## COUNTY OF RIVERSIDE PLANNING DEPARTMENT EXTENSION OF TIME STAFF REPORT

The applicant of the subject case has requested an extension of time to allow the recordation of the final map to subdivide 291 single family residential lots with open space and drainage lots.

Unless specifically requested by the applicant, this request will not be discussed at the time it is presented to the Planning Commission as a consent calendar item.

CEQA: The subject case has conformed to the requirements of the California Environmental Quality Act, and all impacts have been analyzed in order to protect the public health, safety and welfare. No new environmental documentation is required prior to the extension of time.

GENERAL PLAN: Unless otherwise noted, the subject case had been determined to be consistent with the General Plan and all of its elements.

### **REQUEST:**

**SECOND EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP NO. 35465**

### **BACKGROUND:**

Tentative Tract Map No. 35465, along with General Plan Amendment No. 905 and Change of Zone No. 7621, was originally approved at Planning Commission on November 19, 2008. The project proceeded to the Board of Supervisors for final approval on April 14, 2009.

The first Extension of Time was approved at Planning Commission on September 7, 2016.

The second Extension of Time was received March 20, 2017, ahead of the expiration date of April 14, 2017. The applicant and the County have been negotiating conditions of approval and reached consensus on April 26, 2017.

The County Planning Department, as part of the review of this Extension of Time request recommends the addition of seven (7) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public.

The applicant was informed of these recommended conditions and has agreed to accept them. Included in this staff report package are the recommended conditions of approval, and the correspondence from the Extension of Time applicant (dated April 26, 2017) indicating the acceptance of the seven (7) recommended conditions.

#### **FURTHER PLANNING CONSIDERATIONS:**

**EFFECT OF Senate Bill No. 1185 (SB1185):** On July 15, 2008, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

**EFFECT OF Assembly Bill No. 333 (AB333):** On July 15, 2009, AB333 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

**EFFECT OF Assembly Bill No. 208 (AB208):** On July 13, 2011, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 13, 2011 and January 1, 2014.

**EFFECT OF Assembly Bill No. 116 (AB116):** On July 11, 2013, AB116 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between January 1, 2000 and July 11, 2013.

Therefore, upon an approval action by the Planning Commission, subsequent receive and file action by the Board of Supervisors, and the conclusion of the 10-day appeal period, the tentative map's expiration date will become April 14, 2018. If a final map has not been recorded prior this date, a third extension of time request must be filed 180 days prior to map expiration.

#### **RECOMMENDATION:**

**APPROVAL of the SECOND EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP NO. 35465**, extending the expiration date and to reflect SB1185, AB333, AB208, and AB116 benefits to April 14, 2018, subject to all the previously approved and amended Conditions of Approval with the applicant's consent.

# Extension of Time Environmental Determination

Project Case Number: TR35465  
Original E.A. Number: 41710  
Extension of Time No.: Second  
Original Approval Date: April 14, 2009  
Project Location: North of 64<sup>th</sup> Avenue, South of 63<sup>rd</sup> Avenue, and East of Lincoln Street

Project Description: Schedule A -subdivision of 60 gross acres into 291 single family residential lots with open space and drainage lots.

On April 14, 2009, this Tentative Tract Map and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.
<input checked="" type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.
<input type="checkbox"/>	I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL.
<input type="checkbox"/>	I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME.
