collaboration between EDA and the Continuum. The Evaluation feedback form is to be completed and returned to EDA no later than January 21, 2017. Separate "Public Comments" are also welcomed and must be submitted to EDA no later than February 10, 2017.

If you have any questions or require additional information, please contact me at (951) 955-3141 or ssims@rivcoeda.org. Please return Evaluation Feedback to me no later than January 21, 2017.

Path of Life Ministries	Emergency Shelter/Rapid Re-Housing/ Outreach Services/HMIS \$342,445	The proposed projects are: 1) Emergency Shelter (64 beds) for homeless individuals to acquire social security & birth certificates; obtain stable housing, enhance employment opportunities & address financial history & to manage finances. All guests complete an intake & housing assessment process and stay for 20 to 90 days. 2) Rapid Rehousing is countywide in scattered housing sites. We Use a Housing First, Trauma Informed Care, Motivational Interviewing (MI) & Assertive Community Team (ACT) approach to serve families. The Navigators place families into housing without preconditions (i.e. sobriety, income). The VI-SPDAT assessment tool & Coordinated Entry System (CES) are used to determine housing & those with the most severe service needs & greatest barriers are prioritized. 3) Mobile Street Outreach is countywide (Mon.-Fri.) using a mobile van equipped with outreach navigators, computers, cell phone & other needed supplies. The intake process starts with street engagement, then a motivational interview with using the VI-SPDAT assessment tool. An intake profile is completed that is entered into the Homeless Management Information System (HMIS). Those placed into stable housing receive housing from POLM scattered sites or those identified as needing bridge housing stay at the Emergency Shelter and are assigned an achievement coach.	The Shelter provides 64 yr. round beds at no charge, operating 365 days a yr. & provides beds, linens, meals, & supportive services. 311 individuals were served in 2015-16. We estimate 300 will be sheltered with a length of stay between 20 and 90 days in 2017/18. The Rapid Rehousing (RRH) program provides rental subsidies on a graduated scale for up to 24 months to at least 6 households for families with children (60 individuals in 2017-18). Street Outreach in 2016-17 encountered 542 in the Perris area. It is estimated with EDA funds we will engage additional 300 countywide. The process for 3 programs starts with an assessment (VI-SPDAT) used for coordinated entry & for prioritizing housing resources. Then each client participates in case management with other assessments conducted - health, housing, employment, & life-skills & then an individual service plan is created & maintained with the purpose of mapping out a course to obtain the most self sufficient forms of housing & income as quickly possible. Participants in the RRH program work with a Housing Navigator to obtain housing immediately while they also customize a plan for maintaining the housing long term. The individual or family is provided subsidized rental assistance in set increments for up to 12 months while supportive services are brought to bear in the participant's success. The rental assistance can start with the full rent being paid by POLM and as the resident begins to thrive financial assistance is reduced. Progress toward these ends is maintained in participant files. Outreach clients encountered by a mobile countywide outreach team & assisted in supportive services to move from the streets to shelter & housing. POLM has a very successful street outreach program that is on the streets of the county from 3-4 days a week dependent of confirmed funding partners and special request for collaborative outreach response with law enforcement & community partners. Martha's Village and Kitchen	Emergency Shelter \$100,000	Martha's Village and Kitchen, a provider of housing and social services for persons experiencing homelessness and poverty in Coachella Valley, respectfully requests a \$100,000 Emergency Solutions Grant for the 2017-18 fiscal year. Requested funds will be used to support the ongoing operations of our Transitional Housing Program. Grant funds will be used to partially fund expenses such as: facilities maintenance, utilities, food services, equipment, and salaries for critical program staff. Specifically, funds will partially fund the following staff salaries Case Management, Substance Abuse, Food Services, Security, Maintenance and Residential Specialists. These expenses are critical to our ability to provide shelter and supportive services to Coachella Valley's homeless and impoverished neighbors in need. Our Transitional Housing Program ensures that the homeless men, women and children residing at Martha's not only have a safe and dignified living environment but also the assistance they need to achieve lasting self-sufficiency. Last year alone, we provided housing and supportive services to 300 unduplicated men, women, and children.	The mission of Martha's Village and Kitchen is to help our neighbors in need break the cycle of homelessness and poverty by promoting self-sufficiency through an innovative continuum of care, multi-disciplinary programs, and partnerships that come together in the spirit of our CREED (Compassion, Respect, Empathy, Empowerment, and Dignity) to teach, learn from, and challenge our neighbors and one another. We envision a community where all people have the opportunity to live to their full potential; where everyone has food, housing, healthcare, education and the means to maintain them. Our agency, located in the City of Indio in Coachella Valley, has been serving the Valley's homeless men, women, and children for more than 26 years. What started as a simple soup kitchen has grown into a one-stop site providing comprehensive residential and supportive services based on the nationally renowned ""continuum of care"" model. To help our residents successfully exit our program to permanent housing with stable income, we provide a comprehensive array of shelter and supportive service programs. With Emergency Solutions Grant funding, we will provide transitional housing and supportive services to approximately 300 homeless individuals in the 2016-17 Fiscal Year. Clients may reside at Martha's transitional housing for up to two years. There is no minimum length of stay. Martha's does not charge clients fees. To help residents manage money and prepare for independent living, Martha's offers budgeting classes.	YES		YES	YES	164	136	300

Valley Restart Shelter	Emergency Shelter \$50,000	Valley Restart Shelter (VRS) will use ESG funds to support key case management positions crucial to the successful transition of clients to stable housing. Funds will also be used to subsidize current maintenance/operations. The program, in operation for over 25 yrs., is unique in that we offer 24 hr., 7 days/week services. VRS does not require participants to leave & return each night. VRS serves on average over 200 homeless w/ shelter & 500 in need of meals. During the FY 14-15 we sheltered 307 persons (10,182 bed nights) & served over 46,000 meals. Funds will support one of the most successful programs in the County. VRS graduates over 80% of clients to a higher level of housing. This success rate is the result of strong case management, personalized & delivered in a positive, high-accountability environment. By providing meals to the community 365 days a year we prevent families from making the choice between food or money for rent. VRS also has case management that supports job searching, budgeting & managing time, obtaining resources & treatment for substance abuse, mental & physical health issues as well as connecting to mainstream resources. Poverty, unemployment, & housing costs contribute to homelessness. In spite of reports of an improved economy & housing, VRS has seen an increase in people seeking shelter & services. Unemployment in the County is 7.10%, however the rate in Hemet is 9.9 % and 10.6 % in San Jacinto (July 2016).	VRS will provide shelter to a minimum of 200 unduplicated persons. VRS provides one night of shelter up to a maximum of 90 days of shelter in 30 day increments. After each 30 days an assessment is completed to evaluate needs and progress. VRS does not charge any fees. In addition to a shelter bed, basic services offered include 3 meals a day, showers, & bathrooms. VRS provides items needed for daily personal care as well as other items such as clothing, strollers, canes, walkers & other equipment if needed & available. VRS is not a traditional "night-time only" shelter. VRS has the anticipation that people entering the shelter will participate in an intensive program including daily case management. An assessment is completed to identify participant's needs & barriers to obtaining employment/income & housing. A personalized weekly plan is developed to help guide the participant through the steps which would allow them to leave the program successfully. VRS also utilizes the VI-SPDAT questionnaire. Participants who are not disabled are assisted in the employment process by identifying employment history & strengths, developing a resume, searching for jobs & practicing & strengthening interview skills. Employable participants must look for jobs daily & submit documentation of their job search weekly. Participants who are disabled are assisted in pursuing whatever benefits they are eligible to. A SOAR trained staff assists participants with obtaining needed documentation, getting to medical assessments & legal appointments as well an understanding of the application stages and process. To foster a sense of community and responsibility, all participants are responsible for daily chores at the facility & save 80% of their income for move out.	YES			YES	125	100	225

Operation SafeHouse, Inc.	Emergency Shelter/HMIS \$90,000	Operation SafeHouse is requesting ESGP funding for staffing support at our 24-hour Emergency Shelter Program that serves runaway, homeless and at-risk youth ages 11- 17. SafeHouse is located in the City of Riverside and serves western Riverside County. SafeHouse is the only shelter serving this target population in Riverside County, services include up 21-days of shelter, individual, group, and family counseling, food, on-site education, substance abuse programs, peer-to-peer counseling programs, street outreach, human trafficking programs, and aftercare. All of these services are offered at no cost to youth or their families at both of our emergency shelters ensuring complete coverage for all five regions of our County.	Operation SafeHouse was founded in 1988 to provide a safe, nurturing place where troubled youth could receive help instead of leaving their homes and possibly ending up in a life of homelessness and crime. In 2015, SafeHouse served 327 youth for a total of 2,905 bed nights. Over 3,327 hours of counseling was administered and 148 parents were helped through our parent group meetings. After receiving individual and family counseling, 95% of our clients are able to reunify with their families. This year, SafeHouse increased our ESG request due to a loss of two long-term funding sources that have assisted in providing core essential services. In the upcoming fiscal year HUD has made youth its focus in the process of eliminating homelessness. As the only provider of youth shelter in our county, and with the addition of a Street Outreach Program and new collaborations, we anticipate a marked increase in the youth we are serving through our shelters. SafeHouse expects to serve 300 youth in the 17-18 funding period with 100 of these youth being served through the ESGP grant. Programs include: Emergency Shelter – A 17 bed facility for youth ages 11-17. Interventions include three weeks of food, shelter, education, and Aftercare. Youth are provided with Individual, Group, and Family Counseling for eventual reunification. Street Outreach Program – Youth who are entrenched in street life are provided with referrals and information on how to access SafeHouse shelters. “What’s Up” SafeHouse – A 24-hour crisis texting line available to youth ages 11-24 throughout our county. Counseling and referrals are provided. Anti-Human Trafficking Program – Provides long-term services and housing for victims of human trafficking. Maximum length of stay: 3 weeks; Minimum length of stay: 24 hours; Average length of stay: 8 days Services are available to teens and their families regardless of their income status. There is never a charge for our intervention and support.	YES	N/A	YES	YES	0	300	300
Catholic Charities Sn Bernardino & Riverside County	Homelessness Prevention/ Outreach Services \$95,000	Catholic Charities Outreach Services and Homelessness Prevention program provides services including case management, homelessness prevention, and outreach services to families in Riverside County. ESG funds will be used for outreach services to homeless clients and homelessness prevention services for case management salaries (direct costs), rent and utility assistance to clients below 30 percent AMI.	Funds will support Catholic Charities' ""Outreach Services and Homeless Prevention Program"". The program will provide essential services to approximately thirty families (approximately 125 individuals) that are displaced or are threaten with displacement from ""un-permitted"" mobile-home parks in the Coachella Valley. The goal of Outreach Services and Homeless Prevention Program is to address the needs of individuals and families residing in multi-family dwelling structures or illegal mobile home parks in the Coachella Valley, who are involuntary displaced, either permanently or temporarily, from their residential unit. ESG funds will be used for the salary of 1 FTE caseworker, motel vouchers and rental assistance, when necessary. This proposed project is an expansion of previous years where the emphasis was only on families facing imminent displacement. The proposed Outreach Services and Homeless Prevention Program will be ""mobile"" services and seek out families in substandard housing that may be in need of improved housing or other social services that will increase the health, safety, and stability of the family. The majority of families will reside in trailer parks or be found at food distribution programs throughout the Coachella Valley. The caseworker will provide critical information, referrals, and emergency assistance as available and necessary. Catholic Charities' Outreach Services and Homeless Prevention Program: -Outreach local trailer parks and other areas where low-income residents reside and provide information and referrals and case management services to families in need of assistance. -Be available to attend Mobile Home Park site visits as coordinated by Riverside County Code Enforcement to assist families who will be displaced due to substandard housing. -Provide emergency assistance to low-income families, as resources are available and as needed. -Provide Homeless Prevention Services to families/or individuals as necessary to prevent homelessness. Operation SafeHouse, Inc.	Emergency Shelter/HMIS \$90,000	SafeHouse of the Desert is requesting ESGP funding for staffing support at our 24-hour Emergency Shelter Program that serves runaway, homeless, and at-risk youth ages 11-17. SafeHouse of the Desert is located in Thousand Palms and serves eastern Riverside County. SafeHouse is the only shelter of its kind serving this target population in Riverside County, services include up to 21-days of shelter, individual, group, and family counseling, food, on-site education, substance abuse programs, youth outreach counseling programs, street outreach, human trafficking, crisis texting lines, and aftercare. All of these services are offered at no cost to youth and their families at both of our emergency shelters, which are located in Riverside and Thousand Palms ensuring that there is complete coverage in all five regions of our county for youth at-risk or in a crisis situation.	Operation SafeHouse was founded in 1988 to provide a safe, nurturing place where troubled teenagers would receive help instead of running away from their homes and into a life of homelessness and crime. In 2015, SafeHouse served 248 youth for a total of 2,261 bed nights. Over 2,291 hours of counseling was administered and 78 parents were helped through our parent groups. After receiving individual, group, and family counseling, 95% of our clients were able to reunify with their families. This year, SafeHouse increased our ESG request due to a loss of two long-term funding sources that have assisted in providing core essential services. In the upcoming fiscal year HUD has made youth its focus in the process of eliminating homelessness. As the only provider of youth shelter in our county, and with the addition of a Street Outreach Program and new collaborations, we anticipate a marked increase in the youth we are serving through our shelters. SafeHouse expects to serve 200 youth in the 17-18 funding period with 100 of these youth being served through the ESGP grant. Programs include: Emergency Shelter–This 20 bed facility all youth ages 11-17. Interventions include three weeks of food, shelter, education, and Aftercare. Youth are provided with Individual, Group, and Family Counseling for eventual reunification. Street Outreach Program – Youth who are entrenched in street life are provided with referrals and information on how to access SafeHouse shelters. “What’s Up” SafeHouse – A 24-hour crisis texting line available to youth ages 11-24 throughout our county. Counseling and referrals are provided. Human Trafficking Program –SafeHouse provides training, victim's services, and housing for youth who are in need. Maximum length of stay: 3 weeks; Minimum length of stay: 24 hours; Average length of stay: 8 days Services are available to teens and their families regardless of their income status. There is never a charge for our intervention and support.	YES	N/A	YES	YES	0	200	200
Riverside County Coalition for Alternatives to Domestic Violence	Emergency Shelter \$38,536	ADV is requesting funding for to cover the salary and benefit costs associated with one full-time employee of the Alternatives to Domestic Violence Residential Shelter program. The staff member will be responsible for managing the programmatic services as they relate to victims and their children impacted by domestic violence. Within this scope, staff will assist shelter residents with stabilization services as well as management of the day-to-day operations of the shelter.	The Alternatives to Domestic Violence (ADV) provides emergency shelter services at the ADV residential shelter for female victims of domestic violence and their children who are in imminent danger of abuse. The shelter program is a 45 day residential stay which serves as a safe haven from further abuse for those seeking shelter. The 60-bed facility opened in March 2003 in a confidential location in southwestern Riverside County and is the only confidential and safe shelter specifically for domestic violence victims in western Riverside County that serves Supervisorial Districts 1, 2, 3 and 5. Funds requested will be utilized to cover the expense associated with staffing cost for one full-time manager for the period of this grant. The program provides a collection of free services during the client's stabilization period safe from abuse. Domestic violence victims and their children receive counseling in the areas of crisis intervention, safety planning and well being life skills. Clients also receive three meals daily, case management and supportive services. Services are available at the shelter 24 hours a day, 365 days a year. Based on previous years' service counts, it is anticipated that approximately 600 individuals will received services during the 2017-18 fiscal year. Lutheran Social Services	Homelessness Prevention/ Rapid Re-Housing/ Outreach Services/ HMIS \$61,500	Lutheran Social Services (LSS) operates its Homeless 2 Home (H2H) and Outreach programs For socially and economically disenfranchised population in low income area of Riverside County. The program site is located at: 3772 Taft Street 92503. LSS proposes to continue to provide homeless individuals and those at-risk of homelessness with: (1). Housing – permanent supportive housing (2). Critical Needs Support - food, hygiene kits, clothing, mail service, bus passes and document procurement. (3). Homelessness Prevention (HP) and Rapid Re-Housing (RRH) (4). Case Management and (5). Supportive Services – Life Skills Training, Financial Education, Entitlement Benefits Enrollment, Housing Support, Linkage to healthcare, behavioral health, substance abuse treatment and mainstream services. For the 2015-2016 operating year, LSS assisted 10 households (29 adults and children) with gaining housing stability. 100% of these families are still housed to date. A total of 933 unduplicated clients received other services. Through HP, LSS assist families in poverty to avoid eviction by providing rental assistance coupled with case management. LSS also afford some homeless families the ability to pay their rental deposit through RRH. LSS partners with: Catholic Charities, ABC Recovery Center, Alternatives to Domestic Violence, Community Connect, Corona-Norco Settlement House, U.S. Vets, Valley Restart, Jefferson Wellness, and Whiteside Manor. HMIS is used to track client data.	PROGRAM MODEL: 1. Outreach and Engagement: LSS will target and recruit 750 low-income families for the program (homeless, unemployed etc.). Some will be referred by community-based partners, while other will be walk-ins. 2. Intake and Assessment: 300 clients will be assessed using the Vulnerability Index and Service Prioritization Decision Assistance Tool (VI-SPDAT), an evidence-based tool recommended by HUD, which assesses chronicity and medical vulnerability of homeless individuals. The Case Manager will then use this information to develop an individualized self-sufficiency plan (ISSP) to address underlying problems such as housing needs, income, mental health services, employment services etc. Eligible participants i.e. families with most critical needs will receive case management and supportive services. Clients will also be assessed for Mental impairment and substance abuse disorder using evidence-based mental health screening form and CAGE-AID. Those with likelihood of illness will be referred for further clinical diagnosis and treatment. 3. Critical Needs Support: LSS will provide 750 families/individuals with food, clothing, bus passes, hygiene kits, mail service, telephone access and backpacks. 4. Rental Assistance: LSS will provide 60 families/individuals with rental assistance to either prevent eviction or pay security deposit. Clients will be required to attend life skills workshops as well as financial education and money management workshops. 5. Supportive Services: 300 families/individuals will receive case management, housing referrals, housing support, linkage to health and self-sufficiency services, entitlement benefits enrollment, job readiness training, life skills training and document procurement. Foothill AIDS Project	Homelessness Prevention/ Rapid Re-Housing \$60,000	Foothill AIDS Project (FAP) requests \$60,000 for Homelessness Prevention and Rapid Re-Housing assistance for Riverside County People Living With HIV/AIDS (PLWHA). Local PLWHA face challenges of the negative stigma of HIV; finding resources in a complex system of health and public benefits programs; and reduced ability to maintain employment due to health issues. San Bernardino and Riverside Counties' Health Departments' 2014 Coordinated Needs Assessment (CNA) estimated that local PLWHA are 27.6 times more likely to be homeless than the general population; 49% of PLWHA are from communities of color. The CNA surveyed 115 local PLWHA: 94.8% lived below 300% of Federal Poverty Level (FPL); 73.5% experienced mental health disorders; 73.5% reported recent substance use; 14.8% reported being homeless at least once in the prior 12 months. More than one-third of PLWHA with competing subsistence needs (i.e., food or housing) delayed or went without care, becoming vulnerable to accelerated disease progression. FAP will provide clients with one-time rental assistance to: 1) reduce competing subsistence needs, enabling maintenance of stable housing and reducing homelessness; and 2) ensure retention in primary healthcare, improving health outcomes and reducing viral transmission. FAP will provide Rapid Re-Housing assistance to PLWHA who are recently released from prison, homeless, and/or ""couch surfing."" FAP is the only Ryan White services provider in western and central Riverside County.	FAP will provide Short-Term Rental Assistance under Homelessness Prevention and/or Rapid Rehousing Assistance to 20 clients, for up to \$1,750 per client. Program eligibility is defined as ""an extremely low-income individual or family (household income below 30% family AMI) who are at-risk of becoming homeless or at a place not meant for human habitation."" Eligible clients include, but are not limited to, those who have been recently released from prison, are homeless, and/or ""couch surfing."" In addition, eligibility will be based on: HIV/AIDS diagnosis; proof of residency; verification client is a legal resident at the address; determination of monthly rent costs to client; address of unit and name of property owner; and willingness to work with FAP's Housing Case Manager (HCM) and access other services to maintain housing. The HCM will perform a comprehensive Housing Intake/Assessment to determine clients' needs to maintain stable, permanent housing (including budgeting assistance, food support, transportation, employment assistance, linkage to mainstream benefits agencies, and referrals), and gather demographic data. The HCM will provide housing case management services, including a) assistance in completing housing applications; b) completing individualized housing plans; c) assessing clients' barriers to permanent housing; d) providing linkage and referral services; and e) monthly tracking of clients for ESG and matching services. HCM will work directly with clients to develop individualized housing plans for maintaining healthy and stable housing. The HCM will assess the provision of care and support to meet clients' unmet needs, which may include referrals to employment assistance, food, transportation, and mental health and substance use counseling. Services will be provided to eligible clients living in Riverside County at FAP's Riverside office. No fees are charged for this service.	YES		YES	YES

2017-18 COC Consultation Summary of Recommendations

EMERGENCY SHELTERS

Creating additional emergency shelter beds are needed throughout the county to act as a bridge housing and transition to Rapid Re-housing and Permanent Supportive Housing for homeless individuals and families in implementing the 10 year plan to end homelessness. Decreasing the funding should not affect the budget as clients will spend less time in the shelters. Rapid Re-housing reduces the demand for traditional emergency shelters and increasing the need for low barrier housing.

STREET OUTREACH

Outreach is a critical component to ending homelessness as this is typically the first type of engagement. Expanding Street Outreach programs will bring social services directly to chronic homeless persons. It will also assist with identifying homeless and prioritizing individuals/families in the coordinated entry system to effectively house chronic homeless. Street Outreach also connects the homeless to resources.

RAPID RE-HOUSING

HMIS system data as demonstrated that families exiting out of rapid re-housing programs retain permanent housing is a key element of the plan to end homelessness. Guidance through HUD and the National Alliance to End Homelessness demonstrates that rapid re-housing is the critical key component to ending homelessness. There are currently over 700 estimated families in the county's coordinated entry system who need access to permanent housing. During 2016 Point in Time Count over 2,000 homeless households in need of permanent housing were identified. Rapid Re-housing services can successfully reduce the homeless population.

HOMELESSNESS PREVENTION

Homelessness Prevention address the crisis of homelessness to prevent it before it starts. Strengthening homeless prevention efforts align with the 10 plan to end homelessness for at risk households. Resources are available for individuals and families below the 30% AMI. Feedback has indicated that most clients are not eligible as incomes are above the 30% AMI. However, assistance is provided with alternate funding and resources.

REHABILITATION

Rehabilitation of existing shelters is needed to assist in maintaining the facility and create more of a bridge housing foundation for clients. It also serves as funding to allow increase of beds to serve the more chronic homeless.

HMIS

Homeless Management Information System (HMIS) aligns with the 10 year plan to homelessness in that it provides the system for entering clients. The use of HMIS will allow clients to be better served when information is uploaded from the Coordinated Entry System (CES). CES will be used to prioritize the level of assistance needed to permanently house clients in the best environment possible. HMIS will be utilized to assist in this process.

CVRM served 263* from Indio, an additional 423* from other Coachella Valley Cities ,and 484* from Riverside County. These figures justify Emergency Shelter Funding remaining the same. Emergency shelter is important, especially for families. In addition to this prioritization, if additional emphasis can be placed in rapid re-housing, the placement of families from emergency shelter to rapid re-housing will be a lot swifter, thus releasing the financial burden the shelters experience due to cost per night for each household/family. There are still special populations that require shelter. The drastic loss of funding will impact all of our programs. Emergency Shelters need to continue to move toward private funding sources. ESG funds are one of very few funding sources for shelters. Though any one grant does not make up the whole cost to operate the shelter program, each and every grant is needed to cover those costs collectively. Shelters operate at a deficit and organizations are forced to spend a lot of their time fundraising for those in homeless situations. Reducing the allocation to shelter so dramatically will negatively effect well running shelter's ability to operate.</p>	<p>Emergency Shelter beds nights increased from 75, 777 in 2015 to 89,413 in 2016 which aligns with creating emergency beds. AP-10 Continuation

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

(Continued)

b. Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The CoC has established a countywide Coordinated Entry System (CES) to provide an effective entry process that standardizes the way individuals and families experiencing homelessness and access services needed for housing stability. In accordance with CoC Program Interim Rule, 24 CFR 578.3 and 24 CFR 578.7(a)(8), the goal of the CES is to coordinate program participant intake, assessment, and provision of housing referrals to ensure that individuals and families with the longest lengths of homelessness and most severe service needs are prioritized for housing and homeless assistance that include the following:

- A. **Chronic homeless individuals and families:** The CoC has begun to implement strategies to increase the number of Permanent Supportive Housing (PSH) beds for chronically homeless persons. This included:
 - a. Encouraging existing HUD funded CoC PSH providers to serve 100% chronic homeless.
 - b. Requiring PSH programs to fill vacant beds with chronically homeless persons.
 - c. Supporting the creation of PSH for chronic homeless persons through non-CoC sources of funding, including state, county and city funding sources.

- B. **Families with children:** According to Riverside County Continuum of Care Point-In-Time Homeless Count data, the total number of sheltered and unsheltered households with children decreased from 180 in 2013 to 69 in 2017. The reduction in sheltered and unsheltered households with children is due to an increase in the number of new Rapid Re-Housing (RRH) beds for households with children that were created through various funding sources, including:
 - a. CoC Program funds, through reallocation of Transitional Housing units;
 - b. Emergency Solutions Grant (ESG) funding (provided through the County and the State Housing and Community Development);
 - c. CalWORKs Housing Support Program, funded by the California Department of Social Services;
 - d. Local collaboration with Riverside County's Housing Authority to prioritize sheltered families for a Housing Choice Voucher; and
 - e. Veterans' Administration Supportive Services for Veterans and their Families (SSVF) that provides funding to rapidly rehouse homeless veteran families.

The CoC's Standards and Evaluation Committee developed written standards for the CoC to rapidly rehouse families and link them with resources to help them achieve longer-term stability/well-being. These standards have been approved by the CoC membership.

- C. **Veterans:** According to Riverside County Continuum of Care Point-In-Time Homeless Count data, the total number of homeless sheltered and unsheltered veterans reported in the 2017 PIT count decreased from 285 in 2013 to 148 in 2017. In December 2016, Riverside County officially became the first large county in the United States to meet the United States Interagency Council on Homelessness's (USICH) criteria and benchmarks for achieving the functional zero in the goal to end homelessness among veterans. This achievement was possible due to a collaborative and coordinated effort of key partner agencies and the implementation of the county's Coordinated Entry System. The CoC continues to ensure that Veterans who are eligible for VA services are identified, assessed and referred to appropriate resources, such as HUD-VASH and SSVF, by:
- a. Continue implementing the CES where veterans are matched to appropriate housing and services, including VASH, SSVF, ESG and CoC programs;
 - b. Assigning veterans to housing navigators that help identify housing and help veterans obtain and maintain permanent housing (PH);
 - c. Implementing a Housing First approach that moves veterans into PH as quickly as possible with the right level of services; and
 - d. Ensuring that right level of services is given to veterans, including connections to employment and legal services if needed.

CoC Program-funded projects also prioritize veterans and their families who cannot be effectively assisted with VA services. A veteran is prioritized in CES when:

- It is determined in weekly coordination meetings of veterans outreach and housing agencies that the veteran cannot be effectively assisted with VA housing and services and;
- Has the same level of need as a non-veteran (as determined using the VI-SPDAT assessment tool).

- D. **Unaccompanied youth:** The CoC partnered with key agencies in the community to conduct the 2017 homeless youth PIT count. This is the second time a youth count was done in the county. The CoC is diligently working to increase resources to the region for unaccompanied youth and children, including services and funding that focuses on human trafficking and other forms of exploitation.

Through the annual CoC ranking and review process for the HUD CoC Program Consolidated Application, projects were reallocated to better serve the overall need of additional housing in Riverside County by increasing the number of permanent housing beds. As per the 2017 Riverside County Continuum of Care Housing Inventory Chart, the CoC has increased permanent supportive housing beds from 712 to 1617 (127% increase); and rapid rehousing beds from 29 to 277 (855% increase).

The CoC will continue to monitor the action steps noted above throughout the annual CoC ranking and review process where project performance measures outcomes will be evaluated.

c. Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS:

Policies and procedures for the administration of HMIS are as follows:

- The HEARTH Act makes HMIS participation a statutory requirement for ESG grantees and sub-recipients. EDA and its sub-recipients work with the CoC to ensure the screening, assessment, and referral of Program participants are consistent with the written standards.
- Designate one or more representatives to serve on the HMIS Administrator's Council, the Council is responsible for overseeing the coordinated implementation of HMIS in Riverside County. The Council meets to evaluate the progress of implementation, identify and resolve problems, update policies and procedures, and to review HMIS data quality and compliance with HUD reporting requirements.
- Ensure participating agencies and users receive collaborative-approved training and maintain a process to gather and address issues from users.
- Verify that accurate data on all persons served and all activities assisted under ESG are entered into the community-wide HMIS in the area which persons and activities are located.
- Establish a process to review, analyze and report key performance outcome measures on a regular basis.
- Access HUD required reports directly from HMIS.
- Compare HMIS reports to provider data and confirm all providers have corrected inaccurate data before reporting deadline.
- Using HMIS data, review preventing and ending homelessness results to evaluate the performance toward achieving outcomes in the plan.

Based on standards and goals of the local CoC and in accordance with Title 24 of the Code of Federal Regulations (24 CFR) Part 578, the Riverside County, EDA performance standards that were developed in consultation with the CoC, providers, and other organizations apply to all projects that receive Riverside County, ESG funding and are intended as basic minimum standards to which sub-recipients can make additions and more stringent standards applicable to their own projects. These standards are described in the 2017-2018 OYAP Appendix G and have been updated to include additional requirements for complying with the Coordinated Entry System (CES), working toward a low-barrier approach to housing, and participate in a data sharing network (Board approved 3/29/16). The County of Riverside CoC has established a Standards and Evaluation Committee that reviews these standards on a regular basis and requests feedback and guidance from the CoC membership.

County and subrecipients work with the CoC to ensure the screening, assessment, and referral of program participants is consistent with the standards. Performance standards are used to evaluate the outcome of project goals and objectives of the program. This allows better coordination with other service providers and provides integration with other programs targeted to homeless people in the area covered by the CoC. The 10-Year Plan to end Homelessness provides a strategic, community-wide system to prevent and end homelessness in Riverside County.

*The County's projected CDBG Public Service Activity "CAP" for 2017-2018 has been calculated to be \$1,211,444. Pursuant to 24 CFR Part 570.201(e), the public service cap has been calculated as follows:

- ◆ 15% of the County's total 2017-2018 CDBG allocation (including Metro City) = \$1,200,019; plus
 - ◆ 15% of the estimated total CDBG Program Income (\$76,171) received by the County in 2016-2017 = \$11,425
- For 2016-2017, the County has allocated \$974,886, which is \$236,558 below the estimated public service cap.

Summary of Proposed One Year Plan Activities

Community Development Block Grant

The County received 106 proposals for the 2017-18 CDBG program year requesting a total of \$8,401,452. The proposed activities include public service, public facility improvements, economic development, housing rehabilitation, code enforcement, and others. The County and fifteen (15) cities participating in the Urban County Program will fund 71 activities for the 2017-2018 program year.

The City of Lake Elsinore chose to participate in the County's Urban County program as a Joint Metro City/Urban County participant. The City's allocation will be that portion of their total annual allocation as determined by HUD, less a minimum of twelve percent (12%) to be retained by the County for administration of the City's CDBG program. Lake Elsinore submitted seven (7) proposals that will be funded for the 2017-18 CDBG program year allocating their total funding amount of \$468,408. The activities include CDBG program administration, public services, public facility/infrastructure, and code enforcement.

Detailed descriptions of the activities can be found in AP-35 and Table 3c's in the appendix.
The FY 2017-2018 allocations are as follows:

District	Entitlement Allocation	City	Entitlement Allocation	City	Entitlement Allocation
First District	\$545,957	Banning	\$172,516	Jurupa Valley	354,778
Second District	\$338,403	Beaumont	\$160,832	La Quinta	\$127,720
Third District	\$595,590	Blythe	\$64,877	Murrieta	\$279,092
Fourth District	\$430,449	Canyon Lake	\$22,706	Norco	\$80,416
Fifth District	\$313,331	Coachella	\$350,047	San Jacinto	\$780,000 <i>(\$539,151 Advance)</i>
		Desert Hot Springs	\$212,867	Wildomar	\$141,911
		Eastvale	\$141,911	Lake Elsinore (Metro City)	\$468,408
		Indian Wells	\$75,000 <i>(\$59,390 Advance)</i>		

Emergency Solutions Grant

The County received sixteen (16) applications for the 2017-2018 ESG program year requesting a total of \$1,327,373. The entire 2017-2018 ESG allocation, \$655,174, will be used to fund sixteen (16) programs or activities including: emergency shelter, homelessness prevention, rapid re-housing, outreach, and administrative activities. Detailed descriptions of the activities can be found in the Appendix.

HOME Program

The Housing Division of the Economic Development Agency submitted four (4) proposals for the 2017-2018 HOME allocation, \$1,922,486:

HOME Admin	\$ 192,248
HOME New Construction	\$ 720,932
HOME Direct Ownership	\$ 720,932
HOME/CHDO Set-Aside	\$ 288,374

General Management and Administrative Activities

EDA will use \$1,841,411 of the County's 2017-2018 CPD allocations for the management and administration of the three (3) CPD- funded programs which includes \$56,208 or 12% of the CDBG Joint Metro-City program allocation to oversee the city's program (and \$37,474-Metro-City unallocated Admin CAP). Funds will be used for staffing, overhead, coordination, monitoring, and evaluation of the programs. A portion of the CDBG EDA administrative allocation (\$135,000) will be used for Fair Housing (F.H.) activities. The CDBG Joint Metro-City of Lake Elsinore did not allocate funds for the management and administration to oversee their city program.

County Oversight of consolidated programs: Total \$1,841,411:

County CDBG	\$1,371,343
<i>Unallocated CDBG (City of LE -Metro City) Admin</i>	<u>\$37,474</u>
Subtotal	\$1,408,817
Fair Housing Program Administration	\$135,000
CDBG-County (Metro City Admin Services-12%)	<u>\$56,208</u>
Total CDBG	\$1,600,025
HOME	\$192,248
ESG	<u>\$49,138</u>
Total Program Administration	<u>\$1,841,411</u>

Substantial and Non-Substantial Amendments

From time-to-time, it may be necessary for the County to process a "substantial amendment" to the Five year Consolidated Plan or the one year Annual Action Plans to allow for: new CDBG, ESG, or HOME activities; modifications of existing activities; or other CPD program administrative actions.

In an effort to efficiently utilize CDBG and ESG funds within timeframes required by HUD, the County will consider the reprogramming of unspent balances from completed and cancelled funded activities to other eligible activities as a "Non-Substantial Amendment". In the event that any of these "administrative" reprogramming actions fall under the "substantial amendment" criteria, the proposed actions will be subject to the Citizen Participation process, require formal action by the Board of Supervisors, and subsequent approval by HUD.

The County will maintain and provide for public review a Reprogramming Action File that provides details for every reprogramming action (Substantial and Non-Substantial) taking place during the program year.

County Back-Up Projects

In FY 2017-18 the County also considers funding the following:

City of San Jacinto Street Improvement Project – CDBG funds will be used for pavement grinding and overlay, striping and concrete work of the following streets: Quandt Ranch Road, North Ella Mae, North Marjorie Lane, Nancy Lane, North Ann Street, North Carrie Street, Verbena Court, Rolling Meadow Court, The Willows Road, Blue Ridge Lane, and San Jacinto Avenue (between Idyllwild Dr. and Main St). It is estimated that 4,000 tons of

asphalt will be used to accommodate the above improvements. If the entire project identified above is completed, it will benefit approximately 250 residential units. The total cost of this project is estimated at \$500,000 with Measure A Gas Tax Funds \$239,270 used as a match - \$260,730.

Lake Elsinore Public Library – CDBG funds will be used by the City of Lake Elsinore to design and construct a new library in the predominantly low-income downtown area of Lake Elsinore. CDBG funds, together with other funding, will be used for architectural/engineering design and construction - \$331,665.

Good Hope Park Improvements Project- Phase III – CDBG funds will be used to pay costs associated with continued improvements and upgrades to the Good Hope Community Center and Park. Improvements include ADA renovations and other enhancements. Eligible costs include construction, materials, design & engineering, inspections, and project administration - \$200,000.

Community Street and Sidewalk Improvement Projects – CDBG funds will be used by Riverside County Transportation Department to pay for costs associated with street and sidewalk improvements including labor, equipment, inspection, materials, and construction for the following activities:

Margarth Street – (Good Hope) - Pave 24 feet wide section dirt road at Margarth east of Marie with 3” of hot mix asphalt over 6” base for a length of 2,000 feet. Cost to construct \$410,000.

Spring Street – (Good Hope) - Pave 24 feet wide section dirt road between Steele Peak and Mountain Avenue with 3” of hot mix asphalt over 6” base for a length of 650 feet. Cost to construct \$125,000.

Cross Street – (Lakeland Village) - Pave 24 feet wide section dirt road from Brand Street to Launderville Boulevard with 3” of hot mix asphalt over 6” base for a length of 325 feet. Cost to construct \$70,000.

McWade Avenue – (Homeland) - Pave 24 feet wide section dirt road from Ritter Avenue to Olson Avenue with 3” of hot mix asphalt over 6” base for a length of 1,320 feet. Cost to construct \$280,000.

Ritter Avenue – (Homeland) - Pave 24 feet wide section dirt road from McWade Avenue to Allen Avenue with 3” of hot mix asphalt over 6” base for a length of 520 feet. Cost to construct \$136,000.

Tamarack Road – (Whitewater) - Pave 24 feet wide section dirt road from Haugen-Lehman Way to Mesquite Road with 3” of hot mix asphalt over 6” base for a length of 1,250 feet. Cost to construct \$257,000.

Emergency Solutions Grant Standards

The County of Riverside, through the Economic Development Agency (EDA), is responsible for coordinating and implementing a system-wide approach to meet the needs of the population and subpopulation experiencing homelessness within the geographic area of Riverside County. The Emergency Solution Grant (ESG) regulations, the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act), and the Continuum of Care (CoC) Program Interim Rules state that the CoC, in consultation with recipients of ESG program funds within the geographic area, must:

- (1) Establish and consistently follow written standards for providing CoC assistance;
- (2) Establish performance targets appropriate for population and program type; and
- (3) Monitor recipient and sub-recipient performance.

Pursuant to the Code of Federal Regulations 24 CFR Part 578, EDA has developed the following written standards. These standards will apply to all projects and activities that receive County ESG funding. These are intended as basic minimum standards to which subrecipients can make additions and/or enforce more stringent standards applicable to their own projects. In addition, all projects must comply with the Notice of Funding Availability (NOFA) under which the project was originally awarded and applicable HEARTH Act requirements. All programs that receive ESG funding are required to abide by these written standards.

Overview of Hearth Act:

- The Homeless Emergency and Rapid Transition to Housing Act, was approved on May 20, 2009, and amended the McKinney-Vento Homeless Assistance Act.
- Changes allow for increased flexibility in who may be served and what activities may be carried out.
- The HEARTH Act consolidates three of the separate homeless assistance programs administered by HUD under the McKinney-Vento Homeless Assistance Act into a single grant program and creates the Emergency Solutions Grant Program and the Rural Housing Stability Program.
- The focus changed from homeless shelter to homelessness prevention.

ESG and CoC Coordination/Collaboration

In collaboration with other ESG service providers, these written standards have been developed by ESG grantees within Riverside County, including EDA, the City of Riverside, City of Moreno Valley, and Continuum of Care (CoC) Membership. This collaboration allows for input on the standards and implementation process developed by organizations that directly provide homeless and housing services, Rapid Re-housing (R/R), and Homelessness Prevention (HP). The ESG Written Standards have been approved by the CoC, the County, and City ESG recipients. These written standards will be reviewed and revised at least annually, or as needed, to continue to build upon and refine this document.

Housing First Model

HUD encourages all ESG grantees and subrecipients as well as the COC to implement a “housing first” approach when providing assistance. The housing first approach prioritizes rapid placement and stabilization in permanent housing; it does not have service participation requirements or preconditions (such as sobriety or a minimum income threshold).

Transitional housing and supportive services only projects may also be considered when using the housing first approach, if they operate with low-barriers, work to quickly move people into permanent housing, do not require participation in supportive services, and do not require any preconditions for moving into transitional housing.

Universal Assessment

All individuals will be assessed using a comprehensive, universal assessment tool called the Vulnerability Index Service Prioritization Decision Assistance Tool (VI-SPDAT). This tool guarantees that an individual or family’s level of need and eligibility determination are made in an informed, reasonable, and objective manner.

Homeless Management Information System

All subrecipients are required to participate in the Homeless Management Information System (HMIS) per the ESG and CoC Interim Rule (24 CFR Part 576 and Part 578). HMIS provides an opportunity to document homelessness and helps to ensure coordination between service providers while avoiding duplication of services and client data.

Data Sharing Requirement

Data sharing is a multi-directional sharing relationship between multiple organizations. In order to systematically share data, the participating agencies must jointly establish a data sharing network formalized by the execution of guidelines, with the understanding they agree to future updates to the guidelines made by the HMIS Committee.

ESG Agreements

EDA enters into one or two-year agreements with ESG subrecipients. In general, these subrecipient agreements define:

- Key program components or activities (including benchmarks for success);
- The level of ESG funding;
- The anticipated source and amount of matching funds (24CFR Part 576.201) contributed by the agency/organization;
- Applicable laws and regulations; and
- Documentation or reporting requirements.

Expenditure Limits

Funds used for street outreach and emergency shelter activities will be limited to the greater of:

- 60 percent of the County of Riverside’s total current fiscal year (FY) grant for ESG; or

- the amount of FY 2010 ESG grant funds that were committed to street outreach and emergency shelter.

Matching Funds Requirements

- The recipient must make matching contributions to supplement the recipient’s ESG program in an amount that equals the amount of ESG funds provided by HUD.
- Matching contributions may be obtained from any eligible source, including any Federal source other than the ESG program, as well as state, local, and private sources. Additional requirements apply to matching contributions from a Federal source of funds.
- Matching contributions must be provided after the date that HUD signs the grant agreement.

Uniform Administrative Requirements

The use of ESG funding is subject to the applicable requirements of 2 CFR Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. The purpose of 2 CFR Part 200 is to streamline the Federal Government’s guidance on administrative requirements to more effectively focus Federal resources on improving performance and outcomes, while ensuring the financial integrity of the Federal programs in partnership with non-federal stakeholders (e.g., grantees and sub-recipients). 2 CFR Part 200 supersedes, consolidates, and streamlines requirements from eight (8) OMB Circulars: A-21, A-87, A-89, A-102, A-110, A-122, A-133, and A-50. Subrecipients are required to maintain an acceptable general accounting system. A subrecipient’s general accounting system must include:

- Independent Single Audit: All ESG sub-recipients that expend more than \$750,000 of Federal funds (including all Federal sources) in a single year must have a single audit conducted in conformance with 2 CFR Part 200.514. Copies of the Single Audit must be sent to the County as well as HUD.
- All records must be maintained for a minimum of four (4) years.

Financial Management

Pursuant to 2 CFR Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, ESG Grantees and subrecipients must ensure compliance with regulations and requirements pertaining to the following key areas of financial management:

- | | |
|------------------------|--------------------------|
| • Usage of funds | • Required funding match |
| • Internal controls | • Budget controls |
| • Cash management | • Accounting controls |
| • Procurement Property | • Asset controls |
| • Audits | |

Documentation of Homelessness

ESG sub-recipients are required to maintain adequate documentation of homelessness status to determine eligibility of persons served by the ESG program.

- A copy of this documentation must be maintained by the subrecipient in the client’s or participant’s file. Documentation includes 3-day notice to pay or quit, public agency written verification of homelessness, or self-certification of homelessness are examples of required proof to require and maintain in client file.

Qualifications of Homelessness

A person is considered homeless only when he/she resides in one of the following places:

- In places not meant for human habitation such as a car, park, sidewalk, an abandon building, or on the street;
- In an emergency shelter;
- In transitional or supportive housing for homeless persons who originally came from the streets or emergency shelter; or
- In any of the above but is spending a short time (up to 30 consecutive days) in a hospital or other institution.

Monitoring and Site Visits

Monitoring can take a number of forms and can include review of progress reports, telephone consultation, and performance on-site assessments. The three basic goals for oversight and monitoring of the progress and performance of ESG grantees/recipients include:

- Ensure that ESG funds are used effectively to assist homeless individuals and families and that the basic ESG program goals are met;
- Ensure compliance with ESG regulations and program requirements in the usage of funds and in carrying out program activities; and
- Enhance and develop the management capacity of grantees or recipients.

Participation of Homeless Persons in Policy-Making and Operations

Pursuant to 24 CFR Part 576.405, recipients of ESG funds must provide for the participation of not less than one homeless or formerly homeless persons in a policy-making function within the subrecipient's organization. If the recipient is unable to meet this requirement, they must instead develop and implement a plan to consult with homeless or formerly homeless persons in a policy-making function regarding any facilities, services, or other assistance that received funding under ESG. All subrecipients of ESG funds are required to involve or encourage involvement of participants in the operation of an ESG-funded program or facility. ESG subrecipients will be required to provide documentation during EDA monitoring visits of their efforts to seek the participation of the homeless or formerly homeless.

Termination of Assistance (24 CFR Part 576.402):

The County and subrecipients may terminate assistance provided through ESG-funded activities to participants that violate program requirements. Written procedures must describe the specific program requirements and the termination, grievance, or appeal processes; this should include the procedures for a participant to request a hearing regarding the termination of their assistance. The federal regulation at 24 CFR Part 576.402 describes the termination provision:

(a) If a program participant violates program requirements, the recipient or subrecipient may terminate the assistance in accordance with a formal process established by the recipient or subrecipient that recognizes the rights of individuals affected. The recipient or subrecipient must exercise judgment and examine all extenuating circumstances in determining when violations warrant termination so that a program participant's assistance is terminated only in the most severe cases.

(b) Program participants receiving rental assistance or housing relocation and stabilization services. To terminate rental assistance or housing relocation and stabilization services to a program participant, the required formal process, at a minimum, must consist of:

- (1) Written notice to the program participant containing a clear statement of the reasons for termination;
- (2) A review of the decision, in which the program participant is given the opportunity to present written or oral objections before a person other than the person (or a subordinate of that person) who made or approved the termination decision; and
- (3) Prompt written notice of the final decision to the program participant.

(c) Ability to provide further assistance. Termination under this section does not bar the recipient or subrecipient from providing further assistance at a later date to the same family or individual.

Reimbursement Responsibilities

Subrecipients will be responsible to submit reimbursement request, on a monthly basis, for eligible and reasonable expenditures. The following must be included in the request:

- request cover page and summary page
- cancelled checks, bank statements, electronic payment receipts, credit card receipt, etc.
- invoice, bill, contract, lease, etc. (*late charges are **not** eligible*)
- HMIS reporting

Final reimbursement request must be submitted no later than the date specified in the ESG subrecipient agreement.

Five ESG Program Components

The table below compares the two types of eligible ESG clients and which of the five ESG funding components each client group may receive:

Component	Those who are Homeless	Those who are at risk of Homelessness
1. Street Outreach	X	
2. Emergency Shelter	X	
3. Homelessness Prevention		X
4. Rapid Re-housing	X	
5. Homeless Management Information System (HMIS)	X	X

Standards for Programs Components

1. Street Outreach

Eligible Participants: “Unsheltered” individuals and families, meaning those who qualify under paragraph (1) (i) of the definition of “homeless.”

Eligible Activities: Essential services to eligible participants provided on the street or in parks, abandoned buildings, bus stations, campgrounds, and in other such settings where unsheltered persons are staying. Staff salaries related to carrying out street outreach activities is also eligible.

Eligible Costs:

Standards for targeting and providing essential services related to Street Outreach include:

- Engagement
Activities to locate, identify, and build relationships with unsheltered homeless people for the purpose of providing immediate support, intervention, and connections with homeless assistance programs and/or mainstream social services and housing programs.
- Case Management
Assessing housing needs, and arranging/coordinating/monitoring the delivery of individualized services.
- Emergency Health Services
Outpatient treatment for urgent medical conditions provided by licensed medical professionals in community-based settings (e.g., streets, parks, and campgrounds) to eligible participants unwilling or unable to access emergency shelter or health care facility.
- Emergency Mental Health Services
Outpatient treatment for urgent mental health conditions provided by licensed professionals in community-based settings (e.g., streets, parks, and campgrounds).
- Transportation
Travel by outreach workers, social workers, medical professionals or other service providers during the provision of eligible street outreach services.
- Services to Special Populations
Address the special needs of homeless youth, victims of domestic violence and related crimes/threats, and/or people living with HIV/AIDS who are literally homeless.

2. Emergency Shelter

Eligible Participants are individuals and families who are homeless. ESG funds may be used to provide essential services to persons in emergency shelters, major renovation of an emergency shelter, conversion of a building into an emergency shelter, or shelter operating costs. Staff costs related to carrying out emergency shelter activities is also eligible.

Overview of eligible costs include:

- ◆ Essential Services
- ◆ Renovation
- ◆ Shelter Operations

A. Essential Services

Eligible costs to provide essential services to individuals and families who are in an emergency shelter are as follows:

- Case Management
- Life Skills Training
- Child Care
- Education Services
- Employment Assistance and Job Training
- Outpatient Health Services
- Legal Services
- Mental Health Services
- Substance Abuse Treatment Services
- Transportation
- Services for Special Populations

Note: Emergency Shelter agencies must include in their policies and procedures the process of admission, diversion, referral and discharge including standards regarding length of stay and safeguards to meet the safety and shelter needs of special populations and individuals, and families who have the highest barriers to housing and are likely to be homeless the longest.

B. Renovation and Conversion

Eligible costs include labor, materials, tools, and other costs for renovations. When ESG funds are used for renovations, other than major rehabilitation or conversion, the minimum period of use to be maintained as a shelter for homeless individuals and families is three (3) years. If the rehabilitation costs of an emergency shelter exceeds 75 percent of the value of the building before rehabilitation (major rehabilitation) or if the costs to convert a building into an emergency shelter exceeds seventy-five percent (75%) of the value of the building after the conversion, then the minimum period of use is 10 years. including soft costs, or conversion of a building to be used as an emergency shelter. The maximum funding allowed is **\$5,000**.

C. Shelter Operations

Eligible costs are the costs of maintenance necessary for the operation of an emergency shelter. In the case when no appropriate emergency shelter is available for a homeless family or individual, a hotel or motel voucher will also be considered eligible. Additional eligible shelter operation costs include the following:

- Maintenance (*including minor or routine repairs*)
- Food
- Insurance
- Rent
- Furnishings
- Security
- Supplies necessary for the operation of the emergency shelter
- Fuel, Utilities, or Equipment

3. **Rapid- Rehousing**

The purpose of Rapid Re-housing is to serve participants who meet the criteria under paragraph (1) of the “homeless” definition in 24 CFR Part 576.2 or who meet the criteria under paragraph (4) of the “homeless” definition and live in an emergency shelter or other place described in paragraph (1) of the “homeless” definition.

Sub-recipients must maintain standards to help homeless persons living on the streets or in an emergency shelter transition as quickly as possible into permanent housing, and then, to help such persons achieve stability in that housing.

Eligible participants are individuals and families literally homeless currently living in an emergency shelter or place not meant for human habitation. Eligible activities include the following services:

- Housing Relocation and Stabilization Services
- Short- and Medium-Term Rental Assistance

4. Homelessness Prevention

The purpose of Homelessness Prevention is to prevent persons from becoming homeless in a shelter or an unsheltered situation. Funding may also be used to help such persons regain stability in their current housing or other permanent housing. Eligibility for services applies to individuals and families who are *at imminent risk, or at risk, of homelessness*, meaning those who qualify under paragraph (2) and (3) of the homeless definition or those who qualify as at risk of homelessness. Individuals and families must have an income at, or below, 30% of median family income for the area (AMI). Eligible activities include the following:

- Housing Relocation and Stabilization Services
- Short- and Medium-Term Rental Assistance

Housing Relocation and Stabilization Services

The following guidelines apply to both Rapid-Rehousing and Homelessness Prevention.

FINANCIAL ASSISTANCE	SERVICES
Moving costs	Housing search & placement
Rent application fees	Housing Stability Case Management
Last month's rent	Mediation
Utility payments –up to 24 mos. of payments per program participant/including up to 6 mos. arrears per service	Credit repair
Security deposit –equal to no more than 2 months rent	Legal Services
Standard utility deposits	

Short- and Medium-Term Rental Assistance: Rapid Re-housing/Homelessness Prevention

Types of Rental Assistance

Length of Assistance

1. Short Term Rental Assistance up to 3 Months
2. Medium Term Rental Assistance 4 to 24 Months
3. Payment of Rental Arrears One-time payment for up to 6 months of arrears including late fees.

Payment of Rental Assistance and Lease Requirements 24 CFR Part 576.106

Rent Restrictions: Pursuant to 24 CFR Part 576.106 (d), rental assistance cannot be provided unless the rent **does not exceed** the Fair Market Rent established by HUD, as provided under 24 CFR Part 888, and complies with HUD's standard of rent reasonableness as established by 24 CFR Part 982.507.

Rental Assistance Agreement: ESG recipients and subrecipients **must** enter into Rental Assistance Agreements with the property owner prior to the payment of any rental assistance on behalf of a client. The agreements must comply with the provisions of 24 CFR Part 576.106 (e).

Leases: Pursuant to 25 CFR Part 576.106 (g), each program participant receiving ESG-funded rental assistance **must** have a legally binding written lease with the property owner for the rental unit unless the ESG assistance is for arrears. Rental assistance may be tenant-based or project-based. For tenant-based rental assistance, both the rental assistance agreement and lease **must** conform to the requirements found at 24 CFR Part 576.106 (h). For project-based rental assistance, both the rental assistance agreement and lease **must** conform to the requirements found at 24 CFR Part 576.106 (i). **NOTE: for project-based rental assistance, the initial lease must have a term of one year.**

A. Performance Standards

The ESG grantee must describe the performance standards for evaluating ESG activities which must be developed in consultation with the Continuum of Care.

Based on standards and goals of the local Continuum of Care, Riverside County is proposing the following performance standards for the Emergency Solutions Grant:

Performance Measures for Homelessness Prevention

- a. A reduction in the number of homeless individuals and families seeking emergency shelter services.
- b. Expected Outcome: At least thirty-five percent (35%) of participants assisted will remain in permanent housing six (6) months after the last assistance was provided under ESG.

Performance Measures for Homeless Rapid Re-Housing

- a. A reduction in the reoccurrence of homelessness for individuals and families who exit the shelter system.

- b. Expected Outcome: At least thirty-five percent (35%) of participants assisted will remain in permanent housing six (6) months after the last assistance provided under ESG.

B. EVALUATION OF ELIGIBILITY

Standard Policies and Procedures for evaluating individuals' and families' eligibility for assistance under Emergency Solutions Grant (ESG).

Building on Established HPRP Policies and Procedures

The policies and procedures were originally established based on the provisions of HPRP assistance. The policies and procedures have been modified based upon the checklist of required elements set forth in 24 CFR Part 576.400 (e)(1) and (e)(3); 24 CFR Part 91.220 (l)(4)(vi), and in collaboration with CoC standards.

Centralized Pre-Screening and Assessment Available at Multiple Locations

The County of Riverside Continuum of Care (CoC) conducts a Coordinated Intake and Assessment System piloted through the 25 Cities Project, a partnership with HUD and the U.S. Department of Housing and Urban Development (HUD) to eliminate homelessness among veterans by 2016 and chronic homelessness by 2020. The pilot in the Greater City of Riverside Area was implemented countywide during 2015.

Participating agencies are responsible for engaging chronically homeless individuals and families through the use of Housing Navigators and a standardized vulnerability assessment and intake process that provides referrals to a centralized housing system that places priority on those who are at highest risk with the most appropriate intervention rather than a "first come, first served" approach.

Individuals and families applying for ESG assistance must complete an eligibility pre-screening form. Pre-screening may be completed via phone, online, or at established locations, including emergency shelter locations. Individuals and families who meet established pre-screening requirements will be scheduled an appointment with a case manager for assessment and eligibility documentation.

Basic Eligibility Requirements

- Initial Consultation & Eligibility Determination: The applicant(s) **must** receive at least an initial consultation and eligibility assessment with a case manager or other authorized representative who can determine eligibility and appropriate type of assistance.
- ESG clients must meet one of the following definitions of homelessness:
 1. Literally homeless
 2. At imminent risk of homelessness
 3. Homeless under Federal Statutes
 4. Fleeing/attempting to flee domestic violence
- Income: The household's total annual income must be below thirty percent (30%) of the median family income for the area (AMI)

- **Housing Status:** Case files must document the current housing status of the household at application. Housing status will be verified through third party verification whenever possible. Self-certification of housing status will be considered on a case by case basis.
- **Riverside County Residency:** All households receiving Homelessness Prevention or Rapid Re-housing assistance under ESG must be residents of Riverside County at time of application.
- **Unidentifiable financial resources and/or support networks:** In order to receive ESG rental financial assistance, applicants must also demonstrate the following:
 1. No appropriate subsequent housing options have been identified;
 2. The household lacks the financial resources to obtain immediate housing or remain in its existing housing; and
 3. The household lacks support networks needed to obtain immediate housing or remain in its existing housing.

C. POLICIES AND PROCEDURES FOR PROGRAM COORDINATION

Policies and Procedures for coordination among emergency shelter providers, essential service providers, homelessness prevention and rapid re-housing assistance providers, other homeless assistance providers, and mainstream service and housing providers.

The ESG program requires coordination among participating agencies. All ESG subrecipients in Riverside County are experienced homeless providers with a demonstrated track record in fiscal management and the provision of housing and supportive services targeted to homeless households. Additionally, the project administration agreement with ESG subrecipients will require coordination among agencies receiving ESG funds to administer Emergency Shelter, essential services, Homelessness Prevention, Rapid Re-housing services, and related assistance, and access to mainstream services and housing providers for clients.

Participation in the Continuum of Care

ESG funded agencies have easy access to membership in the Continuum of Care. The Continuum of Care has over 100 member organizations including homeless service providers, veteran service representatives, churches, and government organizations. The Continuum of Care meets on a regular basis and shares information about services among participating agencies.

Required Client Information and Referrals

To further facilitate collaboration and information sharing, ESG funded agencies will be required to provide the following information and referrals to ESG program participants:

- 2-1-1 hotline for social services
- Social security benefits
- Cal-Works and other income security programs provided by the County of Riverside, Department of Public Social Services (DPSS)
- Cal-Fresh (formerly known as Food Stamps) assistance
- Low Income Energy Assistance Programs

- Affordable housing information
- Employment assistance and job training programs
- Health care and mental health services
- Services for victims of domestic violence
- Veteran services
- Specialized services such as legal services and credit counseling

D. POLICIES AND PROCEDURES FOR DETERMINING ASSISTANCE AND PRIORITIZATION

Policies and Procedures for determining and prioritizing which eligible families and individuals will receive Homelessness Prevention assistance and which eligible families and individuals that will receive Rapid Re-housing assistance.

Once it is determined that the household meets the basic eligibility guidelines noted above, the household will be assessed for the appropriate form(s), level, and duration of financial assistance. The results of this assessment will be formalized in a Housing/Financial Assistance Plan that is signed by both the applicant and the case manager.

Assistance through Homelessness Prevention

Homelessness Prevention assistance will be targeted to households who are at risk of losing their present housing and becoming homeless. While there are many people who are housed and have a great need for rental assistance, not everyone will become homeless without assistance. A risk assessment will be used to assess the household's level of crisis and prioritize those who are at greatest risk of becoming homeless. The assessment tool will include vulnerability criteria including but not limited to; income, housing history, food security, childcare, health care, life skills, and other special needs. Due to the limited amount of funding, assistance will be provided on a first come, first served basis, if the applicant meets the eligibility and risk assessment criteria.*

Assistance through Re-housing

Homeless Rapid Re-housing assistance is intended for individuals or families who meet the homeless definition described in 42 USC 11302 of the McKinney Vento Homeless Assistance Act, as amended by the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009.

While there are many homeless individuals and families in Riverside County at any given night, the Rapid Re-housing assistance will be prioritized for households who are residing in emergency shelters and on the streets. Due to the limited amount of funding, assistance will be provided on a first come, first served basis, if the applicant meets the eligibility and risk assessment criteria. *

*** Rapid Re-housing should prioritize people with more challenges, including those with no income, poor employment prospects, troubled rental histories, and criminal records. Providers should link participants with community resources that will help them achieve longer-term stability and well-being.**

E. DETERMINING SHARE OF RENT AND UTILITY COSTS

Standards for determining the share of rent and utilities costs that each program participant must pay, if any, while receiving Homelessness Prevention or Rapid Re-housing assistance.

Limitations on Assistance – Homelessness Prevention

Riverside County's ESG rental assistance is intended to stabilize individuals and families who have recently endured difficult financial circumstances that have led them into homelessness or who are at imminent risk of becoming homeless. For Homelessness Prevention assistance, the rental assistance consists of short term rental assistance (3 months); extended under certain circumstances to medium term rental assistance (for an additional 3 months). The total maximum length of assistance is twelve months (12) over a 3-year period. Client **must** be reassessed after every 90 day period and provided case management services on a monthly basis.

Not every individual or family in need of rental assistance is a candidate for ESG Homelessness Prevention or Rapid Re-housing assistance. ESG rental assistance is not a substitute for Section 8 rental assistance or a permanent rental subsidy, but rather a tool to help stabilize families or individuals who are at imminent risk of becoming homeless and lack any other resources to help them stabilize their housing situation. Rental assistance cannot be provided to a program participant who is already receiving rental assistance, or living in a housing unit receiving rental assistance or operating assistance through other federal, State, or local sources (24 CFR Part 576.106).

As a general rule, an individual or household should pay approximately 30% of their income towards rent. This requirement may be waived on a case-by-case basis for extreme circumstances. The ESG assistance will consist of the remaining portion of the rent, up to \$1,000 (excluding the clients' contribution towards the rent).

Clients are required to be reassessed at regular monthly intervals to monitor progress and levels of self-sufficiency. If a client requires assistance beyond the three month mark, the ESG rental subsidy will be reduced and the client will be required to pay a larger portion of the rent. Homelessness Prevention assistance will be based on number in household, fair market rent rate, and income to determine for a maximum one year over a 3-year period.

Limitations on Assistance – Rapid Re-housing

Under Rapid Re-housing assistance, a client's share of rent should be based on the client's ability to pay during their path to housing stabilization, with a minimum \$25.00 client contribution. This requirement may be waived on a case-by-case basis for extreme circumstances. Clients receiving Rapid Re-housing assistance must be re-assessed, at a minimum every 90 days, and reviewed during monthly case management. The maximum length of Rapid Re-housing assistance will be one (1) year during any 3-year period. The assistance should not exceed the Fair Market Rent amount based on client household, except for the first month of assistance if client requires assistance with other re-housing expenses such as rent deposits or utility deposits. Security deposit should not exceed two times the rent.

Standards for determining the share of rent and utilities costs that each program participant must pay, if any, will be based on the following guidelines:

- 100% of the cost of rent in rental assistance may be provided to program participants. However to maximize the number of households that can be served with Rapid Re-housing resources, it is expected that the level of need will be based on the goal of providing only what is necessary for each household to be stably housed for the long term;

- Rental assistance cannot be provided for a unit unless the rent for that unit is at or below the Fair Market Rent limit, established by HUD;
- The rent charged for a unit must be reasonable in relation to rents currently being charged for comparable units in the private unassisted market and must not be in excess of rents currently being charged by the owner for comparable unassisted units.

Note: Grant funds may be used for rental assistance for homeless individuals and families. Rental assistance cannot be provided to a program participant who is already receiving rental assistance, or living in a housing unit receiving rental assistance or operating assistance through other federal, State, or local sources (24 CFR Part 576.106).

Limitations on Assistance – All Clients

Due to the limited amount of funds available, the ESG assistance will not exceed Fair Market Rent per client per month in combined ESG assistance, including rent and utility payments.* Generally, clients should be responsible for paying their own utility costs while receiving ESG rental assistance, unless they are experiencing acute financial hardship or are at risk of losing their housing due to utility shut off. Clients seeking help with utilities only may be eligible for ESG assistance if it can be documented that they will lose their housing and become literally homeless if utility assistance is not provided; however, the household still must meet other ESG eligibility requirements.

F. DETERMINING LENGTH AND ONGOING NEED FOR RENTAL ASSISTANCE

Standards for determining how long a particular participant will be provided with rental assistance and whether the amount of that assistance will be adjusted over time.

ESG assistance consists of short term (up to 3 months), medium term (up to 6 months), and maximum term (up to 1 year) rental assistance to allow individuals or families who have recently encountered a financial crisis that has led them into homelessness or at imminent risk of homelessness, to gain housing stabilization. Since the program consists of temporary assistance aiming at rapid stabilization of households, clients are required to contribute a portion of their income towards rent. Clients with no potential to earn income may not be suitable candidates for this type of assistance, unless other subsidies can be accessed after the ESG assistance expires.

Clients assisted under ESG Homelessness Prevention Assistance are eligible to receive the rental assistance for up to 3 months if they meet income eligibility of less than 30% of median family income for the area (AMI) during the 3 month period and comply with the case management requirements of the program. At the end of the third month, clients must be re-assessed to determine if the client's rental assistance needs to be extended for an additional 3-month period. If the ESG rental assistance is extended for an additional three (3) months, the ESG assistance will be reduced and/or adjusted over the remaining time.

Clients assisted under ESG Rapid Re-housing Assistance are eligible to receive rental and utility assistance for up to one-year if they meet income eligibility during the one-year period. Rapid Re-housing clients **must** receive monthly case management, be evaluated at regular intervals, and be re-assessed every 90-days during the ESG assistance period. The ESG rental assistance should be reduced gradually and the client's portion of rent increased during the months of assistance.

G. DETERMINING NEED FOR HOUSING STABILIZATION AND RELOCATION SERVICES

Standards for determining the type, amount, and duration of housing stabilization and /or relocation services to provide a program participant, including the limits, if any, on Homelessness Prevention or Rapid Re-housing assistance that each program participant may receive, such as the maximum amount of assistance; maximum number of months the program participant receives assistance; or the maximum number of times the program participant may receive assistance.

Reasonableness Determination

EDA will set the maximum amount of assistance to be provided to Homelessness Prevention and Rapid Re-housing clients on an annual basis. EDA will also determine if the total benefit amount to be awarded to any one client is both reasonable and necessary.

Reporting – Centralized/Coordinated Assessment System

- The HEARTH Act makes HMIS participation a statutory requirement for ESG recipients and sub-recipients. EDA and the subrecipients work with the Continuum of Care to ensure the screening, assessment, and referral of program participants are consistent with the written standards.
- The recipient will ensure that data on all persons served and all activities assisted under ESG are entered into a community-wide HMIS in the area in which those persons and activities are located.
- Victim service providers cannot, and Legal Services Organizations may choose to not participate in HMIS. Providers that do not participate in HMIS must use a comparable database that produces unduplicated, aggregate reports instead.
- Eligible Cost include, but not limited to the following:
 - Hardware, Equipment and Software Costs
 - Staffing: Paying salaries for operating HMIS
 - Training and Overhead- Technical support, leasing space, and utilities for space used by HMIS staff

Comparable Database for Victim Services

If the sub-recipient is a victim services or a legal services provider that use a comparable database, it may use ESG funds to establish and operate a comparable database that collects client-level data over time and generates unduplicated aggregate reports based on the data. Information entered into a comparable database must not be entered directly into or provided to an HMIS.

Case Management

EDA has defined case management as a “collaborative” process that assesses, plans, implements, coordinates, monitors, and evaluates the options and services required to meet the client’s health and human service needs. It is characterized by advocacy, communication, and resource management and promotes quality and cost-effective interventions and outcomes. Case management focuses on

housing stability and placement, with an emphasis on the arrangement, coordination, monitoring, and delivery of services related to housing needs and improving housing stability.

A meeting with a case manager is required in order to receive Rapid Re-housing assistance, although it is not necessarily the first step. Some communities might have a screening, intake, assessment, or other eligibility determination process that precedes the assignment to a case manager while other communities may have case managers performing the eligibility task. Regardless of the arrangement, the meeting with the case manager should be regarded not only as a program requirement, but also as an early opportunity to help a household improve its housing stability during and beyond the period of Rapid Re-housing assistance.

Transitional Housing and Rapid Re-housing

While transitional housing is technically eligible, HUD cautions recipients against using ESG Rapid Re-housing funds as a way of regularly exiting a person from transitional housing to permanent housing. It is recommended that Rapid Re-housing be used as a model for helping people move from the streets or shelter to permanent housing, not for people exiting transitional housing.

Additionally, transitional housing providers should have programs designed to successfully exit people and should not use Rapid Re-housing, another form of temporary assistance, as a regular part their program design. HUD recommends this be done on a case-by-case basis, so that it is not common practice, but is provided only when necessary to prevent the program participant from going back to the streets or emergency shelter. EDA established standards and determined transitional housing is not an effective use of funding and will not be utilized to house clients residing in transitional housing or transition to permanent housing.

NOTE: program participants would need to be assessed for and determined to be eligible for ESG Rapid Re-housing assistance, in accordance with the ESG eligibility and documentation requirements. (Homeless definition in 24 CFR Part 576.2) This includes a requirement that the assistance be necessary to help the program participant move as quickly as possible into permanent housing and achieve stability in housing. Note that such a household would have to be exited from the transitional housing program in HMIS and entered into the ESG program in HMIS.

Consultation Process

EDA and the ESG subrecipients will continuously consult with the Continuum of Care to discuss the County's ESG allocation in ways that:

- Coordinate across regional entitlement jurisdictions by developing and utilizing standardized eligibility and assessment tools;
- Support federal and local goals for priority populations;
- Allow for variations in the program design that responds to the needs and resources of the jurisdiction
- Comply with eligibility and verification requirements (HMIS, housing status, homeless definitions, etc.)

The ESG program requires coordination among participating agencies. All ESG subrecipients in Riverside County are experienced homeless providers with a demonstrated track record in fiscal management and the provision of housing and supportive services targeted to homeless households.

ESG funded agencies have easy access to membership in the Continuum of Care. The Continuum of Care has over 100 member organizations including homeless service providers, veteran service representatives, churches and government organizations. The Continuum of Care meets on a regular basis and shares information about services among participating agencies.

EDA also consulted with the Continuum of Care on the Ten Year Plan to End Homelessness to ensure the alignment of proposed ESG activities as they relate to the goals and strategies outlined in the plan. This joint effort has worked successfully in the past and EDA will continue to work closely with DPSS who serves as the lead agency and grantee for the County's Continuum of Care (CoC) program.
